

BRUNER ANGUS

Ranch

22nd Annual Production Sale
2 pm at the Ranch, North of Drake, ND

Sunday, February 18, 2024

Welcome Cattlemen and Cattlewomen!

It is a pleasure to welcome you to our family's 22nd Production Sale, annually held the third Sunday in February. It is because of great repeat buyers and the excellent new customers we have met along the way that we can present this offering to you. We want to personally thank all of you and we are privileged to have the opportunity to be your trusted seed stock supplier.

This year's offering consists of 70 yearling bulls, 36 2-year-old bulls, and 39 registered bred heifers. The consigned commercial female group this year will consist of 36 commercial Angus open heifers from the Dockter-Jensen Ranch in Denhoff, ND, 30 F1 black baldy heifers from Ryan and Stacy Bruner of Drake, ND, 20 F1 black baldy heifers from Luke and Jacy Peterson of Kief, ND, 30 commercial bred Angus heifers from James and Alli Ronglien of Towner, ND, 22 commercial bred Angus heifers from Chris and Annie Arnold of Denhoff, ND, 8 commercial bred Angus heifers from Mike and Jim Rott of Anamoose, ND, 22 commercial bred SimAngus Heifers from Reimche Land & Cattle of Martin, ND, and 10 registered Angus bred heifers from Bryan and Sonya Miller of Bismarck, ND. This will be the largest and most diversified offering to date with 300+ head that is sure to satisfy your needs!

The yearling bulls were weaned September 14th and have been developed on a ration of barley hay, alfalfa hay, corn silage, rolled corn, and a protein/mineral pellet specifically designed for bull development. This ration is balanced at a NEg of .46 Mcal/lb. and has produced a 3.5 lb. average daily gain since weaning on this set of yearling bulls. After sale day, the energy will be dropped further and they will be moved to a larger pen for more exercise and to create pen space for us during calving. These bulls will be in good breeding shape when they are delivered. This group of yearling bulls are all born in a 2-week period. This tight age group allows for an easy evaluation for you the buyer. As a seed stock or commercial seller the goal is always to produce the most even/consistent set of animals in the highest volume possible. We have certainly accomplished that in this sale. We are very proud of this set of bulls and we hope you feel the same.

The 2-year-old bulls this year are big, stout, mature bulls ready to work. Raising 2-year-old bulls is a great test to see how our breeding decisions are benefiting us one step further. The power, performance, look, and genetic potential they have exhibited to this point is showing the true benefits of the critical pressure in selection we continue to put on our cowherd. Our 2-year-old bulls come either from our AI/ET program or our top herd bulls. The ET bulls in this group are all born the end of April. These bulls are fed a modest growing ration their first winter off the cow, then pastured on grass together as a group, and then return home in the fall. They are fed the same ration as our yearling bulls the winter preceding the sale. These age-advantage bulls have never been offered for sale, are bred, born, and developed specifically for this sale. They will give you extra reliability and increased cow coverage.

All bulls and registered heifers have genomic enhanced EPD's and are parent verified. This provides the most up-to-date EPD's, \$Values, and also a guaranteed pedigree. The EPD's in the catalog are as of the 1/12/24 update to the AAA database. We will provide a supplement sheet sale day with scrotal measurements, ADG and ADJ Yearling Weights.

The registered bred heifers have been ultra-sounded and sexed with complete calving information in the catalog. In a time when herds need rebuilding, heifers like these will keep your herd quality high. These heifers have been poured with Clean-Up II and be up-to-date on their pre-calving Scour Boss and breeding vaccinations before the sale.

Again this year, the sale will be broadcast live online through DVAuction. The individual videos of each lot will be available approximately 2 weeks before the sale. If your schedule does not allow you to be with us sale day, we hope that this option can help out. If you have any questions with this please let us know.

The cattle are available for viewing anytime, or join us at our Pre-Sale Open House at the ranch February 10th from noon to 5 pm and receive a \$100 sale day credit! If you have questions please do not hesitate to call. We look forward to seeing you at the sale!

Sale Photos: Zac Hall, Forte Livestock: (701) 595-6887

Sale Day Lunch:

Complimentary hot beef lunch starting at 11:30 AM. Sponsored by Hubbard Feeds

Liability:

All persons who attend this sale do so at their own risk, and Bruner Angus Ranch assumes no liability, legal or otherwise, for any accidents which may occur.

Herd Health:

At weaning our calves were given 7-way, Bovishield Gold 5, and One Shot Pasturella. They were boosted with Bovishield Gold 5, One Shot Pasturella, and Vision 7 somnus, and poured with Clean-up II. The Bred heifers were given one shot of Scour Boss 4, one shot of Scour Boss 9, and Cattlemaster 4 VL5. Our entire cowherd is fecal tested annually for Johnes to ensure our herd stays Johnes-free. Herd health performed by Russell Behm, DVM, Minot Veterinary Clinic, Minot, ND, and Kristi Best, DVM, Best Vet Services, Towner, ND.

Retained Interest:

Bruner Angus Ranch will be selling 100% semen interest and 100% possession on all bulls unless we announce differently from the block on sale day. We will contact the new owners to collect semen on a bull at our expense if we would like to do so.

Volume Purchase Discount:

The volume discount will be \$100 per bull after the third bull is purchased.

Additional Performance Data:

Adjusted 365-day weights, average daily gain, and actual scrotal measurements will be available sale day. Check out our website, www.brunerangusranch.com, after Feb.12th for additional performance information.

Terms and Conditions:

The terms of the sale are cash or check payable to Bruner Angus Ranch with the clerks following the sale, unless credit arrangements have been made with Blaine or Travis prior to the sale.

Feeding Arrangements:

We are offering free keep on the bulls until April 1st, and then we will start deliveries. Free keep and delivery will not apply to the females in the sale.

Breeding Guarantee:

A full 60-day breeding season guarantee, from the date of turn out, will be given for any bull selling for \$3,000 or more, for any injury that would keep them from being a breeder for the first breeding season. This does not cover injuries prior to the breeding season. If a problem occurs we will provide a suitable replacement, or you will receive full credit, minus \$2,000, towards a purchase in next year's sale. The guarantee does not cover death as that is insurable. Injury or death prior to delivery of the bull is not the responsibility of Bruner Angus Ranch, also insurable. The bulls are fertile to the best of our knowledge and are guaranteed to pass a breeding soundness exam. We request that you notify us before you cull an infertile bull. We reserve the right to a second opinion by a veterinarian of our choice.

Delivery:

We are offering free delivery on the bulls. For bulls going outside of North Dakota, we will help coordinate delivery to get the bulls to you as economically as we can. For all Females, it is the buyer's responsibility to transport them to their desired location. The sooner this can be accomplished the better as some of the bred heifers will not be too far away from calving.

Pre-Sale Open House – Saturday, February 10th, 1:00pm - 5:00pm

Bruner Angus Ranch will be hosting an open house to cattle buyers interested in previewing our sale offering. Stop by and visit with us individually about how we can help you with your herd's needs. Pre-registration will be available, to save you time on sale day. We are offering a \$100 sale credit for sale day on one Bruner Angus lot, for each ranching family present at the open house.

Once again, I would like to welcome you to the Bruner Angus Ranch Annual Production Sale.

It is with great anticipation that I await this year's 22nd Annual Sale. The lineup includes sons of recently acquired Sitz Relentless 558J, one of the top sons of Sitz Resilient, and Mohnen Trustfund 6030, and sons of industry-leading AI sires: Myers Fair-N-Square, Hoffman Thedford, and Crawford Guarantee. Other featured prospects in this sale and equally as important are sons of BAR 52 and BAR Explosive, two home-raised bulls, along with a Kessler Commodore 6516 son they raised.

As always, a powerful set of registered bred heifers will be available to enhance your program, along with some of their customers' commercial bred heifers and open heifers. You will not be disappointed in this offering to be sold on February 18, 2024.

These are exciting times in the cattle industry with low cow numbers and strong prices with excellent demand. The future looks very promising.

At Bruner Angus Ranch, you're working with a family that is very passionate about the Angus Breed. The Bruners are rightfully very proud of the product they produce. They care about you, their customers, and will take care of your concerns. You're working with a top-notch family!

If I can help you, please don't hesitate to contact me at 701-721-0344.

Sincerely,
Vern Frey

Turn Out Bull Sale

Monday, June 3rd, Rugby Livestock

Mark your calendars: Bruner Angus Ranch will be holding our 8th Annual Turn Out Bull Sale on Monday, June 3rd at Rugby Livestock in Rugby, ND offering 35 yearling and 15 2-year-old bulls ready to work, and 40 replacement heifers. Look for more info this Spring!

Your guide to our genetics

All bulls have been Angus GS tested. These genomic-enhanced EPD results are listed with each lot number in the catalog. To assist in your selection, below is an explanation of each EPD that is listed with each bull.

ANGUS^{GS}

Powered by NEOGEN[®]

American Angus Association[®] Selection Tools

Expected Progeny Difference (EPD), is the prediction of how future progeny of each animal are expected to perform relative to the progeny of other animals listed in the database. EPDs are expressed in units of measure for the trait, plus or minus.

GROWTH

Calving Ease Direct (CED), is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first calf heifers. It predicts the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

Birth Weight EPD (BW), expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

Weaning Weight EPD (WW), expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires.

Yearling Weight EPD (YW), expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

Scrotal Circumference EPD (SC), expressed in centimeters, is a predictor of the difference in transmitting ability for scrotal size compared to that of other sires.

Docility (DOC), is expressed as a difference in yearling cattle temperament, with a higher value indicating more favorable docility. It predicts the average difference of progeny from a sire in comparison with another sire's calves.

CARCASS

The genetic evaluation produces a single set of EPDs for carcass weight, marbling score, Ribeye area and fat thickness. The units of measure are in carcass trait format and analyzed on an age-constant basis.

Marbling EPD (Marb), expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

Ribeye Area EPD (RE), expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

MATERNAL

Maternal Milk EPD (Milk), is a predictor of a sire's genetic merit for milk and mothering ability as expressed in his daughters compared to daughters of other sires. In other words, it is that part of a calf's weaning weight attributed to milk and mothering ability.

\$VALUE INDEXES

\$Value indexes, are multi-trait selection indexes to assist beef producers by adding simplicity to genetic selection decisions. \$Values are reported in dollars per head, where a higher value is more favorable. The \$Value is an estimate of how future progeny of each sire are expected to perform, on average, compared to progeny of other sires in the database if the sires were randomly mated to cows and if calves were exposed to the same environment.

Maternal Weaned Calf Value (\$M), an index, expressed in dollars per head, predicts profitability differences from conception to weaning with the underlying breeding objective assuming that individuals retain their own replacement females within herd and sell the rest of the cull female and all male progeny as feeder calves. The model assumes commercial producers will replace 25% of their breeding females in the first generation and 20% of their breeding females in each subsequent generation. Traits included are as follows: calving ease direct, calving ease maternal, weaning weight, milk, heifer pregnancy, docility, mature cow weight, claw set and foot angle.

Weaned Calf Value (\$W), an index value expressed in dollars per head, is the expected average difference in future progeny performance for preweaning merit. \$W includes both revenue and cost adjustments associated with differences in birth weight, weaning direct growth, maternal milk, and mature cow size.

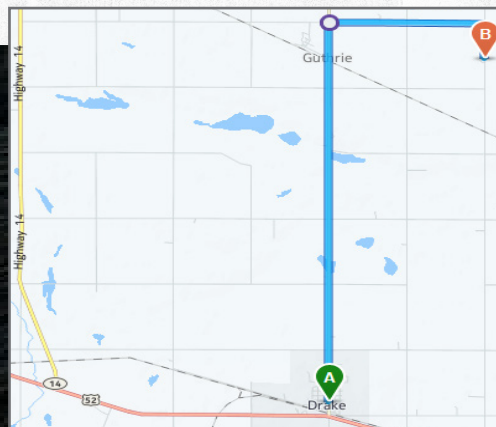

Beef Value (\$B), an index value expressed in dollars per head, is the expected average difference in future progeny performance for post-weaning and carcass value compared to progeny of other sires.

Combined Value (\$C), an index, expressed in dollars per head, which includes all traits that make up both Maternal Weaned Calf Value (\$M) and Beef Value (\$B) with the objective that commercial producers will replace 20% of their breeding females per year with replacement heifers retained within their own herd. The remaining cull heifer and steer progeny are then assumed to be sent to the feedlot where the producers retain ownership of those cattle and sell them on a quality-based carcass merit grid. Expected progeny differences (EPDs) directly influencing a combined index: calving ease direct (CED) and maternal (CEM), weaning weight (WW), yearling weight (YW), maternal milk (Milk), heifer pregnancy (HP), docility (DOC), mature cow weight (MW), foot angle (Angle), claw set (Claw), dry matter intake (DMI), marbling (Marb), carcass weight (CW), ribeye area (RE) and fat thickness (Fat).

Directions to the Sale

From Drake, ND:

- Head North on Lake St (CR-10) - 5.8 miles
- Take first Right after the railroad tracks to head East on 41st St NE—2 miles
- Turn Right on 12th Ave NE—0.5 miles
- Arrive at Bruner Angus Ranch, on Right

In case of train on tracks, go East on gravel road 1/4 mile before the tracks. Go East 1 mile, turn left and go North 1 mile, then turn right on 41st

Yearling Bulls

7 BAR Incentive 3510

REG #: 20737830 Tag: F08 Calved: 02/24/2023

Lot 1 - BAR Incentive 3510 will be the first bull out of a new sire group by Sitz Incentive 704H this year. 3510 is a power bull that is sure to produce a powerful set of calves. He is athletic on the move and sound in his structure. His donor dam is a big time power cow that is long, deep bodied, and broody. From the time this cow was a first calf heifer she has performed at a high level, she raised the highest ratioing bull calf in 2018 that went on to be the high-selling bull that year. Since then has raised many bull and heifer calves both naturally and ET that have gone on to be high performing animals in their contemporary groups. She always injects extra length, a wide base, and a big wide hip into her offspring. 3510 carries all of those qualities, and puts a new level of phenotype with the power he possesses.

Lot 2 - BAR Commodore 3127 has been a standout since birth! Stout, big topped, and the longest bull in the pen. The length of body and hip has always been a focus at Bruner Angus, and 3127 is a prime example of that focus. 3127's sire, BAR Commodore 1024, was the \$14,500 high selling bull in our 2022 bull sale, and what a job he did here! This bull has a great Angus head, is clean fronted, and is packed with performance! 3127 was born at a modest 84 lbs. and weaned at 823 lbs.! His dam is deep bodied, level uddered, and off to an excellent start weaning 3 calves for an impressive 115 weaning ratio. She has done that all on a 370 day calving interval as well. If low birth and high growth is what you desire, make sure this bull is on your radar!

Don't buy an imposter.

Not all "Angus" bulls are **REGISTERED** Angus bulls.

Buy with confidence that **EVERY** Bruner Angus bull is a registered Angus bull and backed by the American Angus Association. You'll find a registration number associated with each bull in this catalog and you can pull him up on the angus.org website to see more data behind him. Bruner Angus is Powered by Angus.

If you see this logo in conjunction with an individual animal or group of animals, you know that that animal is registered with the American Angus Association and backed by the power of **data, programs** and **pedigrees** of the Association.

Invest wisely in those that carry the **Powered By Angus** logo.

Look for the **REGISTRATION NUMBER**.

Lot 3 - BAR Trust Fund 3125 has been fun to watch mature and grow. This bull has big time herd bull written all over him! He has great feet, excellent depth, and has exploded since weaning! 3125 is sired by a herd bull we are super excited about, Mohnen Trust Fund 6030! Trust Fund was our selection and the standout of the fall bull division 2 years ago. We have put a large amount of emphasis on our herd bull battery and Trust Fund has been a great addition. 3125's donor dam excels in fleshing ability, docility, and overall production ability. She has put some great daughters back into production for us. We anticipate 3125 to do exactly that - produce highly productive females that will last, and an eye appealing set of bulls/steers that the buyers will like.

Lot 4 - BAR Trust Fund 3511 has been a bull that has excited us since birth! A true performance bull with a pedigree rich in maternal greatness with the great Miss Wix 125 of SAF being the donor dam. 3511 is a favorite of ours and is phenotypically one of the best bulls in the sale, he is stout, big bodied, clean fronted, and has perfect feet. In addition to all that, 3511 has the 2nd highest WW and YW EPD's in the entire offering putting him in the top 1% and 2% in the Angus breed respectively.

Yearling Bulls

Miss Wix 125 of SAF is currently the highest income producing cow at Bruner Angus Ranch, and is the mother of the highest selling bull to date BAR B-52 for \$26,000 to Ressler Ranch of Cooperstown, ND. 125 is also the grand dam of BAR Explosive who was the high selling 2 yr. old bull for Bruners 2021 sale, selling to Mohnen Angus of White Lake, SD for \$14,000. Currently she has 27 daughters working in the herd at BAR, with more replacement heifers to come. She is still in good condition at 13 years of age, showing no signs of stopping yet. She has been left open multiple years for conventional/IVF flushing, but has had 5 natural calves that ratio 111 at weaning during her time at Bruner Angus. 125 is a long made, deep bodied female that excels in udder quality and is structurally built for longevity. This bull has the individual greatness and powerful pedigree to make a difference in any registered or commercial operation!

BAR Fair-N-Square 3138

Lot 6 - BAR Fair-N-Square 3138 is the power bull of this first pen of Fair-N-Square's. This has been one of Travis's favorites all year! This bull is dense bodied, has a ton of rib dimension, and carries himself with ease. He boasts an impressive 814 lb. 205 day weaning weight that puts him in the top 5 of this entire yearling division. His SAV Supercharger dam is off to a great start, has excellent fleshing ability, and a perfect udder! This bull will be a great addition to any herd! He will produce extra pounds at weaning and replacement heifers anyone will be proud of.

BAR Fair-N-Square 3051

Lot 8 - BAR Fair-N-Square 3051 is sired by the highly anticipated new sire Myers Fair-N-Square M39. We are super impressed with the overall consistency this sire has produced, and you'll see as you look through them. Early reports from across the country are that the Fair-N-Square progeny are big hipped, dense bodied, and will improve feet and longevity. 3051 is maturing into a big-time herd bull candidate, he is long-bodied, big hipped, and super docile. His dam is proving herself early in life as she has had 3 calves with an average weaning ratio of 109! Her son last year was the 4th high selling bull selling to Brian Goven of Mercer, ND for \$12,000. Use this low birthweight bull on heifers or cows; his individual performance will produce top end progeny.

Lots 9 & 10 - Here is a set of ET full brothers that would

be a great pair to run together! They are very similar in their makeup and have performed at a high level since weaning. These two bulls are full brothers to Vermilion Dynasty, the 3rd high selling bull of the 2022 Spring bull sale at the Vermilion Ranch of Billings, MT. Vermilion Dynasty was purchased by Ridl Angus of Dickinson, ND for \$39,000 and was our favorite that day out of 422 bulls! We were lucky enough to purchase some embryos that were full siblings to add to our herd. Here is your chance to tie into some proven genetics from an outcross cow family to any BAR genetics.

Lots 12-15 - This is a highly anticipated flush of four full brothers sired by our home raised sire BAR Explosive. Explosive sold in our 2021 sale as the high selling 2-year-old bull for \$14,000 going to Mohnen Angus of White Lake, SD. Explosive has been a great breeding bull at Mohnen's for the last 4 years; he will compete with any of the leading AI sires in the Angus breed today! After getting some progeny data entered on this bull he is averaging 103 at weaning in big contemporary groups combined between Mohnen Angus and Bruner Angus!

Lot 18 & 19 are Full Brothers - BAR Relentless 3164 is an ET bull out of both a new donor and a new sire for BAR, and a great combination it turned out to be. 3164 is true performance bull with above average frame size, is great on the move as he covers his tracks every step, and has an extreme amount of rib shape and depth. Sired by our resident herd sire Sitz Relentless 558J who was our selection of the 2022 spring sale at Sitz Angus. Relentless was the highest performing Resilient son of that calf crop and has matured into an excellent herd bull for us. The donor dam BAR Miss Acclaim 9118 produced the heaviest weaning weight bull calf in the history of BAR as a first calf heifer 2 years ago at 933 lbs.! That bull, BAR Commodore 1024, went on to be the high selling bull that year and is the sire of the heaviest bull calf 3127 in this year's offering. Her next calf was the heaviest heifer calf of last year's heifer calf crop sired by BAR Explosive. To date, 9118 has weaned 3 calves and has an average weaning ratio of 126! 9118 entered our donor pen last year and we are super excited for what she can do for us in the future.

BAR Stats 3060

Lot 24 - BAR Stats 3060 is one of the best heifer bulls in this entire offering. Out of a first calf heifer he weaned at 800 lbs.! 3060 is as long as a freight train and that is where the pounds come from. This bull moves super athletically, is super attractive in his front 1/3, and is out of a great looking young cow. Check out this bulls EPD spread a -0.4 BW all the way to a 151 YW, this will be a feature bull and will perform with the best of the performance bulls.

BAR Fair-N-Square 3077

Lot 30 - BAR Fair-N-Square 3077 is sure to be a highlight! He has all great phenotypic attributes as the rest of the Fair-N-Square's plus he has an awesome number package! This is a cow bull that hits all the marks phenotypically and genomically. He holds the hand for the 2nd highest \$C in the sale at +312! 3077 has 13 EPD's that rank in the top 10% or higher in the Angus breed, which is a hard thing to do. His dam by Freys Appearance is doing an awesome job weaning 3 calves at 104 weaning ratio. We are excited about this bull and know he will do a great job wherever he ends up.

BAR Trust Fund 3114

Lot 32 - BAR Trust Fund 3114 could be much higher in this catalog order, but we like to spread out the good bulls throughout the sale. Here is a Trust Fund son out of an awesome first calf heifer that did an outstanding job with her first calf! Weaned at 798 lbs. to ratio 113, this bull has perfect feet, and so much rib depth. 3114 not only did well individually, but has the highest weaning and yearling weight EPD's in this entire sale at 101 and 171 respectively! In addition, he has 12 EPD's in the top 10% of the breed or higher. This is an opportunity to acquire a bull that will put your program to the next level!

Lot 61 - BAR Relentless 3169 is an interesting bull worth mentioning. He is out of an awesome 8-year-old Bullseye cow that was the 2nd highest weaning weight heifer calf of her 2016 born heifer calf crop. This bull is sired by Sitz Relentless 558J, our high performing herd sire that we are super excited about. 3169 is excellent footed, has really put the extra pounds on since weaning, and has one of the most interesting EPD packages in the sale! He is top 1% of the breed for HP (heifer pregnancy) at +25.1 and \$M +101, all while being a hard to find +1.18 on marbling! This combination puts him in a category of his own and in the lead for the highest \$C in the entire sale at +316!

Lot 71 - BAR America 2331 will lead off an awesome set of coming 2-year-old bulls this year. We are very proud of these 2-year-old bulls, because it shows the depth in both our cow herd and bull battery we have put together. Each year, like the yearling bulls, they have been improving and getting better. 2331 is an ET bull out of the great donor Miss Wix 125 of SAF, this cow needs no more introduction. We believe the daughters will be great and the performance will be top notch out of this great bull. Here is a chance to acquire a bull with a pedigree rich in some of the breeds best females!

Lot 72 - BAR Incentive 2324 is a great bull that could very easily be the lead off bull in this sale. He is perfect footed, long bodied, and stout. He has foot scores in the top 3% and 5% of the breed, out of the same great Miss Wix 125 of SAF! This bull is built to cover big country on a large group of cows. We have a flush sister in our bred heifer pen that is one of the best heifers in the entire group! The sire here is Sitz Incentive 704H who was the high selling bull of the 2021 Sitz "Elite Sort" Female Sale. He has been used by some of the breed's most progressive breeders and we are excited to have some of the first 2-year-old bulls by him here in North Dakota.

Lot 73 - BAR No Doubt 2095 will round out the 3rd ET bull in a row out of Miss Wix 125 of SAF! You get to see quickly here how "125" is really a great producer, bred 3 different ways and 3 awesome bulls in a row. 2095 is an early March born bull calf that lost his recip mother as a young calf, so we decided holding him until a coming 2-year-old was acceptable. Even without a mother for over half of his first summer he held his own and has turned into a great bull. Long made, strong topped, big hiped, and super correct on his feet and legs. Hoover No Doubt has sired many great bulls and females for us, this is another one! The No Doubt daughters are doing a great job for us and anticipate this bull will do the same for his new owners.

BAR Circuit Breaker 2296

Lot 74 - BAR Circuit Breaker 2296 has been a favorite of ours since a calf. He has so much length through is rib and hip area, but still moves with ease. 2296 is a Circuit Breaker son with high docility and is great footed out of the same donor cow as Lot 3 yearling! Good cows always make their way to the top of any sale and this is no different. This bull is built to last, cover extra cows, and produce females that will do the same!

BAR Big Money 2209

Lot 79 - BAR Big Money 2209 is a calving ease 2-year-old bull that will be a highlight of this group! A +10 CED bull that carries the CAB stamp for carcass quality. We have raised and sold many progeny sired by Mohnen Big Money 1847 and they have been super productive for us. They are rancher built bulls and females that really perform well on feed. Don't miss this long made, stout, heifer bull in the 2-year-old division; he will be a favorite sale day!

BAR Success 2285

Lot 84 - BAR Success 2285 will be a favorite on February 18th! This bull holds the award for the heaviest weaning weight of this entire sale at 879 lbs.! 2285 is wide based, super long spined, and excellent structured! His dam has been an excellent cow she has had 7 calves with an average weaning ratio of 105. She is a deep bodied, clean fronted cow with excellent udder quality still at 9-years-old. This bull will produce scale crushing steers and replacement females that will stay in your herd to pay dividends years down the road.

Lot 88 & 89 are maternal brothers out of the same donor cow. 5126 has produced some sale highlights in the past and put some excellent females back in to our herd. She has weaned 5 natural calves with an average weaning ratio of 109. In 2019 she weaned the highest ratioing heifer calf who will be one of the heaviest used donors this coming year. 5126 has been a good cow for Bruner Angus.

Lot 102 - BAR Bomber 2327 will be the only Casino Bomber N33 sired 2-year-old bull in this entire offering. This ET bull is thick made, full of muscle, carries the CAB stamp with excellent carcass traits, all in a moderate package. At weaning off of his recip dam this bull weighed just over 800 lbs.! 2327's donor dam Carlson Blackbird 6014 is where he gets his thickness. She is a stout made, big barreled cow with great feet and udder. Not every bull can be on the front of the sale, but this bull has the ability and appearance to be much higher in the order! Don't miss this bull late in the day.

BAR Gaurantee 2010

On January 6th, 2024 at the
 NORTH DAKOTA ANGUS ASSOCIATION
Select BULL & FEMALE Sale

we sold to the highest bidder the right to have

Pick of the **2022 Born Bred Heifers**

This was the first time in our 70 year registered Angus history at Bruner Angus Ranch that we offered such an opportunity! The response was outstanding and we would like to thank all who were interested, and all bidders who showed up sale day. We'd like to extend a personal Thank YOU to

LINDSKOV'S LT RANCH

of Isabel, SD for their purchase! We look forward to working with them and hope their purchase is a great success!

Lot 107 - BAR Miss Premium Asset 2238 will lead off an awesome group of registered bred heifers! We are very proud of the quality through this entire group of heifers. We base the catalog order primarily off of the calving due dates. The only reason these heifers are in the sale is they are calving out of our window for our first calf heifers. 2238 heifer is going to be a high performing and powerful female. Her dam is the mother to the Lot 2 yearling bull who is also a standout in that group! There is cow power backing this great heifer as she has had 3 calves with an average weaning ratio of 115!

Lot 117 - BAR Miss Raindance 2288 has been a favorite by everyone at the ranch all fall/winter. Deep bodied, wide pinned, strong topped, and super clean fronted! She has awesome structure, great feet, and is excellent on the move. She is sired by Mohnen Raindance 1599, who has been a great breeding bull for us, we have retained multiple daughters from him back in our herd and they are very profitable! As you dig deeper in this heifer's pedigree, she just keeps getting better! The grand dam, Miss Wix 450 of SAF, is the mother to BAR Explosive and the great grand dam Miss Wix 125 of SAF is the mother to BAR B-52! We cannot build a pedigree with more predictability than this one. She is bred to BAR Bomber 9168 who has been a proven heifer bull in our herd for the last 3 years. Do not miss this heifer on sale day.

Lot 126 - BAR Miss King Air 2008 is a heifer to put on anyone's list. She is so good on the hoof and when you combine that with her genomic predictions she definitely rises to the top! The King Air daughters are going to be long lasting profitable females that will excel in any environment. This heifer carries the CAB stamp and has 10 EPD's in the top 15% of the breed. Bred to Mohnen Growth Fund 3202 we anticipate this calf to be a standout!

Lot 127 - BAR Miss King Air 2033 is another awesome King Air daughter out of another productive Bomber cow. This makes her a 3/4 sister to lot 126! These 2 heifers are 2 peas in a pod, and are both bred the same way, to Mohnen Growth Fund 3202. 2033 also carries the CAB stamp and has 11 EPD's in the top 15% of the breed! We are very excited to see heifers like these two going on to work and be productive for their new owners.

Lot 137: BAR Miss Emblem 2074 is a hard heifer to let go! After sorting sale heifers, the question was asked multiple times. Why are we selling 2074? The answer is simple, if she was only bred sooner we wouldn't be. She is a high performing daughter of SAV Emblem 8074 out of a proven pathfinder daughter of Mohnen Impressive 1093 weaning 6 calves with an average weaning ratio of 106 all in a 369 day calving interval! She is bred to Mohnen Growth Fund 3202, who was our \$18,000 pick of Mohnen's 2023 production sale. Mohnen Growth Fund 3202 is a full brother to Mohnen Bandolier the co-top selling bull in their 2021 sale for \$70,000. There are not many places you can go and get a heifer of this quality, bred to a bull of this caliber!

Lot 138: BAR Miss B-52 2037 will be a sale highlight and a rare opportunity to acquire a direct daughter of BAR B-52! 2037 is moderate, deep bodied, wedge shaped, with a fancy front end. This is another heifer that is hard to let go, so take advantage of the extra quality offered here. We have calved out multiple B-52 daughters. The mothering ability and udder quality is top notch. Again this heifer is bred to Mohnen Growth Fund 3202, a bull we are very excited about. We used him both in our AI program and natural service clean up on a select group of heifers.

Dockter-Jensen Ranch, Denhoff, ND Kerry & Brenda Dockter Kyle & Kristi Jensen

Kerry H: 701-884-2754 C: 701-220-7941

Kyle: 701-848-6443

36 Black Angus Commercial Replacement Heifers

The Dockter-Jensen Ranch is providing a great set of commercial open Angus heifers again this year. There will be 36 heifers in this group that are April born calves. Kerry and Kyle have always put extra culling pressure on performance and docility in their cow herd. Through years of excellent record keeping and measuring real life profitable traits, this group of heifers on October 17th had an average weight of 570 lbs. and an average weaning ratio of 103 against their entire herd! The steer mates to these heifers last year were finished at a feedlot in Iowa with excellent results. They converted 6.49 pounds of feed/pound of gain with an ADG of 3.6 lbs. through the entire feeding period. That group of steers graded 50% Choice, 30% CAB, and 10% Prime. This proves the carcass quality and performance in this great herd! Kerry and Kyle have always bought bulls off of the very top of our sales. A couple of the sires of these heifers purchased in 2021/2022 are: BAR Emblem 1176 - \$11,500, BAR Big Money 1252 - \$8,500, and BAR Circuit Breaker 0134 - \$11,000. These heifers have had 4 rounds of shots: birth, branding, preconditioning (October), and the end of November. The cow herd is on a year around mineral program. These heifers have been bang vaccinated, been poured with Clean-up, dewormed with Synanthic, had their pre-breeding shot, and been checked open and breedable. These heifers have a reputation of becoming excellent cows!

Ryan & Stacy Bruner, Drake, ND

Ryan: 701-626-2199

30 F1 Black Baldy Commercial Replacement Heifers

Ryan and Stacy Bruner are selling 30 high performing F1 black baldy commercial open heifers this year. These heifers are performance driven and will add pounds to their calf crop. Ryan has always purchased some of the highest performing bulls and bred heifers from our production sales. These heifers are proof of that focus. When pounds pay, these heifers need to be heavily considered! This will be a great opportunity to get the benefits of both the Angus and Hereford genetics. They have had weaning and post-weaning shots; they've been bang vaccinated, poured with Clean-Up, are dewormed, have been checked open and breedable, and have been reproductive tract scored. All of the Angus genetics here are sired by Bruner Angus bulls, so buy with confidence.

Luke & Jacy Peterson, Kief, ND

Luke: 701-400-2221

20 F1 Black Baldy Commercial Replacement Heifers

Luke and Jacy Peterson will be bringing a group of 20 F1 black baldy commercial open heifers that are heavily influenced by the Bruner Angus program. These heifers are born March through early April, have been pail fed, handled daily since weaning, and have a calm easy-going demeanor. The Peterson's focus on moderate sized cattle that have the feet, udder, and temperament to perform well on any operation. These heifers have been dewormed, poured with Clean-Up, bangs vaccinated, and been reproductive tract scored.

James & Alli Ronglien, Towner, ND

James: 701-537-3121

30 Black Angus Commercial Bred Heifers

James and Alli Ronglien are selling an even, attractive, high performing set of 30 bred heifers this year. These heifers have been hand-picked out of a large group and will make an excellent set of cows for their new owner! The Rongliens have a 10 year history of AI in their herd. These heifers are bred to BAR King Air 2030 (one of the high selling bulls of our 2023 production sale for \$11,000), also a B-52 and Sensation son from Bruner Angus as well. These heifers had their prebreeding shots last May, had Bovi Shield Gold 5 VL5, and been poured with Dectomax on December 20th. These heifers were ultrasounded by Kristi Best of Towner on October 6th, individual calving dates are available upon request, and will range from April 15-May 25. This group of heifers will work in any environment and will be a highlight in the commercial bred heifer division.

Mike & Marsha, Jim & Kim Rott, Anamoose, ND

Mike: 701-693-5956 Jim: 701-625-1026

8 Black Angus Commercial Bred Heifers

Mike and Jim Rott for the 2nd year have a select group of 8 commercial Angus bred heifers to sell. These heifers were a crowd favorite last year, and have every ingredient to do so again this year. Rott's have always invested and purchased some of the very best bulls from Bruner Angus, and these heifers are a true testament to that commitment. The sires of these heifers include BAR Believe, BAR Appearance, and BAR No Doubt. They are bred to BAR Revelation 2068, the \$8,500 lot 3 bull from last year's sale, who was a phenotypic standout in the entire offering. Their vaccinations are up-to-date including 7-way Vision, Vira-shield 6 +VL5, wormed with Safe Guard and poured with Clean-Up on 1/9/24. They were ultrasounded and will calve April 15-May 30. Be sure to check out this high performing set of bred heifer's sale day!

Consigned Heifers

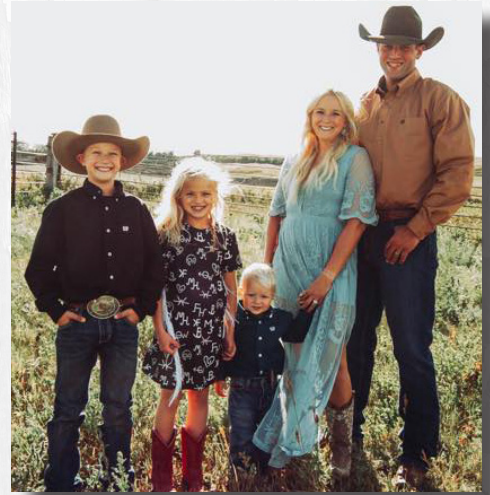

Top bidder takes choice of 5 or more, gate cut, numerical order

Chris & Annie Arnold, Denhoff, ND

Chris: 701-260-4065

22 Black Angus Commercial Bred Heifers

Chris and Annie Arnold, who are also 2nd year returning consignors, will be offering 22 commercial Angus bred heifers this year. These heifers are a very uniform group and are all home-raised from the Arnold Ranch and Dockter Land & Cattle. These heifers are on a full shot and mineral program. They have been dewormed, poured, and have had 2 rounds of Guardian scour vaccine. They have been ultrasounded for calving due dates: 12 heifers (yellow tags) are AI'd to BAR Reveal, the high selling \$17,000 Lot 1 bull from last year's Bruner Angus February Sale. They were AI'd on 6/30/23 for a due date of 4/8/24. The last 10 heifers (red tags) are bred to BAR Commodore 2042 who was Arnold's heifer bull pick from last year's sale and will calve from April 23-May 10. The consistency in this group of heifers is impressive, and they will make a great addition to anyone's herd.

Reimche Land & Cattle, Martin, ND
Jess & Sarah Reimche
Eric & Kacie Reimche

Jess: 701-693-6080 Eric: 701-693-5339

22 SimAngus Commercial Bred Heifers

Reimche Land & Cattle are new consignors this year to the commercial bred heifer division. They will be selling an outstanding set of top cut bred heifers. After much thought, they have carefully selected this group of SimAngus bred heifers for your consideration. Their 2022 class of replacement heifers was exceptional, which led them to keeping more heifers than they normally do. These heifers are all home raised and have been treated and managed as though they would be keeping them in their own herd. The disposition is tremendous and promise to make great cows for their new owners. These heifers were ultrasounded on August 1st by Sheridan Animal Hospital, and are guaranteed bred. These heifers are all AI'd to Reimche's new elite herd sire, BAR Reveal, who was the \$17,000 Lot 1 high selling bull at last year's Bruner Angus Ranch sale. They were synchronized and time AI'd with a due date of March 5, 2024. They have been on Hubbard Blueprint mineral since birth. They received 3 rounds of modified live vaccines as calves, have been bangs vaccinated, and also received Virashield 6 +VL5, 7 way, and 2 rounds of Guardian scour vaccine. This well managed set of bred heifers is sure to be worth the investment for their new owners! Do not miss this excellent group of bred heifers February 18th.

Consigned Heifers

Bryan & Sonya Miller, Bismarck, ND
 Bryan: 701-391-8614

10 Registered Black Angus Heifers

Bryan and Sonya Miller of Bismarck, ND are also new consignors this year in the bred heifer division. They have added many high end registered bred heifers to their herd from Bruner Angus over the last 10 years to build a valuable registered herd of their own. In addition to the purchased heifers, they have added some very valuable herd sires from Bruner Angus as well. Millers have consigned 10 registered bred heifers that will sell individually to this year's sale. These heifers have been cared for just like the ones they plan to keep. Bryan took heifers right off of the top of his bred heifer group for this sale to show the extra value in these genetics. These heifers have had Spirovac VL5 (lepto), Cattle Master Gold FP5, Dectomax Injectable, poured with Clean-Up, and will be poured again in January with Dextomax Pour On. These heifers are powerful, broody, and ready to make great cows! Below are details about the registration and breeding information on each heifer. They have been ultrasounded and guaranteed bred.

North Dakota Partnership Earns CAB Progressive Partner Award

*Direct-to-consumer beef business
Dakota Angus establishes a future.*

By Kylee Kohls Sellnow

With posterity in mind, the Bruner and Wendel families looked for a processor to harvest, inspect and grade their high-quality Angus cattle. They would sell directly to consumers through Dakota Angus, LLC.

"It's hard these days for a farm or ranch to support one family or multiple families at that," Ashley Bruner says. "In rural America, if we want it to make a turn and grow again, we need to give opportunity to the next generation. Diversifying and adding Dakota Angus to our lineup gives our kids an opportunity to come back someday."

Pilot partners in the Certified Angus Beef (CAB) Ranch to Table program, these North Dakota families took some of the market volatility into their own hands in April 2022.

The leap of faith now diversifies their income with high-quality beef options for their communities.

As seedstock producers, Bruner Angus Ranch, near Drake, and Wendel Livestock, a couple hours to the southeast at LaMoure, North Dakota, were focused on raising herd sires and replacement heifers for cus-

tomers. Now they sell their finished cattle, as well as those of their customers, through Dakota Angus.

That partnership earned the 2023 CAB Progressive Partner award, and the two families were recognized in September at the CAB Annual Conference in Las Vegas, Nevada.

Data is Power

Shane Wendel is the numbers guy of the joint operation. With grid marketing data going back over 25 years, CAB and Prime have been constant targets.

The last load of steers made 76 percent CAB, including 65 percent Prime this spring. Angus programs proved progress for the Wendels.

"We have huge amounts of data now, and data is power, innovation and value," Shane says. "Certified Angus Beef is a great example of how many pounds are sold, records that keep being broken and consumers still demanding more."

With data to back up his brother Mike's high-performing genetic and management

decisions, Shane had confidence in grading their own cattle on a smaller scale to start marketing them direct to consumers and close the loop in capturing 100 percent of the value.

But he needed to find a partner in The Business Breed who shared his vision and energy.

It didn't take long for Travis and Ashley Bruner to say "yes" to Dakota Angus.

"Both of our families operate on high integrity, and we have strengths and skillsets that complement each other to make us a great team," Shane says. "That's what makes the Bruners a great partner."

The Partnership

Closely aligned herd goals help explain the perfect fit.

Mike Wendel and his sons focus on foot scores, marbling and heifer longevity EPDs (expected progeny differences) in breeding decisions for their 500-cow herd. Embryo transfer plays a large role in their genetic program.

From left John Stika (CAB), Ashley and Travis Bruner, Mike, Mary and Shane Wendel, Bruce Cobb (CAB)

“When you’re working from conception to consumption, you really can’t veer very far from any one trait,” Mike says. “Everything from maternal to growth to carcass all have to be incorporated in a very moderate, conservative direction.”

Travis’s focus is on the 500-cow registered Bruner Angus herd and the two bull sales they host annually, selling 150 herd sires to commercial cattlemen.

They know their customers rely on those bulls to sire replacement females and raise calves that pay and weigh up.

“We’re always paying attention to feet and udders, docility and do-ability,” Travis says. “As our business has grown, we are using carcass EPDs to have more well-rounded cattle, too.”

A Relationship Business

After the two families decided to launch Dakota Angus, they knew they wanted to incorporate the brand, to help inform con-

sumers about differences in beef quality and value.

“We’re confident in the product we have,” Ashley says. “But the confidence we have with Certified Angus Beef behind us means so much more. And the more that we can talk to people and engage them with what we’re doing as producers and beef suppliers, the better it is for all beef.”

In the last 12 months, they’ve harvested more than 80 head in a federally inspected facility two hours from the Dakota Angus ranch store north of Drake. Federally grading every carcass lets them sell their beef by quality grade, allowing more accurate pricing for each pound.

Frozen halves, wholes and retail cuts sell in vacuum-sealed package out of the walk-in freezer the Bruners built in their garage-converted meat shop.

“Quality control includes Travis in our backyard at the grill,” Ashley says with a grin that recognizes a common bond. The

beef they serve their own family is now a part of moments and memories for more neighbors because of Dakota Angus.

Even at the Tuesday night baseball game two towns over, you can find one of the Bruner brothers flipping burgers at the concession stand.

It’s really a family business from start to finish.
