Welcome to 2023 Hilltop Angus Ranch annual production sale. Thank you to our loyal customers and friends for continuing to trust in our breeding program. We continue to strive to raise and produce beef cattle that will help our customers reach their goals in the sale ring and in the replacement pen. We set high standards and try to achieve them; we want our customers to receive the fruits of our labor.

We are excited for this year's sale. We worked hard to bring this offering for your consideration. We try hard to raise the best Angus Cattle and to provide you with a solid product that will bring profitability to our valued customers. We avoid fads and stick with the cattle that have been proven from generation to generation. We put our focus on the cowherd and know that they must provide the best fertility, longevity, and fleshing ability. We run in rough country, so the cows must hold up and raise strong calves.

The Hilltop Angus Sale 2023 will feature sons of Hoffman Rally 9919. Oh boy, what can we say- Rally-Rally he's our man!!! No pun intended. Come take a look at him. He's a massive, beautiful, photogenic bull with all the makings of a top-notch sire. Guess what, his feet are PERFECT! Then we feature GDAR Lockdown, SAV Constitution, SAV Roosevelt, and SRS Stunner, they are all sound, fertile, efficient and fault free bulls. They will leave the kind of cattle to produce in the tough years.

We would also like to **Thank** the following individuals. It truly takes a village and without them this would not be possible. Mike and Mardi Vanek/ M&M cattle services for clipping the bulls. The Crew at Horizon Vet - Dr. Greg Carlson, Dr. Ashley Knox. Schmitt Livestock. Bjorn, and Angie Flategraf, who provide Mondays amazing meal. Joan Carter Gill for the meal on Tuesday. Linda Gluth for the Pies that are always a hit! Kellie Davis for cleaning. The crew at Farmers State Bank for all they do. Ron and Randi Frye and Ron Frye Marketing thank you!! Gerri at Ballyhoo Printing and her crew. Brady Johnson and Axmen for meeting our feed needs. Kate Loose and Seven Diamond Photography for the pictures. Bo Bevis with Northern for the videos. And of course, all the crew that works in the back sale day. We appreciate everything you do to make the sale run smoothly.

We would like to give a special thank you to Hould Feedlot. They fed the bulls this year and again have surpassed our expectations for quality care. Thanks to Bruce, Linda and Lance

Thank you for coming to the sale. Please enjoy the offering we have brought you. If we can be of any help to answer questions or show the bulls prior to sale day, please give us a call. We would love to show you both the Bulls and Replacement Heifers.

Thanks

The Poser Family.

Please Join us Monday at 4 pm for a pre-sale meal prepared by Bjorn and Angie Flategraf

Sale Day, Tuesday April 11, sale at 1pm, Lunch at 11:30. See you there.

Bids

Bids can be phoned in to our publication representatives
or auctioneer.

Terms and Conditions

All registered cattle sell fully guaranteed under the standard
terms and conditions of the American Angus Association.
Announcements Sale Day take precedence over all printed
material.

Delivery

Free delivery in Montana. Beyond at cost. Commercial
heifers will be delivered at cost. \$100 discount per load
picked up sale day.

Genomic Enhanced EPDs

EPDs are current as of March 10, 2023.
Updated EPDs available at www.Angus.org
All bulls have been DNA tested.
See page 23 for further information.

Retained Interest

selling 100% Semen interest and possession on all bulls
unless otherwise noted.

Sale Order

We will start the sale off with the replacement heifers (see
page 23 for more info) followed by the bulls in lot order.

Inspection of Cattle

All cattle can be inspected at any time prior to the sale
at Edwards Feedlot in Denton, MT. Contact Cory Poser to
inspect cattle at anytime.

Health

All cattle are vaccinated with or for: 8-Way, Blackleg,
IBR, PI3, BVD, treated for grubs. Fertility tested, scrotal
measured and carcass ultrasound measured.

First Year Breeding Guarantee

The bull mortality and loss of use insurance which we
offered in years past is no longer available. For this reason,
we are now offering a first year breeding guarantee. We
hope this breeding guarantee is a suitable replacement.

All bulls selling for \$3000 or more will be covered 50%
by Hilltop Angus Ranch if they are injured during their first
breeding season. Breeding season is defined as the 90-day
period following the first turnout of the bulls.

50% of the value of the injured bull will be given as credit
in a future sale or towards a replacement bull if one is
available. Salvage value, if any, will be split equally between
Hilltop Angus Ranch and the buyer. All injured bulls must
be diagnosed by a veterinarian. Please notify us as soon
as possible should injury occur and prior to the injured
bull being sold for salvage. All claims must be made by
September 1, 2023.

Sight Unseen Purchase Guarantee

Buyers unable to attend the sale may call or send bids to
Cory, Gary, Ron, any of the sale representatives or Northern.
Let us know your bull needs and your budget range. We'll
bid on and purchase the best cattle possible per your
specifications. When they walk off our trailer at your ranch,
if you aren't satisfied, load 'em back up.

Online Bidding

Online bidding options as well as
bull videos are available through
Northern Livestock. See page 2 for
more information.

Please Bring This Catalog With You Sale Day

Welcome to the Hilltop Angus Bull Sale

On top of what has been an extremely tough winter, weather wise our favorite Hilltop ranch wife Tammy had a mishap while bringing a cow to the corral during calving, resulting in a broken ankle. The good news is Tammy had surgery and will make a full recovery. Apparently, Cory was either in Malta helping video bulls or coyote hunting. Cory claims he was hunting during the drive up and back but we have not been able to get a good handle on just what he was doing. But at least Tammy has Cory to take care of her during her recovery! That might just be one of those reality T.V. shows in the making.

Now onto the bull sale. The Poser family is very excited about this offering of bulls. This exciting crop of bulls is made up of new and proven sires that have been customer favorites.

It's no stretch to say that the bulls sold in this sale will sire the highest priced calves the commercial industry has ever seen. The demand for feeder calves will be tremendous and the search for top quality females will most likely set new industry highs.

As a commercial rancher we know you have many options when purchasing your seedstock for your cow herd. Rest assured that when you choose Hilltop Angus genetics you are getting cattle with a reputation from a decades old program. One that is all about raising Angus bulls 24 hours a day, 7 days a week and 365 days a year.

Their strong passion for genetics and customer relations has made this program what it is today. I hope you all will be able to attend this exciting event. If I can be of any help as you prepare for this sale, please feel free to contact me.

Ron Frye

Call. Text. Email.

Bid through Northern Livestock Video Auction's NEW Online Bidding Platform!

Desktop

1. It is best to use the Google Chrome web browser.
2. **Pre-Register at least one day prior to the sale.**
3. Go to **bid.northernlivestockvideo.com** and click "Get Approved to Bid".
4. Doing this will prompt you to create an account, after which you will fill out a bidder approval application.
5. Once Approved, an email will be sent to the email account provided, please click the link in that email to activate your account and a buyer number will be provided.
6. On sale day (after approval), visit **www.northernlivestockvideo.com** to view and bid!

Mobile

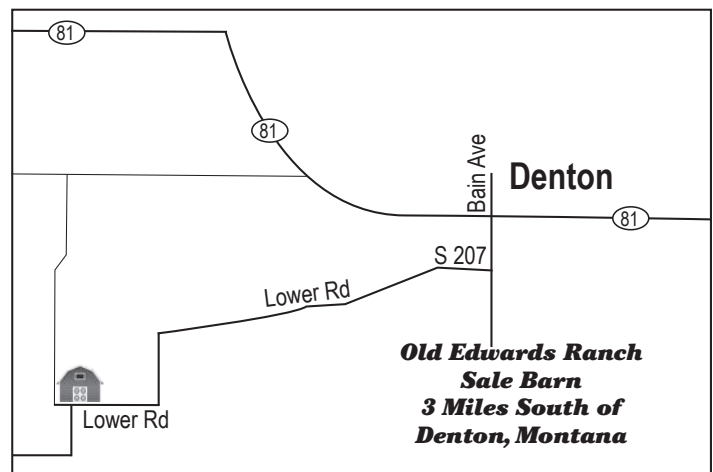

Use your mobile device to download the Northern Livestock Auction App and follow the above steps to get approved. *There is an instructional video on how to register to bid on our website www.northernlivestockvideo.com*

Phone Bidding

Anyone wanting to use the Northern Livestock phone bank to bid must pre-register and have a bid number to bid on the phone. **To register with NLVA call 866-616-5035 Before Sale Day.**
Northern's Sale Day Bid Line: **1-406-245-0889**

View the Online CATALOG and VIDEO CLIP of each BULL selling at www.northernlivestockvideo.com
Successful bidders making purchases will be contacted following the sale for payment and delivery arrangements.

For technical assistance with Internet Viewing and Bidding Questions, call Sam Fraser 406-860-0590.

Rally is a true performance bull with massive dimension, length, volume and loaded with muscle from front to back. He impresses from every angle. Rally is a big boned, super sound and athletic bull with large scrotal and ideal feet. His calves are following in the same pattern and have instantly shown Rally to be one of the greatest breeding bulls we have ever used. Rally completes his resume being backed by a top producing dam with longevity and a famous cow family.

Constitution is a proven calving ease sire for us. His calves are moderate, easy fleshing, and as thick and heavily muscled as you could make them. His first daughters are really coming into production now and they are amazing! They are perfect uddered with perfect teat size and tremendous mothers.

Roosevelt is bred similar to Constitution and is throwing the same phenotypically sound, functional and correct calves. He stamps them with a look. Roosevelt is easily the best footed mature bull we have seen in years. The females should be outstanding. Roosevelt's bull calf crop was the top gaining sire group on test this year.

Recognition is a moderate, heavy muscled calving ease sire with balance, both phenotypically and on paper. Really nice set of calves that were all out of first calf heifers.

Selling 130 Replacement Heifers

Selling 130 Montana kind replacement heifers. These heifers come from two of the very top ranches in Central Montana. The Keill and Ward ranches are reputation, high quality programs and even better people. These heifers know how to work for a living and are sound, fertile, and efficient! They are ready to breed and are the kind to build a future with.

Heifers will sell first in the sale

534K is 100 percent the type and kind of bull we strive to produce. He has our look as much as any bull in the sale. He balances up so well and is thick topped, heavy quartered, and good fronted with style and extra look. 0587 is a super nice young cow and a favorite on the ranch because of her perfect udder and feet.

Like all of our Lockdowns, 633K is sound, fault free, and the type of cattle that we all should strive to produce. Pathfinder dam 0858 is a terrific cow that was produced from the ET program. 176 is one of our best donor cows and is the dam of Hilltop Capstone featured at ST Genetics and Carter Cattle.

A little younger bull with explosive growth. Pathfinder dam. Heifer bull. Top 1% scrotal, 35% marbling, 25% \$W.

Maternal Weaned Calf Value (\$M), an index expressed in dollars per head, predicts profitability differences in progeny due to genetics from conception to weaning. Increased selection pressure on SM aims to decrease overall mature cow size and improve foot structure and fertility while maintaining weaning weights consistent with today's production.

Weaned Calf Value (\$W), an index expressed in dollars per head, provides the expected difference in future progeny preweaning performance from birth to weaning. Over time, increased selection pressure on \$W will increase pre-weaning growth through additional weaning weight and maternal milk with expenses adjustment for mature size and maternal milk.

Selling 100% semen interest and possession. Retaining in herd semen use. 607 is special, He is long, clean, great fronted, and sound yet has muscle, thickness and performance. He is bred for maternal yet he has an EPD package and phenotype that are at the very top of the breed. Few bulls can match the balance of his EPD profile. 2153 His Pathfinder donor dam is a herdbull producer including the \$25,000 Hilltop Natural 4207 to Leadore Angus in our 2018 and the lot 1 bull in last years sale. 2153 is a Pathfinder and donor and her dam 2670 is a Pathfinder and past donor. Top 3% \$M, 4% \$W, 10% \$C.

The sire of 547K was the top performing bull of the 2019 calf crop. Unfortunately he was injured before the sale, we were able to use him and get a few calves. Solid cows in this pedigree. Top 15% claw, 1% \$M, 25% \$W.

Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs).

GE-EPDs have become the industry standard for herd improvement, building on decades of science-backed genetic evaluation tools originated and maintained through the American Angus Association®, home to the largest and ever-growing single-breed beef cattle database.

EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs

Better characterization of genetics for difficult-to-measure performance traits (such as carcass traits, maternal traits and feed efficiency)

The ability to make more rapid progress for traits that are important to you, due to:

- more accurate selection
- easier identification of genetic outliers
- the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they had recorded 10-36 calves, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation.

Trait	Progeny Equivalent	Trait	Progeny Equivalent
Calving Ease Direct	26	Heifer Pregnancy	17
Birth Weight	23	Calving Ease Maternal	20
Weaning Weight	27	Milk	36
Yearling Weight	23	Mature Weight	15
Dry Matter Intake	12	Mature Height	9
Scrotal Circumference	15	Carcass Weight	15
Docility	12	Yearling Height	17
Claw Set	10	Carcass Marbling	11
Foot Angle	10	Carcass Ribeye	17
		Carcass Fat	14

How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo, Angus GS™ powered by partner Neogen GeneSeek or the HD50k by partner Zoetis. These images indicate animals for which low-density or high-density genomic testing has been conducted and incorporated by AGI into GE-EPDs

This exciting young sire is the future of our program!

Rally came to us from Hoffman Ranch in Nebraska through their 2021 sale. He has easily exceeded our expectations.

Rally is a true performance bull with massive dimension, length, volume and loaded with muscle from front to back. He impresses from every angle.

Rally is a big boned, super sound and athletic bull with large scrotal and ideal feet. His calves are following in the same pattern and have instantly shown Rally to be one of the greatest breeding bulls we have ever used.

Semen Available!

Rally completes his resume being backed by a top producing dam with longevity and a famous cow family.

28 outstanding sons will be featured in our April 11, 2023 sale!
