WELCOME!

Thank you for your interest in our program. We know the demands on time and attention in this day and age. So it is with sincerest appreciation that we thank you for taking time to take a look at the offering, and to learn more about why we do what we do.

We are dedicated to stewardship of our land and livestock. We believe that the good Lord has entrusted those in production agriculture with a big responsibility. Caring for His creation is a deeply held value at Cross Diamond, and our mission statement speaks of this: Developing exceptional cattle, crops and relationships through studied stewardship and faith in Christ.

We are blessed by an excellent crew, who embraces this value and works daily to serve the Lord through their work. Andy and Megan Nation at the Elwood ranch, along with Corey Cable, Kyle Rademaker and Michael Edgren at the Bertrand ranch, work with knowledge and dedication to consistently provide care to the animals, land and people. It is truly a privilege to work with such a talented group of individuals.

Our goal in our breeding program is to set disciplined parameters and stick with them. The breeding season on heifers is 30 days, and 50 days on the cows. This sets the bar high for fertility and keeps the calving season tight. Next, we are disciplined in culling on disposition and structure. The Red Angus Association is now accepting foot and leg scores. The entire bull offering has been scored for claw shape, foot angle and rear leg angle, and these scores were submitted to the RAAA.

We hold to the idea that fertility, soundness and good disposition are the building blocks for a program. These are traits that we will continually be scrutinizing, in order to breed consistent, "user-friendly" cattle.

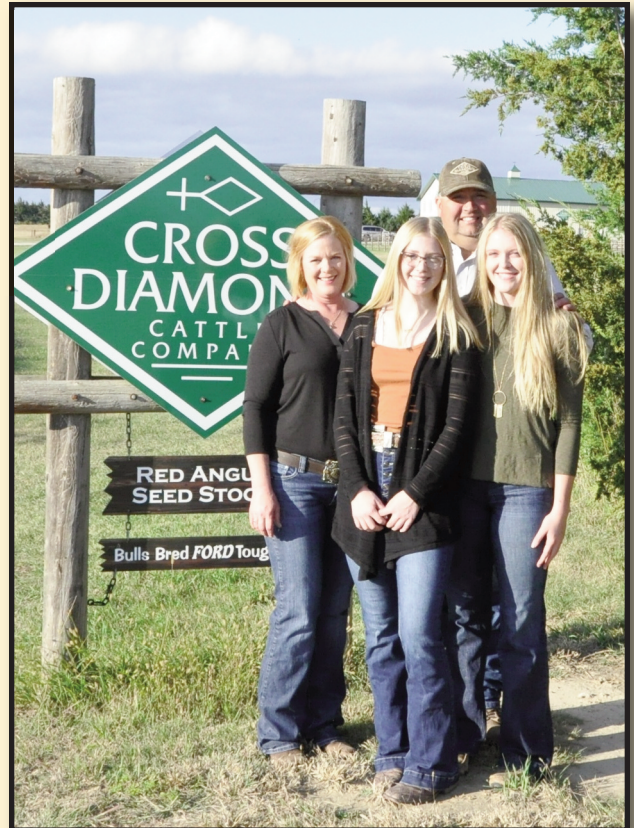

We are looking forward to a great sale weekend in December. We hope you will join us on Sunday to look through the cattle, then enjoy a great meal and fellowship on Sunday night. Ag speaker, Damian Mason, will provide us with humor and insight to round out the night. We'll be ready and rolling for sale day on Monday, with an outstanding selection of bulls and commercial females.

We welcome and thank our cooperators, Triangle Y Cattle, Right On Cattle, Solid Rock Red Angus, Rough Diamond Ranch and Paulson Triangle Bar with bulls and Paxton Ranch with commercial bred heifers.

Please contact us with questions. We look forward to seeing you in December!

"Whoever heeds discipline shows the way to life, but whoever ignores correction leads others astray." – Proverbs 10:17

Warm regards,
~*Scott, Kim, Johanna and Marie Ford*

Solid Rock Red Angus, Limon, Colo.

Greetings friends and fellow cattle breeders!

We are looking forward to the events surrounding sale day coming up in December. This year is the ninth year of our production sale with Cross Diamond Cattle Company, and with each breeding season that rolls around, we look ahead to selecting genetics our customers and fellow producers are asking us for, and this crop of bulls is no different!

While 2021 started out much like the doom and gloom of 2020, the drought in Eastern Colorado allowed us to keep the prime of our genetics while culling cows cautiously to stay in Nebraska and Kansas after the winter. We were very glad to welcome moisture in the spring, followed by timely moisture continuing into early summer which set the foundation of a better grazing season for our cows and calves.

Our offering of future herd sires enjoyed this spring's green grass, and then began developing in Nebraska in September. We are excited to present bloodlines like Merlin 018A, Finished Product, Domain, KCC Excellence, Stockmarket and Supremacy for you to choose from in this year's offering. Calving ease is a top priority for our program and you will see that reflected in all of our bulls' EPDs. Growth and carcass traits are also important, as well as moderate-framed, well-balanced phenotypes. All bulls have received genomic GGP DNA results and ultrasound tests to help you in your selection process.

A new cowboy joined the ranch crew this summer: Ronny and Kelsey welcomed a son, Conagher Ronald, on July 2. His big brother Chisum and cousins, Maelle, Tucker and Genevieve are all pretty smitten and have enjoyed watching him grow quickly. They were all big helpers on the ranch this summer, along with preparing pigs (yes, PIGS) for county fair, playing t-ball and doing gymnastics. Joe and Cindy are blessed to have family to work alongside and to regularly see the grandkids encounter new experiences. Aunt Emily came out to the ranch in July and September from Olathe, Kan., to take part in family time as well.

As we round out this year and look forward to a new year soon coming, we want to thank you for your interest in Red Angus genetics from the crew at Solid Rock Red Angus. Please let us know how we can help you achieve your goals for your herd. Follow our ranch happenings on Facebook (River Bend Ranch - Solid Rock Red Angus), Instagram (solidrockredangus) or at www.SolidRockRedAngus.com.

Triangle Y Cattle Company, Bertrand, Neb.

Hello and welcome to Cross Diamond Cattle! We are so very humbled by the opportunity to earn your business. We take that very serious around here. My wife and I have been a part of the Cross Diamond family since 2009. We can not imagine a better atmosphere to raise or two children Blake(4) and Sterling(8 months). Meredith and I welcomed a son this March named Sterling Jeffery. He is happy and healthy; we are truly

blessed. Blake continues to grow before our very eyes. Our new litter of puppies, the bottle calf and her pony Blue Duck seem to keep her pretty busy. I almost forgot the struggles of being a mom to the 6 babies she carts all over the country. Meredith continues to be the best mom and wife around. She continues her work with Great Plains Livestock Consulting and loves it. We did have some sad times with the loss of my 15-year-old cousin Cash. He was an outstanding young man and made everyone really take a step back and realize life is so short, so why be anything else but the absolute best version of yourself and to never hold anything back. We continue to pray for healing for Ryan, Sam and Carlie. We think of everyone involved with the Cross Diamond crew as part of our family as well.

The Triangle Y cows run with the Cross Diamond Cows year-round. With that, these cows are expected to pass the same aggressive culling criteria that you have come to expect from the Cross Diamond program. All cows are expected to graze year-round with little to no supplement, breed within the 50-day breeding season, be a good mother, possess phenotype that is pleasing to the eye and raise that calf until weaning in early October. We expect the calves to be able to forage for most of their requirements along with supplementing them with dry distillers grains through the winter and early spring. Maternal ability, phenotype and docility are things we look for most in our program, and we do not allow anything to remain in the herd that doesn't fit those criteria.

We have a smaller offering this year due to a heavy heifer calf crop in 2019. We are excited to bring nearly all of them back into the cow program and see how they develop over the next 10 years. The bulls are stout, easy on the eyes and come with long lines of proven genetics that will go to work in any environment. If anything were to happen that doesn't measure up to your expectations, rest assured the Triangle Y bulls are covered under the same first season breeding guarantee.

Our family is excited to see everyone and we look forward to the opportunity to develop new relationships that will last for years to come. We rely heavily on our faith and are forever humbled God has called us to be stewards of his resources.

Right ON Cattle, Bertrand, Neb.

Right ON Cattle is excited to welcome you to another year of the Cross Diamond Bull Sale! This year's bulls have been another great group to develop and work with.

Jake and Joslyn welcomed a third child to the family, Malia Jessie Nelson. Hakon (4) started preschool in Bertrand and is enthralled by both the adventure and his newfound friends. Rorik (2) enjoys helping out on the farm and riding with grandpa Mark wherever he goes. Jodi continues to help out with recordkeeping, but has also utilizes her

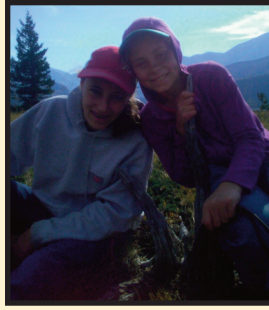

gifts at Cross Country Market in Bertrand to create flower bouquets for customers across the region.

Tanner started a new job in January for an agtech incubator program working with producers across the state to test and implement new technologies. He travels the state, but assists the operation when he can. You can always find Howard keeping busy as the official Right ON cattle bookkeeper! At 91 years of age, we are blessed to have his wisdom and continued guidance in our venture. He has enjoyed keeping up and spending time with his three great grand-children. Similar to every other year, all our bulls are ultra-sounded and have DNA tests taken to assist in your decision making. We strive every year to improve upon our genetics and offerings to our customers through intentional selection and continued stewardship. We want to thank Scott and Kim for another sale opportunity and we look forward to seeing you!

Paulson Triangle Bar, Choteau, Mont.

Welcome Welcome Welcome - to the +<> Bull Sale 2021 edition.

Our offering of a few Red Angus x Charolais bulls are ready to work for you-- bringing the heterosis and longevity of a cross-bred bull and throwing calves with that touch of HybRED vigor, extra growth and goodness.

This group is all sired by the ST Genetics bull, "OOO Sir Loin 5122" from the Bledsoe Brothers program in Colorado. He brings calving ease, maternal greatness and carcass quality in a package

that mixed well on our relatively moderate sized white cows.

We're proud to be part this sale and this offering where you will find quality stock and the best people in the industry, with a guarantee on these bulls that affirms our integrity and the soundness of your purchase. Call with any questions and enjoy the sale!

Rough Diamond Ranch, Elwood, Neb.

Hello and welcome to the 2021 Cross Diamond Cattle Company Annual bull sale! Brittany and I are extremely blessed to be a part of this great sale for a third consecutive year.

For the second year in a row, we bring 6 bulls to the sale. Although the sample size may be small, we continue to grow at Rough Diamond Ranch. This year we achieved a milestone we have been working towards for 5 years, surpassing the 50%

mark on our breeding herd for retained females. What I mean by that is 50% of our cow herd was bred, raised, and developed at Rough Diamond Ranch. Having started five years ago with only 5 cows and a dream, it is hard to believe it has gone so fast. But as we continue to move forward, we remember that none of it could have happened without our great friends at Cross Diamond Cattle Company and those who help us throughout the year behind the scenes. Most importantly, we couldn't do it without great customers.

To our past and future customers, thank you for believing in us. We hope to continue to bring cutting edge genetics to you for many years to come. If you have any questions or concerns about the bulls or would like to see any of their dams, feel free to visit the ranch anytime. We hope to see you all on sale day!

The bulls will sell in catalog order.

The Cross Diamond bulls are sorted according to frame size. Please see the guide on this page for consignor and pen information.

Please note:
The sale will begin at
12:00 pm CST.
Opening comments will begin at 11:30.

ALL AMERICAN ★ BEEF BATTALION ★

We live in an impatient world where things never happen quickly enough. Until, of course, we are confronted with the loss of life. Then we wish for those impatient moments back. That time that was precious without our knowledge of the value. The past year has seen the loss of two tough men... way too soon. These men didn't

know each other, but considering their interests and values, they most likely would have had great respect for each other. Both men were considered friends at Cross Diamond and had an impact on all of us.

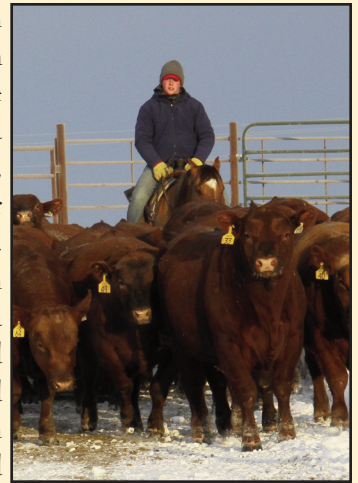

Bill Broadie, at left, was a U.S. Marine and served in Viet Nam. He was a staunch supporter of service men and women, and was committed to those dedicated to the protection of our freedom both during and after their service. In 2008, Bill Broadie began serving steaks to service men and women and their families, and the All American Beef Battalion (AABB) was formed, serving over 400,000 steaks to our nation's heroes since then.

We became aware of Bill's efforts to support our service personnel through the AABB, and we asked if we could help, too. Bill welcomed our support, and invited us along to help with steak feeds when we could attend. Since 2010, we have donated the proceeds of Lot 21 in the sale to the All American Beef Battalion to support its work in feeding service personnel, through a great steak, as well as through the emotional and mental support that the AABB provides.

Bill wasn't able to attend the 2020 sale, and he passed in January. He will certainly be remembered for his dedication to the beef industry and to the nation's service personnel, in addition to his own selfless military service.

We will again this year, donate the proceeds from Lot 21, as a 21-gun salute to Bill Broadie and his All American Beef Battalion.

Cash Cable, Corey's high school cousin from Halfway, Missouri made his first trip to Nebraska with his dad and mom, Ryan and Samantha, for the sale last December. Conversation with Cash reflected that he was a person of character, and enjoyed football, hard work and livestock. Cash helped gather, sort and load cattle on sale day last year. All day. In the cold. And his family and friends say he enjoyed it and talked about it at length when he returned home. He was valuable help, and we are so thankful that we got to share that time with him.

Cash was lost in a drowning accident last spring. Though we are left to question the "why" of a promising life seemingly cut short, we don't question the blessing that Cash was for his short time in this world.

Another of Cash's interests was the Navy SEALs. His family thought it appropriate that Cash be memorialized through a donation to the AABB to support the military that keeps us free and the beef industry that was so dear to Cash in his 15 years on earth. Our thanks and sympathy are with both the Broadie and Cable families.

We believe these men were similar in their interests, their grit and their tenacity. We pray that their memories live on through the work that each of us does in the livestock industry, and through the precious freedom of this great nation.

HEAD CIRCUMFERENCE GUIDE--

We take a head circumference (HC) measurement on all calves at birth. This was a practice first initiated by Kim's parents, Doug and Linda Andersen at Panhandle Cattle Company, and after thousands of calves to compare and analyze, we are certain that this shape measurement is a valuable supplement to birth and calving ease EPDs to predict future calvability in cattle.

The average head circumference in this year's Cross Diamond bull crop is 44 cm, with a range from 40 cm to 49 cm. The average birth weight is 79.9 pounds. We recommend a HC of no more than 46 cm for use on heifers. We strongly believe the HC measurement, along with birth weight and calving ease direct (CED) EPD is beneficial in determining the calving ease of the bulls in the sale offering.

We have printed the head circumference measurement in the catalog for your reference. We have also tried to "bird dog" the bulls we think will work best on heifers, considering the measurements of birth weight and head circumference and the EPDs of CED (calving ease direct) and BW (birth weight).

Notes:

Discipline is key.

The foundation of our breeding program is fertility, sound udders, quiet dispositions, overall structural integrity and easy maintenance. It takes discipline, stringent culling and constant selection pressure to achieve maternal excellence.

.....

RRS 7016 #1210120- Dam of Lot 7, this cow has maintained excellent foot, leg and udder structure throughout her lifetime. This, along with a quiet disposition has always kept her in a favored herd position.

A cowherd expected to forage 365 days a year.
A cowherd expected to produce a calf every year
on a 50-day breeding season.
***Good mother cows make this happen...
but it's not easy.***

These cows are the backbone of our program. Our goal is that you will see the soundness, fertility, disposition and overall production of these cows throughout the cattle in the sale offering.

Crs Diamnd Landslide 308 #1664419 - A sound, deep cow who is easy-fleshing. 308 is in the top 1% of the breed for CED and BW. She has a 367-day calving interval on 6 calves with a 101 MPPA. Take a look at her son, Lot 15 for excellent calving ease and fleshing ability.

Crs Diamnd Laurel 054 #1402207 - This Medallion daughter is what its all about— highly productive, sound, fertile and beautiful to behold. She has a 364-day calving interval on 9 calves with a 103 MPPA. She's the dam of Lot 50 and herdsire, Crs Diamnd Foundation 5143.

Crs Diamnd Compass 3080 #1664747
We love the udders and structural correctness of this cow line. 3080 is in the top 12% for ProS and top 3% of the breed for Herd-BUILDER. Dam of Lot 184.

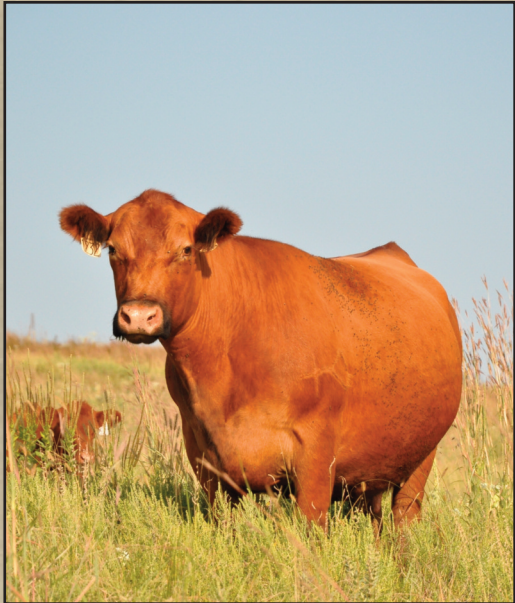

RRS 7070 #1210097 - Dam of Lot 57, this cow has tabulated a 366-day calving interval on 12 calves with an MPPA of 105. That's consistent production to take to the bank.

Crs Diamnd Upright 4101 #1722814 - Dam of Lot 213. This deep-bodied cow has a 366-day calving interval on 5 calves with a 102 MPPA.

Crs Diamnd Colleen 1036 #1495523 - This beautiful cow is a show-stopper. 1036 is long, thick and highly productive. She has an MPPA of 105 on 8 calves. She's the dam of Lot 193.

Crs Diamnd Lenny 1232 #1495705- Dam of Lot 215, this is a big-bodied tank of a cow. She holds her condition well and ranks at the top 4% of the breed for CED.

Crs Diamnd Karat 366 #1664718 - This deep-bodied, broody cow has steadily created a production record worth repeating. She has a 360-day calving interval on 6 calves with a 102 MPPA. She's the dam of Lot 175.

Crs Diamnd Moxie 7032 #1217806 - We'd be hard-pressed to find a cow with more length and femininity. She is the maternal granddam of Lot 45 and 51, and the dam to herd sire, Crs Diamnd Terrace 1007, the maternal grandsire to Lot 5.

Crs Diamnd Terra 981 #1332744 - This easy-fleshing, moderate cow is in the breed's top 1% for HerdBuilder and Stayability. She has produced 11 calves with an impressive 360-day calving interval over her 12 years. Her son, Lot 169 is sure to carry on the productive traits of his dam.

Crs Diamnd Compass 3088 #1664759 - Beautiful structure, easy maintenance, steady production. This is the engine for the Cross Diamond program. 3088 ranks in the top 1% as a HerdBuilder. She has a 364-day calving interval on 6 calves with a 102 MPPA. Dam of Lot 222.

Crs Diamnd Honey 9005 #1332523 - Maternal granddam of Lot 27, this eye-catching cow totaled a 367-day calving interval on 9 calves and ranks in the top 3% of the breed for both ProS and HerdBuilder. She is one to build on-- her daughter, 3157, the dam to Lot 27 has a 365-day calving interval on 6 calves.

88	21	12	-3.4	47	75	25	18	-3

Great length and fleshing ability from this bull who is backed by a powerful cow line. He's in the top 12% as a HerdBuilder, and that's not a fluke. His dam is an up-and-comer— her dam posts a 365-day calving interval on 6 calves with a 106 MPPA.

Thank you to all who have contributed to our
 "2I Gun Salute" to the military over the years.

Here are the Lot 2I buyers:

98	7	13	-2.7	54	80	22	20	-4

Heifer bull. A trim calving ease appearance through the front third of this Granite son. His HerdBuilder index is in the top 5% of the breed. This bull is a survivor. He spent two of his first three days of life trapped in a hole, until we finally found him. He and his mother never gave up, which speaks to calf thrift and great mothering ability.

7:00 P.M.- Evening entertainment

SUNDAY EVENTS

Cross Diamond Sunday Cattle Drive

This isn't your typical "cattle drive." Mind you-- it's Sunday, so we've combined the Sunday drive with the favorite pastime of many in the industry-- looking at cattle. And there you have a Sunday Cattle Drive.

The sale cattle are in their pasture lots until Monday morning. We encourage folks to come early on Sunday and take a driving tour through all of the cattle. (You're welcome to walk through them when you get there.) All of the bull lots are equipped with autogates, so there won't even be problems over who has to open gates! Maps and vehicles (you may drive your own, or use one of ours) will be available at the sale barn.

6:00 P.M.- Roasted New York Strip Supper

As with any cattle drive, we expect you'll be hungry and in need of refreshment at the end. You won't need to sit on the ground around a campfire, but you will need an appetite for a generous portion of roasted New York strip and all the fixings. Come hungry!

Please come and enjoy the wit and wisdom of agricultural speaker, Damian Mason.

Damian Mason is an Agriculturist. His presentation is a fast-paced mix of Ag economist, futurist, talk show host, and comedian – all to provide insights and information to help you consider and

successfully navigate tomorrow's Agriculture.

Damian is a graduate of Purdue University. He also studied comedy writing and improvisation at The Second City – Chicago. Damian is a member of the Screen Actors Guild and the National Speakers Association. He is one of only 17% of NSA members worldwide to hold the Certified Speaking Professional designation.

Damian is a leading agricultural presenter who talks candidly about current events. He is known for motivating and inspiring audiences in both 'good' and 'bad' ag climates.

When he's not traveling for work, Damian can be found on his Indiana farm with his wife Lori or escaping from winter at their Arizona residence.

We believe you will enjoy Sunday's entertainment by Damian Mason.

Gun drawing!

It was so popular last year, we decided to do it again... We have purchased a Henry 30-30 Golden Boy, custom engraved for this year's sale.

For every bull or package of heifers purchased on sale day, the buyer's name will be thrown into a hat. The winner will be drawn at the conclusion of the auction. You need not be present to win.

COMMERCIAL HEIFERS

The 1064 cattle are easy calving and rise to the top. His calves are deep, thick, moderate, with a quiet disposition, and outstanding carcass traits. 1064 daughters are top mother cows-- gentle, easy-fleshing, highly maternal and fertile.

CROSS DIAMOND BRED HEIFERS

This offering of commercial heifers consists of purchased Red Angus heifer calves from Red Angus operations in Nebraska. The heifers were purchased, then rigorously culled for quality, disposition, foraging ability, pelvic size and health. After studying these heifers for nearly a year, we believe we are providing a solid group of heifers who will become fertile, capacious, easy-fleshing mother cows, with soundness and adaptability. Buy with confidence that these females will have a positive impact on your replacement program. The heifers will sell according to frame size and calving dates.

Health Program

- BVD-PI tested
- pelvic measured, pre-breeding
- current on vaccinations for reproductive diseases
- vaccinated with 1st round of Guardian

Breeding

March bred:

-- synchronized and AI'd: 5/25- 5/28

Sire: POKE NebP707 9116 I064

-- exposed: 5/28- 6/28

Projected calving dates: begin Feb. 25, 2022

April bred:

-- exposed 7/5- 8/5

Projected calving dates: begin April 1, 2022

These heifers will sell, gate cut, in groups of five or more FOB Cross Diamond headquarters, Bertrand, Neb. They are tagged according to frame size. The winning bidder will have the right to choose any group of heifers: large frame, medium frame, small frame; baldy/brockle; March or April bred.

Solid red heifers (250 head total)

20 head March-bred large frame: yellow tags

168 head March-bred medium frame: green tags

20 head March-bred small frame: blue tags

42 head April-bred: orange tags

Baldy/brockle heifers (60 head total)

47 head March-bred: white tags

13 head April-bred: red tags

Kids, check out our Cross Diamond Ag Youth Initiative
on the next page-- you could win a commercial bred
heifer for your herd!

PAXTON RANCH-- 100 HEAD COMMERCIAL BRED HEIFERS

The Paxton Ranch, John and Jessica Warren, of central Nebraska are premier commercial cattlemen, known far and wide for their hard work, great cattle and excellent management. We are pleased and honored to work with John and Jessica to sell a package of their bred females. These females are sired by Cross Diamond, Hall Red Angus and Beckton bulls.

Contact: John Warren-- 308/636-2281 or 308/650-9000

Health & Breeding

- poured at preg check with Cydectin
- current on vaccinations for reproductive diseases
- natural service, exposed June 12 to July 12 to Beckton and Hall Red Angus bulls

Projected calving dates: begin March 15, 2022, 30 days
These females have been on grass all summer. They will run on winter range with protein supplement until sale time.

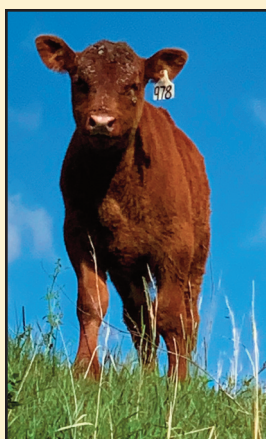

Heifers will sell in groups of five or more. Buyer will have the ability to select purchased heifers from 237 head.
100 head sell FOB from Paxton Ranch headquarters, Stapleton, Neb.

The power of the Red Angus cow...

Longevity, soundness, fertility, mothering ability... she's right there in the background of everything we do.

Cross Diamond Ag Youth Initiative

Giving back to our next generation of great American cattlemen and cattlemen!

We, at Cross Diamond Cattle Company, understand that we are truly blessed by all the people that have helped us become who we are. We are surrounded by a community of friends, family, and customers who have brought joy and depth to our lives. There has been a strong framework of support and leadership that has helped bring us to where we are today. This feeds our desire to make opportunities for youth to grow in agriculture. We wouldn't be where we are without the support of many people, and we'll continue to pay it forward.

Again, this year, we are giving away a bred commercial heifer during the sale. Any young aspiring rancher from the age of 5 to 18 can come sale day and put their name in a hat to win a commercial bred Red Angus heifer.

There is no purchase necessary to enter the drawing. The only thing we ask is that you are between the **ages of 5 and 18**; be willing to **provide this heifer with a good home**; provide **transportation** to her new home and be **present at the sale** for the drawing. We will draw for the heifer at the beginning of the commercial heifer portion of the sale.

HOW TO PARTICIPATE AS AN ABSENTEE BUYER

We prefer for each of you to be in attendance on sale day. Realistically, we know there will be some scheduling conflicts (also known as chores/feeding/day job/weather) and distance limitations. In these cases, we have arranged for you to be able to participate in the sale on an absentee basis, through Superior or DVAuction.

If possible, we invite you to evaluate the animals prior to sale day, either by a ranch visit or by viewing video of the cattle. All of the lots in the sale will be available for viewing online prior to sale day at www.superiorlivestock.com and www.dvauction.com, as well. Please feel free to call us with questions. Please review the options provided by Superior and DVAuction below:

Sale will begin at 12:00 pm, CST.

HOW TO PARTICIPATE AS AN ABSENTEE BUYER

Turn in Bids Over the Phone.

This is our traditional method of buying livestock. To get started simply go online to www.superiorlivestock.com and click on the tab titled "Register for a Buyer Number." Select the registration form for Superior Productions and print the registration form, fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it, or scan and email the form to info@superiorauction.com. You may also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

Click-To-Bid. This is Superior's online bidding platform for cattle buying. Please note that high speed internet is required – this is not for dial-up or satellite internet. Registration is free, but you must become a member of www.superiorclicktobid.com to sign up. Becoming a member is easy - just go to the homepage of www.superiorclicktobid.com and follow the out-lined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and, once approved, you will receive an e-mail confirming which sale you are now registered for.

Viewing the Auction. There are two places to view the sale broadcast live on the internet:

www.superiorlivestock.com or www.superiorclicktobid.com.

Just go to the home page of either website and select the auction. If you just want to watch the auction on your computer, smartphone or tablet go to www.superiorlivestock.com, but if you want to bid over the computer you must go to www.superiorclicktobid.com. Remember you can call in to bid on the internet, but you must be a member of www.superiorclicktobid.com to "click-to-bid". Your computer must have Flash Media Player installed for this website to view the auction. If you have any questions, please call the Superior Productions office at 800-431-4452.

***If you plan to bid by phone through Superior Livestock or 'Click-to-Bid', you must register at www.superiorlivestock.com prior to bidding.**

Bidders who are successful in making purchases via satellite or internet will be contacted by the ranch after the sale to settle payment and make shipping arrangements.

Watch and Bid Online at DVAuction.com

We are pleased to bring you real-time internet bidding and a live broadcast of this sale through DVAuction. To watch or bid online, simply complete the following steps:

- Visit the DVAuction website www.dvauction.com
- Click the "Create New Account" tab
- Enter a user name, password and your contact info.
- Complete the Banking Information (if you are only interested in viewing, you can skip this section.)
- Select your time zone, accept the terms and conditions and click "Create Account."
- Complete the process by answering a few questions, selecting your subscription choices
- Click "Apply for Bidding" in the upper left corner of your screen to select the sales you wish to bid on
- Be sure to include a personal contact at your bank, we will contact them in order to get a credit reference
- To be approved using a credit card, call (402)316-5460
- Please be sure to apply for bidding at least a day in advance of the sale

DVAuction will contact you once you have been approved to bid. We do not provide buyer numbers until you have purchased a lot in the sale, and that number is only usable for that auction. After the sale contact Cross Diamond Cattle Company to make arrangement for payment and delivery of your online purchases.

Please note: High speed internet access (DSL, T-I or Broadband) is required to be able to bid successfully during the sale. If you have any questions, call DVAuction at 402/316-5460 or email support@dvauction.com

Proxy bidding: If you can't access a computer during the sale, you can place a "proxy bid" through DVAuction. Simply follow the instructions listed above. As the sale date nears, there will be a "Proxy Bidding" link under the sale listing on the main page of DVAuction. You can then place the maximum that you'd like to bid and our system will represent your bid just as if you were there.

TERMS AND CONDITIONS

- 1. BIDDING:** The Auctioneer in charge will settle any disputes as to bids, and his decision on such matters shall be final.
- 2. TERMS:** Terms of sale are cash unless satisfactory credit arrangements have been made with Sale Management prior to sale.
- 3. PURCHASER'S RISK:** Each animal becomes the risk of the Buyer as soon as sold, but it shall be the obligation of the Seller to see that animals are fed and cared for free of charge to Buyer, until loaded for shipment or until the expiration of 48 hours after the sale, whichever occurs sooner.
- 4. CERTIFICATE OF REGISTRY:** A transferred certificate of registry will be furnished to the Buyer for each registered animal.
- 5. HEALTH:** All animals are eligible for interstate shipment, except as otherwise announced. Interstate health papers will be furnished for each animal requiring tuberculosis and brucellosis tests in accordance with Federal Regulations.
- 6. ANNOUNCEMENTS:** Any changes from information of any kind in this catalog will be announced from the auction box and such announcements shall take precedence.
- 7. BREEDING GUARANTEE:** All animals are guaranteed by the seller as outlined in the Red Angus Association of America Code of Ethical Sale Practices and the Genetic Defect and Parentage Guarantee.
- 8. LIABILITY:** Neither owners, clerks, nor anyone connected with the sale assumes responsibility- legal or otherwise for damages of any kind. All persons who attend the sale do so at their own risk.
- 9. CONTRACT:** The above terms and conditions shall constitute a contract between the buyer and seller of each animal sold.

SEMEN INTEREST

1/2 semen interest will be retained on all Cross Diamond bulls. The buyer receives full possession and full salvage value.

When an animal carries the FCCP tag it means it is age, source and genetically verified, which is a definite advantage in the marketplace .

Cross Diamond Cattle Company will cost-share on tags with producers who buy bulls or commercial bred heifers. The FCCP tags are available in either the original dangle tag or EID tag. **We will gladly cost-share \$.50/tag on either option you choose.**

Please check with the Red Angus website: www.redangus.org ; visit with Katie Oschner on sale day; or call the Red Angus Association at (940)387-3502.

We're proud to be a Top Dollar Seedstock Partner. See www.topdollarangus.com for more information!

TAKE HOME CREDIT

Please note-- health regulations change on a regular basis from state to state. Trich tests, in particular, are a requirement for many states, and take about a week to complete. **Please call ahead if you are out-of-state and are planning to bring a trailer so that we may check your state's regulations. We will honor the \$250 take-home credit if you come pick up your bulls after the trich testing is complete.**

WINTERING

If you would like to delay delivery of your bull, Cross Diamond offers wintering at the cost of \$4/head/day. Wintering will only be charged to people who request a late delivery.

VOLUME DISCOUNTS

5% discount on 5-9 bulls
10% discount on 10+ bulls

DELIVERY

Free delivery on bull purchases
within 1500 miles or \$15,000.
Take home credit of \$250 on sale day.

INSURANCE

Insurance available through American Livestock Ins.
