Dukart Angus Ranch Internet Bull Sale

Hello Everyone,

We hope this letter finds you and your family well. We would like to say thank you to all of you for your support of our program over the years.

This years sale will be a online internet only sale hosted by Bill Pelton Livestock Marketing & Consulting at www.billpelton.com The bidding starts December 13th and Lots will start closing Wednesday, December 15th at 1pm. If you have trouble working with the internet please let us know and we would be more than happy to help you! Your trust in our program and past support means a lot to us.

JOIN US DECEMBER 4 th @ 12 PM FOR A PREVIEW OF BULLS AND LUNCH .

Our primary focus has been and will always be to produce strong maternal traits. We want cows to calve on their own and yet be a pleasure to work around. They need to be good mothers with good udders and correct sound feet. Life is more pleasurable when the cows take care of themselves.

The bulls again were roughed through the winter and summered on native prairie grass and brought back in this fall and are receiving grass/alfalfa hay.

Once again we thank you for your interest and past business and look forward to working with everyone in the future on your seedstock needs.

Sincerely

Derrick, Angie, Iris, Ian, Jude

Bull Offering

Bull Sale Preview
December 4 , 2021
At the Ranch—12 noon
Lunch and refreshments

J5 Z314 Kung Fu C74

A bull bought out of the Bowels J5 Red Angus. A calm Warrior that has muscle stacked in his pedigree and on every square inch of his body. He is quiet and athletic while having a herd bull look with style and structure and substance to back his performance figures. We are very excited for his daughters and to see what the future has in store for this bull. We have a son that we are currently using along with him as a 6yr old herd bull.

Brown Pursuit A7670

A true calving ease bull that we have used the last three years on our heifers. A true outlier in his genetic predictions that ranks in the top 10% for eight economically important traits. He will sire moderate framed, easy-keeping, nice uddered and hassle free females. Will calve in his first daughters this spring.

DR Cannon C70

Cannon goes back to our oldest cow on the ranch who was 18 years old and calved in 2021 but left the ranch due to drought reduction. We had used him as a clean up bull on a set of AI cows in 2018 and got a few calves and he has been our main herd sire the last two years . A very moderate , easy fleshing maternal bull that has built in longevity and a very quiet disposition.
