Welcome to our 2020 production sale!

We want to express our appreciation to all of our friends and customers for your support of our program throughout the years. We are very blessed to be a part of the Red Angus breed and family. We have never seen more demand for both Red Angus feeder cattle as well as replacement heifers.

We are a family owned and operated business. We have been breeding Red Angus cattle since 1991. Feddes and C-T run over 400 mother cows. We utilize extensive AI and Embryo Transfer programs to provide you with the most advanced and very best genetics possible. We manage our cattle ourselves with limited hired help, therefore we can represent our cattle from a day-to-day and hands on experience.

Our cattle run under range conditions from 4,000 feet to high mountain grass at 8,000 feet of elevation in the summer. We focus on the mother cow, without pampering the cowherd.

We use the most advanced technology available – DNA testing, carcass ultrasound evaluation, along with a strict culling program to give you, the customer, the most accurate information possible. Visual appraisal and structural soundness are critical to our selection process. We don't chase fads! We breed for "BALANCED TRAIT SELECTION" with focus on the maternal traits, many of which don't have an EPD.

Red Angus uses the BOLT system for their EPDs and this system updates weekly. The EPDs in this catalog are current as of the printing of this catalog. We will provide any updates on sale day.

Videos will be available through links on our websites: feddesredangus.com and ctredangus.com. Again, this year we will have Superior Livestock broadcasting the sale online if you are unable to be in attendance. Register to bid online or over the conference call with Superior.

We are blessed to be able to support our kids and grandkids in basketball, baseball, football and volleyball games as well as 4-H, hunting, fishing and other school and church activities. Above all we want to thank our Lord and Savior, Jesus Christ, for His amazing grace.

Blessings from the Feddes and DeBoer Families

Cooperators Keith and Brook Hickle, and sons Clay, Cole and Carson
Rocking Bar H Ranch, Auburn, WA
 Rocking Bar H Ranch will use RBH prefix on their cattle

Cooperators Ryan & Lindsey Clark, Lainey, Ryle & Harper
Clark Red Angus, Fishtail, MT
 Clark Red Angus will use CCC prefix on their cattle

Delivery Instructions _____

TERMS AND CONDITIONS

1. The terms of the sale are cash unless prior arrangements have been made.
2. Each animal will be sold to the highest bidder. The auctioneer will settle any disputes and his decision on such matters shall be final.
3. Any announcement from the block on sale day will take precedence over printed material.
4. Health certificates will be furnished for shipment anywhere in the United States.
5. Each animal becomes the buyer's risk as soon as sold. Cattle will be cared for, for a reasonable length of time at the ranch, at the buyer's risk.
6. Retained Interest: All bulls will sell half interest and full possession. The buyer receives full possession and full salvage value. The seller has the right to collect semen at the buyer's convenience, and the seller's cost. If the buyer wishes to share in the collection costs and revenues, that is his/her choice.
7. Guarantee: All bulls are guaranteed for soundness and fertility for the first breeding season. If for some reason you are not satisfied, we will arrange for a replacement bull if available. If a replacement is not available, you will receive credit at the next Feddes/C-T sale for the purchase price of the bull minus the salvage value. Injured bulls must be diagnosed by a veterinarian. Please notify us by Oct. 1 of the year of purchase, should an injury occur and prior to the bull being sold. Insurance will be available sale day. We recommend insurance on higher price bulls.
8. Everyone attending the sale does so at their own risk. Owners, clerks or other helpers do not assume responsibility, legal or otherwise, for damages of any kind.
9. Free delivery in Montana and to central points in adjoining states. Deliveries to points beyond will be at cost basis. We will help arrange deliveries to keep the cost most affordable. \$100 discount for bulls picked up sale day.
10. A certificate of registry and transfer will be furnished for each animal sold as a registered animal after settlement has been made.
11. The above terms and conditions shall constitute a contract between buyer and seller of each animal.

These cattle do sell in accordance with the Sale Terms and Conditions set forth by the Red Angus Association of America.

HOW TO PARTICIPATE AS AN ABSENTEE BUYER

1-800-422-2117

We have made preparations to bid and buy your Red Angus Cattle through Superior Productions' "Call or Click-To-Bid" service for those unable to attend in person on sale day. Please note that all of the lots in the sale will also be available for viewing online prior to sale day at www.superiorlivestock.com.

HERE'S HOW IT WORKS

Turn in Bids Over the Phone. This is our traditional method of buying livestock. To get started simply go online to www.superiorlivestock.com and click on the tab titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the registration form, fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it. You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

Click-To-Bid. This is Superior's newest way to buy cattle! Please note that high speed internet is required – this is not for dial-up or satellite internet. Registration is free, but you must become a member of www.superiorclicktobid.com to sign up. Becoming a member is easy – just go to the homepage of www.superiorclicktobid.com and follow the out-lined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved you will receive an e-mail confirming which sale you are now registered for.

Viewing the Auction. The sale will be broadcast live on the internet at www.superiorclicktobid.com – just go to the home page and select the auction. Remember, you can call in to bid over the phone when watching on the internet if you have registered for that service, but you must be a member of www.superiorclicktobid.com to "click-to-bid" and bid online. Your computer must have Flash Media Player installed to view the auction.

Bidders who are successful in making purchases will be contacted by Superior Productions after the sale to settle payment and discover your shipping plans.

SELECT OUR BULLS WITH EVEN MORE CONFIDENCE

We believe in providing our customers with the most accurate information possible. DNA profiling has advanced to the point that when added to a bull's pedigree and his own, individual data, the reliability of his EPDs increases significantly. Therefore, to better serve our customers, all of the bulls in the sale have genomic-enhanced EPDs through DNA 50K testing.

The table below shows the estimated number of progeny the DNA information adds to the reliability of the EPDs. For the growth and carcass traits, the higher reliability is equivalent to almost a complete calf crop of steer calves. For a maternal trait like Stayability, it's equivalent to getting information on at least three to four heifer calf-crops.

The genomic-enhanced EPDs are made possible through a partnership between the Red Angus Association of America and GeneSeek. Bottom line: we've made the investment so you can buy bulls from Feddes/C-T Red Angus with the highest possible confidence.

DETTE VET SUPPLY, INC

Top Dollar Angus Feeder Program

Top Dollar Angus is a genetic-certification and marketing company focused exclusively on the top 25% of the industry in carcass and growth Angus and Red Angus-influenced feeder cattle. Top Dollar Angus is a program similar to other popular branded-beef programs, except that Top Dollar Angus does its "branding" in the feeder cattle and calf market.

Qualified herds must have two or more generations of Angus (Black or Red) genetics with growth and carcass traits objectively ranking in the top 25% of the breed based on documented historical sire use. DNA evaluation, conducted by Zoetis or GeneSeek, is another workable method to qualify. Once your cattle have met the necessary requirements, they will be marketed under the Top Dollar Angus brand and logo, and will be promoted aggressively to a large number of feed yards and buyers. In today's market, Top Dollar Angus cattle are seeing premiums ranging from \$30 to \$70 per head above the average market.

Why the premium? Cattle feeders know that Top Dollar Angus cattle perform better and have higher grid-based carcass rewards compared to other cattle. This puts more dollars per head into the cattle feeder's pocket, which can be passed back to the producer in the form of premiums paid above market price.

Top Dollar Angus helps take the guess work and surprises out of growing and feeding cattle. Feed yards are tired of unpredictable performance and wide-ranging profitability results from group to group on cattle they purchase. Cattle often look the same and have the same colored hides, but are very different genetically. That's why the genetic certification of high-end Angus and Red Angus feeder cattle is here! The industry must differentiate the best Angus and Red Angus genetics from average cattle, and that's what Top Dollar Angus will do for you!

If you have consistently invested in high-performance Angus or Red Angus genetics, Top Dollar Angus will make your cattle stand out from the pack and get you the premiums you deserve. No matter how you market your cattle, our goal is to create more demand and higher prices for your calves.

Brunswick is a one-of-a-kind bull owned with Green Mountain Red Angus. He may be the bull we are all looking for. He is adding growth, muscle, marbling and ribeye to his progeny. He is sired by Feddes Silver Bow who was one of the top Redemption sons ever produced. D202's EPD profile is second to none and those numbers are proving accurate through his progeny production records. Great dispositions on these calves as well. Dam is a gorgeous Feddes Big Sky daughter.

An impressive Genex calving-ease sire. He has proved to be very consistent with BW while maintaining good performance and excellent carcass: HB top 1%, GM top 4%. We have now calved two sets of daughters and find them to be making gorgeous females with great feet, udder structure and mothering ability.

X37D was our pick of the 9 Mile Red Angus Sale in 2017. His phenotype and feet were we chose to purchase him. I don't know that I've seen a Red Angus bull with better feet anywhere. They are dark hooves with extra heel. He is adding extra muscle and eye appeal to his calves. These calves are hard not to like. We have used him naturally and through AI. His dam is LASO LEANNA BC114R who is 14 years old and still carries an MPPA of 104. She is well known for leaving some of the best females in the breed. We are excited about the future of this herd sire.

165A was our pick out of the 2014 5L sale and is a bull that we have used heavily in the past as a natural service sire. He will cover EVERY cow you put with him. He adds a lot of growth and eye appeal to his calves. They usually have a lot of early growth and just keep growing. We really like the udders on the daughters and they are making really good mama cows. There really isn't anything that 165A does wrong.

We really like the Defender calves. There is added thickness as well as carcass here. A good EPD profile with an outcross pedigree. Defender seems to be crossing well with our cowherd.

In Memory –T. Gordon Smith

June 12, 1919 – Dec. 5, 2019

Gordon liked to till the soil, see the crops grow and then receive the Lord's reward at harvest. Gordon enjoyed his cattle and going to bull sales. His calves won many awards at stock shows. Gordon attended almost every bull sale at Feddes Red Angus from the very beginning. For several years he had told us that "this would probably be his last one." But the Lord had other plans and Gordon was still in attendance at our 2019 sale at the age of 99. Gordon was unwavering in his belief in his Lord and Savior, Jesus Christ. He was always an example of faithfulness and kindness to his family and those around him.

Corinthians 5:7 –Therefore if any man be in Christ, he is a new creature; old things are passed away; behold all things have become new.

What a bull to start the sale with. Red Mark is one of those bulls you don't come across very often. He started at 71 lbs. and grew to 676 lbs. at weaning with a 103 YR and a 107 REA-R. He boasts 12 traits in the top 30% of the breed including 2% HB, 10% GM, 12% BW, 10% YW, 3% ADG & 2% STAY. His dam is a gorgeous Red Rock daughter that we can't say enough about with her near-perfect udder. His pedigree packs four generations of cows with 100 or better MPPAs. 9003 sits on a big, dark foot with extra depth of heel. Look for Red Mark calves to come easy, grow quick and have excellent carcass quality, and his daughters should pay for themselves with a STAY EPD in the top 2%!

Treadstone has done it all from the beginning with a 72 BW and growing to the heaviest weaning calf with a 125WR, 115 YR and 126 IMR-R. He boasts 13 EPDs in the top 30% including HB 1%, WW 1%, YW 1%, CW 6%, REA 7%, GM 7%, ADG 7%, MARB 8%, and STAY 9%. His dam has a 110 MPPA, MGD 102 and MGGD 102. He's backed by some serious cow power; you have to go back seven generations to find a cow in his pedigree with lower than 101 MPPA. His MGGD just had her 11th calf with a 364-day calving interval. Dam is a moderate-framed Silver Bow daughter with as close to a perfect udder as you can make one. When evaluated through Top Dollar Angus, Treadstone's average percentile ranking on the 4 EPDs that are evaluated put him in the top 7% of the entire breed. This ranking put him in the top 5% of all the Red Angus Cattle evaluated by Top Dollar Angus. This bull truly has it all!

Here's a bull that does everything. He started at 76 lbs. and grew to the second heaviest weaning weight on the ranch at 816 and a WR of 124. He continued that with a YR of 122. He has a REA-R of 125 as well. 9231 boasts 11 traits in the top 25% including 14% GM, 2% WW, 2% YW, 3% ADG, 9% HPG, 11% CEM, 2% YG & 1% REA. His dam is the best daughter we had out of the 9130 X Shooter flush. She has a very nice udder and moves out extremely well. Dam has an MPPA of 106 and MGD 102. MGD is a donor cow that just turned 11 that we continue to flush. Her progeny always seem to come out on top. This bull should add growth and carcass and leave you replacement-quality heifers with the cows behind him as well as being double-bred Big Sky and having Silver Bow in his pedigree.

This may very well be the best Seneca calf we have seen and out of a great Conquest daughter. 9089 started a 76 lbs. and exploded to an 847 WW for a 117 WR and then to a 107 YR and also a 109 REA-R. He boasts 7% HB, 17% CED, 7% WW, 13% YW, 18% CEM, 6% STAY and 7% REA. His dam has a great udder and very good feet. She just turned 9 and had her 7th calf with a calving interval of 364 days. Her average WR on those 7 calves is 111 and a 106 average YR giving her an MPPA of 109. You will be hard pressed to find a more productive cow than this Blockana cow. If his daughters are as productive as his dam and stay in the herd with a top 6% STAY EPD, then this bull could be the best investment you can make for your cowherd.

HB	GM	CED	BW	WW	YW	ADG	DMI	M	ME	HPG	CEM	ST	MARB	YG	CW	REA	FAT
217	51	13	-1.0	76	123	0.30	1.84	15	5	14	9	19	0.39	-0.02	22	0.24	0.00
2%	4%	43%	59%	2%	2%	2%	91%	97%	92%	10%	18%	11%	48%	7%	41%	11%	10%

Crossing One Of A Kind 352 with Mulberry sure seems to work. 79 lbs. BW to 739 WW and a 108 REA-R. Eleven traits in the top 18% of the breed including 2% HB, 4% GM, 2% WW, 2% YW, 2% ADG, 10% HPG, 18% CEM, 11% STAY, 7% YG, 11% REA & 10% BF. This bull does it all and puts in as much red meat as you can. Possibly the thickest bull in the sale. His dam has an MPPA of 103 with averages of WR 104 & IMF-R of 111 on 12 calves. Now that's a proven cow. 9101 will add growth and carcass without sacrificing fertility or longevity.

Here's another Brunswick son that we can't say enough about. 79 lbs. BW and grew to a WW of 753 and a WR of 114. He continued on to a 109 YR and a 113 REA-R. He packs 11 traits into the top 25% of the breed. His dam, B98, is one of our very favorite Grand Statement daughters out of a great producing New Trend 22D cow. B98 boasts an MPPA of 104 on 4 calves with a 363-calving interval. The MGD of 9255 carried an MPPA of 101 around on 10 natural calves with a calving interval of 368 days. This bull packs GROWTH, CARCASS, MATERNAL & COW POWER all into one very attractive package.

This bull does it all better than most. Here's a heifer bull deluxe. 71 lbs. BW with top 19% CED and 13% BW EPDs. As the auctioneer may very well say sale day, "They'll come shootin out of them." – thank you for all you do, Joe Goggins. He balances that calving ease with a 103 WR, 108 YR and 111REA-R. Top 5% HB, 8% GM, 11% WW, 5% YW, 3% ADG, 16% CEM, 15% STAY and 20% REA. 9045 should add growth, muscle, carcass quality and maternal traits all in one package. Don't miss out on this bull sale day.

This bull is really what we strive for here. 1% HB, 5% GM, 1% WW, 1% YW, 4% ADG, 1% HPG, 6% STAY, 23% MARB, 8% CW, 23% REA. He is top 1% for growth with added carcass merit at 5% GM. Not only that, factor in top 1% for HPG which means more of his daughters will breed first cycle on their first try as well as top 6% for STAY so more of those daughters that breed in their first cycle stay in the herd longer than 94% of the breed. Not to mention he is backed by one of the most beautiful cows on the ranch with a 102 MPPA and MGD with a 102, COW POWER! That looks like the kind of bull that can make someone money both on the scales on shipping day but also long term with the quality of the females retained as replacements.

This is one of my very favorite Seneca sons that we have this year. Seneca puts a ton of red meat in his calves and the first daughters we calved this spring had gorgeous udders and are doing a great job so far. This bull started at 77 lbs and grew to 650 then to a YR of 105. Top 4% WW, 5% YW, 11% ADG, 12% HPG and 16% REA. His dam is a gorgeous cow with a near-perfect udder that continues to hit it out of the park with a 103 MPPA. Look for 9251 to add growth, weight, carcass quality and leave you top-end replacements.

152 Red Angus Bulls

Red Angus Bulls and Females of the Big Sky!

Genesis 1:26 – Then God said, "Let Us make man in Our image, according to Our likeness; and let them rule over the fish of the sea and over the birds of the sky and over the cattle and over all the earth, and over every creeping thing that creeps on the earth."
