

ANNUAL PRODUCTION SALE / FRIDAY, MARCH 29, 2024

1:00 PM / AT THE RANCH NEAR BANCROFT, IDAHO

**PROFITABLE BALANCED BREEDING,
SUPERIOR IN FUNCTION**

Welcome to our 14th annual production sale! We truly appreciate your interest and continued support to our program. Our slogan of “Profitable Balanced Breeding, Superior in Function” is our long standing commitment to improving our genetics every generation. We want to see improvement in our cowherd which translates into a better offering of bulls to our customers.

We offer unique, outcross genetics from the common mainstream gene pool. We use what works best in our environment with strict culling practices on fertility, foot quality, disposition, and udder and teat design. Our breeding decisions are not based on exaggerated EPD’s, popularity, or catchy phrases that seem to be in vogue. We know that the bulk of our customers run commercial operations and we raise our cattle as similar as possible to what the cattle will experience at their new homes.

The bulls on offer are fed long hay and a mild grain mix in a 30 acre pasture with spring water and salt and mineral. We feel this is a great way to develop these bulls for longevity and soundness. We PAP tested these bulls in February at the ranch elevation of 5650 ft. Our herd runs up to 8500 ft. elevation but never lower than the ranch location.

We truly feel we have a well designed product, and know that our cattle are hand crafted with attention to detail. Think of it as a small rare find not mass produced in factories. We feed, breed, manage, tag, sort, clip and have our hands on every aspect of our cattle. If any of this finds appeal in your mind, come have lunch, evaluate our cattle, and make your own decision as to who you want your seed-stock producer to be.

We will offer to feed the yearling bulls at no charge until May 1, 2024.

Please join us for a smoked brisket lunch as well served from 11:00 am – 1:00 pm.

Birk and Marnie Johnson

Cell: 208-390-6619 / simroot57@yahoo.com
2055 Ivins Road • Bancroft, ID 83217

SALE DAY PHONES

Dirk Johnson208-390-6619
Marnie Johnson208-540-2697
Riley Mickelson208-989-0800

SALE LOCATION

2055 Ivins Road, Bancroft, Idaho 83217
30 miles East of I-15 on Hwy 30. Do not take the Bancroft turn off. Go to the intersection of Hwy 30 and Hwy 34 (Grace turnoff) turn North onto Old Hwy 30 (frontage road) continue West for 2 miles. Then turn right onto Ivins Road, cross railroad tracks, then 4 miles to the ranch.

AUCTIONEER & STAFF

Kade Rogge, Auctioneer 208-431-0074
Mark Schumann, Ringman 208-339-0580
Jed South, Ringman 208-670-4042
Riley Mickelson, Special Assignment 208-989-0800

SALE ORDER

Cattle will sell in catalog order beginning with Lot 1.

LIABILITY

All persons who attend the sale do so at their own risk, and Vertical Edge Genetics assumes no liability, legal or otherwise for any accidents which may occur.

ANNOUNCEMENTS

Announcements from the block will take precedence over information in this sale book. Cattle will sell in catalog order.

INSURANCE

Insurance will be made available to new owners at the clerk's desk.

TRUCKING

Please leave detailed information with sale clerk about trucking needs and arrangements. We will work to help you find the best and most efficient means for hauling. We can assist in delivery of bulls to your ranch.

FEEDING

We will offer to feed the yearling bulls at no charge until May 1, 2024, if desired. At that time, we will arrange trucking options. We are not responsible for any injury or death to the bulls while in our care. We would recommend insuring the animal.

VET SERVICES

Dr. Daniel Erickson, DVM 307-887-8838

VIDEO

Videos will be available online two weeks prior to the sale at www.verticaledgegenetics.com

TERMS & CONDITIONS

All cattle will sell under the American Simmental Association's terms and conditions. You can view online at <https://www.simmental.org/site/userimages/sale%20terms.pdf>

RESOURCES

We have our cow herd in the Total Herd Enrollment program with the American Simmental Association. All the bulls on offer will have ASA based EPDs, so there is no need to use adjustment factors for the Angus. EPDs current as of February 19, 2024. Updated EPDs can be viewed on the American Simmental Association website.

HERD HEALTH

All cattle selling are pedigree free of known genetic defects including AM, NH, CA, DD and TH.

BULLS

- 2x 8-way vaccine
- 2x Fusoguard (Hoof Rot) vaccine
- 2x Bovi-shield Gold One Shot vaccine
- 2x Multimin 90
- Poured with Clean-Up
- Dewormed with Valbazen
- PCR Trich Test
- Semen and PAP tested

HEIFERS

- 2x 8-way vaccine
- 1x Preg Guard 10
- 1x Multimin 90
- Poured with Clean-Up
- Dewormed with Valbazen
- Calfhod vaccinated

SIGHT UNSEEN PURCHASE PROGRAM

We know our cattle and cow families very well and are happy to share our knowledge with you to help you make an informed decision. If you are unable to attend the sale and are interested in a bull or heifer, give Dirk a call and he will personally go over the sale cattle for your program to recommend bulls or heifers that will suit your needs. Your complete satisfaction is our goal! You are welcome to leave a bid with any of the sales staff. Cattle will sell in catalog order.

ABSENTEE BIDDING

We will sell animals in catalog order. If preferred, we can have someone call you on specific lots with prior arrangements. We will also have a few phone lines dedicated to bidding on sale day but please make arrangements prior to 11:00 am on sale day. We are also happy to announce that we will have CCI.LIVE on the scene offering online bidding.

FIRST YEAR BREEDING GUARANTEE

All bulls selling for over \$3500 or more will be given 50% of the value of the injured bull, minus any salvage value, in a future sale or toward a replacement bull, if one is available. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by September 1, 2024. Breeding season is defined as the 90-day period following the first turnout of the bulls. A copy of the sales receipt must be received by Vertical Edge Genetics to receive proper credit.

Example 1: A \$4000 bull is injured and will not heal. A credit of \$2000 minus any salvage will be given to the buyer.

Example 2: A \$2500 bull is injured and will not heal. No credit is given. Buyer retains all salvage value.

"Auto" has earned his stripes here with a tremendous 2nd calf crop. His calves are smart with good newborn vigor and then take off and grow. Consistency on display from his line breeding. We will also calve a few daughters prior to the sale. Purebred Angus. PAP 40.

SIMANGUS

We have been breeding multi-generational SimAngus cattle for many years. We have found more predictability and functionality in our herd by linebreeding to the genetics which have excelled in our environment. We love the performance, mothering ability and fertility in our SimAngus cows. Newborn calf vigor is excellent, marketing demand for SimAngus sired calves is strong, and they produce a superior end product. Our prefix has included JB, JBD, and now VE and dates back to 1983. We have found the Fleckvieh influenced SimAngus to be superior to the average SimAngus cattle. Our focus will remain to offer these FleckAngus bulls in volume, unlike those available elsewhere.

Smooth Polled, Solid Black, 3/4 SM 1/4 AN. Finding outcross genetics in today's bull market can be difficult except here. Dam's production 3 @ 98, Grand dam's production 3 @ 95.

ANGUS

Our Angus are very unique, linebred, maternally efficient, and sound cattle. We are strict in our genetic selection to avoid extremes and potential defective lethal genes. We want moderate, robust, well muscled bulls to exhibit breed character, libido, and produce those easy to manage black hided cow herds. We have steered clear of genetic defects because of our long standing awareness of dirty pedigrees. We will not sell carriers of a genetic defect or commercial bulls of unknown parentage. We list the EPDs that we have found to be the most important in real world ranching.

FLECKVIEH

Our nucleus herd of Fleckvieh are being developed in our same rugged conditions of the west that the rest of the herd experience. We are striving for moderate framed, easy fleshing, brilliant uddered females to produce some of the few fullbloods available in Idaho and surrounding states. We are also developing many polled individuals to appeal to more customers. We produce non-diluters so there is no chance of getting grey calves. In our experience the Fleckvieh cattle have the lowest PAP scores and thrive in elevated regions.
