www.milkriverangus.com

WELCOME to the 28th annual Milk River Angus Sale!

We would like to thank everyone for their continued interest and support of our bull sale. We appreciate this way of life and appreciate our customers' hard work and their endurance as each year is always sure to present different challenges. It's the faith of a better year, greener pastures, and higher prices that keep us progressing in a positive direction! Thank you for your business and your friendship.

Returning consignors of the Milk River Angus Bull Sale are Ross Christofferson and family with C-Angus, Bryan Pike with Pike Cattle, Scott, Fay, Kade, Shane & Morgan Friede with North Fork Angus, and Simenson Cattle with Justin, Tomi, Wylee and Wacee Simenson.

Again, we have an impressive, uniform set of bulls that have been fed out and taken care of at Hould Bull Development Center. Dr. Brock Aiton performed fertility testing, and Sonja Gregory completed ultrasounding. We are grateful for their services. We bring high-performing, low-maintenance bulls that we have confidence in to cover your cows and continue performing in your programs. To our return customers, again thank you for your trust and support of our seedstock programs—we value your support. For those who are new to our sale, we welcome you and hope you'll reach out to us with questions or for additional background information on our bulls. Please visit the bulls at Hould Feedlot and we hope to see you at our pre-sale social and bull viewing on the 16th at Bear Paw Livestock in Chinook. We would like to invite you to lunch at noon and look forward to visiting and catching up. If you can't be there in person on April 17th, plan ahead and get registered to bid with confidence online through Frontier Live.

We are certain that our bulls will love your cows!

My pick of the 2020 Redland Angus Sale. He sired the high selling bulls in the 2022 Milk River Sale. His calves show tremendous vigor at birth with plenty of growth to them. Calved his first daughters this year and what a treat they are. Feminine, docile, but motherly with ideal udder structure. His daughters look like they'll have a lasting impact.

Top selling bull from the 2022 Redland Angus Sale. He's a true "beef" bull. Massive depth of rib, with extra length, and added bone. Despite this, his calves come quite easy with average birthweights. He sires the type of cattle that will perform, but leave functional high volumed daughters.
