OFFERING

50 Bulls • 12 Replacement Heifers

Born, raised and backgrounded on the ranch

FOR MORE INFORMATION CONTACT:

Chad Bradshaw 307-751-1535 | Jake Townsend 307-751-5793

littlegooseranch.com

Welcome!

Welcome to the Little Goose Ranch annual production sale. Join us at 1:00 pm on Saturday, January 28, 2023, at Buffalo Livestock Marketing, Buffalo, Wyoming. We will be selling 50 yearling bulls, 12 replacement heifers, and donating a replacement heifer to a qualifying youth. See page 2 for details.

We are excited about this year's offering. It consists of offspring carrying the influence of maternally superior sires, such as: SAV Resource, SAV Renown, Coleman Bravo, Sitz Logo and others. The continued philosophy of Little Goose Ranch is to produce balanced functional cattle to keep your herds moving forward. We have developed a uniform set of bulls to satisfy needs ranging from calving ease to performance without sacrificing maternal traits. Our bulls sire calves to offer pounds at weaning and daughters that make great replacement heifers. We have selected balanced trait cattle with foraging ability to thrive in our diverse environment of steep rocky terrain to the rolling plains.

Videos of the sale offering will be posted on the ranch website, www.littlegooseranch.com. The cattle will be available for viewing at Buffalo Livestock Marketing on Friday January 27, 2023, or any time prior on the ranch. We will be using Northern Livestock Video Auction as our venue for those unable to attend sale day and planning to participate as an absentee buyer. Also, you are more than welcome to contact us or any of the sale staff for purchasing assistance.

Our success at Little Goose Ranch is tied to your success, a responsibility we continue to keep at the forefront as we strive to meet and exceed expectations. We thank you for considering us and letting us be a part of your program.

We are available for questions anytime and look forward to seeing friends new and old. Please join us for lunch prior to the sale at 11:30 Saturday January 28, 2023, at Buffalo Livestock Marketing.

*Sincerely,
The Meredith Family
and Little Goose Ranch Crew*

Herd Health:

All cattle are eligible for shipment anywhere in the United States, although some states may require additional testing prior to shipment. All animals have been genomically tested for parentage verification through Angus GS. DNA testing gives the added benefits of Genomically Enhanced EPDs, testing free of all known genetic defects, and tested BVD-PI Negative. The cattle are on a complete vaccination and mineral program as recommended by our veterinarian.

Bull Development:

The bulls have been developed on the ranch with first cutting grass hay and a bull grower pellet.

Breeding Soundness:

All bulls will have passed a breeding soundness exam guaranteeing them sound and fertile at time of delivery.

Retained Interest:

Little Goose Ranch will be retaining a one-third revenue sharing interest on all the bulls. Full possession sells on all cattle.

Guarantee:

Bulls are guaranteed to be sound healthy breeders for the first breeding season. The breeding season is defined as the first 90 days from turn-out of the bull. All bulls will be covered 50% of the purchase price of the injured bull, less 50% of the salvage value towards credit in next year's sale or towards the value of a replacement bull if one is available. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible if an injury should occur and prior to the bull being sold for salvage. All claims must be made by September 1, 2023.

Volume Discount:

A 2.5% discount will be provided on 5 bulls and a 5% discount will be provided on 10 bulls or more.

Wintering And Delivery:

All bulls will winter free of charge until April 1. Little Goose Ranch will deliver free of charge up to 500 miles and then at cost beyond 500 miles. Please leave detailed delivery instructions at the time of buyer registration with the Buffalo Livestock Marketing office. The heifers are for immediate delivery unless prior arrangements have been made.

Viewing of the Sale Offering:

The cattle are available to view any time prior to the sale at the ranch. Once they are hauled to Buffalo Livestock Marketing, they will be available for viewing anytime Friday, January 27. Sale videos will be posted to the ranch website, www.littlegooseranch.com, around January 1. The sale book photos were taken on November 18.

Announcements:

Announcements from the sale block take precedence over any printed material.

Terms of Sale:

Cattle will sell under the suggested Terms and Conditions of the American Angus Association (http://www.angus.org/Pub/suggested_sale_terms.pdf). Terms of sale are cash. Payment for cattle is expected to be in full at the conclusion of the sale unless arrangements have been made prior to the sale.

Liability:

All persons attending do so at their own risk. Little Goose Ranch and Buffalo Livestock Marketing assume no liability for any accidents or injuries which may occur.

ANGUSMEDIA EPDs contained in the hard copy of this sale book were current as of print date. Digital versions of this sale book can be viewed online at www.angus.org and will have EPDs updated every Friday with the exception of EPD references in footnotes and photos. Any PDF downloads from the website will contain EPDs current as of the date downloaded. References: American Angus Association®, AHIR®, AngusLink™, CAB®, Pathfinder®.

Donation Heifer

Introducing LGR Donna 2086

At Little Goose Ranch we believe that the youth in agriculture are the best asset for the future of our industry. We are actively involved in various programs promoting agriculture and youth to educate and inspire future generations. In keeping with tradition, we will donate a heifer to one lucky junior, age 20 or younger, on sale day. Our chosen donation heifer comes right out of the heart of our replacements. Her 2-year-old full sister is retained in our herd and due to calve this spring. Donna 2086 has a solid pedigree backed by some of the breed's best sires and dams. She has a powerful EPD profile paired with a quiet disposition. Donna 2086 has a weaning ratio of 111, her dam, LGR Donna 7009, boasts a nursing ratio of 4 @109. Juniors in attendance sale day will be eligible to win, stop by the clerk's counter at the sale barn to get your winning ticket!

All About the Data

Calving Ease Direct (CED), is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first calf heifers. It predicts the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

Birth Weight EPD (BW), expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

Weaning Weight EPD (WW), expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires.

Yearling Weight EPD (YW), expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

Scrotal Circumference EPD (SC), expressed in centimeters, is a predictor of the difference in transmitting ability for scrotal size compared to that of other sires.

Dolcility (DOC), is expressed as a difference in yearling cattle temperament, with a higher value indicating more favorable docility. It predicts the average difference of progeny from a sire in comparison with another sire's calves.

Maternal Milk EPD (Milk), is a predictor of a sire's genetic merit for milk and mothering ability as expressed in his daughters compared to daughters of other sires. In other words, it is that part of a calf's weaning weight attributed to milk and mothering ability.

+56	+62	+69	+76	+68	+260	

Carcass Weight EPD (CW), expressed in pounds is a predictor of the differences in hot carcass weight of a sire's progeny compared to progeny of other sires.

Marbling EPD (Marb), expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

Ribeye Area EPD (RE), expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

Maternal Value (\$M), an index expressed in dollars per head, predicts profitability differences in progeny due to genetics from conception to weaning.

Weaned Calf Value (\$W), an index value expressed in dollars per head, is the expected average difference in future progeny performance for preweaning merit. \$W includes both revenue and cost adjustments associated with differences in birth weight, weaning direct growth, maternal milk, and mature cow size.

Combined Value (\$C), an index expressed in dollars per head, includes all traits that make up both \$M and \$B with the objective that commercial producers will replace 20% of their breeding females per year with replacement heifers retained within their own herd.

View and Bid Live Online

Bid through Northern Livestock Video Auction's Online Bidding Platform! Desktop and Mobile Friendly.

FROM YOUR DESKTOP:

1. It is best to use the Google Chrome web browser.
2. Pre-Register at least one day prior to the sale.
3. Go to bid.northernlivestockvideo.com and click "Get Approved to Bid".
4. Doing this will prompt you to create an account, after which you will fill out a bidder approval application.
5. Once Approved, an email will be sent to the email account provided, please click the link in that email to activate your account and a buyer number will be provided.
6. On sale day (after approval), visit www.northernlivestockvideo.com to view and bid!

FROM YOUR MOBILE DEVICE:

1. Use your mobile device to download the Northern App and follow the above steps to get approved.

There is an instructional video on how to register to bid on our website, www.northernlivestockvideo.com if you have any questions.

For technical assistance with Internet Viewing and Bidding Questions, call Sam Fraser 406-860-0590.

PHONE BIDDING:

Anyone wanting to use the Northern Livestock phone bank to bid must pre-register and have a bid number to bid on the phone.

Northern Livestock Sale Day Bid Line: 1-406-245-0889.

To register with NLVA, call 866-616-5035 Before Sale Day.

View the Online SALE BOOK and VIDEO CLIP of each BULL selling at www.northernlivestockvideo.com

Bidders who are successful in making purchases will be contacted following the sale to make payment and delivery arrangements.

Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs).

GE-EPDs have become the industry standard for herd improvement, building on decades of science-backed genetic evaluation tools originated and maintained through the American Angus Association®, home to the largest and ever-growing single-breed beef cattle database.

EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs

Better characterization of genetics for difficult-to-measure performance traits
(such as carcass traits, maternal traits and feed efficiency)

The ability to make more rapid progress for traits that are important to you, due to:

- more accurate selection
- easier identification of genetic outliers
- the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they had recorded 10-36 calves, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation.

Trait	Progeny Equivalent	Trait	Progeny Equivalent
Calving Ease Direct	26	Heifer Pregnancy	17
Birth Weight	23	Calving Ease Maternal	20
Weaning Weight	27	Milk	36
Yearling Weight	23	Mature Weight	15
Dry Matter Intake	12	Mature Height	9
Scrotal Circumference	15	Carcass Weight	15
Docility	12	Yearling Height	17
Claw Set	10	Carcass Marbling	11
Foot Angle	10	Carcass Ribeye	17
		Carcass Fat	14

How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo, Angus GS™ powered by partner Neogen GeneSeek or the HD50k by partner Zoetis. These images indicate animals for which low-density or high-density genomic testing has been conducted and incorporated by AGI into GE-EPDs

WINTERING AND DELIVERY:

All bulls will winter free of charge until April 1. Little Goose Ranch will deliver free of charge up to 500 miles and then at cost beyond 500 miles. Please leave detailed delivery instructions at the time of buyer registration with the Buffalo Livestock Marketing office. The heifers are for immediate delivery unless prior arrangements have been made.

YEARLING HEIFERS

About the Heifers The heifers will be selling as commercial females. Registration certificates can be purchased for an additional \$200 per head of the purchase price. The heifers reflect our cow herd representing daughters from first calf heifers to running age cows. Our past customers have been very satisfied with the type, kind, and docility of our heifers. All heifers have been Bangs vaccinated and are on the same vaccination program as our bulls. These heifers are for immediate pickup unless prior arrangements have been made.
