littlegooseranch.com

Welcome!

We look forward to welcoming you to the Little Goose Ranch 5th annual production sale at 1:00 pm on Saturday, January 22, 2022, hosted at Buffalo Livestock Auction. The sale offering will consist of 54 yearling bulls, 12 open replacement heifers, and one youth donation heifer, predominately sired by Little Goose Ranch owned bulls. The sires have been selected for their ability to balance maternal traits with performance to develop ideal replacement heifers and sought-after feeder steers.

We continue in our pursuit to stack pedigrees with maternally superior sires and dams that will produce excellent offspring to move both your herd and our herd forward. The genetic combinations are intended to be balanced, limiting excessive growth which increases mature cow size and therefore, energy/feed requirements. Our environment, as with many of yours, has limited feed resources. It is necessary to seek out cattle that are efficient converters in these types of environments to remain profitable and productive. This past summer's drought in the western region has made this abundantly clear. We manage our cow herd as most commercial producers would, our cattle run in a real-world environment along the foothills of the Big Horn Mountains. The heifers calve alongside the mature cows with no head start and are part of the same contemporary grouping as the mature cows. This breeding philosophy enables us to keep a tight calving interval, uniform aged calf crop, and enhances fertility by keeping females that breed within a 45-day period.

The cattle have been developed on the ranch with first cutting grass hay and a bull grower pellet. We continue to have success with this method, allowing us to maintain a hands-on approach with the cattle, providing opportunity for us to evaluate docility, structural correctness, and performance. The cattle are on a complete mineral and vaccination program. All animals have been genomically tested for parentage verification through Angus GS. DNA testing gives the added benefits of Genomically Enhanced EPDs, testing free of all known genetic defects and tested BVD-PI negative.

The sale offering videos will be posted on the ranch website, littlegooseranch.com, after the New Year Holiday. The cattle will be available for viewing at Buffalo Livestock Auction on Friday, January 21, 2022, or any time prior to that on the ranch. If you are unable to attend the sale and would like to participate as an absentee buyer, it will be broadcast on Superior Livestock. Also, you are more than welcome to contact us or any of the sale staff for assistance.

We would like to thank previous customers and welcome the new. We are grateful for the continued support of our program from family, friends, neighbors, and customers. Please join us for lunch prior to the sale, starting at 11:30 am on Saturday, January 22, 2022. As always, we pride ourselves in honesty and integrity, with the realization that our success is tied to your success. We welcome the opportunity to visit. If you have any questions or would like further information on the sale offering, feel free to contact us anytime.

*Sincerely,
The Meredith Family
and Little Goose Ranch Crew*

Herd Health:

All cattle are eligible for shipment anywhere in the United States, although some states may require additional testing prior to shipment. All cattle have been tested negative for BVD. All cattle are free of any known genetic defects.

Breeding Soundness:

All bulls will have passed a breeding soundness exam guaranteeing them sound and fertile at time of delivery.

Retained Interest:

Little Goose Ranch will be retaining a one-third revenue sharing interest on all the bulls. Full possession and full salvage value sells on the bulls.

Guarantee:

Bulls are guaranteed 100% to be sound healthy breeders for the first breeding season. The breeding season is defined as the first 90 days from turn-out time. All bulls will be given 50% of the purchase price of the injured bull less the salvage value towards credit in next year's sale or towards the value of a replacement bull if one is available. All bulls must be examined by a veterinarian. Please notify us as soon as possible if an injury should occur and prior to the bull being sold for salvage. All claims must be made by September 1, 2022.

Volume Discount:

A 2.5% discount will be provided on 5 bulls and a 5% discount will be provided on 10 bulls or more.

Terms of Sale:

Cattle will sell under the suggested Terms and Conditions of the American Angus Association (http://www.angus.org/Pub/suggested_sale_terms.pdf). Terms of sale are cash. Payment for cattle is expected to be in full at the conclusion of the sale unless arrangements have been made prior to the sale.

Wintering And Delivery:

All bulls will winter free of charge until April 1. Little Goose Ranch will deliver free of charge up to 500 miles and then at cost beyond 500 miles. Please leave detailed delivery instructions at the time of buyer registration with the Buffalo Livestock Auction office. The heifers are for immediate delivery unless prior arrangements have been made.

Announcements:

Announcements from the sale block take precedence over any printed material.

Viewing of the Bulls:

The bulls are available to view anytime prior to the sale at the ranch. Once they are hauled to Buffalo Livestock Market, they will be available to view anytime Friday, January 21. Cattle were pictured on November 19.

ANGUSMEDIA EPDs contained in the hard copy of this sale book were current as of print date. Digital versions of this sale book can be viewed online at www.angus.org and will have EPDs updated every Friday with the exception of EPD references in footnotes and photos. Any PDF downloads from the website will contain EPDs current as of the date downloaded. References: American Angus Association®, AHIR®, AngusLink™, CAB®, Pathfinder®.

Donation Heifer

Introducing LGR Emblynette 1128

At Little Goose Ranch we believe that the youth in agriculture are the best asset for the future of our industry. As has become tradition we are going to donate a heifer to any junior, age 21 or younger, on sale day. When choosing the donation heifer, we picked a female representative of the type and kind of female that we want to create – right out of the heart of our replacements. 1128 has a solid pedigree, well balanced EPDs, and is phenotypically correct indicating a productive cow in the making. Juniors will only be eligible to win if they are in attendance sale day. Just stop by clerk's counter at the sale barn to get your winning ticket!

Congratulations to Brooke Moon, of Sheridan, Wyoming, the 2021 winner of the Donation Heifer.

Thank you to the Big Horn Cowboys 4-H Club for taking time to visit the ranch last spring.

All About the Data

Calving Ease Direct (CED), is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first calf heifers. It predicts the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

Birth Weight EPD (BW), expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

Weaning Weight EPD (WW), expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires.

Yearling Weight EPD (YW), expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

Scrotal Circumference EPD (SC), expressed in centimeters, is a predictor of the difference in transmitting ability for scrotal size compared to that of other sires.

Docility (DOC), is expressed as a difference in yearling cattle temperament, with a higher value indicating more favorable docility. It predicts the average difference of progeny from a sire in comparison with another sire's calves.

Maternal Milk EPD (Milk), is a predictor of a sire's genetic merit for milk and mothering ability as expressed in his daughters compared to daughters of other sires. In other words, it is that part of a calf's weaning weight attributed to milk and mothering ability.

BW	77
Adj. 205	748
WW Ratio	102
Dam's WR	4-102

BW, actual birth weight.

Adj. WW, adjusted weaning weight at 205 days with ratio.

Dam's Weaning Ratio

CED	BE PD	WE PD	YE PD	SC	DOC	MILK							
+9	.31	+6	.53	+56	.45	+107	.35	+35	.38	+18	.34	+34	.29
CW	MARB	RE	\$M	\$W	\$C								
+35	+19	+50	+52	+66	+178								

Carcass Weight EPD (CW), expressed in pounds is a predictor of the differences in hot carcass weight of a sire's progeny compared to progeny of other sires.

Marbling EPD (Marb), expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

Ribeye Area EPD (RE), expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

Maternal Value (\$M), an index expressed in dollars per head, predicts profitability differences in progeny due to genetics from conception to weaning.

Weaned Calf Value (\$W), an index value expressed in dollars per head, is the expected average difference in future progeny performance for preweaning merit. \$W includes both revenue and cost adjustments associated with differences in birth weight, weaning direct growth, maternal milk, and mature cow size.

Combined Value (\$C), an index expressed in dollars per head, includes all traits that make up both \$M and \$B with the objective that commercial producers will replace 20% of their breeding females per year with replacement heifers retained within their own herd.

HOW TO PARTICIPATE AS AN ABSENTEE BUYER

We have made preparations to bid and buy livestock through Superior Productions' "Call or Click-To-Bid" service for those unable to attend in person on sale day. **Please note that all of the lots in the sale will also be available for viewing online prior to sale day at www.superiorlivestock.com.**

HERE'S HOW IT WORKS

Turn in Bids Over the Phone. This is our traditional method of buying livestock. To get started, simply go online to www.superiorlivestock.com and click on the tab titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the registration form, fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it, or scan and email the form to info@superiorauction.com. You can also mail it in to the address provided on the form. Upon receipt of this information, Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

Click-To-Bid. This is Superior's online bidding platform for cattle buying. **Please note that high speed internet is required – this is not for dial-up or satellite internet.** Registration is free, but you must become a member of www.superiorclicktobid.com to sign up. Becoming a member is easy - just go to the homepage of www.superiorclicktobid.com and follow the out-lined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward, you just have to sign in and select the sale you would like to register for, and once approved, you will receive an e-mail confirming which sale you are now registered for.

Viewing the Auction. There are 2 places to view the sale broadcast live on the internet: www.superiorlivestock.com or www.superiorclicktobid.com. Just go to the home page of either website and select the auction. If you just want to watch the auction on your computer, smartphone or tablet, go to www.superiorlivestock.com; but if you want to bid over the computer, you must go to www.superiorclicktobid.com. Remember, you can call in to bid on the internet, but you must be a member of www.superiorclicktobid.com to "click-to-bid". Your computer must have Flash Media Player installed for this website to view the auction. If you have any questions, please call the Superior Productions office at 800-431.4452.

***If you plan to bid by phone through Superior Livestock or 'Click-to-Bid', you must register at www.superiorlivestock.com prior to bidding.**

Bid from anywhere

Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs).

GE-EPDs have become the industry standard for herd improvement, building on decades of science-backed genetic evaluation tools originated and maintained through the American Angus Association®, home to the largest and ever-growing single-breed beef cattle database.

EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs

Better characterization of genetics for difficult-to-measure performance traits (such as carcass traits, maternal traits and feed efficiency)

The ability to make more rapid progress for traits that are important to you, due to:

- more accurate selection
- easier identification of genetic outliers
- the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they had recorded 10-36 calves, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation.

Trait	Progeny Equivalent	Trait	Progeny Equivalent
Calving Ease Direct	26	Heifer Pregnancy	17
Birth Weight	23	Calving Ease Maternal	20
Weaning Weight	27	Milk	36
Yearling Weight	23	Mature Weight	15
Dry Matter Intake	12	Mature Height	9
Scrotal Circumference	15	Carcass Weight	15
Docility	12	Yearling Height	17
Claw Set	10	Carcass Marbling	11
Foot Angle	10	Carcass Ribeye	17
		Carcass Fat	14

How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo, Angus GS™ powered by partner Neogen GeneSeek or the HD50k by partner Zoetis. These images indicate animals for which low-density or high-density genomic testing has been conducted and incorporated by AGI into GE-EPDs

WINTERING AND DELIVERY:

All bulls will winter free of charge until April 1. Little Goose Ranch will deliver free of charge up to 500 miles and then at cost beyond 500 miles. Please leave detailed delivery instructions at the time of buyer registration with the Buffalo Livestock Auction office. The heifers are for immediate delivery unless prior arrangements have been made.

LGR BLACKBIRD 1106 - Lot 100B

About the Heifers The heifers will be selling as commercial females. Registration certificates can be purchased for an additional \$200 per head of the purchase price. The heifers reflect our cow herd representing daughters from first calf heifers to running age cows. Our past customers have been very satisfied with the type, kind, and docility of our heifers. All heifers have been Bangs vaccinated and are on the same vaccination program as our bulls. These heifers are for immediate pickup unless prior arrangements have been made.

- This is a bull that we retained in our herd to emulate his sire, Coleman Resource 710
- Reload's dam, Coleman Juanada 354, was introduced into our herd as a bred heifer and is a very easy keeping, productive female

COLEMAN SHERIDAN 9295

COLEMAN DONNA 504 - Dam of Coleman Sheridan 9295

COLEMAN RENOWN 029

COLEMAN DONNA 439 - Dam of Coleman Renown 029

LGR RELOAD 0139

COLEMAN RESOURCE 710 - Sire of LGR Reload 0139

We are excited about the future of these guys and their progeny.
