View video of all sale lots at www.dvauction.com or at any of the breeders' websites.

TERMS AND CONDITIONS

1. The terms of the sale are cash unless prior arrangements have been made.
2. Each animal will be sold to the highest bidder. The person in charge will settle any disputes as to bids, and his decision on such matters shall be final.
3. Any announcement from the seller on sale day will take precedence over printed material.
4. Health certificates will be furnished for shipment anywhere in the United States.
5. Each animal becomes buyer's risk as soon as sold; but it shall be the obligation of the seller to see that animals are fed and cared for, free of charge to purchaser, until loaded for shipment or until the expiration of December 20th of the current year.
6. All claims for adjustment for bred females must be made before May 1st of the following year. All claims for adjustment for heifer calves must be made by September 1st of the following year.
7. Everyone attending this sale does so at their own risk. Owners, clerks or other helpers do not assume responsibility, legal or otherwise, for damages of any kind.
8. Trucking by arrangement. Free to pick up locations in Madras, OR, Canton, OK, Douds, IA, & Aberdeen, SD.
9. A certificate of registry and transfer shall be furnished for each registered bred female sold at a final bid price of \$1,500 or higher. A certificate of registry and transfer shall be furnished for each registered heifer calf sold at a final bid price of \$1,200 or higher. If final bid price is less than either of these amounts the cattle will be considered commercial. Certificates of registry may be purchased for the difference.
10. The above terms and conditions shall constitute a contract between the buyer and seller of each animal sold.

These cattle do sell in accordance with the Sale Terms and Conditions
set forth by the Red Angus Association of America.

Welcome to the 2022 Big Sky Elite Female Sale!

The start of the world pandemic in 2019 certainly changed life forever. One of the positive things to come out of it as farmers and ranchers was the appreciation of simpler things in life ... such as food! The disruptions in what used to be the daily normal may never be restored with workers and supply chains broken and still in disruption three years later, but the appreciation for beef and the willingness of the American public to pay for it will forever change the course of cattle production in the United States.

Many other factors will affect the next several years in the beef industry, but none will impact it as much as the slaughter of a major portion of the U.S. cowherd due to drought across many areas of the country. **NOW** is the time to invest in your future as a cattle producer. It is time to step up your program into high quality production. Commodity producers with subpar cattle will diminish in the coming years as the demand for feed sources, land and water will only be substantiated by programs producing high-quality beef. You no longer can afford to be a commodity producer; survival will require a high-quality, high-end beef product.

Red Angus females offer ultimate maternal traits to be "the best mother cow" in the beef industry, exhibited by fertility, high milk production and superior calf raising abilities. The 2022 Big Sky offering is the largest in the history of this auction and the four producers represented have a proven track record of high-quality Red Angus cows that are unmatched in the industry. If you are ready to take your program to the next level, make plans now to be in Three Forks, Montana, on Dec. 7th or tune in via DVAuction to bid live during this event.

If I can be of any assistance to you, please feel free to contact me at 641-919-1077. I will be analyzing the cattle on Monday, Dec. 5th and Tuesday, Dec. 6th and would be glad to give you an unbiased opinion of the cattle selling.

Best Regards,

Kyle Gilchrist

Get off 1-90 at the Logan Exit, #283. Go north and take a left on the frontage road. Proceed west toward Three Forks, about 1/2 mile. Take a right onto Logan Trident Road, heading north. The road immediately crosses the Gallatin River and the railroad tracks, as shown on the map. Green Mountain Red Angus is 2 miles from the railroad tracks. Watch for the large Green Mountain Red Angus sign.

Bred to: **BIEBER ENERGIZE F121 (#3958815)**

Due Date: 2/10/23

We feel this Red Rock x Seneca bred heifer may be as good of one as we have ever raised. She has a show stopping phenotype with a beautiful foot and leg set, and front end. She has extra length of spine, good volume and rib shape. She stems from one of the most famous and proven cow families in the history of the Red Angus breed "The Abigrace's". These cows have worked in any herds for a long time and could be one to work in yours. Her dam comes with a 105 MPPA and is a beautiful Seneca x Make Mimi. The Red Rock daughters have been time tested and have risen to the top many times. They are very maternal cows with great feet and udders. 1118 also sports a solid EPD package with 11 traits in the top 21% of the breed which proves personal performance with 115 WR and 113 YR. To round it off, she is bred to one of the breeds hottest sires, Bieber Energize F121 for a February calf. Take a long look at this breed leading female on sale day!

FEDDES RED ANGUS

Feddes Blockana 9130-099

2021 NILE high-selling bred heifer and sale topper for \$11,500

PICK OF FEDDES HEIFER CALVES

For the first time in four years Feddes Red Angus is selling pick of heifer calves, all of the 2022 born heifer calves are included. In 2021 we had the top selling female at the Prestigious NILE sale, and also the two top sellers at Bet on Red at \$30,000 and \$23,000. Cow families include Blockana, Lakina, Sleek, Tina, Osce and more. Sires include Red Rock, Reputation, Resource 137E, Treadstone, Stockmarket, Rambler 5162 and others.

**PICK OF GMRA BRED
OR OPEN HEIFERS**

Here is a pick right out of the Green Mountain Red Angus bred heifers or open heifer replacement pen! There are over 150 females to choose from featuring sire lines including Brunswick, Domain, Energize, Excellence, Game Changer, King James, Spartacus, Stockmarket and Tesla. Service sires to the bred heifers include Energize, Excellence, Patriot, and StockMarket. This is a prime opportunity to wade into GMRA's top end genetics with powerful performance and breed leading traits. Don't miss the chance to have complete control in purchasing a foundation female! Feel free to contact us prior to the sale if you have any questions or would like to review any data.

Bred to: TKP BLOCKADE 918 (#4210974) MCC BLOCKBUSTER 159 (#4470569) Due Date: 3/8/23

The Starlette cow family has risen to the top again! This gorgeous matron puts it all together from structure to EPDs to performance to pedigree to maternal quality. Paternally, we love what Captain 434 has brought to our program – the daughters are nothing short of fantastic! DKK Starlette boasts the top 1-9% of the breed for HB, Stay, ProS and CEM. 104 MPPA on 5 calves, 360-day calving interval with average WR: 105, YR: 106, REA ratio: 105, IMF ratio: 117. Her amazing 2021 daughter was selected for the Bet on Red sale. Her gorgeous 2022 daughter will definitely be staying put in our herd! Klompien Red Angus will pay for DNA testing to confirm sire of resulting calf.

This was a last minute decision to sell a package of 3 IVF embryos on this exciting mating. Y17 has several sons working in good registered herds across the country, including Silver Bow who is still being used at 8 years old. She knocks it out of the park for maternal traits without giving up other traits. PROS 1%, HB 1%, ST 1%, MARB 24%, REA 28%. Bieber Energize should complement her very well. He's a bull that should add depth, thickness, easy fleshing in a dark cherry red color, with excellent feet and legs. We guarantee 1 pregnancy.

Bred to: **RUSCH EPIC 173 (#4494891)**

Due Date: 2/26/23

This extra long, gorgeous gal boasts a 111 MPPA. She posts the top 26% or better in all 3 indices. She has 9 EPDs in the top 1/3 of the breed. Great combination of growth, maternal and carcass traits. This is one powerful cow! It is unusual for a cow with this much performance to rank so highly in her EPDs. The only reason we are willing to let her go is because we have an amazing daughter as a replacement. This is an opportunity that you do not want to miss – after all, this is the Big Sky Elite!!! Mated to Rusch Epic 173; the resulting calf should be fantastic!

Bred to: **GMRA APACHE 0233H (#4293179)**

Due Date: 3/21/23

Performance is the name of the game here! She has a personal MPPA of 106 on 6 calves, ranking her in the top 5% of the GMRA herd. Her last three calves have WR of 116, 110, and a 118 on this year's bull calf. Maternal MPPAs are strong and showcase a high-end cow family. The number package is consistent across the board with 9 numbers in single digit percentiles, with an emphasis on growth, maternal and carcass. This tremendous female will go on to produce several more performance-minded progeny!

Due Date: 4/2/23

This young gal is starting off her career on the right foot. Not only did she hit the ground at 62#, turning in a WR of 113 and YR of 107, her progeny feature calving ease leading into growth. She is already posting an MPPA of 100 and is the product of a strong maternal line with high-end production records and MPPAs all the way to 109! The number profile is strong across the board with 12 numbers in the top 10% or higher. Antagonistic traits of calving ease and growth are all in the top 3%!

Due Date: 3/18/23

Here's a chance to take home a young Brunswick daughter with a lifetime of performance ahead of her. Her first calf hit the ground at 63# and took that all the way to a 106 WR and a 108 YR, turning in a 113 REA ratio. He was featured in the front of the 2022 bull sale catalog and sold for \$8,500. The Angie Rose cows blossom into well-structured cattle with loads of capacity and thickness. The number set is strong with single-digit percentile growth and REA.

Bred to: **C-T RESOURCE 1052 (#4470523)**

Due Date: 3/5/23

This cow has proven herself to be a solid producing New Direction cow with the very maternal Vrda cow family to back her up. Her phenotype is second to none with extra rib and a beautiful front end and straight top line, not to mention her foot and leg set and udder. This could prove to be an exciting matchup with the new C-T Resource 1052 herd sire, one of the top selling bulls to Jeff Stone, CA in the 2022 Feddes/C-T Bull Sale.

Bred to: **FEDDES COACH WOODEN 0237 (#4289099)**

Due Date: 3/16/23

Z201 was destined for the donor pen this spring until she had twins. She is one of our very favorite cows to look at on the entire ranch. This cow is flawless in her phenotype with impeccable feet and udder. Her bold spring of rib and clean front end make her something special. She has had 10 natural calves with a calving interval of 366 days. When you evaluate this cow sale day you will see she does not show her age and I believe she has several more years in her yet. She raised a bull calf this year that weaned at 644 lbs as a twin that will be well received in our 2023 bull sale. Several of her bull calves have made it into top notch operations. Next year's calf will be sired by Feddes Coach Wooden 0237 who is an outcross sire out of a very top donor at the Feddes ranch. Her daughter sells as Lot 63.

Bred to: **FEDDES COACH WOODEN 0237 (#4289099)**

Due Date: 3/29/23

4078 is a very special cow phenotypically and because she is a Marigold L231 daughter. It's hard to find a cow with the depth of rib, extreme capacity, hind quarter and still have the gorgeous front end that this direct Marigold L231 daughter does. It's extremely rare to find a daughter of L231 today and especially one out of Mulberry. Her feet are amazing and her udder is nearly perfect. Her last son to sell brought \$10,500 and she is carrying a bull calf out of our leading herd sire, Coach Wooden 0237 who is backed by possibly the best donor cow to walk at Feddes Red Angus. The maternal power packed into this combo is amazing and her first calf could easily pay for this cow in the first year.

Due Date: 4/30/23

Here's a chance to take home one of the highly sought after Brunswick daughters! She showcases that broody maternal look we love with tons of capacity and thickness. She is the product of a strong maternal line with top-notch MPPA's. You have to go all the way to a 1956 born, 3-digit registration number dam, before you find an MPPA under 100. EPDs are strong with 15 in the top half of the breed or higher, topped by a 1% REA. All indices are in the top 21% and prove out a well-balanced number set. The calf on board will complement nicely, with 10 numbers in the top 25%, with extremely impressive growth, strong maternal, and top-notch carcass.

Due Date: 4/23/23

This Mountain daughter has done an excellent job here at GMRA. She has an MPPA of 104 on 7 calves, ranking her in the top 11% of the herd. All calves have been retained and this year's calf is no exception. Her 86# Spartacus bull calf went into bull test this year, leading the class with a WR of 121. She is in her prime and is proving out a maternal pedigree with MPPA's ranging from 100-105 for multiple generations. Phenotype is outstanding with abundant depth and capacity and a nice level udder.

A beautiful young cow to look at in the herd. She has a very correct structure and a powerful but maternal pedigree (One of a Kind 510 X Make Mimi). She will be in your herd many years and will cross well with this proven young her sire, C-T Bourne 9073 who's been producing dark red calves with extra muscle. She has balanced EPDs with 8 traits in the top 3rd of the breed.

Bred to: BIEBER FOREMAN H165 (#4303291)

Due Date: 2/27/23

Just take a look at this Brunswick x Tesla combination. A fantastic muscle pattern flows into outstanding depth and capacity with a beautiful topline. A 77# BW was taken all the way to a 106 WR and a 107 YR. She is numbered-up with a top 1% ProS and HB. Single digit WW, YW, ADG, HPG, Stay and REA round out an overly consistent set. This combined with Foreman gives the expectant calf 10 EPDs in the top 10% and all but 5 in the top half of the breed.

Bred to: **C-T REPUTATION 0094 (#4296453)**

Due Date: 2/10/23

A beautiful Darkhorse female from the extremely maternal Vrdale cow family. She will add some calving ease and still maintain some growth and carcass. This cow line has been super consistent and her maternal Granddam C-T Vrdale 6058 sell as lot 15 in this sale. This mating with C-T Reputation 0094 will prove to be an exciting one, to own one of the first progeny offered to the public. Reputation has exceeded expectations with has first calf crop in our herd, Overmiller's herd and Niobrara's herd, so watch for this one.

Here is a stylish Seneca x Red Rock heifer that always catches my eye. She has a very nice phenotype with a correct foot and leg set. Her dam is a beautiful Red Rock cow stemming from the powerful Miss Pan cow family and has a 103 MPPA. She has balanced EPDs with lots of calving ease and top 5% BW.

Bred to: C-T REPUTATION 0094 (#4296453)

Due Date: 2/14/23

This heifer is put together as nice as you can make one, has top end growth numbers, her mom was a top end cow in the sale last year selling to Goodnight Red Angus who raised one of their very best heifers this year, is bred to C-T Reputation 0094 whose semen has not been released yet and she's having a bull calf. I have no idea what I was thinking. I love the depth of rib, the clean front and hind quarter on this heifer. She weaned at a 106 WR and boasts a 105 YR. The Reputation calves have done nothing but impress everyone that has seen them. The stars are aligned on this lot for someone to move their program forward in a big way.

Bred to: C-T REPUTATION 0094 (#4296453)

Due Date: 1/21/23

This heifer is the result of some embryos we purchased from C-T Red Angus. This heifer has impressed us since day one. We love the phenotype here, the feet and the genetics. The dam of this heifer is none other than the famed C-T Blockana 1042 cow. When searching for females, seeing Make Mimi in a pedigree is a huge plus to us and that is what pushed us to buy these embryos. Stack all of this together and then add in the fact that she is carrying an early Reputation calf and you have the makings of a great mating. The calf this cow is carrying combines two of the top cows to ever walk the pastures at C-T.

Due Date: 2/28/23

There is a strong maternal pedigree behind this gal. You have to go back 8 generations before you find an MPPA under 100. Her dam has always produced progeny with power, consistently posting weaning ratios up to 105. There is a ton of growth and power in the numbers, as well as a Milk in the top 11% and Stay in the top 13%. She is a beautiful dark red with abundant capacity and thickness.

Due Date: 2/24/23

Here is another Lakota heifer with many of the great Lakota dams in her pedigree, including Lakota 527, who posted the highest MPPA ever at GMRA of 112 on 7 calves. All but 5 EPDs are in the top half of the breed with breed-leading Milk and Stay and a solid set of carcass with a top 11% REA. The projected calf EPDs place 15 numbers in the top 25% or higher and all but 3 in the top half.

Bred to: VGW ASTONISHING 119 (#4428817)

Due Date: 2/17/23

This stunning heifer has mother cow written all over her – sired by a well-made Redland bull that we purchased and stemming from our powerful Auburn cow family. Auburn is a gorgeous cherry red female with a smooth-made, eye-catching phenotype. Quiet-natured, long-spined and super classy! I'm sure glad we still have the factory to produce more of this kind.

If you are looking to purchase a top female carrying quite possibly one of the top maternal calves in this sale, then look no further. 151 is the daughter of our lead off cow Lot 18, sired by Spartacus who is a very proven sire with daughters all over the country and she is carrying a heifer calf by C-T Red Rock 5033. Red Rock has been proven as possibly one of the best female making bulls in the breed. His daughters always rise to the top and often bring in the biggest calves. This genetic package is exciting and could very easily be one of the best values for your money all day.

Bred to: C-T RED ROCK 5033 (#3471552) C-T REMARKABLE 0103 (#4471463) Due Date: 1/23/23

This heifer's mother was a sale highlight last year being one of the top selling young females. Her MGD is none other than RRA Charlie 504, possibly the best Aviator daughter in the breed. She boasts top 25% Calving Ease, BW, WW, YW and HPG. The Charlie cow family has been extremely sought after across the country and could be the best ever produced at Rich Red Angus. Her sire is the ABS bull Feddes CCC Definitive whose dam is none other than Clark Mattie 1401. 1401 is one of, if not the best cow ever produced at Clarks. This heifer stacks some of the very best cow families there are in her pedigree and is bred to none other than C-T Red Rock with a heifer calf. The maternal potential in this heifer's pregnancy is second to none. If you are looking to build a cowherd, then look no further.

Bred to: C-T REMARKABLE 0103 (#4471463)

Due Date: 2/21/23

This heifer is a little younger than the rest of ours but has done everything right. Her mother was our pick of the entire NILE offering a few years ago, from Milk Creek Red Angus, and was our high-selling female in last years sale. She has a very balanced set of EPDs and they match her look. Her feet look great, and her mother's udder was outstanding. Bred to our herd sire C-T Remarkable 0103, who stacks Marksman with Feddes Sleek 806, one the most prolific donors ever at Feddes Red Angus. This mating and this heifer should prove to be an excellent purchase.

Here is a highly performance-minded Excellence x Laramie cross. The phenotype is all there, with a strong topline and extra length. She is already making her mark on the GMRA herd, weaning a beautiful heifer calf that took a 66# BW all the way to a 115 WR. The EPDs are strong with all but 5 in the top 50% of the breed. All indices are in the top 29% of the breed or higher. Growth and carcass are strong across the board. This is as complete as it gets!

Bred to: **GMRA APACHE 0233H (#4293179)**

Due Date: 4/26/23

Wow – this Lakota family member has already turned in an MPPA of 107! Her first calf hit the ground at 72# and weaned off with a whopping 118 WR and an adjusted 205-day weight of 721#. A strong EPD set showcases 6 in the top 5% of the breed. The numbers profile a calving ease specialist with top 1% CED, BW, Milk, and CEM. Just think what she can do – put them on the ground easy and then accelerate the growth.

Due Date: 3/26/23

What we are doing selling this one? This is the only full sister we have to Feddes Treadstone 9352 that sold in 2020 as the second high-selling bull for \$15,000 to Leland Red Angus. We used Treadstone heavily the last few years and are completely sold out of semen. This moderate-framed female has possibly one of the best udders we have ever seen. Her dam boasts a 106 MPPA, her MGD 102 MPPA and back 3 generations there are 2 cows with 107 MPPAs. This cow traces back to the great Blockana 899 cow – possibly the most influential donor we have ever had. 096 boasts 11 traits in the top 26% of the breed. She is bred to our herdsire Coach Wooden with a BULL calf! The genetic potential in this calf is second to none. We believe Wooden will add the frame, bone and growth to make her bull calf really special. Don't miss out on this one – she is special.

Bred to: **C-T SENECA 1012 (#4468395) FEDDES CCC MERLIN 1404 (#4450119)** Due Date: 2/24/23

092 is a direct daughter of L231 and Redemption that's only a coming 3-year-old and has her whole life to produce for her new owner. If you have studied this breed much, it's not hard to see the impact the Marigold cow family has had on the breed. L231 was purchased by C-T and Klompier Red Angus out of the Buffalo Creek dispersal sale. Her first calf for them sold for over \$20,000 and she has never looked back. 092 is bred to the high-selling bull in the 2022 Feddes/C-T bull sale bringing \$20,000, C-T Seneca 1012. This mating should add the power, growth and mass to create a top-end calf in any herd. 1012 is backed by the famous Tina cow family that has the maternal power to move any program forward. This is a very neat female, and we are sad to see her leave but believe she will do great things for her new owner.

Fancy lady! This is your lucky day! This beauty would not be for sale if she had not just missed the expected calving cut-off. Help yourselves. Moderate framed, quiet nature, good feet, and extra length of body. In addition to her amazing physique, be sure to take note of her excellent EPD profile.

This fancy young lady did a fantastic job of raising a bull calf this year as indicated by her 102 MPPA on one calf – he had a 105 Weaning Ratio. A first-calf heifer raising a big bull calf often comes with the price tag of not getting bred back as quickly. Our loss is your gain. As is indicative of her name – she is a diamond! Calving ease with powerful performance – in my world, that spells profit.

Due Date: 4/20/23

Wow – just Wow! A whole lot of look with a fantastic EPD profile. Top 3% for ProS AND HB. If we didn't still have her fantastic mama, this girl wouldn't be available.... No matter what Dave says about his calving cut off?! I'm sure glad we have a heifer calf replacement out of this gal. Mated with NCRA Rolling Thunder, the resulting calf should also be fantastic.

Due Date: 4/10/23

Domain is known for throwing consistent sire groups that perform and deliver tons of eye-appeal. This heifer is already following suit, posting an MPPA of 102, with a first calf that weighed 71# at birth and turned in a 104 WR. This is a great combination with a super powerful set of numbers with only 3 that are not in the top 50% of the breed. All indices are in the top 1/3rd of the breed or higher, proving out a solid number set that features calving ease combined with powerful growth and carcass.

Bred to: **GMRA GAME CHANGER 8270F (#3941443)**

Due Date: 4/19/23

She made a strong showing as a first-calf heifer, taking a modest 69# BW to a 101 WR, giving her a 100 MPPA. The number profile is breed-leading with all growth numbers in the top 1-3% of the breed! Carcass stays strong and supports a GM in the top 6%. She is smooth made and showcases extreme length. There is a lot of potential in this young female.

Bred to: **BIEBER HEAVILY ARMED E392 (#3752457)**

Due Date: 4/11/23

This girl turned in top-notch personal performance, with a WR of 114 and a YR of 106. It appears that she will pass that on to her progeny. Her first calf was a modest 53#, but that didn't stop her from weaning off at a 99 WR. Pretty impressive spread! The maternal pedigree follows an impressive line of performance with MPPAs reading from 99 to 107, terminating at a foundation Beckton female whose sire was Larkspur, registration #1 in the Red Angus breed. There is a breed-leading set of numbers here, with all growth in the top 1%! Carcass is strong with top 21% Marb and REA and 4% GM. Historic maternal greatness and progressive genetics!

Bred to: **GMRA GAME CHANGER 8270F (#3941443)**

Due Date: 5/8/23

When you look at 047H the first thing you notice is the laser straight top-line and the smooth profile. She is clean-fronted with abundant length and depth. Unfortunately her calf died unexpectedly this year, so there is no MPPA on file.

Bred to: **FEDDES COACH WOODEN 0237 (#4289099)**

Due Date: 4/26/23

This one hurts to see go. We have been trying for years to acquire embryos from Feddes Blockana R11 and were finally able to out of none other than MR Coach 1296. R11 was in production until 18 years old and maintained nearly a perfect udder and feet. MR Coach was the outcross sire coming from MR Angus that we acquired semen on right away. He has since passed away and all the semen is now gone. There won't be very many Coach daughters for sale and surely none out of a cow like R11. She is bred to Coach Wooden which would make the calf a double bred Coach 1296 calf. Wooden's dam is Feddes Blockana C31 making this calf a double bred Blockana as well. This could very well be the most exciting calf coming out of this sale in 2022.

Bred to: **FEDDES DOMINATION C378-9355 (#4211382)**

Due Date: 3/21/23

375H was our pick out of the Bieber sale last fall. She has exceptional growth numbers with top 1% WW & YW. She has mass and is built well. She is bred to our exciting herd sire Feddes Domination C378-9355 who could quite possibly be the best Domain son I've seen anywhere. Domination's mother was a crowd favorite in last year's sale selling to Goodnight Red Angus. This is an exciting mating that could pay for this cow the first year.

Bred to: **SUTH FREE STYLE 38G (#4128342)**

Due Date: 2/22/23

This is a smaller-framed, young cow with perfect udder and structure. She combines the Sleek and Blockana cow families. She has the traits that make Red Angus the most favored cow in the industry.

PARAMOUNT

Elevate to a more valuable female.

For over a decade, Red Angus females have commanded more at auction than all other breeds, including Angus. According to Superior Livestock data, Red Angus heifers brought nearly \$17/cwt more – **that equates to a \$92/head premium on a weaned replacement female.**

This Red Rock out of a Seneca daughter has a WR 107, YR 109. She puts it all together on EPDs. She really knocks it out of the park on calving ease, growth, gain, maternal, along with really solid carcass numbers. She could have "donor cow" in her future.

We hate to see this girl go, so don't miss the opportunity to take home the #1 WR heifer of the GMRA replacements! She took a 79# BW to a 121 WR and a 116 YR. Her dam posts a 105 MPPA and is in the top 8% of the herd. The number profile is second to none with only 4 EPDs that are not in the top half of the breed. Nine of them are in the top 9% and all indices are in the top 15%. Just look at the phenotype. She is deep with tons of capacity and spring of rib, with ample muscling.

Game Changer is proving to be one of our favorite new sires at GMRA, and this lady shows why. She is out of one of our most prolific, mature dams, with an MPPA of 106, ranking her in the top 4% of the herd. Her granddam posts a 108 MPPA and was the #3 dam at GMRA. 122J took an 80# BW to a 113 WR and a 109 YR. The maternal power is evident! Numbers showcase power with all growth drivers in the top 1-4%.

Here is another top-end Brunswick female, with GMRA EBV 266 on the top side. The 266 daughters were some of the most prolific we have ever raised and stamped with a beautiful pattern. This heifer is smooth-made with a straight broad top and abundant depth, capacity and thickness. She proves out a highly maternal pedigree with MPPAs ranging from 101-104 for 5 generations. Her personal WR is 120 and her YR is 116. Performance numbers are all there, with top 1% WW and YW, YG and REA, with the rest of the growth and carcass indicators falling right in line.

Due Date: 3/6/23

This heifer is years in the making and we wish she wasn't in this sale. This heifer's full sister was selected as a heifer calf on the cow and went on to be a donor at Wildcat Creek Ranch in Kansas and several other herds around the country. This embryo was made and sold in 2008 and we had the opportunity to purchase them back and this heifer is what we got. Her dam, Feddes Blockana 880 was an outstanding cow that produced to 18 years of age and sold bulls into many different purebred herds and raised a herdbull we retained in our herd. The EPDs do not reflect the potential in this heifer. Bred to Remarkable 0103, stacks Sleek 806 with Blockana 880, Blockana 4231 and the base of our herd BJR Blockana 502-5185. You couldn't put a more royal pedigree together if you tried. If she hadn't fallen out of our calving window we would NEVER sell this heifer. Our loss is your gain on this one!

Due Date: **3/12/23**

The performance-minded Ophelia family has done it again! Here is an 82# BW with a 109 WR and 106 YR. Going back to a 1978 born dam, there are 8 maternal generations with MPPAs ranging up to 108 and only one under 100 at 99. The numbers tell the story, with a top 13% ProS and Milk and a 5% Stay. There's plenty of power with single-digit growth percentiles as well. Just think of the number set of the calf on board – 12 in the top 20% or higher!

The calving ease of Excellence combined with the power of Brunswick! That makes for a breed-leading EPD package with a significant birth to growth spread. The carcass is solid with all numbers in the top 26% of the breed or higher. On a personal note, she hit the ground at a modest 68# and turned in a 103 WR and 102 YR. Her maternal pedigree is top-end with multiple generations in a row posting MPPAs from 100 all the way to 106.

Due Date: 3/4/23

This girl posted a 73# BW and lost her mom due to lightning in early summer. She still weaned off with an adjusted weight within 8# of the average and would have turned in a ratio of 99 with her contemporaries. Just think where she would have gone with an extra couple months on her dam! Her maternal lineage is a "who's who" of the Lakota cow family. Her dam had an MPPA of 103 backed up by 5 more generations of MPPAs ranging from 101-112. Her numbers are strong and she posts a breed average set of birth numbers with all growth indicators in the top 1 & 2% of the breed!

The first of the GMRA Stockmarket replacement heifers will be calving out in 2023. They have been standouts since birth, with tons of eye-appeal, and this girl is no different. She has a broad, straight top with extra length and a deep rear quarter. The EPD set conveys all the power needed for breed-leading growth and carcass. Not to mention ProS comes in at 1%, as does Stay. The Foreman calf due in March is projected to have 11 EPDs in the top 10% or higher.

This young heifer knocks it out of the park for balance. ProS 23%, HB 10%, CED 12%, WW 17%, YW 13%, ADG 10%, CEM 4%, STAY 25%. These are the traits that built the reputation Red Angus has earned for great females. Even though she's bred a little later, she will still have calved by her second birthday.

This gal's young dam posted an MPPA of 100 after just one calf and her granddam was one of our top ranking females, with an MPPA of 110. Numbers are strong with a top 1% GM and 2% ProS, followed by 6 more single-digit percentiles throughout. This combines nicely with projected EPDs for the expectant calf, with 13 in the top 25% or higher.

Due Date: 4/28/23

The first thing that grabs your attention here is the number profile. If you are looking to number-up, this is one of the strongest sets offered. All but 3 EPDs are in the top half of the breed and 7 of those are in the top 10%. Combine that with her accelerating performance and the sky is the limit! Her calves hit the ground with high-end calving ease and an average BW of 66#. Her last 3 calves have turned in WR of 104, 104 and a 103 on this year's King James heifer calf. She is one of those cows that always produces performance and productivity, matched with an eye-pleasing phenotype. She is smooth-made with a beautiful top line and abundant rear quarter.

Bred to: **GMRA GAME CHANGER 8270F (#3941443)**

Due Date: 4/12/23

This Roosevelt daughter never disappoints, with an MPPA of 101 and all calves being retained. This year's calf is a beautiful Heavily Armed daughter taking an 84# BW all the way to a WR of 110. Her maternal pedigree is impressive with MPPAs ranging from 100 – 107 all the way back to a 1963 born dam. ProS and HB are top-notch, backed by a strong set of maternal numbers all while keeping growth and carcass in line. The calf on board is predicted to have 11 numbers in the top 27% of the breed or higher with an emphasis on growth and maternal, complemented by strong carcass. All is backed up by a beautiful phenotype with a broad, straight top, tons of capacity and a deep rear quarter.

Bred to: **GMRA APACHE 0233H (#4293179)**

Due Date: 3/31/23

The Trilogy x Conquest combination has always been one of our favorites, with a strong phenotype emphasized by a stylish muscle pattern with a large rear quarter and plenty of depth and capacity, all in an attractive maternal package. That makes for a great combination with the highly productive Ophelia cow family, boasting six generations of MPPAs that peak at 109. Ophelia females produce cattle that will be retained in the herd, and 578 is no exception with all being held as replacements or going on to our bull test. There is a top-notch package of growth numbers complemented by strong carcass.

Bred to: **NCRA ROLLING THUNDER 2034 (#4362235)**

Due Date: 4/11/23

We purchased this long, moderate-framed beauty out of the Bet on Red. She goes back to our own Impress cow family and I cannot give enough accolades to her amazing maternal granddam and maternal great granddam. Just wait until you see that baby out of Rolling Thunder.

Bred to: **NCRA ROLLING THUNDER 2034 (#4362235)**

Due Date: 4/25/23

High quality female here that is in the prime of her life! And has had a very noteworthy start with us. Starting off her impressive production record, she weaned her first calf off at an unmatched ratio of 123 and was a high seller at our bull sale. One of her daughters was selected to go to the Bet on Red in Reno that went on to a registered herd. Grab ahold of this opportunity as she is a no nonsense kind of cow that will bring profit to any ranch. NCRA Rolling Thunder produced some of our favorite calves this year, and we are looking forward to hear how her spring calf performs from her new owner.

Bred to: BIEBER CL ENERGIZE F121 (#3958815) FEDDES COACH WOODEN 0237 (#4289099) Due Date: 2/2/23

When we purchased this cow's mother in the Big Sky Elite sale we did not know what we were buying when she was bred to Red Rock but what we got was one of our very best young cows. Her brother was sold as a highlight in the 2021 bull sale to Lucht Red Angus. This cow has a perfect udder and great feet. Her daughter in the bred heifer pen is one of our absolute favorites. She is a beautiful female that does everything right. You can't get much more proven or better than a Red Rock out of the Marigold cow family. It's not often there is a Red Rock daughter for sale because they don't miss and this one has not yet. She is carrying a heifer by Bieber Energize F121, who has taken the breed by storm and whose progeny have topped sales all over the country. The heifer she is carrying could easily be a herd changer for anyone that buys her. A Red Rock x Marigold x Energize – oh the possibilities are endless here!

Bred to: FEDDES CCC MERLIN 1404 (#4450119)

Due Date: 3/11/23

This could easily be our favorite Pie One of a Kind 510 daughters we have ever had. On her first try she weaned a 715 lb. heifer calf that has become one of our very favorite young cows we own. Her dam, B356 was our pick of the sale at the VF sale in 2016. She proved us right by going on to boast an MPPA of 107 and being a crowd favorite in last year's BSE sale selling to Summers Red Angus where she weaned a 791 lb calf this fall. Her sister was our consignment to the Bet on Red sale in 2021. She is bred to our exciting new herd sire Feddes Merlin 1404. He could well be one of the best Merlin D18A sons we have seen anywhere. This mating could prove to be a great one and only increases the potential in this young cow.

Bred to: **FEDDES COACH WOODEN 0237 (#4289099)**

Due Date: 5/3/23

9012 is an extremely exciting young cow that we hate to see go. She boasts an MPPA of 103 and averages of Weaning Ratio of 105, Yearling Ratio of 105, IMF Ratio of 112 and a Ribeye Ratio of 113. She has absolutely knocked it out of the park on both tries so far. She is bred to Coach Wooden who is making a name for himself in our herd being used both AI as well as naturally when he's not in California where he breeds for his new owners in their fall program. There are generations of outstanding females behind this cow in the Blockana family and she is definitely living up to that cow family's reputation. Bid with confidence on this one as her track record proves what she can do.

Due Date: 4/20/23

There's a reason this mature lady is still in the herd! She posts an MPPA of 103 on 8 calves with an average WR of 104 and YR of 105. All heifer calves have been retained and she had another top notch replacement this year, posting a WR of 113. She is in outstanding rig, with a ton of capacity, and a straight broad top. She makes 10 the new 7! She has always delivered for us at GMRA, including her 2018 bull calf that was featured at the front of the 2019 bull sale, selling to Bar Open A Red Angus for \$8,500. She's carrying a Game Changer that will accentuate her top-notch growth numbers.

Bred to: **GMRA GAME CHANGER 8270F (#3941443)**

Due Date: 4/6/23

The roots of the Lakota cow family run deep in the GMRA herd. This young lady is backed up by generations of performance-minded females, with MPPAs starting at 100 and culminating in an impressive 112. 977G is on her way with an MPPA of 101 on 2. Her first calf came in with a 103 WR leading to a 109 YR and this year's calf took a 66# BW to a 102 WR. There is a strong set of numbers on board with 15 in the top half of the breed with 6 of those in single digit percentiles. Low birth with growth numbers still in the top 37% of the breed!

Due Date: 5/10/23

There is a powerful maternal background here. She is out of a dam with an MPPA of 106 and a granddam with a 108. Her number profile packs a punch, with all but 4 numbers in the top half of the breed. Calving ease blends seamlessly with top-end maternal numbers while carcass and growth stay strong. She is a beautiful cherry red, with top marks for length, capacity and thickness and excellent feet and legs. She will stand out in any herd.

Bred to: **NCRA ROLLING THUNDER 2034 (#4362235)**

Due Date: 4/20/23

Opportunity comes knocking. Gorgeous is an understatement. This deep-ribbed mama cow stems from our Blossom cow family. These females keep rising up to the top of our herd and 994 will be no exception. She is bred to our herd sire NCRA Rolling Thunder 2034 and the potential for this baby is going to be unreal! This gal is fantastic, don't miss out!

Bred to: **MCC BLOCKBUSTER 159 (#4470569)**

Due Date: 4/25/23

Everybody knows that Chateau females are fantastic; semen is rare, and daughters are hard to find. Out of our incredible Auburn P35 donor; this gal has proven herself over and over with a 102 MPPA on 5 head and a 361-day calving interval. DKK Auburn 6055 has fantastic feet and a beautiful udder – this is the kind of cow that is low maintenance, easy to be around and does her job exceptionally well. As a side note, her 2022 born heifer calf will NOT be looking for a new home; she is stunning!

Bred to: **CK THE GENERAL 845 (#3938527)**

Due Date: 4/30/23

6164 is the result of what this very sale can do. Her dam was our pick out of this sale while she was in calf with this cow. She is what every ranch desires to have in a cow, beautiful udder, great feet, easy to work with, and a fantastic mom. She is bred to our herd sire CK the General that adds frame and outstanding maternal qualities. We hope her new owners enjoy her as much as we have over the years.

Bred to: **C-T BOURNE 9073 (#4120382)**

Due Date: 4/15/23

She is an interesting bred female stemming for the Canadian bull, Arson 55Y and the C-T Verdi cow family. She is dark cherry red with a great udder and feet. She raised a big C-T Reputation bull calf this year and is currently bred back to the C-T Bourne 9073 herd sire for a February calf. We purchased her from Bar H Red Angus in WA and she has not disappointed.

PARAMOUNT

Authenticate your Red Angus genetics.

Now is a paramount time to verify your genetics in the Feeder Calf Certification Program. The Red Angus Live Animal Specification, recognized by the USDA, acknowledges Red Angus are genetically Angus and meet requirements to be included in many Angus branded-beef programs.

**Capitalize on
Red Angus-based
opportunities.**

Visit RedAngus.org

Red Angus Guide to EPDS and Indexes

ProS... Profitability and Sustainability is an all-purpose index that predicts average economic differences in all segments in the beef supply chain. This index is a combination of the breeding objectives modeled in the HerdBuilder and GridMaster selection indexes. In this index, replacement heifers are retained from within the herd and all remaining progeny are fed out to slaughter and sold on a quality-based grid. Traits included in this index include calving ease, growth, HPG, STAY, Mature Weight, Dry Matter Intake and carcass traits. The resulting index is expressed in dollars per head born (Index/High Value).

HB..... HerdBuilder is a maternal selection index that predicts the economic differences of animals for traits that are important from conception through weaning. Expressed as dollars per head born, HB is calculated based on the scenario that bulls are mated to heifers and cows, replacement heifers are retained and all remaining progeny are marketed at weaning. Traits included in the HB index include Calving Ease Direct, Calving Ease Maternal, Weaning Weight, Milk, Mature Weight, Heifer Pregnancy and Stayability (Index/High Value).

GM..... GridMaster is a selection index that predicts the average economic difference of non-replacement calves through the post-weaning phase of production. GM places selection pressure on growth, feedyard performance and carcass traits. Expressed as dollars per head born, GM is calculated based on the scenario that progeny are fed out to slaughter and marketed on a quality-based carcass grid. Traits included in GM include Average Daily Gain, Carcass Weight, Dry Matter Intake, Marbling, Back Fat and Rib Eye Area (Index/High Value).

CED Calving Ease Direct predicts differences in the percent of calves born unassisted out of 2-year-old dams. (Percent/High Value)

BW Birth Weight predicts differences in actual birth weight of progeny. (Pounds/Low Value)

WW Weaning Weight predicts differences in 205-day weaning weight. (Pounds/High Value)

YW Yearling Weight predicts differences in 365-day yearling weight. (Pounds/High Value)

ADG Average Daily Gain predicts differences in weight gain between 205 and 365 days of age. (Pounds/High Value)

DMI Dry Matter Intake predicts differences in daily feed intake as measured in a feedlot during the post-weaning period. (Pounds/Low Value)

MILK Milk predicts differences in weaning weight attributed to the milking ability of the animal's daughters. (Pounds/High Value)

ME Maintenance Energy predicts the difference in maintenance energy requirements. (Mcal per Month/Low Value)

HPG Heifer Pregnancy predicts differences in the percent of daughters who are able to conceive and calve at 2 years of age following exposure to breeding. (Percent/High Value)

CEM Calving Ease Maternal predicts differences in the percent of daughters who are able to calve unassisted as 2-year-old heifers. (Percent/High Value)

STAY Stayability predicts differences in the ability of an animals' retained daughters to remain productive in the herd – calve every year – through 6 years of age. (Percent/High Value)

MARB Marbling predicts differences in marbling score – amount of intramuscular fat measured at the 13th rib. (Marbling Score Units/High Value)

YG Yield Grade predicts differences in USDA Yield Grade, which is calculated using CW, REA and Fat. (Yield Grade Units/Low Value)

CW Carcass Weight predicts differences in actual hot carcass weight. (Pounds/High Value)

REA Ribeye Area predicts differences in square inches of ribeye area measured at the 13th rib. (Square Inches/High Value)

FAT Fat predicts differences in the depth of backfat measured between the 12th and 13th ribs. (Inches/Low Value)
