## *Welcome to the 17<sup>th</sup> Annual Bowles J5 Reds Production Sale*

*We have long been striving to produce some of the most attractive and functional Red Angus cattle in the industry. We have built our herd for almost twenty years by selecting the type of beef cows that will best fit in our environment and the environment of our customers. Which is mostly tough country throughout North-central to North-eastern Montana and into North Dakota. We are currently running around 175 head of Registered Red Angus cows, and from that base we select only the best bulls to make into our top 50. We cull hard for thickness structure and disposition, and they are developed on a high grass home grown ration and a Hubbard bull developer pellet to help build the proper foundation for them to succeed for years ahead..*

*We hope and pray for more moisture to sustain us all through another year. To hopefully cash in on what is shaping up to be a historic calf market for the next couple of years.*

*Thank You to all of our customers for your continued support of our program and we will continue to offer you our very best for years to come. If you have any issues with purchased cattle moving forward, please never hesitate to let me know. Brady Bowles 406-353-7085*

This guy is long as all outdoors, but wears it extremely well. We bought him as a replacement to Spartacus because he was injured, but I believe he will be even better. We put him with seventeen helpers and he put bulls in the sale and helpers in the replacement pen. You will see more of him, his first crop is good.

Boy howdy this may be the thickest bull we have ever owned. He is dark red and has a good disposition as well. We didn't have many bulls from this sire but definitely has some future cows in the replacement pen. He was partnered with the Home Grown bull with our 3 year olds to start their career's.

He throws the look and they are thick. He is top 10 percent for all three Red Angus Index's yet has terrific balance across the board. And his daughters are producing calves like lot 1 in the sale. If PROS is top 2% he should be working. We will have one more year of Natural Thriller calves, take advantage.

This guy throws the big time power top and really nice depth of body. He is a very different line of genetics for us and he has crossed well on our cattle. If you are looking to a little more punch and muscle to your program he will do the trick. He was injured in the bull pasture after breeding season to this is his last crop, but he left a good one.

A bull that keeps everything in perspective he is never in a hurry to go anywhere, but has been a good helper bull producer. We don't keep a lot of bulls from helpers but he has left us some good ones. He got a bigger bunch of cows and should have more son's in the future. Notice the Indigo cow family, a very productive group.

This bull outperforms his epd set by a good shot, we really like the top and structure that he puts into his progeny. We had 5 bulls with 130 head of registered cows and this guy far and away bred the most cows. If you are looking for thick made highly useable cattle hook in to a bunch of his sons. There are many 3/4 brothers by Warrior mommas that all look pretty solid. They will be big time active breeders.

# HEIFERS, HEIFERS, HEIFERS!

We are starting our day with the foundation of our program. Commercial Red Angus heifers, that are mostly purebred cattle that are all home raised and weigh between 750-800lbs We will sell 3 groups with 5 heifers each. A,B,C. If you win the bid on first group you can choose to take all 3 groups together or pick the 5 head in the ring only. Pick A 5 head, pick A & B 10 head, or A, B & C 15 head.

A. \_\_\_\_\_

B. \_\_\_\_\_

C. \_\_\_\_\_

The Registered heifers are out of many pillars of our program and will only have papers transferred at a bid of **\$1400** or more, anything under that will sell as top notch commercial heifers. They will come in 5 groups of 3 heifers each. There are 15 head total. Winning bidder may take choice of pen in the ring or take all 3 head together. I do think that multiple heifers have a greater likelihood of success when changing their environment, so these are penned together in a way to make taking all 3 in a pen a logical decision.

## 2022 Bowles J5 Reds Carcass Scan Sheet

## Heifers after weaning

Thank you to Jon Bouma for fitting the bulls and helping with taking pictures

Conner's first horse show was a success!

Thank you  
Dr. Lane Schmitt  
for being our  
veterinarian

## ***TERMS & CONDITIONS***

***TERMS:*** The terms of the sale are cash. All settlements will be made with the clerks of the sale immediately following the conclusion of the sale and before any cattle will be released.

***BIDDING DISPUTES:*** The auctioneer in charge will settle any disputes as to bids, and his decision on such matters shall be final.

***PURCHASER'S RISK:*** Each animal will become the risk of the purchaser as soon as sold. Any animals left in the care of the Seller after the sale shall be reasonably cared for and Buyer will be advised of any health issues that should arise while in the Seller's care.

***ANNOUNCEMENTS:*** Changes of information contained in this catalog relating to animals offered for sale will be announced from the auction box and such announcements shall take precedence over printed material.

***REGISTRATION CERTIFICATES:*** A certificate of registry and transfer will be furnished on all registered cattle, at the Buyer's request and after settlement has been made. Certificated will specify exact percentage of Red Angus blood as is applicable. Please be sure to inform the clerk at the time of settlement how you would like the papers transferred.

***IDENTIFICATION:*** Each registered animal carries a readable tattoo.

***BREEDING GUARANTEED:*** All bulls are guaranteed to be breeders and have passed a fertility and soundness exam. All heifers are guaranteed open. Any claims for refund of adjustment must be made in writing within six months of the sale **RATIO**. In the event a bull is claimed to be a non-breeder, the purchaser may return the bull to the ranch of the Seller, if in good condition and complying with the health requirements of the Seller's state. The Seller will be entitled to six months trial, following the return of the animal, in which to prove that the bull is a breeder. The Seller will be obligated to offer a suitable and comparable replacement, credit towards the purchase of another bull, or refund of the purchase price less any salvage value received by Buyer. Such replacement, credit, or refund shall in any case be deemed full satisfaction and settlement. If the Seller proves the bull to be a breeder, it shall be the obligation of the Buyer to take delivery of the animal at the Buyer's expense.

***LIABILITY:*** Neither owners, sale managers, clerks nor anyone connected with the sale assumes responsibility, legal or otherwise, for damage of any kind.

***RETAINED INTEREST:*** Seller reserves the right to keep a breeding interest in any bull so designated in the catalog or during the auction. In the event Seller elects to collect semen from a designated bull, it will be done at Seller's expense and during such time when purchaser is not using the bull for breeding.

***IMPLIED WARRANTY:*** Except for those stated in the terms and conditions, there are no warranties, either expressed or implied, as to merchantability or fitness for a particular purpose with the respect to the cattle being sold in this auction. The warranties set forth in the terms and conditions are in lieu of all other warranties, either expressed or implied, and the remedies provided therein shall be the sole and exclusive remedy of the Buyer, or any party claiming through the Buyer, for any breach of warranty or guarantee therein provided and all other obligations or liabilities.

***CONTRACT:*** The above terms and conditions shall constitute a contract between the Buyer and Seller of each animal sold.
