Open House Saturday, Dec 3rd

Prebidding Starts Dec 3rd

20th Annual Production Sale

What a difference a year makes! From drought in 2021 to bountiful grass in 2022. We continue to be thankful for all of you and for your support in our program over the years. Talk about a 180 from last year! We went from the shortest, driest and brownest grass our cattle have ever seen to grass so tall you couldn't see calves. About the time we think we have it figured out, Mother Nature gives us a good 'ol gut check and makes sure we know who's really in control.

Over the past 22 years, we have seen many changes in the cattle industry, but we have stayed true to our program by line breeding for maternal efficiency. We believe it starts with calving ease, a cow that can calve on her own, take care of her calf on her own and do her job without all the extra props and inputs. Now, more than ever, is the time to buy cattle that have the genetics that can convert grass into high quality protein and do it in an efficient and effective manner. Corn continues to go up in price and will continue to go up in price as it's being utilized in so many facets of the industry. The days of cheap corn and cheap by-products are over. In order for cattlemen to survive, we are going to need cattle that **DO MORE FOR LESS**. Our cattle are bred to survive the ups and downs from one year to the next without being pampered and babied. We have strived to put together a group of bulls that fit this bill.

This year we are offering 20 - 18th month old, 100% forage developed bulls. These bulls went through the worst drought of our lifetime in 2021. Brown, dried up grass, poor quality hay and then the spring blizzards of 2022 have proven that they have what it takes to thrive in most any environment. They have survived and thrived with whatever Mother Nature has thrown at them and they did it with no added inputs. This prepares them to work harder for you and do it without being pampered. They have been selected for fleshing ability, low birth weight, performance, soundness, disposition and maternal efficiency. This year, they went to grass May 21st and were brought home on September 26th. They are currently being fed oat & pea hay. We believe in letting them grow at a natural pace and don't believe in propping them up to be something they are not.

Once again, we have decided to hold our sale in an online setting. Be sure to check out our website at www.feiringcattleco.com and visit our sale page where you can find links to videos of the bulls and enter the auction site to register and bid on this year's sale. You can also view sale details at www.billpelton.com.

We believe in raising good, honest, hardworking cattle that will do their job in converting grass into muscle and protein. The bulls are again priced the same this year to let you, the customers, decide which bulls will work best for your operation! We welcome you to stop in and look at the bulls anytime. They are here by the house for ease of viewing. We believe they have something to offer your operation and most importantly do it by making your operation more profitable. Visitors are always welcome. Thank you again for your continued support.

Sincerely,

Donnie, Trish, Harley & Taylor

Home 701.872.5888 or Donnie's Cell 701.228.4622

OPEN HOUSE: This year's production sale will be hosted ONLINE ONLY at www.billpelton.com with an open house for viewing the bulls on Saturday, Dec 3rd from 11:00-2:00 MT. Please come join us for lunch.

ONLINE AUCTION: You may bid anytime, anywhere and, on any device, (smart phone, tablet, personal computer) starting December 3rd. The final bidding will start at 1pm MST Monday, December 5th. You must register to bid at www.billpelton.com. The auction will be held online-only in a "click-to-bid" format. Contact Pelton Livestock before the sale with any questions. Education, support and teaching bidders how the auction works is available over the phone and online by Pelton Livestock.

AUTO EXTEND TIME: 60 seconds left on the item, a bid is placed, countdown timer will reset to 60 seconds. Extended bidding means that the LOT is not declared closed until there has been 60 seconds of inactivity on the LOT. All lots will close in lot item sale order.

BULL VIDEOS and CATALOG: Bull Videos and Digital Catalog may be viewed on our website and at www.billpelton.com

HERD HEALTH: Health and brand papers will be furnished. The bulls have been fertility tested by Dr. AJ Domek, Wibaux, MT.

DELIVERY: Free delivery on the bulls will be provided within 300 miles of Feiring Cattle Company. Arrangements will be made for any bulls sold outside the 300 miles radius of the ranch. We are once again offering a \$250/bull forage discount off the purchase price of each bull when purchased and picked up/delivered before December 20th weather permitting. The \$250 per bull discount will not be available after December 20th. In addition, we are offering a \$75 hauling discount if you pick your purchase up before December 20th.

VIEWING THE ANIMALS: Come join us for lunch at the Open House viewing on Saturday, Dec 3rd from 11:00-2:00 MT. The bulls can also be viewed prior to sale day at the ranch 12 miles north of Beach. Give Donnie or Trish a call to set up a time at 701.872.5888.

FOR QUESTIONS REGARDING REGISTERING OR BIDDING ONLINE: via electronic mail to info@billpelton.com or by contacting Darci Pelton Sachdeva at 406.794.3174 or Bill Pelton at 406. 671.5100.

INVOICING AND PAYMENT: By bidding on a lot item, you are agreeing to purchase the lot item if you should win. All winning bidders will receive invoices immediately following the close of sale. Invoices will be sent via electronic mail (when a working address is provided). Payment for purchases is due prior to removal or delivery of purchases unless prior arrangements have been made. Payments to be made directly to Donnie & Trisha Feiring.

INSURANCE: Purchases may be insured by contacting Pelton Livestock at 406.671.5100 or via electronic mail to info@billpelton.com.

Bull #	Base Price	Birth Date	Sire	Dam (Dam's Sire x Maternal Grandsire)	Birth Wt.	Adj. 205 Day Wt	Dam's Udder Score	Dam's Body Condition at Calving
