

13th Annual Sale

10 YEARLING BULLS | 70 TWO YEAR OLD BULLS

JANUARY 13, 2022

GLASGOW STOCKYARDS | GLASGOW, MT

FREE WINTERING

We understand that for many producers, hay and feed have been hard to come by this year. If wintering bulls on your place is not an option for you due to drought, please contact us for free wintering of bulls this year. Give us a call before the sale for more information.

Welcome Cattleman & Friends!

Happy holidays everyone!

We are very proud of these bulls we are bringing to town. They have been through a lot, hung in there, and came home from pasture looking amazing! They summered mostly on a diet of sagebrush, grasshoppers, and muddy water. Heavy daily doses of sunny Vitamin D. They did great! All jokes aside, I think they got into a little bit of native grass and Sweet Pro 20 tubs to help add protein to their diet and keep up body condition.

We developed them slowly over the winter on some yellow pea-large bales, triticale hay, and distillers' grains. In early May, we moved them out to pasture. Big hills, deep coulees, and wide-open spaces developed the right kind of muscle for longevity. The bulls kept active, fit, and healthy to work for our customers this coming spring. If you have ever been around a large group of bulls this age, "active" honestly doesn't hardly begin to describe them.

New this year, this sale will feature a small group of yearling bulls from a group of heifers we calved out in early February. I wish we could have had a few more, but it was a rough week. I can't thank Jason Morrison enough for lending me a barn heater. Literally a life saver! The heifers were rockstars in the ridiculous conditions they were dealt. Thirty below calving right into maybe the hottest, driest year on record. They might just be a special group of cows. All sired by the same herd sires of the bulls in the catalog. All the yearling bulls will be suitable for heifers. All influenced by GDAR Load Up 7014. Really proud of these bulls, hope you like them. They will be semen tested later in the spring and delivered after.

Also new this year, we will handle the wintering costs. We don't want the hay shortage to get in the way of your bull buying needs. Sell the old bulls and we'll feed the new ones. Simple as that. We will begin delivering them in March. We still offer a \$100 rebate if you take them home from Glasgow Stockyards. If you're going to use DVAuction.com make sure to register early.

These are, without a doubt, the quietest bulls with the best feet we have ever offered for sale! We thought about scoring them to help our customers buy with confidence, but in the end it wasn't necessary. These bulls have phenomenal feet and are so easy to be around. If in any way you are unsatisfied with your bull after he gets home, we stand behind them 100%. If you're not happy, we aren't either. We have set our sights on raising bulletproof cows, so we can sell bulletproof bulls. I think we are on the right path.

Despite the tough conditions, our cattle sustained 2021 very well. Calves weighed up well, averaged over 3.15 WDA. Through it all, the cows held their body condition well. We are very proud of our hard-working mommas!

Thanks for taking the time to have a look at our bull offering this year. I hope this catalog finds us all under a nice comfortable blanket of snow so we can begin to put 2021 in the past. Some folks say every year that ends in a 2 is always a good year for agriculture....cheers to 2022!

Merry Christmas and Happy New Year from the Math Farms family!

Sale Location

Glasgow Stockyards
Fort Peck Highway E
Glasgow, Montana 59230

Terms and Conditions

Settlement must be made at time of sale unless prior arrangements have been made. Announcements from the auction block take precedence over the catalog.

Sale Order

Sale order will be available on sale day. Performance Data Bulls come from a BVD tested free herd. They are 50K tested, fertility tested, and guaranteed.

Insurance/Guarantee

All bulls are fully guaranteed from Math Farms. If loss of use occurs, we will replace bull or credit back the cost of bull purchase, less salvage value. Bill Pelton will be offering loss of use and mortality insurance at sale time. Cost of insurance is 10%, Math Farms will cover half the cost of insurance if you choose to purchase to protect your investment.

Supplemental Information

A supplemental sheet will be available sale day with complete and up-to-date information. Announcements from the auction block take precedence over the sale book information.

Herd Health

All cattle will be accompanied by proper health certificates for immediate shipment. All bulls were semen tested by Roger Baxter, DVM. Bulls have been vaccinated with Bovi-Shield. In addition, vaccinated with Multimin and back poured with Dectomax.

Delivery Arrangements

Free delivery in Montana and out of state at cost, on bulls only. \$100 discount on bulls picked up on sale day. Friends and neighbors getting together to deliver to central points works for us.

Retained Interest

Math Farms is retaining 1/3 semen revenue-sharing interest in each individual bull in the sale, unless otherwise announced from the block. Natural use and salvage value belong to the buyer unless announced as well.

Liability

All persons attending this sale do so at their own risk. Math Farms and sale staff assume no liability for property loss or any accidents that may occur.

Online Sale Hosting

The sale will be hosted on DVAuction. For questions about online bidding please contact Ceara Eggerling, (402) 316-5460.

Sale will be hosted on...

This sale will be broadcast live on the internet.

High selling \$50K bull from the 2018 sale at Gartner Denowh Angus Ranch, 7104 has proven to be a sleep-all-night heifer bull for us. He stamps his progeny with incredible thickness, muscle shape, and depth of body. They come easy and have a ton of performance. Load Up does an EXCELLENT job of siring easy fleshing progeny with great feet. The females are attractive, clean fronted, and carry tight udders. Use his sons in confidence knowing they'll sire easy calving calves that will grow into strong & sound cattle with excellent feet. Look for many Load Up females selling bulls for us in future catalogs!

-Owned with Arntzen Angus, Neilsen Angus, and selling semen with Breeder Links.

-11 sons sell from 7104 and 2 Bravo sons from 7104 daughters. (lots 4 & 7)

High selling bull from the 2015 Big Dry Angus sale, B400 has done an excellent job for us. B400 bulls stand out in terms of muscle shape, body depth, with outstanding thickness and capacity. Haven't seen any foot problems on B400 over the years, and the sons and daughters have good feet as well. The daughters are moderate framed, easy fleshing females that carry that same thickness and depth of body. They have an attractive broody look to them, with good udders and have been productive. Real nice set of yearlings hitting production next year.

-3 bulls sell from Fat Cat

High selling \$25K bull from the 2018 sale at Spickler Ranch South, 7179 does a remarkable job of siring breed leading performance, great dispositions, and consistent phenotype. Bulls have a lot of growth, performance, and stand on good legs and feet. The daughters are moderate framed, easy fleshing, and very attractive with the right kind of angus cow look. They calved out easy, are very quiet, and good mothers with nice udders. We think so highly of him we are continuing to flush cows to him. 7179 has also seen lots of use at his home ranch, Spickler Ranch South. He has earned a valued role in our breeding program.

-16 sons will sell from 7179, including one powerhouse flush son from Forever Lady Y9110, and one 7104 bull from a Foundation daughter. (lot 8)

Second high selling bull and our pick at the 2017 fall sale at Sitz Angus, 10336 produces consistent and powerful bulls. They grow thick across the top and loaded with length. Sons come at comfortable 80 pounds and never stop growing. He will improve carcass in cattle and has all the maternal qualities that the cows at Sitz Angus are known for. The females are very feminine, angular, and very attractive. They carry excellent udders. They were a pleasure to calve this spring. The majority of the 10336 daughters caught AI first cycle, raised a big calf, and bred back first cycle this year.

-Broken Bow 10336 sired the high selling sire group from 2021. Group included the high selling bull from Forever Lady Y9110, to Apex Angus.

-5 sons will sell from BB as well as 1 Load Up son from 10336 daughter (lot 2)

High selling bull from our 2016 spring sale to Thornhill Ranch. Top son from Shipwheel Upward 2517 and CM Forever Lady Y9110. Thornhill Ranch has taken 2 groups (2019 & 2020) from 80C to Midland and had a lot of success at the performance test. One top son won the WDA group 2 in 2019! 80C really mixed well with Shane and Vicki's cattle, and we wanted to sample him. We got 3 bulls out of 80C that season. Real strong and powerful bulls! As a group, those 3 bulls won the Weaned Daily Average on our ranch as well! The 3 daughters we caught are very attractive too. We'll calve them out in a few months.

Polly 4278 was chosen from the 2015 SAV sale for her genetic potential. The SAV Heritage progeny like International and Harvester have made solid, angular, and easy fleshing females. We have Heritage sired dams all over this sale offering. We bred her to Black Leather, and used a son to clean up cows.
