Royal Like Firewater, AKA Feather. 2020 AQHA sorrel filly by Royal Indian Pep by Hickory's Indian Pep and out of Firewaters Bee x Cruisin on Firewater. Feather is lightly started with 45 days by sale time. She is very very soft, rides around smooth and stays quiet. Lopes correct circles both ways, wants to have a hard stop and stays soft and light always. She is great to catch, super friendly, great with her feet, loves water, clips, ties, loads. This filly is pretty special to me and needs to go on in the performance horse world. She has the goods to make it. Most of the top barrel horses running right now are a cow and run cross, and she has both. Money earners top and bottom. Message me or call or text me at 406-620-7360 FMI.

Hewes is a very special horse that can and will do anything and everything put in his path. He was a finished header when bought him 4 years ago, but we have only used him to move cows, show, hunt/pack, and trail ride. He is good with kids and best with someone who'll use him hard.
