Welcome!

Dear Friends, New and Old,

Welcome to the Little Goose Ranch Annual Production Sale! We are excited to be back for another year. Last year's bull sale was met with wintery challenges and road closures, pushing many buyers to make sight-unseen purchases. Despite the less-than-ideal weather, the turnout was fantastic, and we extend a sincere thank you to all who supported the sale, whether seated or participating as absentee buyers. Your confidence in our cattle and program, even in adverse conditions, is genuinely appreciated.

The past year presented its share of trials, with a harsh winter and spring featuring above-average snowpack and prolonged cold periods. However, we were fortunate to experience excellent summer moisture, resulting in an outstanding grass year and record cattle prices. The success of summer video sales underscores a fundamental truth: pounds pay! Witnessing our customers, friends, and neighbors finally reaping the rewards of their hard work is gratifying.

This year's sale offering continues to focus on performance while upholding maternal merit. We aim for the progeny from this sale to elevate your herd, whether you're selling by the pound or seeking replacement quality females. The sale offering, developed on the ranch as in years prior, allows us to continuously evaluate disposition, soundness, and performance.

We will be selling 55 bulls, 12 replacement heifers, and donating a replacement heifer to a qualifying youth (see page 2 for details). Additionally, we will be selling Lot X, pick of the Little Goose Ranch replacement heifers, to commemorate ranch employee, Justin McKenzie (see page 20 for details).

Mark your calendars for Saturday, January 27, 2024, at Buffalo Livestock Marketing, Buffalo, Wyoming, where the sale will commence at 1:00 pm. Prior to the sale, we invite you to join us for lunch starting at 11:30. Should you have any inquiries or require additional information, please feel free to reach out.

With sincere appreciation,

*The Meredith Family
and Little Goose Ranch Crew*

January 27, 2024 • 1 PM
Buffalo Livestock Marketing, Buffalo, WY
Lunch will be served at 11:30 AM

littlegooseranch.com

Auctioneer:

Greg Goggins406.200.1880

Sale Order:

Cattle will sell in sale book order.

Sale Staff:

Kurt Kangas, *Angus Journal*406.366.4190
Curt Cox, *Wyoming Livestock Roundup*307.630.4604
Matt Wznick, *Western Ag Reporter*406.489.2414
Devin Murnin, *Western Livestock Journal*406.696.1502

Wrye Williams, *TriState Livestock News*406.938.3071
Bo Beavis, Northern Livestock Video406.390.3134

Herd Health:

All cattle are eligible for shipment anywhere in the United States, although some states may require additional testing prior to shipment. All animals have been genomically tested for parentage verification through Angus GS. DNA testing gives the added benefits of Genomically Enhanced EPDs, testing free of all known genetic defects, and tested BVD-PI Negative. The cattle are on a complete vaccination and mineral program as recommended by our veterinarian.

Bull Development:

The bulls have been developed on the ranch with first cutting grass hay and a bull grower pellet.

Breeding Soundness:

All bulls will have passed a breeding soundness exam guaranteeing them sound and fertile at time of delivery.

Retained Interest:

Little Goose Ranch will be retaining a one-third revenue sharing interest on all the bulls. Full possession sells on all cattle.

Wintering And Delivery:

All bulls will winter free of charge until April 1. Little Goose Ranch will deliver free of charge up to 500 miles and then at cost beyond 500 miles. Please leave detailed delivery instructions at the time of buyer registration with the Buffalo Livestock Marketing office. The heifers are for immediate delivery unless prior arrangements have been made.

Guarantee:

Bulls are guaranteed to be sound healthy breeders for the first breeding season. The breeding season is defined as the first 90 days from turn-out of the bull. All bulls will be covered 50% of the purchase price of the injured bull, less 50% of the salvage value towards credit in next year's sale or towards the value of a replacement bull if one is available. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible if an injury should occur and prior to the bull being sold for salvage. All claims must be made by September 1, 2024.

Volume Discount:

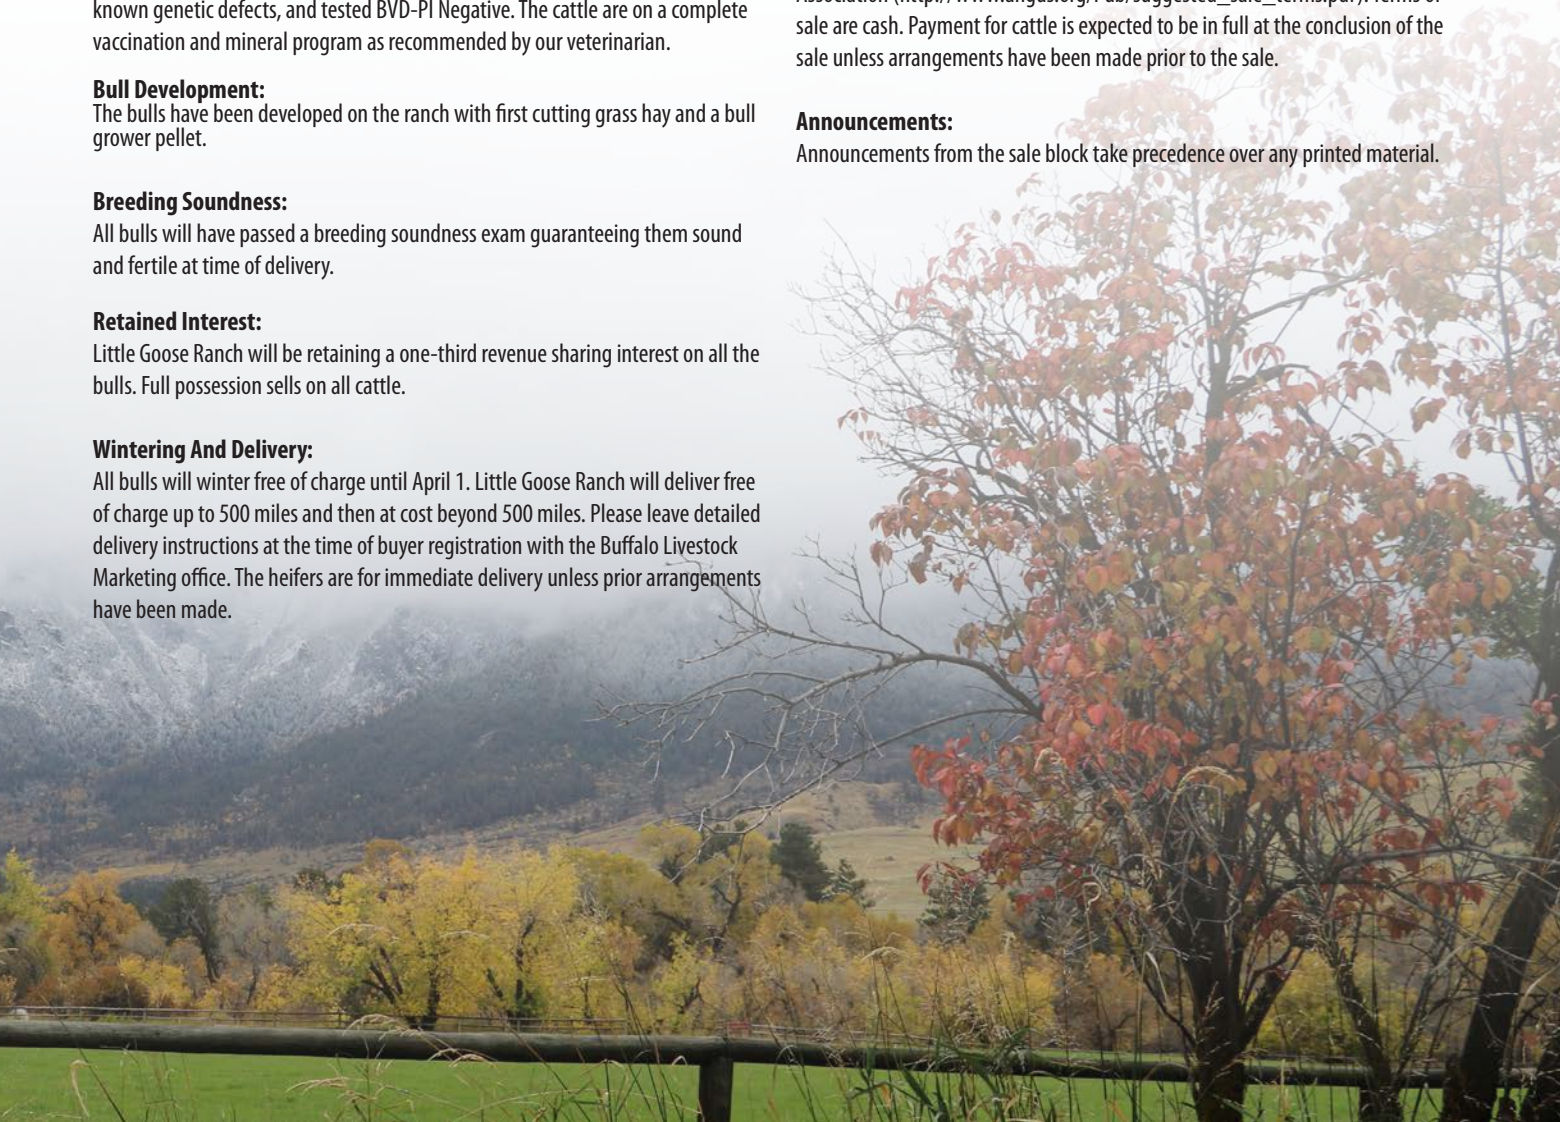

A 2.5% discount will be provided on 5 bulls and a 5% discount will be provided on 10 bulls or more.

Terms of Sale:

Cattle will sell under the suggested Terms and Conditions of the American Angus Association (http://www.angus.org/Pub/suggested_sale_terms.pdf). Terms of sale are cash. Payment for cattle is expected to be in full at the conclusion of the sale unless arrangements have been made prior to the sale.

Announcements:

Announcements from the sale block take precedence over any printed material.

Donation Heifer

Introducing LGR Priscilla 3112

At Little Goose Ranch we believe youth in agriculture are the best asset for the future of our industry. We are actively involved in various programs promoting agriculture and youth to educate and inspire future generations. In keeping with tradition, we will donate a heifer to one lucky junior, age 20 or younger, in attendance on sale day. Stop by the clerk's counter to get your winning ticket!

Our chosen donation heifer comes right out of the heart of our replacements. Priscilla 3112 is maternally charged with optimal performance. She has a weaning ratio of 107 paired with a quiet and gentle disposition. Her dam, LGR Priscilla 8103, has an average calving interval of 357 days on four calves and is due to calve again in February. Her paternal granddam, Coleman Juanada 354, is coming 11 years old and bred to calve again in February. She is easy keeping with an excellent disposition and has produced several of the ranch favorites.

Congratulations to the 2023 Youth Donation Heifer winner, Trig Tatman pictured with his sister Peyton.

All About the Data

Calving Ease Direct (CED), is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first calf heifers. It predicts the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

Birth Weight EPD (BW), expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

Weaning Weight EPD (WW), expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires.

Yearling Weight EPD (YW), expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

Scrotal Circumference EPD (SC), expressed in centimeters, is a predictor of the difference in transmitting ability for scrotal size compared to that of other sires.

Dolicity (DOC), is expressed as a difference in yearling cattle temperament, with a higher value indicating more favorable docility. It predicts the average difference of progeny from a sire in comparison with another sire's calves.

Maternal Milk EPD (Milk), is a predictor of a sire's genetic merit for milk and mothering ability as expressed in his daughters compared to daughters of other sires. In other words, it is that part of a calf's weaning weight attributed to milk and mothering ability.

BW	86
Adj. 205	729
WW Ratio	106
Dam's WR	2-107

BW, actual birth weight.

Adj. 205, adjusted weaning weight at 205 days with ratio.

Dam's Weaning Ratio

CED	BEPD	WEPD	YEPP	SC	DOC	MILK							
+6	.31	+1.9	.53	+69	.45	+118	.36	+23	.37	+13	.36	+38	.27
CW	MARB	RE	\$M	\$W	\$C								
+44	+14	+73	+67	+77	+202								

Carcass Weight EPD (CW), expressed in pounds is a predictor of the differences in hot carcass weight of a sire's progeny compared to progeny of other sires.

Marbling EPD (Marb), expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

Ribeye Area EPD (RE), expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

Maternal Value (\$M), an index expressed in dollars per head, predicts profitability differences in progeny due to genetics from conception to weaning.

Weaned Calf Value (\$W), an index value expressed in dollars per head, is the expected average difference in future progeny performance for preweaning merit. \$W includes both revenue and cost adjustments associated with differences in birth weight, weaning direct growth, maternal milk, and mature cow size.

Combined Value (\$C), an index expressed in dollars per head, includes all traits that make up both \$M and \$B with the objective that commercial producers will replace 20% of their breeding females per year with replacement heifers retained within their own herd.

View and Bid Live Online

Bid through Northern Livestock Video Auction's Online Bidding Platform! Desktop and Mobile Friendly.

FROM YOUR DESKTOP:

1. It is best to use the Google Chrome web browser.
2. Pre-Register at least one day prior to the sale.
3. Go to bid.northernlivestockvideo.com and click "Get Approved to Bid".
4. Doing this will prompt you to create an account, after which you will fill out a bidder approval application.
5. Once Approved, an email will be sent to the email account provided, please click the link in that email to activate your account and a buyer number will be provided.
6. On sale day (after approval), visit www.northernlivestockvideo.com to view and bid!

FROM YOUR MOBILE DEVICE:

1. Use your mobile device to download the Northern App and follow the above steps to get approved.

There is an instructional video on how to register to bid on our website, www.northernlivestockvideo.com if you have any questions.

For technical assistance with Internet Viewing and Bidding Questions, call Sam Fraser 406-860-0590.

PHONE BIDDING:

Anyone wanting to use the Northern Livestock phone bank to bid must pre-register and have a bid number to bid on the phone.

Northern Livestock Sale Day Bid Line: 1-406-245-0889.

To register with NLVA, call 866-616-5035 Before Sale Day.

View the Online SALE BOOK and VIDEO CLIP of each BULL selling at www.northernlivestockvideo.com

Bidders who are successful in making purchases will be contacted following the sale to make payment and delivery arrangements.

Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs).

GE-EPDs have become the industry standard for herd improvement, building on decades of science-backed genetic evaluation tools originated and maintained through the American Angus Association®, home to the largest and ever-growing single-breed beef cattle database.

EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs

Better characterization of genetics for difficult-to-measure performance traits (such as carcass traits, maternal traits and feed efficiency)

The ability to make more rapid progress for traits that are important to you, due to:

- more accurate selection
- easier identification of genetic outliers
- the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they had recorded 10-36 calves, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation.

Trait	Progeny Equivalent	Trait	Progeny Equivalent
Calving Ease Direct	26	Heifer Pregnancy	17
Birth Weight	23	Calving Ease Maternal	20
Weaning Weight	27	Milk	36
Yearling Weight	23	Mature Weight	15
Dry Matter Intake	12	Mature Height	9
Scrotal Circumference	15	Carcass Weight	15
Docility	12	Yearling Height	17
Claw Set	10	Carcass Marbling	11
Foot Angle	10	Carcass Ribeye	17
		Carcass Fat	14

How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo, Angus GS™ powered by partner Neogen GeneSeek or the HD50k by partner Zoetis. These images indicate animals for which low-density or high-density genomic testing has been conducted and incorporated by AGI into GE-EPDs

WINTERING AND DELIVERY:

All bulls will winter free of charge until April 1. Little Goose Ranch will deliver free of charge up to 500 miles and then at cost beyond 500 miles. Please leave detailed delivery instructions at the time of buyer registration with the Buffalo Livestock Marketing office. The heifers are for immediate delivery unless prior arrangements have been made.

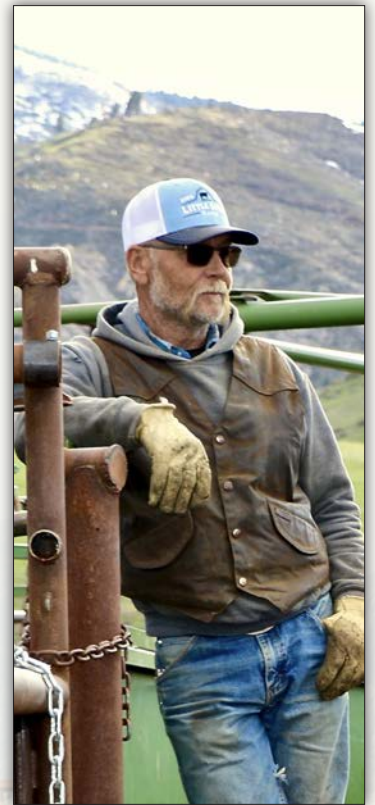

Pick of the 2023 Replacement Heifers

Lot X: In Memory of Justin McKenzie

Justin was a longtime employee of Little Goose Ranch, who passed away on April 17, 2023. He was a hardworking ranch hand that could do most anything. His headstrong determination served him well through his years at the ranch allowing him to conquer any challenge he faced. We present this offering to express our gratitude for his years of dedication. The winning bid price will be donated to the McKenzie family.

Lot X is a pick of the Little Goose Ranch 2023 Replacement Heifers. This is an excellent opportunity to select a heifer from the heart of the Little Goose Ranch replacement pen. These heifers are the same type and kind as the bulls selling. Nothing held back, the selection is wide open to the winning bidder. The pick choice will need to be made by March 1, 2024. The registration certificate will be transferred to the winning bidder.

YEARLING HEIFERS

About the Heifers The heifers will be selling as commercial females. Registration certificates can be purchased for an additional \$200 per head of the purchase price. The heifers reflect our cow herd, representing daughters from first calf heifers to running age cows. Our past customers have been very satisfied with the type, kind, and docility of our heifers. All heifers have been Bangs vaccinated and are on the same vaccination program as our bulls. These heifers are for immediate pickup unless prior arrangements have been made.

• Statement is the \$70,000 third top-selling bull from the 2023 Ellingson Angus sale. Statement is a calving ease and total outcross sire prospect that we purchased along with the Barnes Ranch of South Dakota. Statement offers calving ease without sacrificing growth, while maintaining maternal merit. Ellingson Angus has retained Fall possession to use back in their breeding program.

• Gaucho is the third top-selling bull of his sire group at \$40,000 from the 2023 Coleman Angus Sale. We look forward to Gaucho having a significant impact within our herd. His dam is displaying an excellent production record and backed by an old school tried and proven pedigree. His sire, Hummel South America, is an outcross sire that can be used almost anywhere.

COLEMAN GAUCHO 2169
