www.LundsBBarAngus.com

Welcome to the Lund's B Bar Angus annual production sale! We are honored by the fact that you choose us to supply your breeding bulls. It is not our goal to be genetic multipliers, instead we want to provide quality bulls with longevity that will maintain or improve your cow herd. Our "Seek the Balance" approach not only applies to our cattle, but it is also tied to our environment. We strive to balance our cattle to their range, extra supplements mean more costs and raising a cattle type for a lusher environment. Our cattle are required to convert grass into an edible protein, red meat. Everyone's situation is different, but here we want these cattle to perform on only what is natural on this ranch.

Our program continues to be about making balanced trait cattle with the emphasis on the mother cow. We require our cows to be nurturing mothers with good udders. They make the short list if they are uncooperative when being handled, appear hard fleshing, have foot structure issues, or are just not pleasant in appearance. We also like to keep as much muscle and length in our cattle as we can as that is what the business is about, pounds of red meat.

The bulls were again fed on the ranch and every calf was raised on the ranch as well. They have been bucket fed a grain ration of oats and corn as in the past. At no point in their feed test will they get over one percent of their body weight of grain, or go past ten pounds of grain. They also have free choice crested wheatgrass hay in front of them. This year the hay that was ground for them included alfalfa hay besides just crested wheatgrass hay. As you can see this diet should make for a healthy bull to turnout and allow for longevity.

The bulls can be viewed at the ranch anytime. They may also be viewed at our website, DV Auction, or Billpelton.com. Please note that we do not put straw down for the videos as we want you to see the feet and toes of our cattle. At this point the sale will NOT be online. Bulls will be hauled to town the morning of the sale.

Cells phones do work the day of the sale, so please use those numbers listed if you would like to contact us sale day. Prior to the sale you must use our land lines as there is no cell service in Carlyle.

Sincerely,

The Lund's

**Thank you for your interest
& your past patronage.**

Sale Terms and Conditions

Cattle sell under the sale terms and conditions as suggested by the American Angus Association effective 9/13/18.

Rights and Obligations

Neither the Lund's, Bull Palace, Inc., nor any other person connected with the management of the sale, assumes any liability, legal or otherwise.

Inspection of Cattle

Cattle can be viewed at the ranch any time before March 27, 2020.

Directions to ranch: Hwy 7 going north of Baker, MT, 19 miles, turn east at Carlyle Road sign, travel 3 miles to inspect cows, 5 miles to inspect bulls.

Retained Semen Interest

The Lund's are retaining a 1/3 semen interest in all bulls sold. A salvage value and possession belong to the purchaser.

Health and Vaccinations

Bulls have had a breeding soundness evaluation, including semen test, prior to the sale. They have received the following vaccinations:

Birth: All calves born from 3 yr old cows and older receive Boehringer Ingelheim Alpha-CD

Branding: Merck Vista Once SQ; Zoetis Vibrio-Leptoferm-5; Merck Vision 7 Somnus w/Spur

Pre-Weaning: Novartis-BRD Shield; Merck Vision 7 Somnus w/Spur; Novartis NURPLURA PH;

Weaning: Zoetis Inforce 3

Post-Weaning: Poured with ProMectin B Pour-on

Performance Data

American Angus now updates EPDs weekly. The EPDs and percentile ranking in this catalog are as of February 17, 2020. Weekly updates can be viewed at www.angus.org.

Insurance

For those wishing to purchase insurance on their bull(s), Bill Pelton will have it available sale day.

Lunch

Join us for a complimentary lunch.

Guarantee

Bulls selling for \$3,500 or more are guaranteed against breeding injury for the first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls. If a replacement bull is available, he will be provided, or if the buyer prefers, credit toward one bull will be given in the following year's sale, less salvage value of the injured bull. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. Replacement bulls are not covered by this guarantee.

We chose to keep this bull back for our own use in 2016. He was as complete of a bull that we had or had seen that spring. His mother is a high volume cow with good feet, great udder, and has a very calm disposition. He is a little lighter birth EPD than anticipated. At five years of age his feet are still perfect. Semen available.

This bull is out of the same mother as Windy 79. We sampled him because of his type and mother. This bull will sire moderation, but should add thickness and structure to cattle. We have seen his sons at other places and are encouraged by his consistency. He is a heifer bull out of the great SAV Resource 1441 bull. He will also moderate frame for those people wanting to watch cow size.

This is the best all-around bull we have ever used. His daughters are awesome! This bull keeps muscle in the cattle and leaves you with great daughters. Good udders, good feet, and good disposition. These calves are long sided with pretty heads. If you breed any cattle for function and not AAA numbers, these are bulls for you.

After VDAR Churchill went down due to injury we selected this son as a replacement. His mother was pretty fronted, pretty headed, and had a beautiful udder. She did have some white on her bag, so for those concerned about white, this bull may throw some due to his pedigree.

He was named for what he is to be. It is our conviction to bring you cattle with good feet, good bag, good growth, and good disposition. We feel this bull will fit that description based on his visual appraisal and his pedigree. This bull has a world of length in him along with a long front end. He developed a lump on his jaw this past year so his future progeny may be limited.

These calves should be very maternal and have a good set of feet and legs under them. You may give up some performance, but I believe the females will make up for that.

Balance was the high selling bull at Skinners in 2015. We selected him because of his beautiful mother and the correctness he displayed. Calves are very muscular, strong hipped, and wide topped. Daughters have EXT type udders, level bags and small teats. Frame is moderate.

This bull can give you the larger scale that calf buyers like. If you like cattle with length and size, look this sire group over. The bull himself is a very heavy muscled animal, and we are seeing that transmitted to his progeny. Very nice front ends on these cattle as well.
