Terms - Cash

All cattle will sell under the current terms and conditions of the American Angus Association.

Liability

All persons who attend the sale do so at their own risk. Hinman Angus LLC, Dave & Yvonne Hinman, William & Heidi Luloff assume no liability, legal or otherwise, for any accidents which may occur.

Trucking

Free delivery on bulls to CENTRAL POINTS (stockyards, etc) within 1000 miles, or the nearest Canadian border, on purchases of \$4000 or more. We will refund \$50 per bull on any bulls picked up sale day or within the next three days after the sale.

Bids

Sight unseen satisfaction guarantee. Call Dave or Billy prior to sale day to discuss your requirements; that will help us purchase the bulls you need.

Volume Discount

A 10% discount will be given on 10 or more bulls purchased by, transferred and delivered to one buyer, when purchase price is \$4000 or more.

Retained Interest

Hinman Angus is retaining 1/3 semen revenue-sharing interest in each individual bull in the sale, unless otherwise announced from the block. Natural use and salvage value belong to the buyer.

Tuesday

37th Annual
Bull Sale

April 2, 2024

At the Ranch 10 miles
east of Malta, Montana

1:00 pm
MDT

Sale Order

We will start with Lot 1 and sell in Lot order.

EPDs

EPDs are current as of February 29, 2024.

View updated EPDs at www.Angus.org

Cattle Available For Viewing

The cattle are fed at Hould Feedlot southwest of Malta and can be seen there anytime until the weekend before the sale, at which time they are moved to the ranch.

Calving Ease Explanation

⊕ - Recommended for Cows

⊕⊕ - Moderate Calving Ease, recommended for use mostly on cows

⊕⊕⊕ - Superior Calving ease, should work well with most heifers

⊕⊕⊕⊕ - Excellent calving ease, use on heifers

Herd Health

We have an excellent whole herd health program with the help of Dr. Rick Levesque. All bulls have been tested for BVD and have had two shots of Fusogard.

Fertility & Ultrasound

Bulls will be evaluated and scrotal measured by Dr. Brock Aiton DVM mid March. Scrotal measurements will be available on Hinman Angus website and at the sale. Bulls were ultrasound scanned by Sonja Gregory on February 13.

First Year Breeding Season Guarantee

Bulls are guaranteed to be sound and healthy breeders, with a first breeding season guarantee. Breeding season is defined as the first 90 days following the first turn out. All bulls selling for \$4000 or more will be given 50% of the value of the injured bull, minus salvage value. Credit will be given in a future sale or towards a replacement bull if one is available. All injured bulls must be diagnosed by a veterinarian and information sent to us. Please notify us as soon as possible should an injury occur and prior to the injured bull being sold for salvage.

All claims must be filed with us by September 1, 2024.

AM, NH, CA, M1, DD and OH Guarantee

All sale bulls are pedigree free or have been tested free of all known genetic defects.

VIEWING THE AUCTION

The auction will be broadcast online at **Bid.SuperiorLivestock.com** and the pre-recorded videos will also be hosted there prior to and on sale day. You do not need an account or login just to watch the auction.

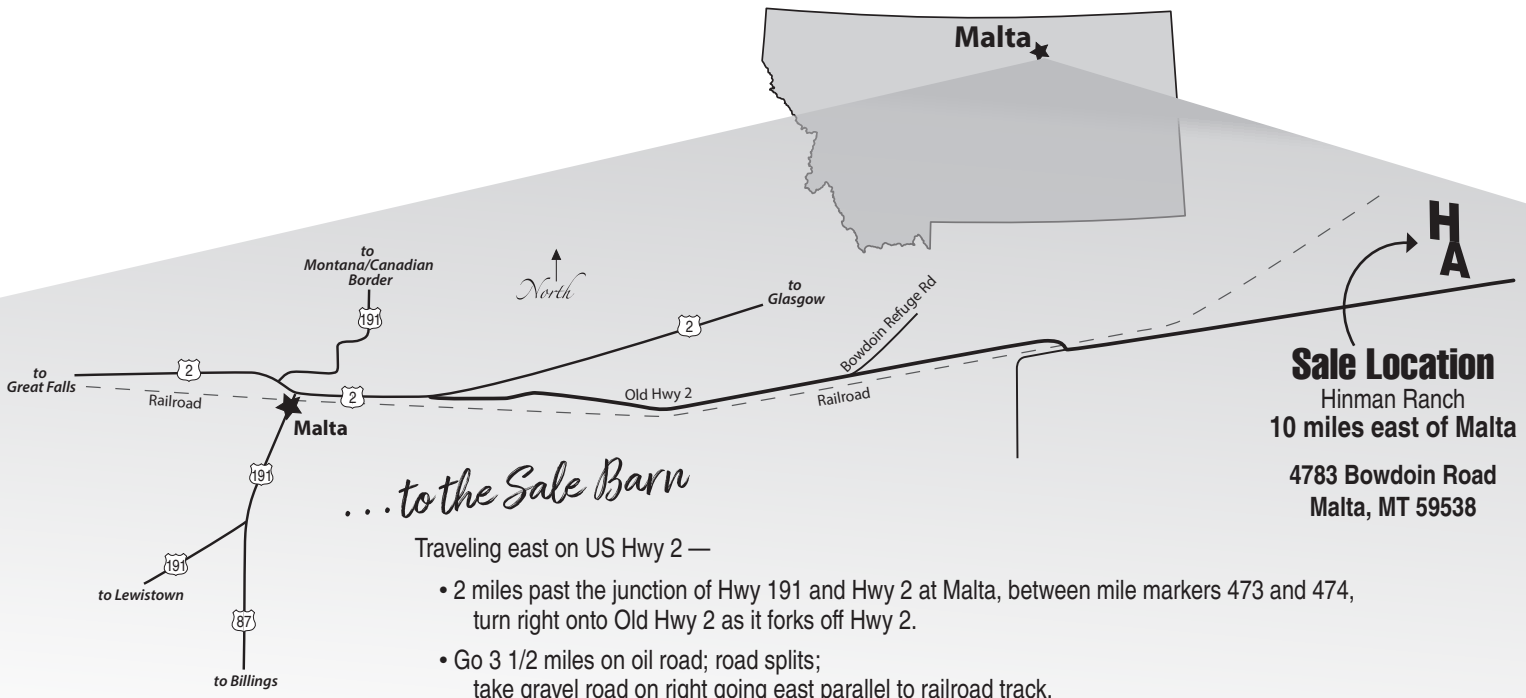

ONLINE BIDDING

Go to Bid.SuperiorLivestock.com for Superior's new online bidding platform. If you have not registered there before you will need to create an account if you wish to bid (there is no registration required just to watch the auction). Once you have created an account, request a buyer number and you will then be able to bid online with the largest and most trusted cattle marketing entity in North America. Superior's new platform allows you to see both the live stream of the auction AND the pre-recorded videos on one screen at the same time!

TURN IN BIDS OVER THE PHONE

This is Superior's suggested bidding method for anybody who does not have consistent, high-speed internet. You still must register an account at **Bid.SuperiorLivestock.com** and request a buyer number and upon doing so you will see the bid line phone number. Just watch the auction online and call in at least 2 lots ahead of the lot you are looking to bid on.

**FOR HELP WITH REGISTRATION OR ANY PART OF THE BIDDING PROCESS
PLEASE CALL SUPERIOR AT (800) 422-2117**

... to the Sale Barn

Traveling east on US Hwy 2 —

- 2 miles past the junction of Hwy 191 and Hwy 2 at Malta, between mile markers 473 and 474, turn right onto Old Hwy 2 as it forks off Hwy 2.
- Go 3 1/2 miles on oil road; road splits; take gravel road on right going east parallel to railroad track.
- Go 1 1/2 miles, cross the railroad tracks, immediately turn left still going east.
- Go 3 more miles.
Sale Barn is the green building on the left; turn in at the Hinman Angus Sign.

Top of the day to you!

We are looking forward to seeing all our friends and getting to meet new ones at the sale.

We had a year that started off very well with lots of rain. The grass became about as good as it gets, and then things went the other direction. We had no rain from the 10th of June until October. July got very hot, and the grasshoppers arrived and had a field day. Long story short, our weaning weights, along with everyone else in our area, were down from 50 to 100 pounds of a normal year.

We are in an exciting time in the cattle cycle. All classes of cattle seem to be selling at all-time highs. It would look like we should see this fall's run of calves at record highs. The good part is that beef demand is high worldwide and looks to continue in that direction.

We are really excited with this year's bulls. We have some new sire groups that look very promising. There are substantial numbers to let you see the consistency of pattern and performance, to help make your buying decisions easier and insure that you get what you want. We strive to bring you bulls with a good balance of calving ease, growth, carcass and maternal traits. There is a good selection of both heifer bulls and cow bulls.

As always, we provide all the information we can to help you in your selections. Every bull has been DNA tested, parentage tested, performance tested, fertility tested, scrotal measured, BVD tested, has had two foot-rot vaccinations, and has been ultra-sounded for carcass merit.

We want to thank Bruce, Linda, Lance and the entire crew at the Hould feedlot for their excellent job of feeding and developing the bulls.

We would like to invite you to the presale day. Come Monday afternoon to preview the bulls and we will have a beef dinner that evening. Billy, Ty and myself will all be available to visit with you about your bull needs.

The entire family at Hinman Angus wants to thank all of you who have purchased bulls from us, many of you for a long period of time, and for letting us be a part of your success in the cattle business. The exceptional results that many of you have shared with us, only makes us want to work even harder in breeding the next generation of bulls.

Thanks again and hope to see you at the sale.

Dave

075 combines tremendous base width and muscle with exceptional substance, rib shape, and length of body. With his well-balanced high profile number portfolio, along with his dam's outstanding record and good udder, we knew we wanted to use him. We really like our Black sire group. His progeny are very consistent in phenotype, along with outstanding performance.

HA Cowboy Up 5405 was the right bull at the right time with his terrific body mass and exceptional performance from birth to yearling. Cowboy Up sons and daughters have shown the same body mass and have exhibited exceptional fleshing ability time after time. Cowboy Up daughters have shown exceptional fertility at HA along with bringing in some of our very best calves time after time. We have received reports from all over, such as our good friend James Coffee of Illinois. He called to let us know that 8 of his top 15 bull calves were out of HA Cowboy Up 5405 daughters. Cowboy Up sons have been in demand by astute cattlemen as they have seen many benefits of his progeny in a multitude of economic traits.

Very active breeding bull in the pasture. Sound structure, long, wide and deep with very good feet.

Welcome to the Hinman Angus Bull Sale!

Last year, Hinman Angus celebrated 50 years, and this year marks their 51st anniversary, representing a proud historic milestone and an exciting future ahead. This year's offering unveils a fresh perspective for the HA brand. Proudly featuring sires like Man In Black, Sitz Incentive, and Hoffman Thedford, leading the way in an A.I./E.T. line that stands as one of the finest offerings ever presented by the Hinman and Lulloff families.

Back by popular demand are sires such as Sitz Resilient, Hoffman High Road, HA Scale Boss, (the home-raised son of the legendary Marcy Scale Crusher), HA Cowboy Kind and the standout SAV America, further enrich the lineup. Hinman Angus is renowned for acquiring or breeding exceptional cleanup bulls, and the progeny they produce should not be overlooked on sale day.

These are truly exciting times in the beef cattle business, with record calf prices and robust demand for cull cows and bulls, sparking much-needed enthusiasm within the industry. It's an opportune moment to invest in seedstock that positions you to thrive in this dynamic market.

The HA brand carries significant weight not only at weaning time but also in attracting potential buyers for your calves, who recognize the history and passion behind the HA prefix and their offspring. While they experienced great success selling seedstock online, there's nothing quite like experiencing the sale in person at Hinman Angus. You'll be captivated by both the quality of the cattle and the warm hospitality extended to all attendees.

Come witness firsthand the potential herd sires that will shape your future. We sincerely hope you can join us in person at the Hinman Angus Sale. You won't be disappointed.

If you have any inquiries about the offerings or require assistance on sale day, please don't hesitate to give me a call.

Warmest regards,

MARKETING

DAM 2 WR 109									

L527 is a stand out Man In Black son out of a daughter of the herd bull producing 3839 cow. Dam's record is 2@109 WR, 2@ 106 YR. The granddam 3839 was purchased by Jason Hoffman and John Patterson. With performance at the high end and locked in maternal strength at its best, along with strong balance in all areas, this bull looks to be a bull that can contribute in many ways.

Flush Brothers

Lots 2 - 5

These 4 flush brothers are flawless in their design, as well as having strong performance. The dam, 3358, is a moderate frame, well balance, easy fleshing cow that is still in production at 11 years of age. These four bulls have ease of calving, maternal at its best, along with the ability to sire calves that will work well at the feedlot, while yielding high quality carcass at harvest time. These four bulls will sire balance at its best. I like all four of them.

Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs).

GE-EPDs have become the industry standard for herd improvement, building on decades of science-backed genetic evaluation tools originated and maintained through the American Angus Association, home to the largest and ever-growing single-breed beef cattle database.

EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs

Better characterization of genetics for difficult-to-measure performance traits (such as carcass traits, maternal traits and feed efficiency)

The ability to make more rapid progress for traits that are important to you, due to:

- more accurate selection
- easier identification of genetic outliers
- the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they have recorded an average of 15 progeny, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation.

TRAIT	PROGENY EQUIVALENT	TRAIT	PROGENY EQUIVALENT
Calving Ease Direct	25	Pulmonary Arterial Pressure	17
Calving Ease Maternal	19	Hair Shed Score	8
Birth Weight	23	Heifer Pregnancy	17
Weaning Weight	27	Maternal Milk	35
Yearling Weight	22	Mature Weight	14
Yearling Height	15	Mature Height	9
Dry Matter Intake	11	Carcass Weight	14
Scrotal Circumference	13	Marbling Score	10
Docility	11	Ribeye Area	16
Foot Claw Set	13	Backfat Thickness	13
Foot Angle	13		

How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo, Angus GS™ powered by partner Neogen or the HD50k by partner Zoetis. These images indicate animals for which genomic testing has been conducted and incorporated by AGI into GE-EPDs

HA Ever Lady 1575

Flush Brothers

Lots 9 - 11

Picture perfect in his make up, along with strong performance ability. The dam of Lots 9, 10, 11 has been a standout in our program for a long time. There are several sons working in purebred programs, along with many sons in top notch commercial ranches across the country. These bulls have the ability to sire sons and daughters that will contribute at the top level of production. Herd bulls in the making!!

DAM 3 WR 108 We have liked this bull from the start. Heifer bull, herd bull, with tons of growth. Long, wide based, big hipped bull. Balanced in all areas. The maternal grand sire of the dam is a son of the herd bull producing 3839 cow. Add in the 3303 and 3358 cows, and you have three of our best donor cows lined up in a top of the line maternal and performance package.

DAM 4 WR 101 Long, wide topped, moderate cow bull.

We had a year that started off very well with lots of rain. The grass became about as good as it gets, and then things went the other direction. We had no rain from the 10th of June until October. July got very hot, and the grasshoppers arrived and had a field day. Long story short, our weaning weights, along with everyone else in our area, were down from 50 to 100 pounds of a normal year.

TACKLE EVERY DAY WITH FULL FORCE

Your task list is full. Thankfully, so are Case IH Farmall® utility C series tractors – full of comfort, features and power to handle anything you throw at them. Designed with their weight distributed in six different locations, these versatile tractors push, pull and lift more. The powerful 4-cylinder, 3.4-liter engine is electronically controlled, turbocharged and after-cooled for quick throttle response. Plus, the emissions system does not require DEF (diesel particulate filter) – reducing time loss and fuel waste on regeneration. And with improved cab comfort, these deluxe tractors are more than ready to do their part to make long days a lot more productive.

To learn more about Case IH Farmall utility C series tractors, contact us today!

**PYRAMID[®]
+ PRESPONSE[®] SQ**

RELENTLESS PROTECTION

**PUT GREAT IN,
GET GREAT OUT.**

On a beef operation, risk is everywhere. And calf health is everything. Invest in your herd's future by using a calf vaccine as premier as your calves: Pyramid[®] + Presponse[®] SQ. It's proven by recent research to defend against the primary viruses and bacteria that lead to bovine respiratory disease — like BVDV Type 1b, BRSV and *Mannheimia haemolytica* — even in the face of maternal antibodies.
