Welcome to the Koenig Ranch 12th Annual Production Sale!

Thank you for your support and interest. Our Registered Red Angus herd represents 24 years of selection for performance and production on proven genetics born and raised outside the corral - not in a feed yard. Range raised, naturally matured on the tough range conditions of the Missouri Breaks, using only natural minerals and supplement when needed. It takes the right kind to thrive. We bring the best to you fit, fertile and ready for breeding. For more information, please call one of us or the stockyards.

Sincerely,
Arley & Francis Koenig

Position your ranch to thrive with Red Angus-sired calves.

Red Angus bulls unlock premiums by siring calves with a market advantage that buyers appreciate both in the feedlot and the replacement heifer pen. Plus, the Feeder Calf Certification Program yellow tag adds another layer of price advantage through genetic, age and source verification. Thrive on sale day with Red Angus.

Ranch Tested. Rancher Trusted.

Red Angus
RedAngus.org

Bulls from the top 1/3 of the crop.

All cattle do well in a feed yard, where most bulls are raised. KRP bulls are developed on native pasture and natural mineral. We started our ration of 5 lbs. 30% pea cake along with long-stem hay January 1. Health & fertility exam performed prior to sale. Guaranteed breeders. Our home-raised sires breed 40+ cows, natural service (NS), yearly.

\$50 REBATE on BULLS TAKEN HOME SALE DAY!

Zoe, our hero.

May is Brain Cancer Awareness Month and Francis's Granddaughter Zoe, 13, has some advice for the rest of us:

"Stop your whining!"

June 10, 2020, Zoe was diagnosed with DIPG, a rare and inoperable type of brain tumor.

We hope awareness will help bring a cure to heal this beautiful child – and all those with DIPG.

Thanks again for your support.

See you next year!
