

46th Annual
LOOSLI
Bull Sale

Tuesday, March 10, 2020 • 1 p.m.

At the Ranch in Ashton, Idaho

Over 100 Yearling Red Angus Bulls and 75 Open Purebred Heifers Sell!

www.loosliredangus.com

Dear Red Angus Friends,

It is a pleasure to welcome you to our 46th Annual Loosli Red Angus Production Sale. We appreciate the many years of support and owe our customers a special thank you for choosing our genetics. We are reminded daily how fortunate we are to be involved in the cattle business. We take great pride in being part of the ever-growing Red Angus breed! Through these many years, we have been continually striving to improving our herd...being consistent yet progressive. Our program continues by stacking generations of proven genetics to move your program forward. Our main purpose it to pass on value to your herd and custom fit these genetics to your unique situation. Your satisfaction is our continued success.

We are still in some interesting times in the cattle industry, yet the Red Angus Breed continues to move forward and lead the industry with tremendous interest and demand. Red Angus cattle have proven themselves with low-maintenance, high fertility / maternal qualities, calving ease, and of course, great dispositions. These many natural advantages have contributed to the tremendous growth in the Red Angus breed. This is where you can count on our program to improve genetics and help you remain profitable. Balance is what we strive for... because bulls that are balanced in many areas are more profitable. We are confident that our balanced, proven genetics can help move your herd forward.

Our sale is packed with established genetics from breed-influencing sires and dams. This bull offering features some exciting genetics with the numbers to match. HerdBuilder and GridMaster Indexes rank bulls on cow herd building traits and on feedlot and carcass traits respectively. You will notice many of our bulls in the upper percentages for both! We also strive to emphasize genetics, phenotype and EPDs. We also run these bulls through the sale ring so you can see up close and personal the features we have mentioned. We are very confident about the vast and varied quality we are offering and feel we have something that will benefit any cattle operation.

The Red Angus replacement heifers are some of the fastest growing components of the beef business. You might have seen in the WLJ, "Most-Favored Female." Their characteristics of fertility, longevity, adaptability and efficiency keep them on top. Because every herd sire begins with a powerful mother, we make sure our heifers have an outstanding combination of great pedigrees and carry a very well-balanced set of EPDs. You will love our great selection of 80 stylish heifers, and you will be impressed with their natural muscle, wide tops, great udders, and sound disposition.

We are extremely proud of our sale selection this year and welcome your calls to discuss your cattle needs. Please look through the catalog and visit our website at www.LoosliRedAngus.com to view pictures, videos, and EPDs of our powerful genetics.

We want to invite you to our ranch in Ashton, Idaho, on Tuesday, March 10, 2020, to have a delicious lunch on us, meet our ranch family and be a part of this great sale. You will also be able to watch/ bid online through **LiveAuctions.TV.**

Thanks,
Brian and Karen Loosli
& Family

Loosli Red Angus 46th Annual Production Sale

Sale Representatives

Curt Cox, WY Livestock Round-Up:
Office 307 234-2700, Cell 307-630-4604
Mark Frisbie, Western Ag Reporter: 208-890-4517
Devin Murnin, Western Livestock Journal: 406-696-1502
Katie Ochsner, Red Angus Assn: 307-575-6802

Auctioneer:

Kyle Colyer: 208 845-2098

Retained Ownership: Loosli Red Angus is retaining a full ½ semen interest in every sale bull...Buyer will take full possession and retain full salvage value in the bull. Bulls collected for A.I. use will be done in the off season at the buyer's convenience with expense paid by Loosli Red Angus. Please call Brian Loosli for more information. 208-317-7878

Transportation: Bull delivery is free to central points in Idaho and to central points for adjoining states. For more distant locations or single animal purchases outside these central points, the buyer will be responsible for these costs. We will assist you in making delivery arrangements at the lowest possible cost.

Insurance: Tell the clerks when you checkout if you wish to insure your purchases and they will give you the application. Coverage starts immediately when you turn in your application. The insurance is through American Livestock at 630 232-2100. All purchases are the buyers' responsibility as soon as they are sold.

Sale Order: Cattle will sell in catalog order.

Information: Updated EPDs (yearling) and data are available on our website.

Announcements/Liabilities: Announcements made from the sale block on sale day take precedence over the catalog. All persons attending the sale do so at their own risk. Seller assumes no responsibility, legal or otherwise, for any accidents occurring in, on, or about the premises.

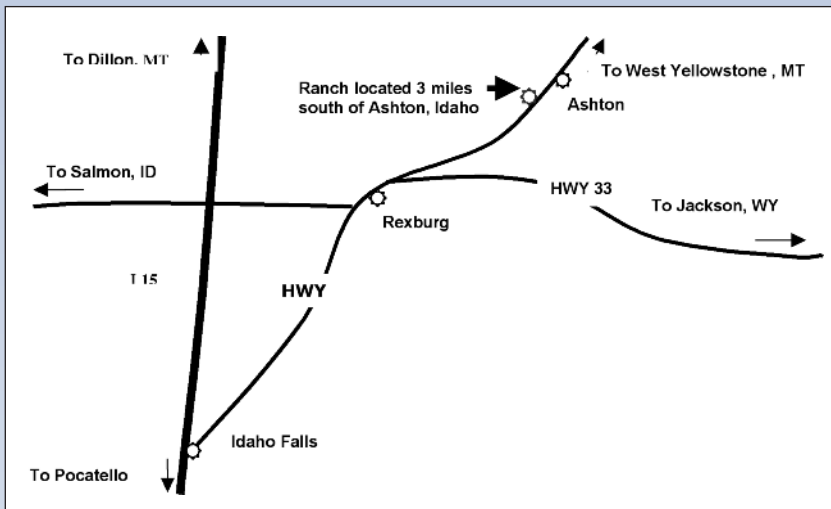

Guarantee: Loosli Red Angus guarantees all bulls selling for \$3,000 or more against breeding injury for the first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bull(s). If a replacement bull is available, he will be provided, or if buyer prefers credit toward one bull will be given in the following year's sale, less salvage value of the injured bull. Under no circumstance will Loosli Red Angus be liable for more than the net purchase price of any bull. Please notify us as soon as possible, should such an injury occur, to make your claim and arrange your return of the injured bull. Broken bones or injuries due to negligence will not be covered under this guarantee. A bull that dies will not be covered by this guarantee. We recommend the purchase of livestock mortality insurance to mitigate this type of loss.

Lunch served at 11:30 a.m. on sale day!

We begin the sale with the first calf of Brown CSB Triad to sell anywhere. It is always great to see the progeny of a new herd sire and we are excited to feature his. 910 comes from a 104 MPPA Saga female that has a perfect udder. He has jumped through all the hoops and his EPD profile is balanced in calving ease, growth, maternal, fertility, and carcass. His performance numbers also reflect that type and kind of balance one expects in today's market with 107 and 106 weaning and yearling ratios. This bull has a lot to offer!

This bull defines the word complete. He is an Ultimatum son out of our prolific Hobo Design 927 cow. She has been in our flush program. During her 11+ years, she has produced some outstanding herd bulls. This bull is no exception and has an EPD profile that puts 8 traits in the top 10% of the breed. He sports both WW EPD and YW EPD in the top 1% as well as top 3% ADG which is rare! He begins his career with a Herd Builder index of 220 top 2%. You will want to keep all of his daughters. The carcass scan is just as impressive as he ranks in the top 2% for Marbling EPD.

Really a nice Brown Triad son that had an actual performance data of 80 lb birth weight 740 lb weaning weight, and 1205 lb. yearling weight. It doesn't matter whether you sell his calves at weaning or yearling as there will be premiums for each. This calf carries a little more volume but boast a 20 CED or top 1% of the breed for Calving Ease. Out of a 105 MPPA Hobo Design daughter.

Heifers: Lots 107-182

You will love our great selection of 75 stylish heifers with their natural muscle, wide tops, great udders and sound disposition. They are classmates to this outstanding group of bulls and will add to your herd. You asked that we sell them unbranded to better meet your needs and we listened. They have had all of their shots for our area and are ready to be bred.

RED ANGUS GUIDE TO EPDS

For more information, visit RedAngus.org.

HB – HerdBuilder is a maternally focused selection index that predicts the probability of developing profitable cowherd traits while maximizing the value of marketed progeny. Expressed as dollars per cow exposure, HB is calculated based on the scenario that bulls are mated to heifers and cows, replacement heifers are retained, and all remaining progeny are marketed on a quality-based carcass grid. (Index/High Value)

GM – GridMaster is a terminally focused selection index that predicts the probability to increase the value of marketed calves. GM places selection pressure on growth, feedyard performance and carcass quality, predicting differences in profit as expressed per cow exposure. GM is calculated based on the scenario that bulls are mated to cows only, and all progeny are marketed on a quality-based carcass grid. (Index/High Value)

CED – Calving Ease Direct predicts differences in the percent of calves born unassisted out of 2-year-old dams. (Percent/High Value)

BW – Birth Weight predicts differences in actual birth weight of progeny. (Pounds/Low Value)

WW – Weaning Weight predicts differences in 205-day weaning weight. (Pounds/High Value)

YW – Yearling Weight predicts differences in 365-day yearling weight. (Pounds/High Value)

ADG – Average Daily Gain predicts differences in weight gain between 205 and 365 days of age. (Pounds/High Value)

DMI – Dry Matter Intake predicts differences in daily feed intake as measured in a feedlot during the post-weaning period. (Pounds/Low Value)

MILK – Milk predicts differences in weaning weight attributed to the milking ability of the animal's daughters. (Pounds/High Value)

HPG – Heifer Pregnancy predicts differences in the percent of daughters who are able to conceive and calve at 2 years of age following exposure to breeding. (Percent/High Value)

CEM – Calving Ease Maternal predicts differences in the percent of daughters who are able to calve unassisted as 2-year-old heifers. (Percent/High Value)

STAY – Stayability predicts differences in the ability of an animals' retained daughters to remain productive in the herd – calve every year – through 6 years of age. (Percent/High Value)

MARB – Marbling predicts differences in marbling score – amount of intramuscular fat measured at the 13th rib. (Marbling Score Units/High Value)

YG – Yield Grade predicts differences in USDA Yield Grade, which is calculated using CW, REA and Fat. (Yield Grade Units/Low Value)

CW – Carcass Weight predicts differences in actual hot carcass weight. (Pounds/High Value)

REA – Ribeye Area predicts differences in square inches of ribeye area measured at the 13th rib. (Square Inches/High Value)

FAT – Fat predicts differences in the depth of backfat measured between the 12th and 13th ribs. (Inches/Low Value)
