In Memory of Phyllis Adams 1944 - 2020

Ooh you make me live
Whatever this world can give to me
It's you you're all I see
Ooh you make me live now honey
Ooh you make me live

Ooh you're the best friend that I ever had
I've been with you such a long time
You're my sunshine and I want you to know
That my feelings are true
I really love you
Oh you're my best friend

Ooh you make me live

Ooh I've been wandering round
But I still come back to you
In rain or shine
You've stood by me girl
I'm happy at home
You're my best friend

Ooh you make me live
Whenever this world is cruel to me
I got you to help me forgive
Ooh you make me live now honey
Ooh you make me live

You're the first one
When things turn out bad
You know I'll never be lonely
You're my only one
And I love the things
I really love the things that you do
You're my best friend

Ooh you make me live

I'm happy at home
You're my best friend
Oh you're my best friend
Ooh you make me live
You you're my best friend

Your My Best Friend, by Don Gibson

"FORGING THE GENETIC LINK"

Chet Adams

Cattlemen, Cattle women and Friends,

Sadly, my wife, Phyllis lost her courageous battle with Alzheimer's on August 5, 2020. She was an integral part in developing the ranch and the Adams Connection Bull Sale. Her unwavering contribution and partnership is greatly missed. Our 52nd Annual Bull Sale is dedicated to her.

It is a pleasure to welcome you to our 52nd bull sale. After a most challenging 2020 for everyone, I can't help but reminisce on the positive years and sales gone by. So many positive memories come to mind, but the most important are from the people that have supported us through the years and the friendships we have made coupled with dedicated employees that enabled us to enjoy success in the industry. Furthermore, I feel the reason for our success is we have never wavered from "Forging the Genetic Link" by raising the best bulls possible for the commercial cattle industry.

As I prepare for our 52nd bull sale, I'm again proud to present you a top quality offering for your inspection.

Thank you for your interest and continued support. I look forward to seeing you sale day. If you have any questions please call.

Sincerely,

Chet Adams

Fellow Livestock Producers,

It is with great pleasure that we welcome you to the Adams Connection/Snake River Valley Genetics Bull Sale on March 3, 2021, in Blackfoot, Idaho. We value your time and thank you for reviewing the livestock presented in this sale book.

We are always excited about this sale, as we will have 4 generations of our family selling bulls from our offering. Great-Grandpa Darrell, Teresa and I, and Darrell and Jenny, with the WSA prefix, are 3rd generation. Jared and Tiffany's kids, Conner and Angie, are the 4th generation and will have their bulls in this sale. Our son and daughter-in-law, Mark and Charissa, help with the IT department and have identical twin girls, Maizy and Elaina, which should have bulls in the sale in the next few years! (Rumor is they have a new little sister on the way!)

I am an eternal optimist and at it again, as this is the deepest set of bulls we have ever produced. Strong weaning weights and yearling weights with good scan data. We believe there are several herd bull potentials in the offering. The bulls are stout. Sons of Musgrave Exclusive, Casino Bomber, SAV Raindance, Ellingson Homestead, Rib Eye, Titan, Playbook and a really solid set of bulls out of our natural sires. The bulls from our new herd sire, HF Boon Dox 5F, are remarkable. Calving ease with excellent performance. They will be favorites sales day.

Our females will be marketed again on the last Saturday of October this year in our Gems of Idaho sale on October 30, 2021, at the Bonneville County Fair Grounds in Idaho Falls at the new county facility. Last year's sale, in spite of the COVID pandemic, was a spectacular event in a first-class venue.

Our program is dedicated to cow families that are productive, docile, and long term. Several of the bulls we will sell have dams that are 9-15 years old.

We would like to thank our advertisers and sponsors. Please contact these good folks, and they will provide you with the same service and products that we have had the opportunity to enjoy.

Teresa and I run the place during early mornings and late evenings with the help of our extended family and headlamps! We welcome you anytime for homemade cookies, milk and cattle. We hope to see you March 3 and are confident you won't be disappointed.

Best regards,

*Arnold and Teresa Callison
Rimrock Angus*

Wade Beckman & Family

We would like to invite you again to the Adams Connection/Snake River Valley Genetics bull sale. We truly appreciate you taking the time to look over this sale offering.

As always, we have added several new sires to the offering this year. MAGS Firestone was a National Champion at Denver. AHCC Easy Rider was added for calving ease, carcass, and maternal traits. TNGC Empire is the performance giant of the group. As we add new genetics, we also use the tried and true bulls that have given us superior results. These include MAGS Cable, CJS� Data Bank and MAGS Aviator, among others. Every bull we offer is out of an AI mating. To date, 100% of our cows are AI bred. As always when mating cows, we select for optimum not maximum. We believe in well balanced EPDs, performance and milk to fit the environment we graze and run our cattle in. Disposition is always at the top of our list.

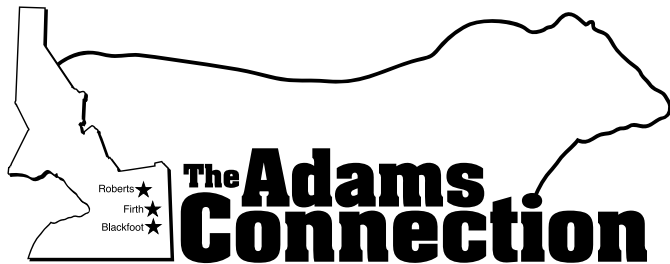

For those of you that believe as I do, that heterosis is the cheapest, easiest, and fastest way to increase profitability, our Lim-Flex bulls will connect with the British based cow herds we have today and increase your bottom line.

In trying to make your genetic selections as reliable as possible, we have genomically tested our entire cow herd. All of our cows have 100K enhanced EPDs along with parentage verification. The sires we have used all have genomically enhanced EPDs, and all of our bulls selling have enhanced EPDs. Where both parents and the bulls selling all have enhanced EPDs, we feel they are as accurate as we can get them.

The fall bulls were again PAP tested by Dr. Tim Holt, and all our bulls will be semen tested 3 weeks before the sale. All scrotal and performance data will be available by sale day. Bulls are available for inspection at the farm anytime prior to the sale. Videos will be on our websites 10 days prior to the sale. Thanks again for giving us some of your time.

*Sincerely,
Wade & Family*

MOTEL ACCOMMODATIONS:

Motels in Blackfoot are as follows:

Best Western Blackfoot Inn 208.785.4144
Super 8 Motel 208.785.9333

INSPECTION OF CATTLE:

Adams Angus Acres cattle may be inspected at the ranch anytime prior to the sale in Firth, ID. Rimrock Angus Ranch cattle can be inspected at the ranch in Blackfoot, ID. Angus Lim/Flex cattle may be inspected at Beckman Livestock in Roberts, ID. They will be at the Blackfoot Auction yards beginning March 2.

EPDS: The EPDs in this printed sale book are Genomic Enhanced and current as of February 5, 2021. Updated EPDs can be viewed at www.angus.org

ADDITIONAL PERFORMANCE & MEASUREMENTS: Available on sale day

HERD HEALTH: All cattle will be accompanied by proper health certificates for shipment out of state. All bulls are scrotal measured, and semen tested. The bulls have been vaccinated with 8-Way and for IBR, P13, BVD1 & 2, BRSV, 1 shot of Fusogard for foot rot prevention and given Ivomec injectable.

RETAINED INTEREST: Snake River Valley Breeders retain one-third revenue sharing semen interest in all bulls selling. Buyer will receive full possession and full salvage on bulls.

IDENTIFICATION OF SALE CATTLE: Sale tags correspond with the sale book lot numbers. Ranch tags correspond with tattoos.

Real-time is available via the internet for this sale. Live audio and live video will allow buyers to bid on animals just as if they were present at the sale. Buyers must create an account prior to the sale. Please visit www.LiveAuctions.tv to create an account and request a buyer number. Instructions are available at www.LiveAuctions.tv to walk you through the account setup process.

Web address www.LiveAuctions.tv

LiveAuctions.tv, support 682.816.4900

Buyers who would like to bid via the internet must register with LiveAuctions.tv two days prior to the sale.

LIVESTOCK MORTALITY INSURANCE: A representative from James Bessler Inc. will be available to assist you with mortality insurance for your purchases.

TERMS & CONDITIONS:

All cattle sell under the Terms and Conditions as recommended by the American Angus Association. All supplements to the sale book or announcements made from the block take precedence over what is written in this book.

FIRST YEAR BREEDING GUARANTEE:

All bulls selling for \$3,000 or more will be covered 50% by Adams Angus Acres, Rimrock Angus, Beckman Livestock if they are injured during their first breeding season and not able to return to service during that first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls.

50% of the value of the injured bull, minus one-half of the salvage value, will be given as credit in a future sale or towards a replacement bull if one is available. Salvage value, if any, will be split equally between Adams Angus Acres, Rimrock Angus, Beckman Livestock and the buyer. A bull's inability to naturally service cows must be diagnosed by a veterinarian and immediately reported to us and prior to the injured bull being sold for salvage. All claims must be made by September 1, 2021.

Example 1: A \$6,000 bull is injured, a credit of \$3,000 minus one-half any salvage value will be given to the buyer.

Example 2: A \$4,000 bull is injured, a credit of \$2,000 minus one-half of any salvage value will be given to the buyer.

Example 3: A \$2,750 bull is injured, no credit is given. Buyer retains all salvage value.

DELIVERY:

Free delivery within 350 miles or bring your trailer and pick up your bulls by March 10 and receive a \$50 credit per bull. We can keep the bulls until May 1 with buyer paying feed costs of \$2.00 per day and coming to pick them up when you are ready. On all cattle to be fed until May 1st, insurance on cattle is required.

LIABILITY:

All persons attending the sale and related functions do so at their own risk. Snake River Valley Genetics, its employees and representatives assume no liability, legal or otherwise, for accidents or injuries that may occur.

* Each bull will be at the buyer's risk as soon as the bull is sold, but will be cared for by the seller for a reasonable period of time. Every precaution will be taken for the well being of the bulls sold.

Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs).

GE-EPDs have become the industry standard for herd improvement, building on decades of science-backed genetic evaluation tools originated and maintained through the American Angus Association®, home to the largest and ever-growing single-breed beef cattle database.

EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs

Better characterization of genetics for difficult-to-measure performance traits (such as carcass traits, maternal traits and feed efficiency)

The ability to make more rapid progress for traits that are important to you, due to:

- more accurate selection
- easier identification of genetic outliers
- the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they had recorded 10-36 calves, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation.

Trait	Progeny Equivalent	Trait	Progeny Equivalent
Calving Ease Direct	26	Heifer Pregnancy	17
Birth Weight	23	Calving Ease Maternal	20
Weaning Weight	27	Milk	36
Yearling Weight	23	Mature Weight	15
Dry Matter Intake	12	Mature Height	9
Scrotal Circumference	15	Carcass Weight	15
Docility	12	Yearling Height	17
Claw Set	10	Carcass Marbling	11
Foot Angle	10	Carcass Ribeye	17
		Carcass Fat	14

How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo, Angus GS™ powered by partner Neogen GeneSeek or the HD50k by partner Zoetis. These images indicate animals for which low-density or high-density genomic testing has been conducted and incorporated by AGI into GE-EPDs

- We partnered with Silverbit Angus Ranch, May, ID, to purchase this docile, high-performance, calving-ease Resource grandson with a well-balanced EPD profile.
- Like his sire and grandsire, Tucker has really sound foot structure and authentic breed character. He has exceptional length of body and depth of rib in a calving-ease package.
- Tucker had an outstanding PAP score of +.74. His progeny should work well in high altitude environments.
- His progeny were the top-selling sire group in our 2020 sale. Forty progeny from three herds posted a weaning ratio of 101, while 20 progeny in my herd had a yearling weight ratio of 103. Tucker himself ranks in the top 4% of the breed for Docility (Doc), top 5% for \$Weaning, top 10 % for Scrotal Development (SC) and \$Maternal, top 15% for CED, YW, and Carcass Weight (CW), while posting above average carcass EPDs.
- Tucker sired several high-performance prospects.
- Semen available.

- Remarkable 821, a SAV Resource 1441 grandson, is our most recent herd sire acquisition and was the high-selling bull in the 2019 Connelly Angus Ranch bull sale.
- Dam's production: 2 BR 100, 2 NR 119, 2 YR 116 from a herd-bull producing cow family that is strong in the basic fundamentals including great feet, clean sheath, robust body dimension and exceptional thickness, plus ideal Angus breed character.
- Remarkable provides calving-ease, performance, fertility and structural correctness with an outcross pedigree for many producers.
- Owned with Connelly Angus Ranch, MT, Currant Creek Angus Ranch, MT, Christensen Cattle Company, ID.
- Semen available through Universal Semen Sales, Great Falls, MT. (1-800-227-8774)

- Remarkable 376A is a sound-structured, well-balanced and masculine individual with excellent feet and leg structure in the top 20% of the Angus breed. Anchored by a tremendous cow family, he combines his herd-bull presence with a no-holes EPD profile. His dam is in our donor program.
- This bull has a little more birth weight but should find him very acceptable when breeding him to cows.
- 376A's 887 lb. 205-day weight was the highest in the offering, and his 365-day weight of 1325 lb. was 2nd highest, coupled with a 13.2 inch Ribeye (Ratio 102).
- Remarkable 376A ranks in the top 1% of the breed for Scrotal Development (SC) & Carcass Weight, top 2% for WW, YW & \$Weaning, top 4% for \$Feedlot, top 10% for Combined Value (SC), top 15% for \$Maternal, top 20% for Heifer Pregnancy (HP) and \$Beef, and top 25% for Ribeye size.
- 376A is a maternal brother to Adams Acres Dream On 4376, the dam to Lot 2.

50

Birth Date: 02-10-2020 | Bull 19796138 | Tattoo: 2028

- Play Book 2028 is the sleeper in the sale. From a great Black Granite daughter and by the highly regarded Tex Playbook. Really good all-around bull. Top 15% \$F and \$C

51

Birth Date: 02-06-2020 | Bull #19796040 | Tattoo: 2021

- Rib Eye 2021 has a ton of guts. One of the best combination bulls from scan data. Excellent IMF. Top 10% SW.

52

Birth Date: 01-31-2020 | Bull 19796163 | Tattoo: 2016

- Bomber 2016 is a big, rugged bull with good scan data. These Bombers are athletic and highly sought after nationwide. Out of a heavy milking Black Granite daughter. Top 20% WW and \$C.

53

Birth Date: 02-21-2020 | Bull 19792591 | Tattoo: 2041

- Super attractive Bomber son. $\frac{3}{4}$ brother to Lot 52. Good way to get a powerful, consistent set of feeder calves.

54

Birth Date: 02-10-2020 | Bull 19796167 | Tattoo: 2026

- Another big ribbed Bomber son. Top 3% Milk, Top 15% Ribeye, Top 10% \$F and \$C.

55

Birth Date: 01-27-2020 | Bull 19799447 | Tattoo: 2007

- Homesteader 2007 is becoming a man among boys. Top gaining bull in the group. Good ribeye out of a great daughter of Providence. Really an easy bull to look at.

56

Birth Date: 01-30-2020 | Bull 19799445 | Tattoo: 2015

- Homesteader 2015 is built like a heifer bull. No shoulder and long sided. Good EPD spread. Top 15% CED.

57

Birth Date: 02-01-2020 | Bull *19796778 | Tattoo: 2017

- 10 Speed 2017 is a total outcross bull. We retained all of his 1/2 sisters and bred back to his sire this year. High carcass sire with a nice profile. He has thickness throughout. Good ribeye.

INTRODUCING MEGA 3

FOR IMPROVED REPRODUCTIVE OUTCOMES

Omega 3 Supplementation Can Provide:

- Larger Ovarian Follicles
- Better Quality Embryos
- Larger Corpus Luteum and More Progesterone After Ovulation
- Less Embryonic Loss
- Fulfill Essential Fatty Acid Requirements
- Improve Immune Status
- Better Growth & Cell Communication
- Increased Sperm Motility
- Better Survival of Fresh and Frozen Semen
- Increased Sperm Cell Count

Guaranteed Analysis:

Crude Protein	21%
Crude Fat	23%
C18:3, ALA, % of Fatty Acid	48%

The 2020 Adams Connection Bulls are developed with IFA Mega 3 Nutrition.

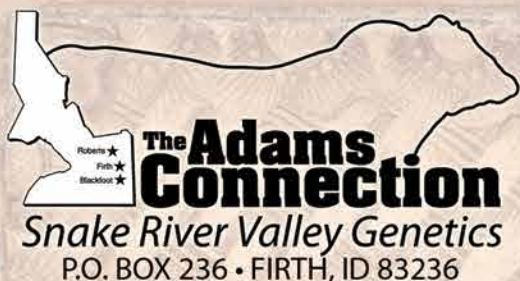

IFA and Dr. Tod Shenton are proud to support the Snake River Genetics Group.
