We would like to welcome everyone to our 2026 annual production sale. This is our third online only sale using Bill Pelton as host. We feel that this venue fits our operation with the reduced cattle numbers. We hope that you are able to join us for the closing on March 28, 2026.

This year we are offering open heifers only. This is definitely a deviation from the norm of the last 50 years to not offer bulls. We were presented with an opportunity to merchandise the bull calves we had retained along with more bred cows this fall and we took advantage of that opportunity.

We have added a guest consignor to the sale this year as we invited Bar JR Gelbvieh to consign five open heifers as well. These cattle should complement our sale offering.

Every heifer in the sale has been parent verified to both Sire and Dam and has current genomic enhanced EPDs listed. All animals have been tested for polled and black animals have been tested for color. We always welcome more data on our cattle but are mindful that the cattle have to work in our environment and be profitable to keep us in business. In turn we can supply genetics to you that will keep you in business.

We continue to marvel at the adaptability of the Gelbvieh cow and how she can raise an awesome calf and rebreed under our extreme conditions. When researching the Dams of this sale offering, time and time again we see every offspring has been kept as either a bull or a replacement heifer. When she's a good one, she stays in the herd and keeps producing.

The heifers are here at the ranch and we encourage you to visit if possible. There are pictures, videos and all the data on line at www.kickinghorseranch.com and www.BillPelton.com.

As always, we appreciate the continual support of our repeat buyers and encourage new buyers to contact us with any questions.

Sincerely,
Jim & Kathy

HOW THIS SALE CLOSE WORKS

The Kicking Horse Ranch online auction will close with horse race style bidding or extended bidding. This means that when the online auction event comes to its scheduled end time there will be 5 more minutes of extended bidding. If bidding continues the sale will stay open until there is a 5-minute stretch with no bidding on any lot. Once there is a full 5 minutes with no bidding on any lot, the whole event will close.

This auction is scheduled to close at 1pm on March 28th.

• Example 1: The auction closes at 1pm and goes into extended bidding. If there are no bids on any lot between 1pm and 1:05pm. The whole sale is declared closed at 1:05pm.

• Example 2: The Auction is scheduled to close at 1pm and goes into extended bidding. There is a bid on a lot at 1:02pm. Every lot remains open to bids. If there are no bids on any lot by 1:07, the whole sale is declared closed at 1:07pm.

• Example 3: The Auction is scheduled to close at 1pm and goes into extended bidding. There is a bid on a lot at 1:02pm. Every lot remains open to bids. Another bid is placed at 1:06. Every lot remains open. Another bid is placed at 1:10. Every lot remains open. If there are no bids on any lot by 1:15, the whole auction is declared closed at 1:15pm.

You may use the maximum bidding feature throughout the extended bidding. A maximum bid will automatically increase your bid when someone else bids on this lot up to your set maximum.

If you are the highest bidder, or want to be, and the auction is coming to a close keep an eye on your Watchlist. During the bidding process you will not need to refresh your page to ensure you are viewing the most current bidding activity. The auction platform auto-refreshes the page, and the bidding is in real time.

Bar JR Gelbvieh

JR

Hill Quarter Horses

Bar JR Gelbvieh is a family run ranch rooted in the belief that great cattle come from **Mama's milk & God's grass**. Our program focuses on producing functional, maternal females with balanced EPDs, structural integrity, and the quiet dispositions that thrive in real world ranch conditions. We emphasize cows that breed back reliably, raise heavy calves, and stay productive for years, because longevity & maternal strength are the foundation of legacy ranches.

We meticulously select every mating to balance and enhance EPDs, strengthen maternal traits, udder quality, and efficiency without sacrificing growth, muscle, or phenotype. Performance predictability matters here—our cattle are developed to express their genetics honestly on grass. Our low stress philosophy includes April–May pasture calving, fence line weaning, and BQA certified handling and vaccinations.

The five yearling heifers offered in this sale represent the heart of our program: sound, easy keeping, maternally driven females backed by generations of proven cow families. Thank you for your interest in Bar JR Gelbvieh, we breed cattle that work for a living and make ranching simpler, not harder. We hope you will love them like we do.
