

Dukart Angus Ranch

Greetings!

We would like to take this opportunity to say THANK YOU to all of our past and future customers for supporting in our operation and believing in the work that we do! We hope that you will find the offering of these genetics to fit the needs of your operation and that their progeny will continue to make your business and the rest of the cattle industry profitable.

Our primary focus has been and will always be to produce a functionally sound female that fits our environment. She needs to do her job with limited feed inputs, correct feet, good udders, and have fertility with a good disposition. Again, this year's bulls were developed on a roughage ration through the winter and turned onto grass in early May and have been roaming the hills and developing into breeding bulls.

Please join us on **December 14, 2022 at 2pm MT** for our annual bull sale. We will sell at the ranch using Cowboy Auction format with the base prices posted behind each bull. Videos of all the bulls can be viewed on **www.billpelton.com**. Please free to come to the ranch before the sale to view the bulls.

Angie and I have sincerely enjoyed doing business with everyone that has purchased cattle from us in the past and look forward to working with you in the future on your seedstock needs.

Sincerely,

Derrick, Angie, Iris, Ian, and Jude

Inspection of Cattle: The cattle are available to be viewed at the ranch anytime

Absentee Bids: Can be phone in to Derrick at (701-260-2422) or (701-573-4324)

Terms: Cash. All cattle to be settled for on sale day.

J5 Z314 Kung Fu C74

A bull bought out of the Bowels J5 Red Angus. A calm Warrior that has muscle stacked in his pedigree and on every square inch of his body. He is quiet and athletic while having a herd bull look with style and structure and substance to back his performance figures. We many daughter in production. He left the fall of 2022 as a 7 year old bull. He will leave a lasting legacy in our cow herd.

B Lazy T MR D043 G009

A bull bought out of the B Lazy T Red Angus. This will be the only bull crop we will get. He was a very thick long spined bull that was moderate in his frame. His dam is a ranch favorite that was a very consistent producer of quality and she was moderate framed, feminine cow with a perfect udder. His daughters that will calve this coming spring will be moderate thick maternal producers.
