THE BUD & BERNIE KOUPAL FAMILY

WELCOME to the annual Koupal Angus production sale. We are very excited about this year's offering. The hay crop was a little on the short side this year, but we were blessed to be able to provide enough feed.

We have really stepped up concentrating on the maternal cow. It is becoming more evident that the extreme cattle are a challenge to make functional-working females out of in the real world. Raising beef herds is very similar to crop farming, if you do not have the resources (water, fertilizer, heat units) to raise it you may strike out. To be profitable in any enterprise, it is about the bottom dollar. It is not about whose corn field yielded the best or whose calves were the heaviest, but what did you have left when the dust settled? I have always believed that if you take care of the cow herd, they will take care of you.

The bulls selling are coming from four different herds with different management systems. Many of the bull have been 50k tested. This is just a tool, as we believe nothing beats hard data done over generations. We all have the same philosophy of what makes a good cow: fertility, feet, udder and productivity.

This year we will be offering a real sale feature; a Pick of the 2022 heifer calves. We have also added a select set of heifer calves that are the best we have sold.

If you have any questions on any part of our program, please give us a call. The videos will be up on DVAuction.com later in January. This is another tool or resource to help you in your decision making.

Dobry den (Czech for Good Day), and hope to visit with you soon.

SALE BOOKS AND SALE DAY ORDER:

All bulls are listed according to sire groups. Sale order will be available sale day.

BUYERS UNABLE TO ATTEND THE SALE:

Koupals B&B Angus will be using DV Auction via the internet. If you have DSL (fast speed internet), you will be able to log on and watch the sale and bid. You will need to register a couple of days before the sale. Just go to www.dvauction.com. We recommend watching a different sale ahead of time. We think this will be especially nice if you have been here to look at the bulls ahead of time and are unable to make the sale. Koupals will still have a telephone for bidding for your convenience.

TRANSPORTATION: Upon request, we will provide transportation from the Sioux Falls airport for anyone flying in. Private planes may land at the Wagner Municipal airport. We will pick you up, just call.

SALE LOCATION ADDRESS:

40050 303rd St. Dante, SD 57329

ACCOMMODATIONS: The following motels are located in the Wagner area for your convenience. The Ft Randall Inn, Pickstown, SD (605) 487-7801 or the Lakeside Motel, Wagner, SD (605) 384-5464. When making reservations tell them you are with the Koupal Angus bull sale and receive a 10% discount. There is also the Fort Randall Casino, Pickstown, SD at (800) 362-6333. You may call Bernie at (605) 384-3481 or one of the other gals Kristi, Sara, Aryn or Kim and they will be happy to help you with your reservations.

TERMS AND CONDITIONS: Cattle will sell under the suggested Terms and Conditions of the American Angus Association (http://www.angus.org/Pub/suggested_sale_terms.pdf)

HERD HEALTH AND REGISTRATIONS:

All bulls will have been inspected by our licensed vets at Northwest Vet located at Parkston and Wagner. All vaccinations that are required are given to the bulls along with a hoof rot shot. All bulls have been bled for Brucellosis and are BVD free. They will be semen tested, guaranteed breeders and all health papers will be ordered for all bulls to be shipped anywhere in the United States. All registrations and transfers of the bulls will be taken care of by the Koupals.

DELIVERY: Free delivery on all bulls selling for \$3,000 or more within a 300-mile radius, after 300 miles at cost. When delivering bulls, we may deliver to a central location spot such as vet clinics, sale barns or ranch that has agreed to be a drop off point. We ask in advance for your cooperation.

BOARDING: Save \$50 per head by taking the bull home sale day. We will start delivering shortly after March 1st. If you choose not to have them delivered, a \$2 per day boarding fee will be charged and you can pick them up by April 1st. Please tell the girls clerking if you are leaving them or want them delivered. All bulls left at the ranch do so at the buyer's risk. We suggest you buy mortality insurance if leaving the bull at Koupal Angus.

VOLUME DISCOUNT: The purchase of 5 or more bulls by a single buyer will earn a 5% discount.

RETAINING INTEREST: KOUPAL ANGUS IS RETAINING A ONE-THIRD REVENUE SHARING SEMEN INTEREST IN EVERY BULL SELLING IN THIS SALE UNLESS STATED OTHERWISE FROM THE BLOCK. FULL POSSESSION AND FULL SALVAGE SELLS ON ALL BULLS UNLESS INDICATED FROM THE BLOCK SALE DAY.

INSURANCE: An Insurance Representative will be on hand to answer any questions you have on mortality and breeding injury insurance. Mortality and breeding insurance will be available sale day and two representatives will be on hand to explain and handle your needs.

GUARANTEE: We guarantee all bulls to be sound and fertile, but reserve the right to test any animal that is returned to the farm as a non-breeder for 90 days before making an adjustment. All bulls selling for \$3,000 or more will be covered at 50% minus \$1,500 (salvage price at sale) if they have a breeding injury during their first breeding season. In the event of an adjustment, a replacement of equal value or credit on the purchase of another animal will be made. Breeding season is defined as the 90-day period following the first turnout of the bull. Please notify us as soon as possible if an injury does occur and prior to the injured bull being sold. All bulls need to be diagnosed by a veterinarian and claims made before September 1st. This is not an insurance policy nor does it cover neglect or mismanagement. Credit will not be issued on bulls that are purchased on credit.

LIABILITY: All buyers attending the bull sale do so at their own risk. Koupal Angus assumes no liability for accidents or property loss that may occur.

PERFORMANCE DATA: Current EPDs are available on each lot in addition to birth weight, 205-day weight and 365-day adjusted weight. Fertility test, scrotal measurements and ultrasound carcass data are all included in the sale book.

HOSPITALITY: Donuts and coffee in the morning. A complimentary lunch will be served at 11 a.m.

For inclement weather or postponement, listen to WNAX 570.

ANGUS MEDIA: Visit the Angus Journal web site, www.angus.media and view this sale book online. References: American Angus Association, AHIR, AngusSource, CAB, Pathfinder. EPDs contained in the hard copy of this sale book were current as of print date. Digital versions of this sale book can be viewed online at www.angus.org or DVAuction.com.

Ranchers & Friends -

I want to take this opportunity to welcome you to the 46th annual Koupal Family bull sale. This program and family name has garnered nationwide recognition and respect for all of the attributes represented in this year's bull offering. The extreme breeding philosophies displayed in some programs won't be as prevalent here, as that approach generally leads to short term gains at the expense of the commercial cattleman. These cattle were built to work for you, and offer versatility that the Angus breed has become so well known for. Traits such as fertility, foot quality, udder quality, and longevity, are often difficult to measure on paper, but remain as the backbone of the cowherd behind these bulls. Furthermore, while not straying from these fundamentals, genomic data has been collected, in order to provide you with as much information as possible. You'll find the bulls to be deep and uniform in quality.

Finally, a handful of select females have been gathered and will be offered on sale day, along with, for the first time ever, Bud and Bernie will be offering pick of their entire 2022 heifer crop. No doubt, one of the most unique female opportunities in 2023. If I can be of any assistance, please feel free to give me a call, I will be thoroughly inspecting the bulls on the weekend prior to the sale.

Respectively,

Dave Mullins • 317-503-2798

SPECIAL SALE FEATURE:

PICK OF THE ENTIRE 2022 KOUPAL HEIFER CROP!

Pick of the entire 2022 heifers. First time offering. Maternal sisters to McCoy, Charm, Pathfinder and many others. A few samples:

Thank you!

LAVERN & ALICE KOUPAL

We want to make a special tribute to our mom & dad (aka grandpa & grandma) as this will be the first bull sale, they will not have cattle in, as my brother David has moved his calving date and needed to have bulls for his annual offering, so they moved their bulls out west this year. As for next year, they may have bulls in the sale here. We just want to show them appreciation and give thanks to them for creating this opportunity for us all to do what we love. The cattle business has been our life-long business, but more importantly, it has given our family something to center around and thrive together. Raising Angus cattle, showing 4-H and FFA, county and National Jr Angus shows has given us an opportunity to meet many great people in this industry and create many memories. This has been and will continue to be a great blessing in our lives. Without their help and direction, none of this would be possible. **Thanks, mom & dad, for all you do. We love you!**

KOUPAL'S B&B BLACKBIRD PROGRESS 3015 · DAM OF LOT 1

This cow has definitely proven her way the old fashioned way. Dam of \$30,000 Pathfinder bull sold to Montana Ranch & Theil Ranch, the \$34,000 Progress bull sold to Square B and TBone Angus, \$32,500 Blackout 0039 bull sold to Brooking Angus and Bone Creek Angus, the \$19,000 Windfall bull going to Dean Carstens, the \$37,000 Signal bull going to Genex & Thiel Ranch, the \$14,500 Rainfall 1013 bull going to Fast Ranch, the \$13,000 Rainfall 1029 bull going to Cleo Spencer. She also has two sons working in Koupals B&B Herd - Koupals B&B Blackout 9021 and Koupals B&B Juneau 1192. She is the Dam of Lots 1,2,3,5,6, and 200.

One of the top maternal calving ease bulls to sell this spring. This pedigree is one that I feel will put maternal cow power in any herd. This will be the heaviest used bull in 2023 in Koupals B&B herd. A no miss pedigree with generations of backing to prove it.

Dam is excellent udder. Dam has 2/93 BR

The 5 L's of PROFITABILITY in the cattle business:

LIVE CALVES: Having a live calf on the ground is the number one starting point for any profit for the cattleman. We have all seen cows that are too big or too small, but we have never seen a cow that is too fertile. Fertility is not negotiable. It is one trait you can't get too much of. Cows that don't breed back can't produce a calf.

LOW MAINTENANCE should also be high on the list. An animal that is easy fleshing, moderate framed, and thrifty will keep more money in your bank account. Most cattlemen will agree that the cost of feed dips into the profit more than anything else.

LOVELY UDDERS with small and well-spaced teats, adequate milk and strong support are necessary for a trouble-free experience for a newborn calf. A newborn's first drink of colostrum is the most important drink that calf will have. An udder that is full of mud from hanging too low or has balloon teats will discourage them from nursing. Choosing the right herd sire for replacement females is very important.

LONGEVITY is a must. Mother cows must continue doing everything right year after year. A cattleman cannot afford to turn his mother cows over every 3 or 4 years. That old cow that has raised a calf for 10 years even though it isn't the heaviest weaning is more profitable than the cow that raises a heavier calf but doesn't breed back on time or comes up empty and has to be replaced every two years. His factory is not efficient.

LIMIT INCONSISTENCY. By stacking generations of the same kind of balanced and predictable genetics, you have a pretty good idea what that cow will produce. The present EPD system which is a valuable tool when used with other information doesn't have the ability to create cattle that are uniform and consistent phenotypically. Cattle with the same EPDs can look very diverse in conformation, type and structure.

Monday Memories

I want to share my memories of a very special person in my life. It has been over a year now that a good neighbor, family friend and my Godfather passed away. Many good times were shared of combining, family gatherings and me as a kid watching Ernie and my dad crank the ole' ice cream bucket for homemade ice cream. Ernie was always at our bull sales helping in any way he could. He was always the person in charge out back when we used to run the bulls through the ring. After we quit moving the bulls through the ring, Ernie helped by sorting bulls, directing traffic for parking and his wife Theresa always made kolaches for us to share with everyone and she helped in the kitchen. I have so many great memories of Ernie. He was the kindest man you would meet anywhere and always greeted everyone with a "Hello". He has been a mentor and good friend to me and our whole family and we miss him greatly. Cheers to you Ernie, rest in peace.

Bud & family

KOUPAL ANGUS

INFLUENCE FEMALE SALE

Koupal Angus held our 3rd Annual Female influence sale on December 16th, 2022. We had several customers consign their females for sale and it was a huge success. We sold 600 commercial females and averaged right at \$2350 per head! Exciting times are among us in the cattle industry and Angus females are in high demand. Our goal going forward is to offer nothing but the best on this sale every year. By having this sale, we feel we can bring together our customers looking for the same Angus gene pool and better their herds going forward.

To reach our goals going forward we will be asking for strict protocol to better the quality and genetics of this sale. To qualify for this sale the females offered must be AI bred with Koupal genetics and also cleaned up with Koupal Angus bulls. We also ask that the females all be ultra-sounded into short calving windows. To add value to your females we ask you sort cattle for disposition and quality and also cake break them with range cubes. We want to emphasize that these females will be front end type therefore it will not be a sale where we offer anything less.

For those of you doing heifer projects, we ask you know the history behind the females you purchase. By buying replacement females and AI'ing them to a Koupal bull does NOT qualify you for this sale. We ask that you also run Koupal bulls for cleanup and use strict culling practices if you're purchasing females. Be in touch with anyone of us here at Koupal's and we can help direct you to some front-end replacement females available to purchase from our customers.

Koupal Angus has some excellent bulls that will work for heifers and young cows that will qualify you for this sale. Get in touch with anyone of us Koupal's and we'd be glad to point you in the right direction when choosing your genetics.

COMMERCIAL FEEDER CALF Marketing

Reputation feeder cattle are no accident. Information adds value. Today, buyers have access to more Angus cattle and generic "black" calves than any other type. Amid the marketing claims and hype, buyers are most likely to focus on cattle that add value to the best-known Angus genetics.

Ownership transfers vary from traditional auction markets to direct sales to cattle feeders or feedlots. With several outlets for marketing your calf crop, documentation of the value you've added is key. Regardless of how and when you intend to sell, tools and strategies for capturing a higher price are available. Information adds value.

Cattlemen who raise Angus-type calves with detailed records that document no implants, antibiotics or animal-derived feeds used in production and still meet all brand specifications can qualify for Certified Angus Beef[®] (CAB[®]) brand Natural. Currently Tyson, National Beef and Niman Ranch produce more than 6 million pounds of CAB brand Natural sold each year.

*Good
Neighbors*

CAN HEAL THIS COUNTRY

Do not believe ranching or life for that matter be conducted in solitude. Perhaps the most important work of our nation at this point is to **INVIGORATE THE POWER OF BEING A GOOD NEIGHBOR** and bring back to our culture the lessons learned on front porches or leaning on the top rail of a fence. At a time when our country is being torn apart perhaps there is an alternative answer. Turn off the news, take a deep breath, put away the technology, and *sit with our neighbors on the front porch with a cold drink in our hand sharing the journey and lessons and truths taught by our grandpas and grandmas, aunt and uncles, and caring friends and neighbors.* Only then can we heal this nation.

Herd Bull Prospect! The maternal power in this pedigree is endless with Juneau and Final Answer on the bottom side and Knockout on the top! Not sure you can find a bull with this much mass, rib shape and compacity anywhere! He offers big time performance and has been a stick out since a calf! As Angus Breeders, the importance of finding sires that make great females with good feet, breed back, and hold their flesh while not giving up performance is the goal! I believe this bull will do just that and will be used heavily back in my program! His mother is raising twins this year. BWR: 95 WR: 106 YR: 109

12/8/22 actual weight of 1780 lbs.

CW	MARB	REA	\$M	\$C			
61	0.28	0.68	66	266			

A true rancher's bull! He is docile and will add thickness and fleshing ability. Moderate birth and performed very well. Very solid bull that stems back to the Juneau cow family. BWR:85 WWR:104 YR:108. 12/8/22 actual weight of 1640 lbs.

THOUGHTS ABOUT CALVING EASE:

Angus bulls have long been known for their paramount calving ease. If you are breeding heifers, Angus is the go-to breed of choice. But what about the so-called "big" birth weight Angus bulls – where do they fit in? The vast majority of mature cows calve unassisted – it is rare for a mature cow to need assistance, except for abnormal deliveries (backwards,

breech, twins, etc.). Data reported to the AAA shows that 99% of Angus cows, second calf or beyond, calve unassisted and only 1% need some type of assistance (abnormal deliveries excluded from this data). Back to the question at hand: where do the "big" birth weight Angus bulls fit in? Example: If you have a bull with a Birth EPD of +5, he would be 3.2

pounds heavier than the average (breed average BW EPD 1.8) (5-1.8=3.2 pounds difference). However, his superior growth EPDs mean he will wean bigger calves and put way more money in your pocket than the average Angus bull! The moral of the story: If you are breeding mature cows to an Angus bull, do not make birth weight be your focus.

			74	

Big framed cow bull with a ton of performance! Extremely long bull that'll add lbs to your calf crop. Bull is super gentle and will sire feeder cattle that feedlots desire! 12/8/22 actual weight of 1580 lbs.

COMBINED \$VALUE (\$C)

This relatively new index provided by the American Angus Association attempts to characterize cattle by combining maternal (\$M) and terminal traits (\$B) into one index. \$C is heavily weighted towards the "terminal" traits found in \$B, and \$C has a .95 correlation to \$B.

As a review of \$B, it is a terminal index, comprising of the traits YW, DMI (Dry Matter Intake), Marbling, CW (Carcass Weight), RE (Ribeye), and Fat. \$B is designed for herds that send all of their calves (male and female) to the feedyard, retain ownership, and hang them on a quality-based carcass-merit grid.

If you ever have questions about this information provided, please call Bud @ 605-491-2102. Our success depends upon your success, and we are committed to helping you select the best genetics to fit your needs.

Another Royal bred calving ease bull producer that puts 3015 & 605 in same pedigree. The dam of Pathfinder & Identity. Out of a gorgeous first calf heifer. The dams full brother (Whitestone) is a feature sire in Breeder Links AI sire line-up.

UP & COMING HERD SIRES

KOUPALS B&B WINDFALL 1021 · AAA# 20208329

Bull is a son of 3015, the dam of Pathfinder, Signal, Blackout 0039, & Progress. The maternal matriarch is proving to be one of the elite, low birth, high fertility cows in the breed. She has sold 11 bulls in 3 years at an average of \$23,000. We used Windfall to maintain udder quality and birth weight. The daughters out of him should be exceptional. Sold to Dean Carstens. Dams production 7/101 BR; 7/107 WR; 6/108 YR.

KOUPALS B&B BEYOND 1066 · AAA# 20158310

A phenotype stick-out in 2022 sale going to Opitz Farms. A bull that we make excellent females. Plan on him to carry on the Resource lineage. His dam is a donor here. His dams production 8/100 BR; 8/104 WR; 7/106 YR.

KOUPALS B&B WATCHMAN 111 · AAA# 20161651

Sold to Gumbo Hill Ranch. Easy fleshing, structured extremely well. Cow maker. Dam production 6/100 BR; 6/102 WR; 6/103 YR

KOUPALS B&B SIGNAL 1159 · AAA# 20165310

Son of 3015. Sold to Thiel Angus & Genex CRI in 2022 sale. A bull we used heavy on heifers and cows, will have a good sampling of progeny in 2024 sale. Calves are coal black and look very promising. Dams production 7/101 BR; 7/107 WR; 6/108 YR. 6/108 YR.

KRAVE BIG COUNTRY 0179 · AAA# 19902000

A bull that has moderate birth with a lot of substance. Like always, the maternal side is good udder and footed. Outcross genetics to our herd. Saw dam and grandam at Kraves Angus and was very pleased with what I saw. All great bulls have to have good proven cows behind them. Dams production 4/98 BR; 4/106 WR; 3/113 YR.
