GENERAL HEALTH

All bulls will have a general health and fertility exam, performed by a licensed veterinarian, prior to the sale. All bulls are sold as guaranteed breeders. Heifers are guaranteed open and have been Bangs vaccinated, and had preg guard 10. For re-vaccinating bred cattle always use a killed vaccine. Health certificates will be obtained for interstate transportation, if necessary. Arrangements for any other health requirements will be made sale day, according to terms agreed upon by both buyer and seller. All semen and bull soundness exams performed by Dr. Lane Schmidt DVM.

TERMS OF THE SALE

Terms of the sale are cash. All settlements will be made with the clerks of the sale immediately following the sale and before the cattle are released. *See additional terms and conditions on the inside back cover of this catalog.*

BRAND INSPECTIONS

Brand inspections will be available at the yards on sale day.

HOTELS & ACCOMMODATIONS

Cottonwood Inn & Suites

1-800-321-8213

GUARANTEES

All bulls are sold as guaranteed breeders. All heifers are sold guaranteed open. Additional terms and guarantees are included in the terms and conditions at the back of the catalog.

DELIVERY

Free delivery on bulls for the first 300 miles. All other deliveries at cost. **There is a \$50 per head rebate on bulls taken home on sale day.** Any animals left for delivery will be delivered from the yards the day after the sale, or returned to the Seller's ranch to be delivered at a later date in accordance with the Seller, or picked up by the Buyer in accordance with the Seller. There will be no free delivery on heifers, arrangements need to be made or they will be delivered at cost.

ABSENTEE BIDDING

Absentee bidding may be made in confidence with any representative listed and will be handled in the strictest of confidence.

Announcements from the block take precedence over printed matter in this catalog.

Welcome to the 16th Annual Bowles J5 Reds Production Sale.

Sometimes in life we just have to slow down, and take in what is truly surrounding us, the delicate yet resilient balance that exists between all living things. Nature! Where do we really fit in, humans are both a part of and separated from the Natural world, at least most of us are. When you stop and really think of it Farmers and Ranchers are one of the only groups to truly live amongst nature. With life, death, and re-birth being such an integral part of our existence. We have a unique perspective on the world that few other people can ever know. So be thankful for the pain and the struggle to keep those family farms and ranches surviving. Everyone knows that this business has never been easy. The struggle and the perseverance of those that came before us has afforded us the opportunity to take up the mantle. To find a better way, to blaze our own trails forward, and to be the stewards we strive to be. For America!

As far as the cattle go, we are constantly striving to produce the most trouble-free herd of cows that we can. We all know that there has yet to be a perfect cow or bull, but hell that's half the fun! Maintaining an appropriate balance of traits that are of the most importance for your' marketing ability, and environment is the key to lasting success.

To start: **Calving Ease**, both **Direct** and **Maternal**, and a **“Good Mooomma”** to make calving season less stressful. Which leads to better breed back and more live calves, oh and less work!

To Continue: Having the **grow** and **eye appeal** to sell those top steers, and heifers that will top the market. Heifer's that are fertile and sound with the proper amount of femininity and muscle pattern.

To Finish: How long do you have a productive cow working in your herd? The best sustained value to your program is longevity. The value difference between an open 4 or a bred 6-year-old is tremendous.

Thank you for looking to Bowles J5 Reds to further your program.

Member FDIC. Equal Housing Lender.

CALVING SUPPLEMENTS

Last trimester and calving to breed-back interval
is the most critical time for cow nutrition.
Vitamin and mineral supplements support:

- ✓ Reduced calving problems
- ✓ Newborn calf vigor
- ✓ Improved colostrum quality
- ✓ Overall calf health
- ✓ Improved breed-back

Blo-Mos-

Fed 45-60 days prior to calving
through turnout will reduce calf
scours and improve calf health.
Available in most products.

Granular mineral -

Bio Range and Blueprint both offer
100% organic (chelated) trace
minerals for complete absorption,
with no antagonistic effects.

Crystalyx-

molasses based lick tubs
containing protein and vitamin
and mineral package.

Cake and Pellets

Bulk or Bagged

- 16%-30% Range Cake
- Calf grower pellets
- Bull developer pellets

4-H Market Animals

Showrite feeds and supplements

- Beef
- Swine
- Lamb

YOUR FORAGE SEED SOURCE:

- ✓ Alfalfa
- ✓ Grass
- ✓ Grazing Corn
- ✓ Cover Crops
- ✓ Annual Forages
- ✓ Grain and Silage Corn

Marigold has been a standout throughout the summer, and she has the cow family to back up her
more moderate thick and dense made frame. The L172 cow is foundation and is the cow family
behind Thriller C147. Sometimes the best cattle don't have the highest #s.

It's a good thing that Mom was picking cows when we started building our cowherd back in the day or we would not be nearly as successful as we have been raising outstanding cattle. This lady goes back to the Lambrecht dispersion sale and is the cow family behind Gunslinger 405 MGS of Thriller C147.

This is a ¼ sister to the lot 13 bull and is quite special in her own right. She will impart her true power into her progeny and you can look for her to bring you added thickness and muscle along with frame depth and dimension.

Yes, it is that same Rose cow family as the lot 1 heifer with a little more frame, she is destined to make a productive cow for the long term. If longevity is a priority in your program this heifer should make your list. With all of the smaller type cattle around it is important to maintain some good old-fashioned frame in your herd!

Can you say soggy anyone, anyone, are you there? Paprika is a heifer that brings together a lot of our favorite breeding. She takes the great built-in balance of our program and holds it in a very powerfully made package. If you don't feel maternal calving ease is a value to the cattle business, then you must either enjoy pulling calves or live in a barn. The less you touch them the happier they will be.

Mom and sister both have bulls in the sale. This outstanding brood cow prospect is sure to make a very solid momma cow. I made my sale sort and then went back in to torture myself just a bit and offer these Take-Your-Pick lots that are some of our top cow prospects. At least I get to bring one of the two heifers back home with me.

His dam 6020 directly stacks two of our most influential cow families in Glorylass 8137 & Lola L039, along with one of our best old cow producers in Mats Signal. You don't need to read his pedigree to realize there is greatness in this bull, just come take a look and you will see the genetic potential this Rockin 0030 bull has to offer. He really does have unmatched style and substance. Selling ¾ semen interest and full possession.

Did anyone notice that his mother is an instrumental piece of our cowherd. She is also now 13 years old and still producing. Specialist is the Old Man's pick of the bulls this year as he excels in Dad's favorite things; length and style, while having a nice level top and a nice deep build. He is a heck of a back-up plan behind lot 11, lock and load folks.

I like these Spartacus calves, and I am unsure why his epd's fell so far back. We have seen consistent performance and good growth from both years of Spartacus progeny and 0012 is out of a 106 mppa momma that is now 7 years old.

[illegible]

"Over the Mountains Of the Moon, Down the Valley of the Shadow, Ride, boldly ride," The shade replied "If you seek for Eldorado!" Edgar A. Poe
So follow your shadow to find your way to Eldorado. You may notice quite a few Warrior daughters working throughout this catalog. Get ahold of a great son of one early on. No Regrets!

[illegible]

Super long and good, he will sell as commercial, but he is full blood Red Angus.

[illegible]

This guy is really good.

This Thriller C147 son achieves both tremendous ratios and weights while also having such great eye appeal and style in what I would call a medium frame. I would put this type of calf on my heifers without a second thought he just has great calving ease shape. Think about this bulls actual production out of a cow that raises above average calves every year. We do live in the real world where we get paid on actual weights come weaning time. Theory is fine, I prefer reality.

Calving ease to me does not mean that you must have tiny calves. If you take a look at our program, even our heifers are calving out under range conditions, so maternity along with calving without help is the raw basis building block of our program. Oh yeah and they have to look good doing it too. This is a tremendous cow family backing this bull as well, fertility and longevity built in.

This Spartacus bull is out of one of my favorite Warrior daughters and his actual weight are hitting our target as well as if we planned it that way. He has a short ear and tail, but so does Big Shooter and he is doing his job just fine.

Out of a now coming 13 year old sound to the ground Lancer cow this is a really nice calving ease prospect. I think a great deal of the sire here, he has great top and length and crossed very well on to our Lancer daughters.

If you want a heifer bull with tons of style and finishing type growth this is about as good of a calf as we have to offer. He does have a bit of fire to him, and his calves should have some get up and go.

We are not shooting for 53 pound birth weight calves, but this guy had plenty of juice and put together some respectable weights at weaning and yearling.

Well you know what they say, "you can't put them all first." This Cadillac son is rock steady with a tremendous total shape. He may be a bit more of a cowboy type of bull than some other bulls in the sale. He does like it when Sydnev scratches his head though.

We decided to put Cadillac with a good jag of cows last year and I think that it really paid off for us. This is a tremendously deep sire group all the way through including in the yearling heifers, and this bull is no exception. A nice heifer bull here with a stacked pedigree.

This guy is smaller framed with exceptional width depth and length. If are wanting to build some easy fleshing well-made kind of cows you may want to take a peek at Frank D Tank 0112. He does tend to challenge you once in a while so if you want a pet this maybe isn't the bull for you.

We were lucky enough to win this bull's dam at NILE from the Brawner family and she did a very good job on her first effort. This bull in is very thick and muscled with a lot of style and good structure. We are loving what we see from the Big Shooter 8003 sire and this guy does it all in a bit smaller frame.

I like this bull very much his mother has proven herself to produce consistently thick stylish cattle with good dispositions and solid performance. If Thriller is starting to worry you about his birth weight, when you see how these cattle are made you'll understand how they push down the scales a little bit extra.

Well last April 1 was kinda nasty bud, as a matter of fact it kind of felt like second February. When the weathers turns like that in April it's good to know that maternity levels are high in you cows, and this cow is a darn good momma. He's got a tiny bit short ears because his momma and his drive saved the rest of him.

TERMS & CONDITIONS

TERMS: The terms of the sale are cash. All settlements will be made with the clerks of the sale immediately following the conclusion of the sale and before any cattle will be released.

BIDDING DISPUTES: The auctioneer in charge will settle any disputes as to bids, and his decision on such matters shall be final.

PURCHASER'S RISK: Each animal will become the risk of the purchaser as soon as sold. Any animals left in the care of the Seller after the sale shall be reasonably cared for and Buyer will be advised of any health issues that should arise while in the Seller's care.

ANNOUNCEMENTS: Changes of information contained in this catalog relating to animals offered for sale will be announced from the auction box and such announcements shall take precedence over printed material.

REGISTRATION CERTIFICATES: A certificate of registry and transfer will be furnished on all registered cattle, at the Buyer's request and after settlement has been made. Certificated will specify exact percentage of Red Angus blood as is applicable. Please be sure to inform the clerk at the time of settlement how you would like the papers transferred.

IDENTIFICATION: Each registered animal carries a readable tattoo.

BREEDING GUARANTEED: All bulls are guaranteed to be breeders and have passed a fertility and soundness exam. All heifers are guaranteed open. Any claims for refund of adjustment must be made in writing within six months of the sale **RATIO**. In the event a bull is claimed to be a non-breeder, the purchaser may return the bull to the ranch of the Seller, if in good condition and complying with the health requirements of the Seller's state. The Seller will be entitled to six months trial, following the return of the animal, in which to prove that the bull is a breeder. The Seller will be obligated to offer a suitable and comparable replacement, credit towards the purchase of another bull, or refund of the purchase price less any salvage value received by Buyer. Such replacement, credit, or refund shall in any case be deemed full satisfaction and settlement. If the Seller proves the bull to be a breeder, it shall be the obligation of the Buyer to take delivery of the animal at the Buyer's expense.

LIABILITY: Neither owners, sale managers, clerks nor anyone connected with the sale assumes responsibility, legal or otherwise, for damage of any kind.

RETAINED INTEREST: Seller reserves the right to keep a breeding interest in any bull so designated in the catalog or during the auction. In the event Seller elects to collect semen from a designated bull, it will be done at Seller's expense and during such time when purchaser is not using the bull for breeding.

IMPLIED WARRANTY: Except for those stated in the terms and conditions, there are no warranties, either expressed or implied, as to merchantability or fitness for a particular purpose with the respect to the cattle being sold in this auction. The warranties set forth in the terms and conditions are in lieu of all other warranties, either expressed or implied, and the remedies provided therein shall be the sole and exclusive remedy of the Buyer, or any party claiming through the Buyer, for any breach of warranty or guarantee therein provided and all other obligations or liabilities.

CONTRACT: The above terms and conditions shall constitute a contract between the Buyer and Seller of each animal sold.
