GENERAL INFORMATION

Sale Location: Booth's Cherry Creek Ranch, Inc., 17 miles SW of Torrington, Hwy 154 or 1 1/2 miles N and 3 W of Veteran, Wyo. Phone: 307-534-5865.

Motel Accommodations: Holiday Inn Express, Hwy 26, Torrington, WY, Phone 307-532-7600. Best Value Inn, 1548 S. Main St., Torrington, WY. Phone 307-532-7118.

Transportation: Scottsbluff Airport accommodates commuter planes from Denver International Airport. Private planes may land at the Torrington Airport.

Inspection of Cattle: Cattle may be inspected prior to sale day at the Cherry Creek Ranch.

Insurance: Terms and conditions on the back cover of this catalog. Will be available through Harding & Harding. Jiim Geis is their representative.

Terms: Cash - please settle for cattle promptly. Retaining 1/3 breeding interest on all bulls in the sale.

Health: Interstate health papers will be provided on all cattle selling.

Brand Inspection: Bulls brand inspection will be provided on cattle selling

Trucking & Delivery: We will feed and deliver the bulls until March 20, 2021 free of charge. Most likely, the bulls will be delivered the last week of March, however we cannot guarantee day of delivery. Bulls are delivered at the buyer's risk, in case of death or injury. For buyers who need to leave their bulls a little later, feed will be at cost and we ask that you make arrangements for delivery or pick them up. Bulls will be delivered free of charge up to 250 miles (up to 500 if purchase is six bulls or more) after that, we will charge at cost. There will be a \$200 discount per bull if taken sale day, or a \$100 refund if buyer picks up bull by April 1, 2021.

Liability: All persons attending this sale do so at their own risk, legal or otherwise, for their safety or the behavior of the animals. The Owner, Auction Service, or Sale Staff assume no liability for property loss or accidents that may occur.

Lunch: Complimentary lunch will be available sale day.

Sale Day Address: 2162 Road 60, Veteran, WY 82243 • **Mailing Address:** 2749 Road 60, Veteran, WY 82243
307-534-5865 • 307-532-1805 • **Emails:** boothangus@scottsbluff.net • michaelbooth34@gmail.com

CHERRY CREEK'S

PROGRESS THRU PERFORMANCE

BULL SALE

Welcome to our 49th Annual "Progress thru Performance" Bull Sale

Our family is extremely proud of this set of fall and 2 yr. old bulls.

With the complete dispersion of the spring cowherd last summer due to drought, we are relying more on our foundation cows for our ET program, and the young females of the fall herd.

Performance has always been the basis of our breeding program, while structure, fertility, functionality, and soundness is still the foundation of our cattle. It is becoming more prevalent in the Angus breed that the higher the performance, the poorer the structure. We are breeding for the exception of that rule.

We feel stronger than ever the very top end of this offering could have a large impact in the breed for not only commercial breeders, but seed stock producers as well. We are now using more of our own bulls in our AI program than ever before because of the predictability in soundness and PAP scores. Knowing full well the impact drought can have on resources, it is ever important for us to breed cattle that can produce high valued calves, and breed back at a high percentage. For the first time, our scrotal measurements will average over 40 cm in our sale. Fertility is a priority.

As you go through this catalog, you will notice how many of these bulls rank in the very top percentages of all the Angus in the breed for certain genetic traits or values. Bulls with multiple traits will provide you with more predictability in performance. It's bred in before the brand goes on. It's in their DNA!

We urge you to go to dvauction.com to view the bulls online, or stop by the ranch anytime before the sale. We value your consideration and hope to see you at the sale.

Warmest regards,
The Booths

Shawn and Diane

Michael, Lindsay, Baylie, Brylie
and Bryce

Kacey and Madison

Hoover Dam
S S Niagara Z29
Jet S S X144
Connealy Thunder
Tehama Elite Blackbird D826
Tehama Elite Blackbird Z630

Admired for his sound structure, foot quality and massive appearance. Power phenotype bull with top 5% growth that also happens to have a +14 Calving Ease EPD. Maternal pedigree backed by a program that has relentlessly pursued and been focused on maternal output coupled with end product merit. His grandsires, HOOVER DAM and Connealy Thunder are both recognized as superior female sires that consistently transmit sound foot structure and excellent teat and udder quality.

Thunderball emerged from the recent index changes at AAA as a unique genetic standout. He excels for fertility with his SC in the Top 1% and incredible \$Value performance ranking in the Top 10% for \$M, Top 4% for \$B, with over 300 \$C in the Top 2%. His dam, a favorite Logic daughter at Sitz, and productive Sitz Pride cow family create an impressive blend of genetic traits that will leave you with a sweet set of daughters for the replacement pen. Now deceased, Thunderball's availability is rare with only Sexed Female remaining. Don't miss out on this ultra-maternal Top Seller from the 2018 Sitz Bull Sale.

Summitcrest Complete 1P55

Bon View New Design 1407

C F Right Design 1802

Vision HF Blackcap 0015

Vermilion Dateline 7078

Summitcrest Elba 1M17

Summitcrest Elba 1F43

This son of Right Design had an adjusted 205 day weight of 749 pounds for a weaning ratio of 110 and sold for \$20,000 to top the 2005 Summitcrest Farms Bull Sale. Complete is the Number 8 sire for RE in the 2008 Fall NSE Report and ranks in the top 2% of proven Angus sires for MARB while offering a YEPD and an essential SC EPD in the top 4%. Dam's own production 3/111 WN and 2/113 YR (10 daughters retained @ Summitcrest) produces thick deep ribbed daughters who keep great condition and shape, structurally great feet & legs, great mothers with good temperament (be careful they are like pets!).

Quaker Hill Erianna 8T2

Proving to be the most powerful and complete son of RAMPAGE in the industry. Offers all of the proven positives of his illustrious sire with enhanced Marbling, Docility and Calving Ease. Study his progeny photos and then consider his multi-trait genetic package that ranks in the top 10% or better of the breed for 16 different EPDs or Indexes. His dam is one of the most dynamic donors in the breed today. RAMESES is a deep bodied, soft sided sire that is good structured and offers great docility.

ENFORCER was the top-selling bull in the 2019 Sunnyslope Angus sale. He was purchased by Spruce Mountain Ranch (Larkspur, CO), Baldrige Brothers (North Platte, NE), and the Conover Family (Baxter, IA), with Sunnyslope Angus retaining an interest. "ENFORCER possesses an excellent combination of birth to yearling spread and tremendous carcass numbers that are put together in a moderate, thick-made and eye-appealing package."

DRMCTR 111 Rita 6108

Treasure has passed every test and now displays over 500 progeny records for birth weight. His abilities as a proven heifer bull in tandem with elite growth and carcass quality have been solidified in some of the breed's toughest contemporary groups. Treasure sired the top selling bull in Connealy's 2018 spring sale and is a consistent sire of daughters that are feminine and broody with exceptional foot quality. He has solidified his place in the industry and is a useful tool to moderate milk without sacrificing growth.

Superior cow maker genetics with a definitive end product advantage. Offers solid calving ease potential with accelerated growth while adding marbling and red meat yield. TIMBERLINE has the look, and he has a dinner table for a straight, thick top and stout, square hip. PAP tested at over 8,000 feet. PAP score = 38.

PAP Risk Category Flow Chart

Timothy N. Holt, DVM

Lisa Herrick, Certified PAP Technician

2021

Location of Pap test: Walden, Colorado

Elevation 8,175 feet

"Booth Angus"

"Cherry Creek Angus"

PAP Risk Factor

High Elevation Test Chart

PAP test conducted at elevation >7,500 ft.

For a stay at elevation for 6 weeks

(75-90% Repeatable, Predictive Value)

PAP Score	Use at Low Elev. (<4,000 ft.)	Use at Moderate Elev. (4,000-5,000 ft.)	Use at High Elev. (5,500-7,500 ft.)	Use at Extreme Elev. (7,500 ft.)
34-41	Low Risk	Low Risk	Low Risk	Low Risk
42-44	Low Risk	Low Risk	Low Risk	Low Risk
45-49	Moderate Risk	Moderate Risk	Moderate Risk	High Risk
> 50	Moderate Risk	Moderate Risk	High Risk	High Risk

- When selecting an animal based on a PAP measurement other factors besides those listed above should be considered such as genetics or pedigree, PAP EPD's, Systolic/Diastolic pressures, breed and previous illness.
- Special consideration should be given to the amount of time the animal was exposed to elevation (>5500 ft) prior to testing. The predictability and repeatability of the PAP measurement improves with longer the exposure to higher elevation (minimum of 3 weeks is required).
- This chart is based on animals greater than 10 months of age. Testing older animals (>12 months) results in a higher predictive and repeatability measurement.
- Testing of younger animals (<10months) may result in a greater variability to the predictive and repeatability measurement.

DEFINITIONS:

- **Repeatable or Repeatability Percent:** This is a term used to give strength to a given PAP score predicting that If a retest PAP was carried out later in life then the score would be close to or within the same category as the original measurement. For example; a PAP measurement taken below 4000 feet only has a 40% repeatable percent meaning that a repeat test only has a 40% chance of staying within the same risk category as the original test.
- **Predictive Value:** This term is closely related to repeatability percent but specifically says that the original score can accurately predict what that animal will retest in a higher elevation.
- **Risk:** Defined as the likelihood of an animal developing pulmonary hypertension themselves or being at risk for having a genetic predisposition for the disease

Produced by a dam whose first four natural calves recorded an average weaning ratio of 106, his grandam has five calves with an average weaning ratio of 113, and Southern Charm descends from a line of females with quality udder structure and a high level of fertility that have a slick hair coat, good feet, ease of fleshing, and fescue tolerance. The females that produced him are very efficient cattle.

**View the Auction Live!
Bid Online... you're ringside
right at your desk!**

Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make your purchases!

High speed internet is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.

DVA Rep. Justin Dikoff (605) 290-0635 - email: jdikoff@dvauction.com
Please feel free to contact me with questions about the sale or to view the cattle for you.

With the reality that sometimes young bulls become injured during their first breeding season, we have worked to come up with a fair and reasonable way to share this risk with our bull customers.

GUARANTEE

All bulls selling for \$2,500 or more will be covered 50% by Cherry Creek Ranch if they are injured during their first breeding season. Breeding season is defined as the 90-day period following the first turn out of the bull. 50% of the value of the injured bull, minus FULL salvage value will be given as a credit. If a replacement bull is available of equal or higher quality the bull will be replaced, otherwise the credit can only be applied to the next year's bull sale. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible if an injury occurs, and prior to the injured bull being sold for salvage. All claims must be made by Sept. 1, 2022.
Example 1: A \$5,000 bull is injured and will not heal. A credit of \$2,500 minus one-half any salvage value will be given to the buyer.

Example 2: A \$2,500 bull is injured and will not heal. A credit of \$1,250 minus one-half of any salvage value will be given to the buyer.

Example 3: A \$2,400 bull is injured and will not heal. No credit is given. Buyer retains all salvage value.

Should you desire to add coverage to the guarantee by Cherry Creek Ranch, Jim Geis with American Livestock Insurance will be at the sale, please visit with him following the sale to make insurance arrangements. They offer full mortality coverage should you desire to purchase it.

ABOUT THE CATALOG

The catalog will be as complete as possible upon print date. There will be a supplement sheet offered on sale date. Scrotal measurements and actual sale day weights are provided on page 54 of the catalog. If you have any question concerning any of the bulls or anything pertaining to the sale in general, please call.

Thank you for your consideration.

Warmest regards,
Shawn Booth
