Welcome, fellow ranchers. Thank you for your interest in our 2021 sale offering! Twenty twenty is gone, enough said. This set of bulls is unique as there are very few AI calves because spring, 2019, we went to Pennsylvania for Hope's graduation. We used B Bar Conviction 066 and B Bar Black Mass 3045 very hard to get our cows covered. SRS Balance 0609B also worked hard even though he was injured. Weaning weights did not suffer without the AI calves. Also we did not graze any crop residue while the calves were still on the cows as we were concerned about dust pneumonia from the dry conditions. We are very pleased with the length of side these bulls display. That continues to be one of our main selection criteria. Any new bull brought onto our ranch for use must have a mother with good teats and good feet plus have what we call the "maternal look".

This year the yearling weights won't be taken until March 8th, so a supplemental sheet will be available sale day. Prior to sale day, by March 14th, the supplemental sheet will be posted on our website www.lundsbbarangus.com or call Steve or Melanie, and we will get it to you by email or however you prefer to receive it. After last year's sale we have chosen to make DVAuction a must for our sales going forward. In prior years we were reluctant about how that would work, but last year it was a great asset! The bull videos can be viewed on DVAuction and sale day you can bid there as well if you are comfortable in doing so. Or you may contact any of the cell phones listed under Sale Day phones to place bids. We do encourage you to come to the ranch ahead of time and view the bulls and their mothers. By viewing ahead of time, if you get tied up the day

of the sale, your homework is done, and you can bid through DVAuction or via phone.

We backed off of some grain this winter due to the mildness in temperature. We never did go to the one percent of body weight until the week of cold weather in February. Free choice long stem grass hay and ground grass hay and alfalfa rounded out their diet. In January when we last weighed they were gaining right at 3 pounds per day. These bulls will look "green" compared to a lot of the competition, but as you know, we don't want to hide our faults with fat! We want you to see them for what they are.

We are super excited about where our program is headed with the herd bulls we have added to the battery. Next year we will have the Sitz Resilient 10208 sons and B Bar Dutch 7399 sons. These are two bulls that have the look that we require. One bull cost a lot of money (from a retired banker's perspective) and one not so much. We still try and do some line breeding to protect you the customer. We feel that by lining up genetics you find out so much more about the animals instead of continually outcrossing. Think about that for a while. This could be in gains, maternal, docility, feet, structure, genetic conditions. I wish more breeders would be more accountable to their customers. We want to protect you and be accountable.

Again, thank you for your patronage and your interest in our program. Without you supporting us we could not do this. We would be happy to answer any questions you may have, feel free to call any of the numbers listed and visit.

Sincerely - *The Lunds*

**Thank you for your interest
& your past patronage.**

Sale Terms and Conditions

Cattle sell under the sale terms and conditions as suggested by the American Angus Association effective 6/04/20.

Rights and Obligations

Neither the Lund's, Bull Palace, Inc., nor any other person connected with the management of the sale, assumes any liability, legal or otherwise.

Inspection of Cattle

Cattle can be viewed at the ranch any time before March 26, 2021.

Directions to ranch: Hwy 7 going north of Baker, MT, 19 miles, turn east at Carlyle Road sign, travel 3 miles to inspect cows, 5 miles to inspect bulls.

Retained Semen Interest

The Lund's are retaining a 1/3 semen interest in all bulls sold. A salvage value and possession belong to the purchaser.

Health and Vaccinations

Bulls have had a breeding soundness evaluation, including semen test, prior to the sale. They have received the following vaccinations:

Birth: All calves born from 3 yr old cows and older receive Boehringer Ingelheim Alpha-CD

Branding: Merck Vision 7 Somnus w/Spur; Zoetis Vibrio Leptoform-5

Pre-Weaning: Boehringer-Ingelheim Pyramid 5+Preresponse SQ; Merck Vision 7 Somnus w/Spur

Weaning: Zoetis Inforce 3

Post-Weaning: Poured with ProMectin B Pour-on

Performance Data

American Angus now updates EPDs weekly. The EPDs and percentile ranking in this catalog are as of February 12, 2021. Weekly updates can be viewed at www.angus.org.

Insurance

For those wishing to purchase insurance on their bull(s), Bill Pelton will have it available sale day.

Lunch

Join us for a complimentary lunch.

Guarantee

Bulls selling for \$3,500 or more are guaranteed against breeding injury for the first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls. If a replacement bull is available, he will be provided, or if the buyer prefers, credit toward one bull will be given in the following year's sale, less salvage value of the injured bull. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. Replacement bulls are not covered by this guarantee.

We chose to keep this bull back for our own use in 2016. He was as complete of a bull that we had or had seen that spring. His mother is a high-volume cow with good feet, great udder, and has a very calm disposition. He is a little lighter birth EPD than anticipated. At six years of age his feet are still perfect. Semen available.

He was named for what he is to be. It is our conviction to bring you cattle with good feet, good bag, good growth, and good disposition. We feel this bull will fit that description based on his visual appraisal and his pedigree. This bull has a world of length in him along with a long front end. He developed a lump on his jaw this past year so his future progeny may be limited.

This is the best all-around bull we have ever used. His daughters are awesome! This bull keeps muscle in the cattle and leaves you with great daughters. Good udders, good feet, and good disposition. These calves are long sided with pretty heads. If you breed cattle for function and not numbers these are bulls for you.

Joe Hero was selected as our clean up heifer bull. The grandsire of Joe Hero turned out to be an excellent heifer bull for us, and since we were out of semen on him, we found this really nice grandson. He too proved to be a true heifer bull. However, this will be his only offspring as he broke a rear leg after we pulled him out of the heifers. Look at the length and extended front ends on these sons.

This bull is out of the same mother as Windy 79. We sampled him because of his type and mother. This bull will sire moderation but should add thickness and structure to cattle. We have seen his sons at other places and are encouraged by his consistency. He is a heifer bull out of the great SAV Resource 1441 bull. He will also moderate frame for those people wanting to watch cow size.

Balance was the high selling bull at Skinners in 2015. We selected him because of his beautiful mother and the correctness he displayed. Calves are very muscular, strong hipped, and wide topped. Daughters have EXT type udders, level bags and small teats. Frame is moderate.
