Welcome Cattlemen and Women,

Welcome to Gray's Angus "2nd Century" Performance Bull Sale. We value your interest in our program and we strive to offer you, our customers, good, sound breeding bulls that have the best genetics to enhance your herd and profitability. We've been raising Registered Angus for 7 Generations now and have witnessed a lot that has gone on in the beef industry. Still the fact remains that it takes a solid foundational cow herd to raise the right bulls to get the job done. And it isn't just keeping sound and having the drive to breed and settle cows, but also passing on the best possible genetics for production and sustainability. Our goal as Seed Stock Breeders is to select the best of our bull crop each year to offer you, our customers, the top of the line genetics, proven in real life circumstances. Whether it's fertility in settling females, or live calves being born and raised through to the packing plant, or longevity in your cow herd and bull battery, it's all important. We all have found that though EPD's and all the latest technology has it's place, it's still just a tool and what REALLY happens at calving, out there on the range, in the feedlot, or on the rail, is the true test. We've been involved in it all for 123 years and going strong, using our experience and knowledge, combined with real life facts and records, we are proud to present to you this year's set of bulls for our Bull Sale. These bulls have pulled through the 2nd driest in 127 years in Sioux County with flying colors and are ready to add to your cow herd's gene pool a combination of balance and performance brought together through years of record keeping and real life experience. Our thanks and gratitude go out to family that have gone before us helping this all happen and to our customers for supporting us.

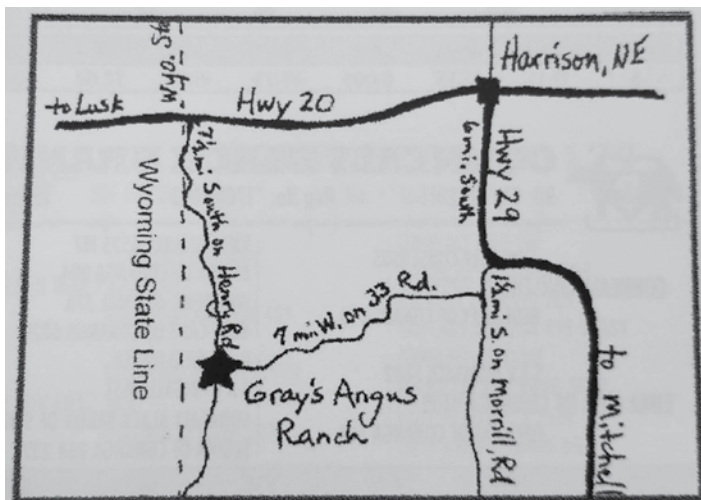

Our best to you in selecting this year's bulls for your program and we will gladly help out in any way we can.

Sincerely,

Rod Gray Family
