KOUPAL'S B & B ANGUS Family

KOUPAL'S B & B ANGUS:

Bud & Bernie Koupal
40083 300th St, Dante, SD 57329
C: (605) 491-2102
H: (605) 384-3481
E: bbkoupal@gmail.com

WELCOME to the annual Koupal Angus production sale. We are very excited about this Bull offering and invite you to see them prior to the sale. With tough winters and dry summers, we get reminded why we chase the genetics we have to offer.

Our love for the Angus cow has not changed here at Koupal's and is still the driving force of our program. It is evident now more than ever that chasing the extremes on paper only leads to higher input cattle which won't last in real world conditions. The bulls selling are coming from four different herds with different management systems. We feel these bulls are the most athletic set of bulls with eye appeal we have offered to date. These bulls are in breeding condition rather than feedlot condition. Many of them have been 50k tested. This is just a tool, as we believe nothing beats hard data done over generations. We all have the same philosophy of what makes a good cow: Disposition, fertility, feet, udder and productivity. You'll see throughout the 240-bull offering that we strive for large sire groups with consistency.

KOUPAL'S D&A ANGUS:

Dan & Aryn Koupal & family
C: 605-491-1331

KOUPAL'S D&K ANGUS:

Derek & Kristi Koupal & family
C: 605-491-0244 • H: 605-384-4429

Once again, we will be offering a real sale feature; A pick of the 2023 heifer calves. There are several direct daughters from the famous 3015 cow and numerous other donor prospects in the offering.

If you have any questions on any part of our program, we'd be glad to help, just stop in and visit or give us a call anytime! The videos will be on DVAuction.com later in January. This is another tool or resource to help you in your decision making.

KOUPAL'S S&K ANGUS:

Scott & Kim Van Winkle & family
C: 605-857-1294

KOUPAL'S J&S ANGUS:

Joe & Sara Koupal & family
C: 605-491-3202

Dobry den (Czech for Good Day), and hope to visit with you soon.

SALE BOOKS AND SALE DAY ORDER: All bulls are listed according to sire groups. Sale order will be available sale day.

BUYERS UNABLE TO ATTEND THE SALE: Koupals B&B Angus will be using DV Auction via the internet. If you have DSL (fast speed internet), you will be able to log on and watch the sale and bid. You will need to register a couple of days before the sale. Just go to www.dvauction.com. We recommend watching a different sale ahead of time. We think this will be especially nice if you have been here to look at the bulls ahead of time and are unable to make the sale. Koupals will still have a telephone for bidding for your convenience.

TRANSPORTATION: Upon request, we will provide transportation from the Sioux Falls airport for anyone flying in. Private planes may land at the Wagner Municipal airport. We will pick you up, just call.

SALE LOCATION ADDRESS:
40050 303rd St. Dante, SD 57329

ACCOMMODATIONS: The following motels are located in the Wagner area for your convenience. The Ft Randall Inn, Pickstown, SD (605) 487-7801 or the Lakeside Motel, Wagner, SD (605) 384-5464. When making reservations tell them you are with the Koupal Angus bull sale and receive a 10% discount. There is also the Fort Randall Casino, Pickstown, SD at (800) 362-6333. You may call Bernie at (605) 384-3481 or one of the other gals Kristi, Sara, Aryn or Kim and they will be happy to help you with your reservations.

TERMS AND CONDITIONS: Cattle will sell under the suggested Terms and Conditions of the American Angus Association (http://www.angus.org/Pub/suggested_sale_terms.pdf)

HERD HEALTH AND REGISTRATIONS: All bulls will have been inspected by our licensed vets at Northwest Vet located at Parkston and Wagner. All vaccinations that are required are given to the bulls along with a hoof rot shot. All bulls have been bled for Brucellosis and are BVD free. They will be semen tested, guaranteed breeders and all health papers will be ordered for all bulls to be shipped anywhere in the United States. All registrations and transfers of the bulls will be taken care of by the Koupals.

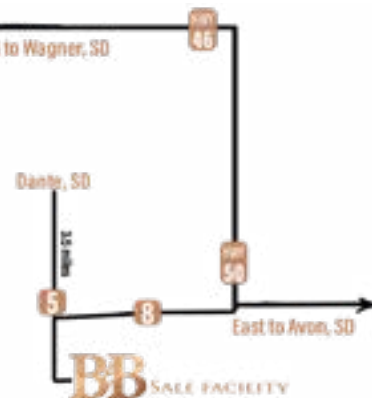

DELIVERY: Free delivery on all bulls selling for \$3,000 or more within a 300-mile radius, after 300 miles at cost. When delivering bulls, we may deliver to a central location spot such as vet clinics, sale barns or ranch that has agreed to be a drop off point. We ask in advance for your cooperation.

BOARDING: Save \$50 per head by taking the bull home sale day. We will start delivering shortly after March 1st. If you choose not to have them delivered, a \$2 per day boarding fee will be charged and you can pick them up by April 1st. Please tell the girls clerking if you are leaving them or want them delivered. All bulls left at the ranch do so at the buyer's risk. We suggest you buy mortality insurance if leaving the bull at Koupal Angus.

RETAINING INTEREST: KOUPAL ANGUS IS RETAINING A ONE-THIRD REVENUE SHARING SEMEN INTEREST IN EVERY BULL SELLING IN THIS SALE UNLESS STATED OTHERWISE FROM THE BLOCK. FULL POSSESSION AND FULL SALVAGE SELLS ON ALL BULLS UNLESS INDICATED FROM THE BLOCK SALE DAY.

SALE LOCATION ADDRESS:
40050 303rd St.
Dante, SD 57329

DIRECTIONS: 3 miles south, ½ mile east of Dante or 5 miles east, 6 miles south and ½ mile east of Wagner, SD

VOLUME DISCOUNT: The purchase of 5 or more bulls by a single buyer will earn a 5% discount.

INSURANCE: An Insurance Representative will be on hand to answer any questions you have on mortality and breeding injury insurance. Mortality and breeding insurance will be available sale day and two representatives will be on hand to explain and handle your needs.

GUARANTEE: We guarantee all bulls to be sound and fertile, but reserve the right to test any animal that is returned to the farm as a non-breeder for 90 days before making an adjustment. All bulls selling for \$3,000 or more will be covered at 50% minus \$1,500 (salvage price at sale) if they have a breeding injury during their first breeding season. In the event of an adjustment, a replacement of equal value or credit on the purchase of another animal will be made. Breeding season is defined as the 90-day period following the first turnout of the bull. Please notify us as soon as possible if an injury does occur and prior to the injured bull being sold. All bulls need to be diagnosed by a veterinarian and claims made before September 1st. This is not an insurance policy nor does it cover neglect or mismanagement. Credit will not be issued on bulls that are purchased on credit.

LIABILITY: All buyers attending the bull sale do so at their own risk. Koupal Angus assumes no liability for accidents or property loss that may occur.

PERFORMANCE DATA: Current EPDs are available on each lot in addition to birth weight, 205-day weight and 365-day adjusted weight. Fertility test, scrotal measurements and ultrasound carcass data are all included in the sale book.

HOSPITALITY: Donuts and coffee in the morning. A complimentary lunch will be served at 11 a.m.

For inclement weather or postponement, listen to WNAX 570.

ANGUS MEDIA: Visit the Angus Journal web site, www.angus.media and view this sale book online. References: American Angus Association, AHIR, AngusSource, CAB, Pathfinder. EPDs contained in the hard copy of this sale book were current as of print date. Digital versions of this sale book can be viewed online at www.angus.org or DVAuction.com.

Ranchers & Friends -

It's a privilege for me to have this opportunity to welcome you to the 47th Annual Koupal's B&B Angus and Family Bull Sale. If the dictionary had a definition for a family Angus and ranching operation, the Koupal's family photo would likely be included with the description. This family has established itself as one of the most reputable seedstock operations because of their unwavering commitment towards producing the type of cattle that work for their customers, without all the fluff and glamour. As many of you know, they approach the business with a what you see is what you get mentality. The elite cattle are required to earn their reputation the hard way, while the lower performing cattle are sorted off and dismissed from the program. It's a no excuses approach to the business that has served them and their customers well. With record input costs, and smaller margins for error, these cattle are built to stand the challenges of mother nature and remain functional for the customer. Simply put, it's not logical or sustainable to produce cattle that won't stay in the herd and produce at a high level. Thus, that's what you're getting with your genetic investments within this offering. Bid and buy with confidence.

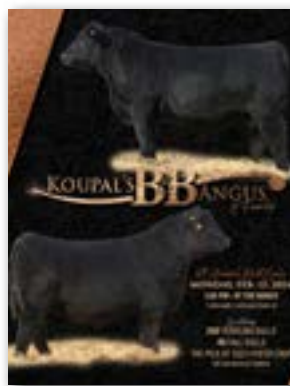

I look forward to visiting with those of you in attendance on sale day, and if I can provide any insight or assistance, please don't hesitate to let me know.

Sincerely,

Dave Mullins, 317-503-2798

Here is a bull that is next to flawless phenotypically. You want fleshing ability, true muscle with a lot of rib shape and length, set on great feet out of a true Angus looking dam then here is your bull. This cow does it every year and has every heifer kept in the herd. Old pedigree doesn't help his numbers at all. You will find him sale day. Gentle, Gentle, Gentle.

Dam has 3 calves at 354-calving interval. Very tight uddered.

THOUGHTS ABOUT CALVING EASE:

Angus bulls have long been known for their paramount calving ease. If you are breeding heifers, Angus is the go-to breed of choice. But what about the so-called "big" birth weight Angus bulls – where do they fit in? The vast majority of mature cows calve unassisted – it is rare for a mature cow to need assistance, except for abnormal deliveries

(backwards, breech, twins, etc.). Data reported to the AAA shows that 99% of Angus cows, second calf or beyond, calve unassisted and only 1% need some type of assistance (abnormal deliveries excluded from this data). Back to the question at hand: where do the "big" birth weight Angus bulls fit in? Example: If you have a bull with a Birth EPD of +5,

he would be 3.2 pounds heavier than the average (breed average BW EPD 1.8) (5-1.8=3.2 pounds difference). However, his superior growth EPDs mean he will wean bigger calves and put way more money in your pocket than the average Angus bull! The moral of the story: If you are breeding mature cows to an Angus bull, do not make birth weight be your focus.

KOUPAL ANGUS

INFLUENCE FEMALE SALE

Koupal Angus held our 4th Annual Female influence sale on December 15th, 2023, at Stockmens Livestock. We had several customers consign their bred females for sale and it was a huge success. We sold 700 head of commercial females and averaged \$3100/ head. Exciting times are among us in the cattle industry and high-quality females are in great demand. Our goal going forward is to keep making these females better every year and offer nothing but front-end type. By having this sale, we feel we can bring the producers together who are searching for high maternal genetics to those of you that raise high maternal cattle.

To reach our goals going forward we will be asking for strict protocol to better the quality and genetics of this sale. To qualify for this sale, you must run only Koupal bulls with the cows being sold and/or AI to a Koupal herd sire and cleanup with a Koupal Bull. To add value to your females we ask that they must be ultrasound for short calving windows. Strict culling practices will be demonstrated for this sale in such cases for disposition and poor structure. We want to emphasize that these females will be front end type only, therefore it will not be a sale that we will offer anything less!

For those of you doing heifer projects, IF you are not breeding your home raised females, we ask that you purchase heifers from a past Koupal Angus customer to offer maternal characteristics that come with the K Brand. Contact Dan if you have any questions regarding the qualifications or getting semen to "AI" with. If you are in search of females to breed, be in touch with Dan and he will direct you to some of the best females in the area offered for sale.

Koupal Angus has some excellent bulls that will work for heifers and young cows that will qualify you for this sale. Get in touch with any one of us Koupal's and we'd be glad to point you in the right direction when choosing your genetics.

The Grandam to this bull was one of my all-time favorites. A little later calf but has a lot of grow.

COMBINED \$VALUE (\$C)

This relatively new index provided by the American Angus Association attempts to characterize cattle by combining maternal (\$M) and terminal traits (\$B) into one index. \$C is heavily weighted towards the "terminal" traits found in \$B, and \$C has a .95 correlation to \$B.

As a review of \$B, it is a terminal index, comprising of the traits YW, DMI (Dry Matter Intake), Marbling, CW (Carcass Weight), RE (Ribeye), and Fat. \$B is designed for herds that send all of their calves (male and female) to the feedyard, retain ownership, and hang them on a quality-based carcass-merit grid.

If you ever have questions about this information provided, please call Bud @ 605-491-2102. Our success depends upon your success, and we are committed to helping you select the best genetics to fit your needs.

Excellent females. His daughters nursing ratio 103. Moderate framed, big scrotal bulls.

REF SIRE I · KROUPALS B&B KNOCKOUT 9080

The 5 L'S of PROFITABILITY in the cattle business:

LIVE CALVES: Having a live calf on the ground is the number one starting point for any profit for the cattleman. We have all seen cows that are too big or too small, but we have never seen a cow that is too fertile. Fertility is not negotiable. It is one trait you can't get too much of. Cows that don't breed back can't produce a calf.

LOW MAINTENANCE should also be high on the list. An animal that is easy fleshing, moderate framed, and thrifty will keep more money in your bank account. Most cattlemen will agree that the cost of feed dips into the profit more than anything else.

LOVELY UDDERS with small and well-spaced teats, adequate milk and strong support are necessary for a trouble-free experience for a newborn calf. A newborn's first drink of colostrum is the most important drink that calf will have. An udder that is full of mud from hanging too low or has balloon teats will discourage them from nursing. Choosing the right herd sire for replacement females is very important.

LONGEVITY is a must. Mother cows must continue doing everything right year after year. A cattleman cannot afford to turn his mother cows over every 3 or 4 years. That old cow that has raised a calf for 10 years even though it isn't the heaviest weaning is more profitable than the cow that raises a heavier calf but doesn't breed back on time or comes up empty and has to be replaced every two years. His factory is not efficient.

LIMIT INCONSISTENCY. By stacking generations of the same kind of balanced and predictable genetics, you have a pretty good idea what that cow will produce. The present EPD system which is a valuable tool when used with other information doesn't have the ability to create cattle that are uniform and consistent phenotypically. Cattle with the same EPDs can look very diverse in conformation, type and structure.

Stacked with generations of great cows. Grandam production 4/98 BR; 4/101 WR. Great Grandam 7/101 BR; 7/101 WR. Great-Great Grandam 11/98 BR; 11/100 WR. Stacked for fertility and longevity. The Prospector Pride is possibly the most influential cow family in the herd. This bull has been one of the favorites since only a few months old. He sits on a great foundation and will see heavy use in our herd. His dam is a cow that you will be proud to show anyone. Cow power.

A high fertility bull that should make good females.

COMMERCIAL FEEDER CALF

Marketing

Reputation feeder cattle are no accident. Information adds value. Today, buyers have access to more Angus cattle and generic "black" calves than any other type. Amid the marketing claims and hype, buyers are most likely to focus on cattle that add value to the best-known Angus genetics.

Ownership transfers vary from traditional auction markets to direct sales to cattle feeders or feedlots. With several outlets for marketing your calf crop, documentation of the value you've added is key. Regardless of how and when you intend to sell, tools and strategies for capturing a higher price are available. Information adds value.

Cattlemen who raise Angus-type calves with detailed records that document no implants, antibiotics or animal-derived feeds used in production and still meet all brand specifications can qualify for Certified Angus Beef[®] (CAB[®]) brand Natural. Currently Tyson, National Beef and Niman Ranch produce more than 6 million pounds of CAB brand Natural sold each year.

Watchman was one of the top bulls selling to Gumbo Hill Ranch. Moderate and full of meat. We used him naturally on a few head before he was collected and like what we see.

Waylon's Bull that we named Bear Country. This bull is a tank and fits his name well! He is a coming two yr. old as his mother comes from the Marcy Cattle Dispersion. Ton of performance and capacity here with very moderate BW. If you want low input and easy fleshing check him out on sale day. Actual weight 1825 on 12/27/23.

These two yr. olds have never been offered for sale before. They got weaned and put on a hay bale all winter. So the numbers aren't going to be there but I think the quality still is. Here's a super long bodied, gentle calving ease bull. Actual weight 1675 as of 12/27/23.
