WE MEASURE SUCCESS IN 3 WAYS:

- 1 The ability of our cowherd to set the bar for Maternal Power™.** They must go out and work every day, maintain a tight calving interval through tremendous fertility and raise big calves year after year – without being pampered.
- 2 Watching our customers reap the rewards** of using our genetics and the demand we've helped build for their feeder calves and their replacement females, as well.
- 3 The lasting relationships we are building with our customers and the reputation that comes from helping them reach their goals of developing successful and profitable cowherds. Our customers' success remains our highest priority.**

PROVEN, BALANCED COW-MAKERS

Our cattle are backed by generations of proven, efficient genetics, emphasizing calving ease, fleshing ability, productivity, udder & foot quality, disposition, structure and fertility.
