Welcome to our 2023 Production Sale!

It is crazy to believe another year has lapsed and we are in the middle of the chaos that is bull sale prep! The Klain Simmental Ranch is proud to be a family operation. There is something special about having us all in the barn, talking about genetics and evaluating the upcoming sale offerings. It is some of the best family time! Yes, even when conversations get heated.

The foundation of KSR is our females. These ladies prove to us every year through the stress, environment, and weather that they will perform. Years of studying the genetics and phenotype of our cattle has brought us to offer cattle that can be adaptable and compatible with any operation. Whether you have a commercial operation in the Badlands and are looking to add pounds to your calves or have a registered herd in the Valley looking for new, yet proven genetics, we have cattle to fit your needs.

This year's sale is no exception to the standard we have set. We are offering over 80 lots of cattle that can fit into any program and help you accomplish any goals. Need a herd sire, a heifer bull, or are looking to build upon your females? We have a lot for you!

One thing that stays constant year to year is our gratitude toward the relationships with our customers which have all turned into friendships. We think that our customers are some of the best in the business and would love for you to stop by! All sale lots will be available for viewing at our open house Saturday, January 28, and Sunday, January 29 from 11 a.m. to 4 p.m. Food and refreshments will be provided and we promise you won't want to miss out on Darcy's Knoephla soup! As always, feel free to reach out at any time, we would love to help you accomplish your production goals. We truly value your time and interest in our program!

Where to start on this outstanding MainLine son? Lot 1 is all power, thickness, and width. He is big-bodied and strong-backed, all while standing on a good substance of bone. His EPDs go to show how much this bull can grow, as will his progeny. We also brought him to the North Star Classic show in Valley City where he was the Champion Sim-Influenced bull. He has been our Main Man through bull sale prep and can be yours during breeding season!
