# ANNUAL BULL SALE

## THURSDAY, MARCH 28, 2024

GLASGOW STOCKYARDS, GLASGOW, MT  
1 P.M. MDT (FOLLOWING GIBBS RED ANGUS)

LUNCH AT NOON

Welcome,

I would like to thank everyone for the continued interest and support of our program. As our program grows, we really appreciate our returning customers that have become our friends and are excited about the interest that we have received from people throughout the industry.

Our registered cows are run alongside our commercial cow herd and do not receive any special treatment. They are expected to calve on time, raise a functional calf, and breed back within our 45-day breeding season. We believe in an easy-keeping functional female that can maintain body condition during our harsh winters and excel in our summers. We put an added emphasis on performance and carcass traits, along with foot soundness and udder structure. With that being said, I think that you can buy with confidence, that the bulls you purchase from us will help move your program forward no matter the conditions that mother nature gives you.

We start calving heifers around March 15th, the cows will start around March 25th. The bulls were weaned this year around the 1st of October. The bulls were fed at Bruce Hould's in Malta again this year. They are fed a high roughage diet and have performed very well, gaining over 3 pounds per day. I put an added emphasis on foot structure and temperament in the bulls.

The sale will be at the Glasgow Stockyards again this year. I would like to thank Iva, Jake, Cody and the staff at Glasgow Stockyards for helping get the sale organized. We will be on DV Auction again this year, along with Cattle USA for online bidding. If you choose to bid with DV Auction, please sign up a couple days ahead, so you have time to get registered.

If you have any questions, please feel free to give me a call any time.

Thanks again!

*Bryce Risa*

Northern Lites Red Angus

# INFORMATION

## LOCATION:

Glasgow Stockyards  
7444 Hwy 42 • PO Box 129 • Glasgow, MT 59230  
Phone: 406-228-9306

## CONTACT:

Bryce: 406-724-7029 (c)  
406-762-3336 (h)  
Email: brycerisa@hotmail.com

## SALE DAY CONTACTS:

Glasgow Stockyards  
Cody Cornwell: 406-263-1589  
Jake Newton: 406-390-5109  
Iva Murch: 406-263-7529

## AUCTIONEER:

Ed Hinton: 406-783-7285

## RED ANGUS ASSOCIATION:

Rachael Oliver: 406-480-1569  
RAAA Assistant Director of Commercial Marketing

## BREEDING SOUNDNESS EXAM:

All bulls are guaranteed breeders. All bulls will pass a breeding soundness exam and will be fertility tested prior to the sale.

## CARCASS ULTRASOUND DATA:

Data will be available on sale day.

## CATTLE VIEWING:

Bulls will be at B and L Hould Feedlot in Malta, MT until March 26th. You are more than welcome to view them at the lot any-time. They will be available to view at Glasgow Stockyard all day Wednesday March 27th and prior to the sale on Thursday March 28th.

## DELIVERY POLICY:

We offer free delivery on the bulls within 300 miles. Delivery beyond 300 miles will be to central points at buyer's cost. We offer \$100 off each bull taken home prior to delivery.

## LIABILITY:

All persons who attend the sale or view the cattle do so at their own risk. Northern Lites Ranch and Glasgow Stockyard LLC. assumes no liability – legal or otherwise for any accidents that occur on sale day or visiting the premises.

## FEEDING POLICY:

Bulls will be fed for free until delivery.

## SALE DAY ANNOUNCEMENTS:

All announcements on sale day will take precedence over the information contained in the catalog.

## GUARANTEE:

All bulls in the offering are guaranteed to pass a fertility and health examination. In the event of a bull failing a semen examination or being injured while at Northern Lites Red Angus, a suitable replacement will be furnished if available or your money will be giving back. We encourage buyers to purchase livestock loss of use and mortality insurance.

## HERD HEALTH:

All bulls have vaccinated with Vista Once SQ and Vision 7 som-nus at branding and preconditioning. They have been following the health protocol at the Hould Feed yard since the 10th of October. All bulls will be poured prior to delivery.

## TERMS:

The terms of the sale are cash. All settlements will be made immediately following the conclusion of the sale and before the cattle will be released. Red Angus Association Terms and Conditions will apply if the terms and conditions printed here are not applicable

- We selected Warhead from Bieber Red Angus's 2019 production sale. We are extremely pleased with his sons, growth and fleshing ability. His daughters have shown themselves to be very maternal and to be very easy keepers. On top of all that, all his calves have exceptionally quiet dispositions along with very sound foot and leg structure. Co-owned with Bieber Red Angus and AVC Red Angus.

- H517 was our pick of the Stockmarket E119 sons in the 2021 Bieber Red Angus sale and we are extremely pleased with him. His calves come easy and start growing the minute they hit the ground. We AI'd our heifers to him and natural serviced some cows and he has worked well on both. He will increase the carcass quality in his calves and is very sound footed. Co-owned with Bieber Red Angus. Semen available.

### SET UP AN ACCOUNT:

Setting up an account is a simple two minute process.

1. Look for the log-in area on the upper left portion of the screen.
2. Find the blue button labeled "Register to View"
3. Fill in the form with your name, email, state, username, and password.
4. Press the proceed button at the bottom of the page.

Any time you come back to CattleUSA just enter your username and password to log-in and watch auctions.

### GET APPROVED TO BUY:

Each auction approves its own buyers, no buyers are approved by CattleUSA. This is done for your privacy and security. Your buyers information is kept private and is only released to the auctions you choose. In order to obtain approval to buy at an auction you will need to submit your contact information to each auction you wish to buy from.

1. Log in to CattleUSA.
2. Push the Submit button next the auction you wish to be approved at. The first time you do this, a form will pop-up for you to fill out your contact information. Fill out your information then push the button at the bottom of the form to continue.
3. You have now sent your information to that auction. The auction will now be able to find you in their data base and approve you to buy. If you would like to be approved at other auctions push the submit button next to each auction you wish to be approved at. Your information will be forwarded to those auctions only.

Auctions do not have access to your information until you send it to them.

# IN LOVING MEMORY

**Lee Risa**

**Theron Risa**

*It was with heavy hearts we said goodbye to two men in our lives this year.*

*In June, our grandfather, Theron Risa, passed away at the age of 98. Our dad, Lee Risa, was diagnosed with T-cell lymphoma in August and passed away in October at the age of 72.*

*They were our rocks – the solid foundation which our family*

*was built upon. We will forever be grateful for their love, guidance, knowledge and willingness to provide us with whatever was needed to help us succeed. They will forever be missed and will always have a place in our hearts.*

*We were humbled by the outpouring of cards, letters, texts, phone calls and visits during this time. Our family would like to say thank you to everyone. It has meant so much to us and we will be forever grateful to you all.*

**Dad with our good friends Ryan Nelson and Gretchen Westby at our 2022 sale.**

**Dad**

## RED ANGUS GUIDE TO EPDS

[RedAngus.org](http://RedAngus.org)

**ProS**..... Profitability and Sustainability is an all-purpose index that predicts average economic differences in all segments in the beef supply chain. This index is a combination of the breeding objectives modeled in the HerdBuilder and GridMaster selection indexes. In this index, replacement heifers are retained from within the herd and all remaining progeny are fed out to slaughter and sold on a quality-based grid. Traits included in this index include calving ease, growth, HPG, STAY, Mature Weight, Dry Matter Intake and carcass traits. The resulting index is expressed in dollars per head born (Index/High Value).

**HB**..... HerdBuilder is a maternal selection index that predicts the economic differences of animals for traits that are important from conception through weaning. Expressed as dollars per head born, HB is calculated based on the scenario that bulls are mated to heifers and cows, replacement heifers are retained and all remaining progeny are marketed at weaning. Traits included in the HB index include Calving Ease Direct, Calving Ease Maternal, Weaning Weight, Milk, Mature Weight, Heifer Pregnancy and Stayability (Index/High Value).

**GM**..... GridMaster is a selection index that predicts the average economic difference of non-replacement calves through the post-weaning phase of production. GM places selection pressure on growth, feedyard performance and carcass traits. Expressed as dollars per head born, GM is calculated based on the scenario that progeny are fed out to slaughter and marketed on a quality-based carcass grid. Traits included in GM include Average Daily Gain, Carcass Weight, Dry Matter Intake, Marbling, Back Fat and Rib Eye Area (Index/High Value).

**CED**..... Calving Ease Direct predicts differences in the percent of calves born unassisted out of 2-year-old dams. (Percent/High Value)

**BW**..... Birth Weight predicts differences in actual birth weight of progeny. (Pounds/Low Value)

**WW**..... Weaning Weight predicts differences in 205-day weaning weight. (Pounds/High Value)

**YW**..... Yearling Weight predicts differences in 365-day yearling weight. (Pounds/High Value)

**ADG**..... Average Daily Gain predicts differences in weight gain between 205 and 365 days of age. (Pounds/High Value)

**DMI**..... Dry Matter Intake predicts differences in daily feed intake as measured in a feedlot during the post-weaning period. (Pounds/Low Value)

**MILK**..... Milk predicts differences in weaning weight attributed to the milking ability of the animal's daughters. (Pounds/High Value)

**ME**..... Maintenance Energy predicts the difference in maintenance energy requirements. (Mcal per Month/Low Value)

**HPG**..... Heifer Pregnancy predicts differences in the percent of daughters who are able to conceive and calve at 2 years of age following exposure to breeding. (Percent/High Value)

**CEM**..... Calving Ease Maternal predicts differences in the percent of daughters who are able to calve unassisted as 2-year-old heifers. (Percent/High Value)

**STAY**..... Stayability predicts differences in the ability of an animals' retained daughters to remain productive in the herd – calve every year – through 6 years of age. (Percent/High Value)

**MARB**..... Marbling predicts differences in marbling score – amount of intramuscular fat measured at the 13th rib. (Marbling Score Units/High Value)

**YG**..... Yield Grade predicts differences in USDA Yield Grade, which is calculated using CW, REA and Fat. (Yield Grade Units/Low Value)

**CW**..... Carcass Weight predicts differences in actual hot carcass weight. (Pounds/High Value)

**REA**..... Ribeye Area predicts differences in square inches of ribeye area measured at the 13th rib. (Square Inches/High Value)

**FAT**..... Fat predicts differences in the depth of backfat measured between the 12th and 13th ribs. (Inches/Low Value)

# PREMIUM CALF VALUE

*Easy as 1-2-3*

## Want MORE for your steers?

**THAT'S EASY ...**

1. Purchase Top Dollar Angus-qualified bulls.
2. Raise Top Dollar Angus-qualified feeder calves.
3. Pocket MORE per head!

**THE RESULTS:** Better performance and a documented \$118.75-per-head advantage as fed cattle!

Steers & Heifers	Top Dollar Angus		Difference
	Qualified	Non-Qualified	
Head Count	1,801	4,448	
Percentage of Head Count	29%	71%	
Average Daily Gain	4.28	3.99	0.29
Hot Carcass Weight	935	888	47
Marbling	504	471	33
Ribeye Area	15.4	15.2	0.2
Fat Thickness	0.66	0.61	0.05
<b>Value Per Head</b>	<b>\$2,338.65</b>	<b>\$2,219.90</b>	<b>\$118.75</b>

# PARAMOUNT

Now is a paramount time to verify your genetics in the Feeder Calf Certification Program. The Red Angus Live Animal Specification, recognized by the USDA, acknowledges **Red Angus are genetically Angus and meet requirements to be included in many Angus branded-beef programs.**

**Genetics, not hide color, qualify an animal as Angus.**
