ANGUS RANCH

21st Annual Bull Sale

February 25, 2020

12:00 P.M. MT • PHILIP LIVESTOCK AUCTION, PHILIP, SOUTH DAKOTA

WWW.DEEPCREEKANGUSRANCH.COM

Dear Cattlemen,

Once again, the crew at Deep Creek Angus Ranch would like to extend a personal invitation and welcome you to our 21st Annual Bull Sale. We take this opportunity to say THANK YOU to all our past bidders and buyers. We truly believe the best product of our program is our Customers! We are proud of the cattle we raise but are PROUDER OF THE PEOPLE THAT USE THEM! We take great joy in watching your calves sell and can't express to you how proud we are of the great cattle you raise. We are extremely humbled that you have considered and chosen us to be your seed stock source. We do not take that responsibility lightly and work very hard with every calf crop to ensure that they will add value to your operations.

A Thank You to all the people that help make Deep Creek function on an everyday basis. We are family owned and operated and most everything is done with just our family labor but we also appreciate the help of good friends and neighbors. A special Thank You to Trevor Laurenz. Trevor has helped us for the past two years during calving and with bull sale prep and is a hard worker and a pleasure to be around.

We have continued to focus on raising bulls that will make you more profitable. We strive to raise bulls that are not over conditioned, structurally sound, will add pounds to your calf crop and leave you a set of females that will add value to your cowherd for years to come! When you take your calves to the sale barn or the scale its pounds that count. The 70 bulls in this offering average in the top 10 % for \$W.

Its all about the females here at Deep Creek. When studying the information in the book, pay attention to all the double generational Pathfinder cow families. When we select herd bulls or A.I. sires we like to find bulls with as many Pathfinders as possible in their pedigree. We believe that creates a more uniform and consistent producing cowherd.

We will keep the bulls free of charge and at our risk until you need them, semen test and give them their spring shots and deliver them to your ranch. Be assured that we do everything possible to ensure the success of the bulls. From the time they hit the ground till they are turned into the breeding pasture, we condition them to be successful. The bulls sell with our unconditional breeding season guarantee. If you have any trouble or problem, we will take care of it, immediately, GUARANTEED! In most cases if your bull goes down, we can have you another bull in a couple days. We are committed to making and keeping you completely satisfied and happy!

The bulls will be in Philip on Monday, February 24 and can be viewed up until sale time on Tuesday. We invite you to Philip on Monday afternoon to view the bulls and that evening for drinks and steaks at The Steakhouse on Main Street. On sale day, come early and enjoy conversation, refreshments and donuts. As always dinner is on us too. We look forward to visiting with you in the future and seeing you at the sale.

Trevor and Skya

Huntley was selected by Clear Creek Angus as the \$37,500 high selling bull in the 2016 Vermilion Ranch Fall Sale. We saw the bull sale day and knew we had to use him. Phenotypically Huntley is as long and stout as you will find. He has extra bone and excellent structural correctness and stands on a near perfect set of feet. His sons were the high selling sire group in our 2019 sale. We are calving the first daughters now and they are fantastic. Very broody females with nice udders. *Selling 7 sons.*

- Sidekick is the first son to be offered from Raven Comrade D783, our \$21,000 pick and high seller of the 2017 Raven Angus bull sale. He is very correct in his phenotype and has a nice wedge shape with a classic Angus head. Steps in his tracks on a very correct foot. Combine Sidekicks EPD profile with his power dam, the possibilities are endless.
- Sidekicks dam, Deep Creek Impress Lucy 320, has earned a spot at the top of the Deep Creek cow herd. Her Deep Creek Doc Holiday son, Deep Creek King of Spades 833, topped our 2019 sale selling for \$24,000 to Clear Creek Angus of Chinook, MT. She also sold a son in our 2017 sale to Gullickson Angus, Halliday, ND. 320 has 2 daughters working in herd that average 114 for weaning.
