Terms - Cash

All cattle will sell under the current terms and conditions of the American Angus Association.

Liability

All persons who attend the sale do so at their own risk. Hinman Angus LLC, Dave & Yvonne Hinman, William & Heidi Luloff assume no liability, legal or otherwise, for any accidents which may occur.

Trucking

Free delivery on bulls to CENTRAL POINTS (stockyards, etc) within 1000 miles, or the nearest Canadian border, on purchases of \$4000 or more. We will refund \$50 per bull on any bulls picked up sale day or within the next three days after the sale.

Bids

Sight unseen satisfaction guarantee. Call Dave or Billy prior to sale day to discuss your requirements; that will help us purchase the bulls you need.

Volume Discount

A 10% discount will be given on 10 or more bulls purchased by, transferred and delivered to one buyer.

Retained Interest

Hinman Angus is retaining 1/3 semen revenue-sharing interest in each individual bull in the sale, unless otherwise announced from the block. Natural use and salvage value belong to the buyer.

Tuesday

April 6, 2021

*At the Ranch 10 miles
east of Malta, Montana*

*34th Annual
Bull Sale*

**1:00 pm
MDT**

Sale Order

We will start with Lot 1 and sell in Lot order.

EPDs

EPDs are current as of March 5, 2021. Updated EPDs at www.Angus.org

Cattle Available For Viewing

The cattle are fed at Hould Feedlot southwest of Malta and can be seen there anytime until the weekend before the sale, at which time they are moved to the ranch.

Calving Ease Explanation

✱ - Recommended for Cows

✱✱ - Moderate Calving Ease, recommended for use mostly on cows

✱✱✱ - Superior Calving ease, should work well with most heifers

✱✱✱✱ - Excellent calving ease, use on first calf heifers

Herd Health

We have an excellent whole herd health program with the help of Dr. Rick Levesque. All bulls have been tested for BVD and have had 2 shots of Fusogard.

Fertility & Ultrasound

Bulls were semen evaluated and scrotal measured by Dr. Roger Baxter DVM on February 8 and scanned by Sonja Gregory on February 15.

First Year Breeding Season Guarantee

Bulls are guaranteed to be sound and healthy breeders, with a first breeding season guarantee. Breeding season is defined as the first 90 days following the first turn out. All bulls selling for \$3000 or more will be given 50% of the value of the injured bull, minus any salvage value. Credit will be given in a future sale or towards a replacement bull if one is available. All injured bulls must be diagnosed by a veterinarian and information sent to us. Please notify us as soon as possible should an injury occur and prior to the injured bull being sold for salvage. All claims must be filed with us by September 1, 2021.

AM, NH, CA, M1, DD and OH Guarantee

All sale bulls are pedigree free or have been tested free of all known genetic defects.

HOW TO PARTICIPATE AS AN ABSENTEE BUYER WITH SUPERIOR

We have made preparations to bid and buy livestock through Superior Productions' "Call or Click-To-Bid" service for those unable to attend in person on sale day.

Please note that all of the lots in the sale will also be available for viewing online prior to sale day at www.superiorlivestock.com

HERE'S HOW IT WORKS

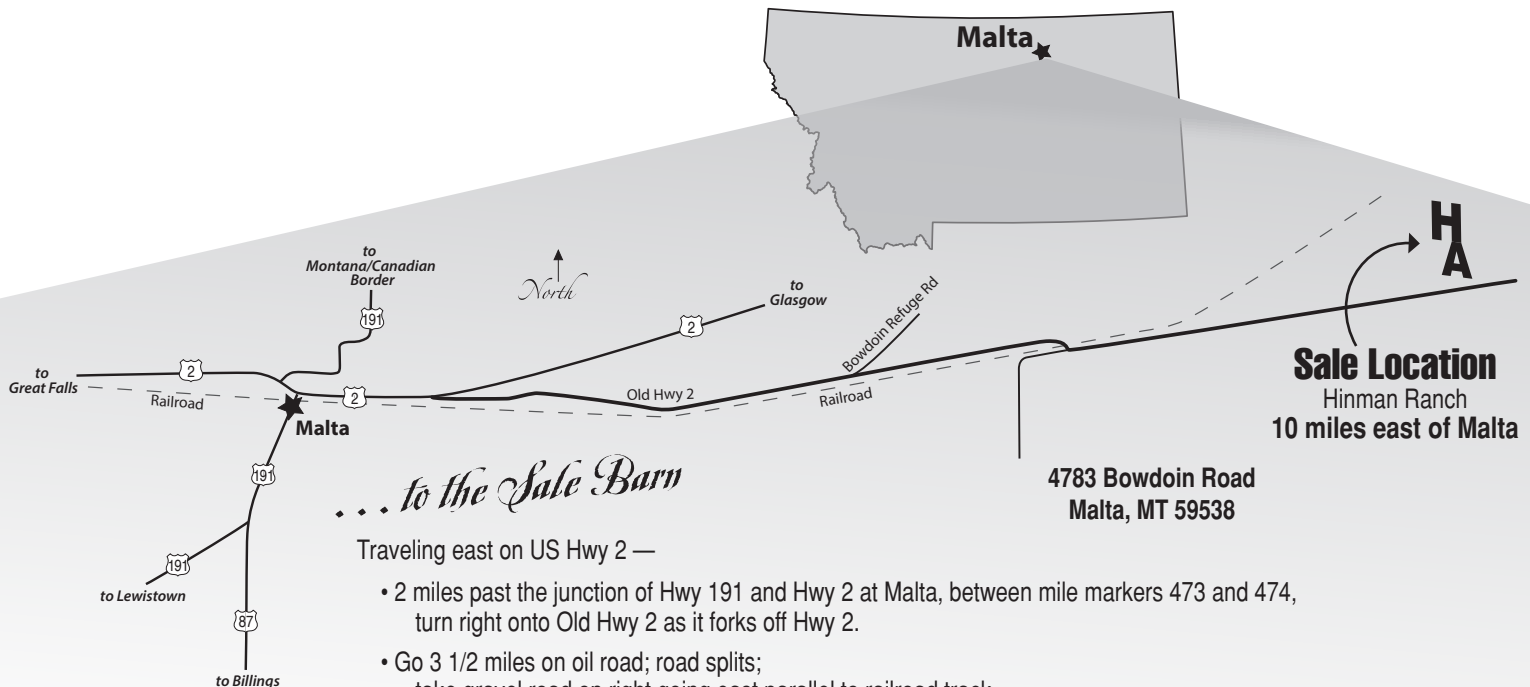

Turn in Bids Over the Phone. This is our traditional method of buying livestock and is the suggested process for anyone who does not have consistent, high-speed internet. To get started simply go online to www.superiorlivestock.com and click on the tab titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the registration form. Fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it. You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

Click-To-Bid. This is Superior's online bidding program for cattle buying. Please note that high speed internet is required – this is not for dial-up or satellite internet. Registration is free, but you must become a member of www.superiorclicktobid.com to sign up. Becoming a member is easy – just go to the homepage of www.superiorclicktobid.com and follow the out-lined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved by the ranch you will receive an e-mail confirming which sale you are now registered for.

Viewing the Auction. The sale will be broadcast via satellite on Dish Network channel 997. Please note that there is a delay if you are watching the auction on television so be sure to call in a couple lots ahead of the lot you are interested in bidding on. The sale will also be broadcast live on the internet at both www.superiorlivestock.com and www.superiorclicktobid.com. The video feed on the homepage of www.superiorlivestock.com looks the same as the video feed on TV and can be watched over a smartphone or tablet. Remember you can call in to bid whether watching on the TV or on the internet, but you must be a member of www.superiorclicktobid.com to "click-to-bid".

Buyers will be contacted by the ranch after the sale for payment and delivery details.

IF YOU NEED ANY ASSISTANCE CALL SUPERIOR AT (800) 422-2117

... to the Sale Barn

Traveling east on US Hwy 2 —

- 2 miles past the junction of Hwy 191 and Hwy 2 at Malta, between mile markers 473 and 474, turn right onto Old Hwy 2 as it forks off Hwy 2.
- Go 3 1/2 miles on oil road; road splits; take gravel road on right going east parallel to railroad track.
- Go 1 1/2 miles, cross the railroad tracks, immediately turn left still going east.
- Go 3 more miles.
Sale Barn is the green building on the left; turn in at the Hinman Angus Sign.

Dear Friends,

We have all been through the unknown of the Covid-19 pandemic together and we are glad, as you are, to see a turn in the road to the upside. The key word is together we will prevail. We welcome you all to our annual bull sale and look forward to the time we can spend together. It is always a great learning experience to visit with folks from here and all over the country.

I would like to add a few thoughts on our philosophy of breeding cattle. We insist on heavy weaning, feedlot gain and yearling performance, along with the right calving ease. We do not have to have the highest numbered cattle, we just like them to be as good as they can be in all areas. With a balanced trait selection, we feel what you get will breed truer to where you want to be time after time. We also believe in cow families that are generations deep in top end maternal lineage. Bulls that are the wide topped, deep sided, long bodied kind, with a performance look, are what we want. We all still sell pounds!!

As always, we provide all the information we can to help in your selections. Every bull has been DNA tested, parentage tested, performance tested, fertility tested, scrotal measured, BVD tested, has had two foot rot vaccinations and has been ultra-sounded for carcass merit.

Our thanks to Bruce, Linda, Lance and the entire crew for their usual good job for feeding and caring for the bulls. The bulls will be at the feedlot until the Saturday before the sale, when they will be moved to the ranch. If you are unable to attend the sale, it will be on Superior Broadcast Live and on TV Dish Network Channel 997.

We appreciate all who have bought from our program over the years, and we seriously take our responsibility as a breeder with humility and the desire to get better each year. We stand behind the bulls 100% and look forward to working with all our repeat customers as well as being excited to build new relationships.

We look forward to seeing you at the sale!

Sincerely,

Dave & Yvonne,
Billy & Heidi

Dave and Yvonne

Heidi and Billy

YOU'VE DONE THE WORK.

Get paid for it.

Get paid for the **records**.

Get paid for **quality** genetics.

Get paid for the power of **Angus**.

In 2020, AngusLink calves
earned an average
PREMIUM of \$9.93/cwt.

AngusLinkSM combines USDA Process
Verified Programs with a Genetic Merit
Scorecard that gives buyers confidence
in your calves. From age and source
verification to cattle care and handling,
you choose which programs make the most
sense for your operation.

Call us at 816-383-5100 to sign up or

ANGUSLINKSM
VALUE ADDED PROGRAMS

Pre-Sale Gathering
April 5 • Monday Afternoon 5:30
at the Sale Barn

Join us to preview the bulls, guest speaker at 5:30, followed by dinner

Join us for a pre-dinner discussion with American Angus Association's Ginette Gottswiller, Director of Verification Services. There is value in value-added programs. Last year enrolled calves averaged more than \$10/cwt. Make plans to learn about the options that AngusLink and the Genetic Merit Scorecard can offer to producers who are buying top-quality genetics.

guest speaker
**Ginette
Gottswiller**

*American Angus Association
Director of Verification Services*

Ginette Gottswiller grew up on a diversified farming operation in Northwest Missouri where her family farms and manages commercial Angus cattle. She currently serves the as the Director of Verification Services for the American Angus Association headquartered in Saint Joseph, Missouri.

She has served in many capacities during her tenure with the Association, but most significantly, she has led the Commercial Programs Department since 2011. In today's changing marketplace, she works in conjunction with staff, regional managers and registered Angus breeders to provide commercial cattlemen the tools needed for success in communicating the value of record keeping, marketing and proper cattle identification. The Commercial Programs Department oversees the promotion and daily operations of the AngusLink Process Verified Program, Custom Cattle Tags website and the Angus Black Book mobile application.

www.RonFryeMarketing.com

Welcome to The Annual Hinman Angus Bull Sale.

Ron Frye Marketing believes that bull buying is an essential part of any cattle operation. The genetics purchased each year are the building blocks for future generations of your cow herd. We are proud to be a part of this sale and the influence they have on their customers' programs through the years. We would hope that our knowledge of this sale offering would be beneficial to your quest of building a superior cow calf operation.

We are available to talk with you anytime and answer any questions you have about the cattle or the program. We look forward to assisting you and learning about your needs. Call us prior to the sale for any of your bull buying needs. If you are unable to attend the sale and need help purchasing bull(s) we would be happy to assist you in any way possible.

Thank you for your interest. Please come say hello to Randy or I on sale day.

All the best,

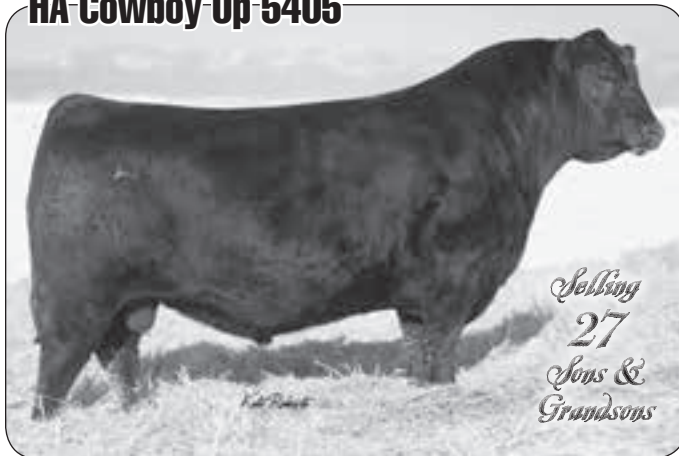

Ron Frye

Reference Sires

HA Cowboy Up 5405

HA Cowboy Up 5405 was the right bull at the right time with his terrific body mass and exceptional performance from birth to yearling. Cowboy Up sons and daughters have shown that same body mass and have exhibited exceptional fleshing ability time after time. We have bred three years of daughters that would include around 75 pregnancies and have only had one open female. That is exciting to see that kind of fertility and the daughters are ratioing 101. We will see a long lasting influence at HA of Cowboy Up progeny. Cowboy Up sons will sire extra pounds at weaning and in the feedlot.

Prime Cut 4493 was the high selling bull in our 2015 sale going to U2 Ranch in Canada. Prime Cut sires an attractive look in both his sons and his daughters, along with strong performance and carcass ability. Prime Cut daughters are making excellent cows with very good udders and strong fleshing ability as well as a good temperament. Prime Cut's influence will have a lasting effect at Hinman Angus.

.54	.77	.64	.56	.62	.27	.35	.42	.42	.41

Owned by Hollow Top Angus, Hinman Angus

Cow Man is a maternal brother to HA Cowboy Up and was one of our top selling bulls in our 2018 bull sale. You can use Cow Man and Cow Man sons on your heifers with confidence. Cow Man sires thick made, deep sided, wide topped, clean sheath, smooth made bulls and moderate framed feminine females.

H-A Image Maker-0415

Image Maker has been a standout from day one. He was the high selling bull in the 2001 Performance Breeders Bull Sale; his EPDs were BW +2.8, WW +34, Milk 28, YW 54. Since that time his progeny have excelled him to his present numbers with high accuracy as one of the best spread bulls in the industry.

Image Maker has been used very successfully in large heifer projects all across the county. He sires extra length of body, with heavy weaning weights and extra feedlot growth along with outstanding daughters that have exceptional fertility with good udders and are very easy to be around.

0415 is homozygous for tenderness markers and homozygous SNP 530, an additional indicator of tenderness. 0415 is among the top 1% of the bulls in the breed for WW. Image Maker daughters are truly foundation females that have the unique ability to work with a wide variety of pedigrees.

Image Maker sons have also been used in many herds across the country with the same consistent results as their sire.

0415 is in the top 1% for \$W index. As you go through the catalog, you will notice many Image Maker daughters who, with their steady production of superior progeny, have made a major impact on our cowherd.

Image Maker died at home on the ranch in June 2013. His tremendous influence will live on for many generations at HA, as well as on farms and ranches, in both registered and commercial herds across our great country. He truly is **A Bull that will Keep You in the Cow Business!**

Owned by Hinman Angus, Hollow Top Angus

Two is siring moderate birth, wide topped sons, and angular, attractive made females. Owned with Hollow Top Angus where they Pap Tested him at 6000 foot elevation and he scored a very good 35. Outside Two daughters are making awesome cows with excellent udder structure and very good mothering ability. Easy fleshing bull that is doing everything well.

Flush Brothers

Lots 1 & 2

The Confidence Plus cattle have excelled in calving ease, growth, maternal and carcass ability. HA Blackcap Lady 1602, dam of HA Cowboy Up 5405, has also left outstanding progeny from many different sires. Lot 1 is a high performance, all around good bull and Lot 2 shows very strong carcass traits along with strong balance in all areas. Clean made, very structurally correct bulls. We are very excited about the possibilities that these two bulls warrant.

DAM **5 WR 107** Full brothers sell as lot numbers 7, 8, 83. Heavy weaning, high gaining, big ribeye bull. Wide topped, deep sided individual and structurally very correct. The first heifer to calf this year is a full sister to Lot 4 and she looks like she will be one of our best. All four of the flush brothers have the same long bodied, wide topped, strong performance look.

HA Rito Lady 3839

Pathfinder Donor Dam of
HA Value Added 7578 and
Lots 23 - 25, 117 and 118

HA Value Added 7578

HA Value Added 7578 was our second high selling bull in 2018. The Value Added calves have terrific feedlot growth, along with heavy weaning weights. We calved our first Value Added daughters this year and they look to be top of the line. Excellent udder structure with ample milk and exceptional mothering ability. All around benefit in all areas of economic importance.

Owned by Hoffman Ranch, 3210 Angus,
Hinman Angus, Leased to Genex

DAM 5 WR 107 The sire to this bull, HA Prime Cut 4493, has worked very well in our herd and herds all over the country, leaving both high performing sons and daughters. Lot 5's dam has produced many herd bulls that have worked at the top wherever they have been used. This is a bull that I really think has strong potential to be a rock star wherever he goes. High performance, big scrotal, heavy muscled bull loaded with maternal power.

DAM **5 WR 107** Moderate birth, good performing bull with exceptional structural soundness. Will sire easy fleshing ability with strong growth and maternal traits.

HA Cowboy Up 5405 was the right bull at the right time with his terrific body mass and exceptional performance from birth to yearling. Cowboy Up sons and daughters have shown that same body mass and have exhibited exceptional fleshing ability time after time. We have bred three years of daughters that would include around 75 pregnancies and have only had one open female. That is exciting to see that kind of fertility and the daughters are ratioing 101. We will see a long lasting influence at HA of Cowboy Up progeny. Cowboy Up sons will sire extra pounds at weaning and in the feedlot.

**Reference
Dam**

Pathfinder Donor Dam of Lots 23 - 25, 117 and 118
and HA Value Added 7578

Flush Brothers

Lots 23 - 25

Their dam, HA Rito Lady 3839, is also the dam of HA Value Added 7578. We sold her in our 2018 female sale to Hoffman Ranch and 3210 Angus for \$30,000. They just sold 10 sons in the Hoffman Ranch Sale for \$480,500. Now that is awesome! Congratulations to them on a job well done! These three bulls have that extra growth performance, excellent carcass scan and strong heifer pregnancy numbers, along with extra strong structural balance. Very cool bulls that I like a lot. Cow making ability on both sides of the pedigree at its best. Herd bulls that will sire high performing, balanced trait, moderate birth progeny that can do everything very well.

DAM 2 WR 100 Flush brother is Lot 43.

I really like the Scale Crusher calves. They have excelled wherever they have been used. George Marcy will tell you they have become some of their very best cows. Scale Crusher progeny have been the talk of the 2021 spring bull sale season. Semen is extremely limited! This could be your greatest opportunity to add Scale Crusher genetics to your program! Lot 39 is a very clean smooth made bull, loaded with muscle shape and very long body length. Strong weaning and feedlot performance. Immaculate feet and leg structure. This bull will sire high performance bulls and high yielding feeder calves, along with an extremely strong maternal lineage.

We would like to reserve 100 units of semen on this individual to use in the HA program.

Balanced Power at its Best!

Marcys Erica 337

Full Sister to Marcys Scale Crusher

DAM 2 WR 100 Flush brother to Lot 39. High performance heifer bull with good carcass traits and strong maternal.

HA Cow Man 7939

HA Cow Man 7939 is a maternal brother to HA Cowboy Up and was one of our top selling bulls in our 2018 bull sale. You can use Cow Man and Cow Man sons on your heifers with confidence. Cow Man sires thick made, deep sided, wide topped, clean sheath, smooth made bulls and moderate framed feminine females.

DAM 5 WR 107 Flush brothers: Lots 148, 150, 188 Another maternal brother to HA Cowboy Kind 8157. Heavy weaning with 4.2 lb gain on feed test. Strong carcass scan on both IMF and Ribeye area. Cow bull that will sire extra pounds where it matters. His dam, granddam and great granddam are all Pathfinder cows. Hard to line them up, that excel in so many areas in one package. Wide topped, deep sided, long bodied, easy to look at kind of bull. This will be one good bugger!

Ella Jane Michael, VA with her HA heifer

Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs).

GE-EPDs have become the industry standard for herd improvement, building on decades of science-backed genetic evaluation tools originated and maintained through the American Angus Association®, home to the largest and ever-growing single-breed beef cattle database.

EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs

Better characterization of genetics for difficult-to-measure performance traits (such as carcass traits, maternal traits and feed efficiency)

The ability to make more rapid progress for traits that are important to you, due to:

- more accurate selection
- easier identification of genetic outliers
- the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they had recorded 10-36 calves, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation.

Trait	Progeny Equivalent	Trait	Progeny Equivalent
Calving Ease Direct	26	Heifer Pregnancy	17
Birth Weight	23	Calving Ease Maternal	20
Weaning Weight	27	Milk	36
Yearling Weight	23	Mature Weight	15
Dry Matter Intake	12	Mature Height	9
Scrotal Circumference	15	Carcass Weight	15
Docility	12	Yearling Height	17
Claw Set	10	Carcass Marbling	11
Foot Angle	10	Carcass Ribeye	17
		Carcass Fat	14

How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo, Angus GS™ powered by partner Neogen GeneSeek or the HD50k by partner Zoetis. These images indicate animals for which low-density or high-density genomic testing has been conducted and incorporated by AGI into GE-EPDs

Cattle First.

BVD VIRUS TYPE 1B IS ON THE RISE.

Bovine viral diarrhea (BVD) infection can disintegrate herd productivity. And if you're using a vaccine, like BOVI-SHIELD GOLD®, that isn't labeled for the most prevalent strain, your cattle could be at risk. Play it safe. Choose the only vaccines specifically labeled to protect against Type 1b: Express® FP and Pyramid® + Presponse® SQ. Know more at BVDTracker.com.

¹ Data on file, Boehringer Ingelheim and BVDTracker.com. Data collected November 1, 2018 through November 1, 2019.
² Ridpath JF, Lovell G, Neill JD, et al. Change in predominance of bovine viral diarrhea virus subgenotypes among samples submitted to a diagnostic laboratory over a 20-year time span. *J Vet Diagn Invest* 2011;23(2):185-193.
