Fellow Breeders:

We at Mohnen Angus would like to welcome you to our 26th Anniversary sale and 34th year in the Angus breed. We personally would have to thank our customers the most, they are our number one asset that keeps this program running. It is with great honor hearing feedback on how well their bulls have turned out or how powerful their set of calves have become since using Mohnen sired bulls. We have acquired many friendships along the way and would love to continue making many more.

I do believe that this set of bulls in this year's offering is very consistent from top to bottom. The uniformity is outstanding and we are very proud of this set of bulls. They have had a very difficult year starting off with many below zero days through the winter, to the mudding spring and April blizzard and a wet lush grass all summer. No excuses made, but they have exceeded our expectations.

I do believe this is a very athletic set of bulls that get out and move well and will be able to service cows with no problems and last many years of their life problem free. 46% of the offering will be from embryo transfer. We have flushed a few of our elite donors trying to get more females out of our top donors and in return, creating more consistency from top to bottom. February 13th you will have the opportunity to select many full and half-brothers to help sire a more uniform calf crop in your own herd.

This is a family run operation and we take great pride in the opportunity working with each other on a daily business doing what we love to do. If anyone has any questions feel free to give Steve, Josh or John a call at any time. We love talking cattle or may help steer you in the right direction possible.

We have acquired a partnership with Top Dollar Angus in helping our customers maybe receive more money for their calves and our genetics. If you would like to know more about the program, feel free to give us a call. We can help line you up.

Once again, we hope to see you on February 13th at the Ranch at 1 P.M.

Mohnen Angus

### **SALE DAY PHONES:**

(605) 249-2719 • Steve's cell (605) 680-3063

26 Years

## *of Production Bull Sales and History*

### **First Auction Bull Sale started in 1994**

#### **1994 22 Bulls for Average of \$2,527**

Lot 4-Mohnen Traveler 93 was high selling bull for \$4,100 to Wallace Mohnen.

First sire group by the 1993 SD State Fair Champion Bon View Traveler 181. Traveler 181 in this same calf crop is responsible for producing Mohnen Jilt 143 who is the dam of Mohnen Jilt 910, the greatest and most influential cow in Mohnen Angus history. At the County Fair Josh had Grand Champion Heifer with Mohnen Ruth 283 and Champion Showmanship and Jenny had Reserve Champion with Mohnen Zara 43.

**1995** In 1994 Steve and Wallace took some steers to the Certified Angus Beef Program Value Discovery Project at Decto, Kansas. Three Bon View Traveler 181 steers were the youngest steers to be finished at 13 months of age in the Discovery or the Project at the time.

#### **1996 27 Bulls Averaged \$1,582**

Lot 3-Mohnen Westwind 85 was high selling bull for \$3,600

#### **1997 41 Bulls Averaged \$2,300**

Lot 41-Mohnen Emulation Ext 186 was high selling bull to Melhoff Angus, SD

Summer of 1996 was a busy year with Joshua, Jenny and Jared having a successful year of showing at 4-H and state fair. We received Grand Champion Heifer, Reserve Champion Heifer and Grand Champion Angus Steer with Champion and Reserve Showmanship at County. Also at state fair receiving four purple ribbons, placing 2nd, 3rd and 5th in class with the Angus steer winning his class.

**1998** This was John's first learning the ropes showing as he won Champion Jr. Showmanship. Also Jared won Jr. Showmanship and Reserve Champion Heifer at county. Jennifer had Grand Champion Heifer at county and a purple ribbon at state fair. Josh was Sr. Champion Showman and Grand Champion Market Steer at County and also was SD State Fair Champion Beef Showmanship winner.

#### **1999 52 Bulls Averaged \$2,425**

Took first heifer to NWSS Foundation Female sale. Mohnen Ruth 538 sold for \$7,000 to Sugar Hill Farms, AR. This same heifer was Grand Champion Female at the 1998 Corn Palace Calf Show for Josh and Jenny's heifer "Peaches" was second in her class. 4-H was very successful winning Champion and Reserve with their heifers and Josh winning Showmanship. We also took 2 heifers and 3 bull calves to SD State Fair. Jennifer won her class with her heifer calf "Peaches," Mohnen Zara 488 and her bull calf Mohnen Focus 358 who was Lot 28 co-top selling bull at \$4,000.

#### **2000 47 Bulls Averaged \$2,740**

Lot 16-Mohnen 216 LTD 409, 1-15-99 bull by SVF GDAR 216 LTD. To Blacktop Angus, Beemer, NE

and Blacktop Angus REP, Mitchell, SD for \$7,500, two-thirds interest.

Lot 5 Mohnen Fortune 189, 1-7-99 bull by Stevenson Fortune 425C. To Curt Gillen, White Lake, SD for \$4,900, two-thirds interest.

#### **2001 65 Bulls Averaged \$2,400**

Top Bull: Lot 14 Mohnen Focus 240, 1-8-00 bull by SAF Focus of ER. To Summitcrest Farms, Broken Bow, NE for \$11,000, one-half semen and revenue-sharing interest.

Lot 39-Mohnen New Design 878-750, 1-23-00 bull by Bon View New Design 878. To ABS Global, De Forest, WI for \$6,100, retaining one-third semen and revenue-sharing interest. This was our first bull that went into an A.I stud company as he was one of the elite calving-ease heifer project bulls for them for years.

#### **2002 54 Bulls Averaged \$2,793**

Top Bull: Lot 32-Mohnen Bando 811, 1-21-01 bull by Bon View Bando 598. To Carstens Farms Ltd., Adair, IA and Big Rok Angus, Detroit Lakes, MN for \$12,000, retaining one-third semen interest and revenue sharing.

Lot 46-Mohnen Bushwacker 1101, 2-3-01 bull by BCC Bushwacker 41-93. To Cottonwood Angus Farms, Pipestone, MN for \$7,000, retaining one-third semen interest and revenue sharing.

#### **2003 59 Bulls Averaged \$2,627**

Lot 28-Mohnen Forecast 602 for \$6,000 to Milo Klien, SD. Lot 10-Mohnen Bushwacker 242 for \$5,000 to Charles Storm, SD. Lot 8-Mohnen Force 182 for \$4,750 to Robert Mohnen, SD

*2001-2005 was a major drought in our area making us sell 1/2 the cow herd with sales in 2004, 2005 and 2006.*

#### **2004 Female Sale - 97 Females Averaged \$1,980**

Top Bred Cow: Lot 26-Mohnen Zara 15, 1-14-95 female by Westwind Rito 8503 D J H 019. Bred to Bon View New Design 878. To Goldhammer Angus, Mitchell, SD for \$4,100.

Top Fall Pair: Lot 81-Mohnen BLK Jestress 397, 1-26-97 female by Bon View Bando 598. Had a 8-10-04 heifer, Mohnen Black Jestress 1724, by B/R New Frontier 2205. To Ray Mar for \$4,500.

#### **2004 76 Bulls Averaged \$3,153**

This is the year we kept Mohnen Brushpopper 353, the great herd sire for use. Who, in turn, sired Mohnen Brushpopper 295 and then is the grandsire of the calving-ease great for Genex, Mohnen Long Distance 1639.

Lot 14-Mohnen Alliance 223, 12-31-02 bull by Sitz Alliance 6595. To Tim Brown, Spencer, SD for \$7,750. Lot 17-Mohnen Bando 293, 1-3-03 bull by Bon View Bando 598. To M & E Angus, Kimball, SD for \$7,500.

## COMMENTS FROM THE SALE MANAGER:

### Mohnen Angus, The Best Offering Yet

Recently I had an opportunity to visit the Mohnen Angus herd in White Lake, South Dakota and review their 2020 spring offering. What an eyeeful of excitement--bulls that are big and powerful, easy fleshing, with outstanding genomically-enhanced EPDs combined with calving ease.

The Mohnen operation is truly a family run Angus herd with Steve and Kathy, their sons Josh and John and their families all deeply involved in the day-to-day operation of Mohnen Angus. The Mohnen program is designed with their customers in mind. Service is first and foremost and there is no such a thing as an unhappy customer.

It is really a treat to view the Mohnen cow herd and see the tremendous set of females that are the dams of these great herd bulls. For years purebred and commercial cattlemen have found that Mohnen bulls get the job done. Today you can find Mohnen bulls in many leading AI Studs. Equally exciting is to find the Mohnen prefix in so many of the top performance cattle throughout North America and around the world.

I always say one of the greatest tributes that any program in the Angus breed can have is to breed a bull or bulls that you can use back in your own program, and that is exactly what has happened at Mohnen Angus. They breed and produce bulls in their program that they themselves want to use.

I can recommend these bulls to anyone searching for more pounds, more power and more profit. These bulls are sure to please. I look forward to seeing you on sale day!

Sincerely,

# HOW TO READ

## READING THE DATA

### GROWTH, CARCASS AND MATERNAL EPDs

**Calving Ease Direct (CED)** is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first calf heifers.

**Birth Weight EPD (BEPD)** is expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to other sires.

**Weaning Weight EPD (WEPD)** is expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires.

**Yearling Weight EPD (YEPD)** is expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

**Scrotal Circumference EPD (SCR)** is expressed in centimeters, is a predictor of the difference in transmitting ability for scrotal size compared to other sires.

**Maternal Milk EPD (Milk)** is a predictor of a sire's genetic merit for milk and mothering ability.

**Carcass Weight EPD (CW)** expressed in pounds is a predictor of the differences in hot carcass weight of a sire's progeny compared to that of other sires.

**Marbling EPD (Marb)** expressed as a fraction of the difference in USDA marbling score of a sire's progeny as compared to progeny of other sires.

**Ribeye Area EPD (RE)** expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny as compared to progeny of other sires.

### \$VALUE INDEXES

**\$Value indexes**, are multi-trait selection indexes to assist beef producers by adding simplicity to genetic selection decisions. \$Values are reported in dollars per head, where a higher value is more favorable. Depending on your production scenario, you can utilize individual indexes, or a combination of \$Value indexes. (Example: a cattleman in harsher environments who retains females for replacements and sells calves at weaning might utilize \$EN + \$W).

**Weaned Calf Value (\$W)** includes both revenue and cost adjustments associated with differences in birth weight, weaning direct growth, maternal milk and mature cow size.

**Beef Value (\$B)** is the expected average difference in future progeny performance for postweaning and carcass value compared to progeny of other sires.

### Association Perspective

#### Low-birth-weight EPDs

Looking at a single trait on EPDs costs performance and money.

by **David Gazda**,

regional manager, American Angus Association

One of the most common concerns I hear from commercial producers using Angus genetics is the size of calves at birth. Instinctively, my first thought is that the producers experienced calving problems due to the calves being too large at birth. However, the problem generally tends to be just the opposite, where the calves have been extremely small and light at birth, struggled to nurse and never caught up with their contemporaries from a growth standpoint.

Upon visiting with the producer and reviewing the bull's registration certificate and EPD profile, I usually discover a common theme – the producer had been selecting primarily for calving-ease, low-birth-weight-EPD bulls with no regard to any other traits. This is certainly understandable if the producer is breeding heifers and needs a certain level of calving ease delivered by low-birth-weight Angus bulls. Furthermore, in the southeast, like many other areas of the country where cow herds are relatively small, the herd bull may have to be multipurpose, breeding both heifers and mature cows with, again, emphasis being placed on calving ease.

At the risk of being controversial, many of these small calf scenarios could be eliminated if the producers would simply be willing to accept more birth weight, particularly when breeding mature cows. One only has to attend a production or test station sale to witness firsthand how the heavier-birth-weight-EPD bulls are penalized and therefore sell at a substantial discount. Have calving-ease and low-birth-weight EPDs been overemphasized to commercial producers? Maybe; maybe not.

Regardless, the commercial producer equates Angus genetics with calving ease, fertility, maternal strength and carcass quality, and as seedstock producers we are challenged daily to deliver those genetics.

In closing, producers need to select bulls that allow them to reach their production goals; however, single-trait selection based upon an individual's birth weight EPD may needlessly sacrifice additional pounds at weaning. Next time you are in the market for a bull, don't discriminate against a little more birth weight EPD. You will still receive the calving ease you have always expected from Angus and a few extra dollars in your pocket at weaning!

• Success was the top selling bull in the 2018 sale for \$47,000 to Square B Ranch, Hawk Angus Farms, Gerloff Farms and leased to Genex. Success was an individual standout in terms of length, muscle, and feet and leg structure. This set of bulls is as consistent as any sire group that we have ever raised. There were many visitors throughout the summer touring cattle all over the world, and we received great compliments that they were the most impressive individuals from top to bottom that they had seen. If you're wanting to add guts and power to your calf crop, look no further than Success.

- Here is an elite herd sire prospect out of the first calf crop by Success.
- Elite set of EPDs to go along with a scale crushing set of weights with an Adj. WW of 932#.
- His young dam is doing an outstanding job on her first 2 calves and he's backed by our donor, Jilt 1311 who was a member of 5 flush sisters where 3 of them were flushed in our donor pen and has a progeny birth ratio of 99 with a progeny weaning ratio of 103 on five natural calves and a progeny ribeye ratio of 106 on 21 head. Mohnen Jilt 1641, a flush sister to Jilt 1311, sold for \$20,000.
- The grandma, Jilt 1655 is still going at 15 years and has as much influence as any cow in our herd. She has sold sons for \$46,000 (Mohnen Global 1274) and \$35,000 (Mohnen 67 Charger) with multiple Pathfinder Dams and donors including Mohnen Jilt 787 who produced the \$160,000 Genex and Richard Angus sire Mohnen Impressive 1093.

# MOHNEN SUCCESS SONS

**Mohnen Renown 2747** - Maternal brother to Lot 2 that sold for \$42,000 in our 2018 sale.

- E.T.
- Here is a stout, smaller framed bull that is filled with raw muscle.
- His dam was one of the great cows ever at Mohnen Angus. Mohnen Ruth 972 has 14 daughters retained in the herd and her 2 prolific sons sold 1 in 2018, Mohnen Renown 2747, who was the largest ADJ. 365 weight ever recorded here at 1,702# and sold for \$42,000 and died at a young age by lightning. Her other great breeding son sold in our 2019 sale for \$16,000, Mohnen Dakota 2528, to Montana Angus Ranch, MT.

- You will really like this well balanced Success bull who is out of a very nice Renown first calf heifer.
- His EPDs are excellent, lower BW with good growth. He is a bull that you will want to find sale day. He won't disappoint you.

All bull photos taken  
the end of November.

- Little younger Success son that weaned off with an ADJ. WW of 861#.
- His outstanding 10-year-old donor dam consistently gets it done with a WR of 5@106.

Watch & bid online for FREE at

DVAuction

Broadcasting Real-Time Auctions

**Can't make the sale? Bid from home with DV Auction's "real-time" internet bidding service!**

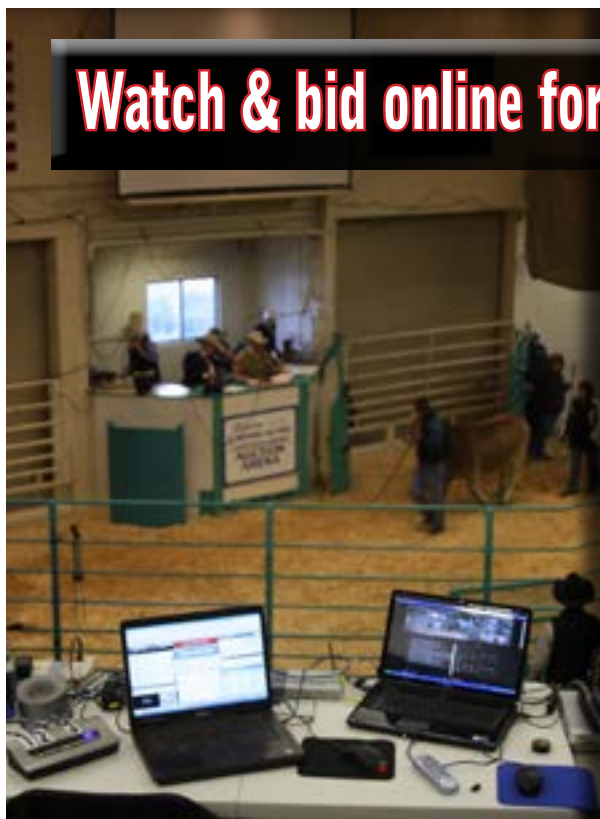

**Buying online is as easy as 1,2,3...**

1. Create an account at [www.dvauction.com](http://www.dvauction.com) under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make you purchases!

After the sale, contact the sale manager or owner to arrange transportation and payment. **High speed internet** is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

**Proxy Bidding**-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

**Having troubles?** During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.

- Recommended for Heifers.
- E.T.

- Prince is truly one of the most elite heifer bulls to sell this year. Prince was named from his original paternal sire "Prince of the Night."
- Prince is very unique as he is flawless in his design and makeup. He has a big square hip, stands on an excellent set of feet and legs that strides out and steps in his tracks. He is a bull that has a big stifle, level in his lines and we believe will go on and do great things for his new owner.
- When you put Prince's balance along with his elite maternal, powerhouse of a dam Mohnen Abigale 1170 who was the Lot 1 lead off cow in our 2018 sale for \$18,000 behind him, it only makes him more special. He will sire cattle that are calving ease, superb growth, yet leave females that will be fertile, with excellent udders and above average carcass qualities. He is a must find.
- There were 12 half-brothers that sold for an average of \$7,833 including Mohnen Renown 2357, the \$26,000 fifth top selling bull in the 2018 Mohnen Angus bull sale to Baker's Lemar Angus Ranch of South Dakota, and Mohnen South Dakota 867, the \$13,000 co-eighth top-selling bull of the same sale to Square B Angus Ranch of Missouri, also the \$15,000 sixth top-selling bull of the 2014 Mohnen Sale.

- Flush brother to Lot 24.
- This bull is a bit younger than his flush brother, but very complete and has a very good look to him.
- 3759 has as good a set of EPDs as you will find anywhere in the Angus database. Over a 200 \$B bull that still has some shape and look to him.
- This set of brothers are half-brothers to the \$46,000 Mohnen Global 1274 and the \$35,000 Mohnen 67 Charger to Mitch Campbell of Canada, plus many more. Their dam is the greatest cow to ever roam the pastures here at Mohnen Angus, 2nd only to their mother Mohnen Jilt 910.

Mohnen Jilt 1655 -  
Dam of Lots 24 and 25.

- Big, stout made bull with added frame and length of body. A lot of performance in this bull with an ADJ. WW of 881#.
- This bull ranks in the top 1% for his WW and YW EPDs.
- Dam is a long bodied, excellent footed, good uddered Final Answer daughter. She had 2 daughters retained in the herd and has sold sons for \$4,250 in the 2018 sale and \$6,500 in the 2018 sale.

- E.T.
- Here is a bull that is super long bodied, big topped, and gets out and moves incredibly. He also scanned the lights off with over a 6 for IMF, ratio 182. This summer he was one of a lot of people's favorites that came to tour.
- His Pathfinder and prolific donor dam is our highest ratioing cow on the ranch. She is a direct daughter of the Pathfinder Mohnen Jilt 1655. in past sale for \$7,500 in 2015, in 2016 the powerful bull Mohnen Resource 1265 aka "Boss Hoss" sold for \$ He is a half-brother that have sold 16,000 to Lisa and Dave McCarthy. You will see many more progeny represented in our future sales by this great cow who is an excellent footed cow with a nice tight udder and small teats. She is truly the next great Jilt cow in the making.

- E.T.
- Flush brother to Lots 31 and 33.
- This is a powerful and consistent set of flush brothers.
- 329 has been the man among the boys since he was born. Probably the most powerful built bull in the offering. Since his Angus GS test that moved his BW EPD to +6.2 I still would not once ever be concerned if you are putting him on mature cows. If you sell cattle by the pound and want to sire cattle that will weigh a lot and bring you home a bigger check, this is definitely the bull to find sale day. He is super big hipped, big bodied, and loaded with power from front to back.
- This flush comes from the very rare semen in the Niobrara bull to the \$2.0 million progeny sales donor SAV Madame Pride 5290 who was a sixth consecutive SAV donor. Maternal sibs include the \$100,000 SAV Realist 2846, the \$90,000 Mohnen General 548 who was the Lot 1 top selling bull in our 2019 bull sale with other maternal sibs in our 2019 sale selling for \$23,500, \$21,500, \$18,000, \$16,000 and \$15,500.

• This is for sure a must find bull. He is one of my top 5 bulls in the offering. You will love the true base width this Niobra bull commands and handles with ease when he strides out. When you study this bull and his individual performance and EPD profile, he ranks up there as good as any bull in the offering.

• His dam is a promising young Insight daughter out of Jilt 539. She would be a half-sister to the \$120,000 Mohnen South Dakota 402. Her first son sold to Dave Reinesch, SD for \$5,000.

# HA COWBOY UP SONS

## E.T. Brothers – Lots 35-39

1779 and 1989 are Recommended for Heifers.

One of the best overall flushes we have made. They are all made alike in different ways. They are long bodied, big hiped, with a good set of feet and legs that are moderate in their BW yet still powerful enough to weigh with the big boys.

Their dam is an elite Mohnen donor that has yet to miss on any of her 4 natural calves. She is very feminine fronted, yet fleshes up well and has a nice tight udder with small teat that will last as long as any. She puts as much power into her progeny as any cow we have. She is truly one of those cows that weans off well over half her body weight.

• Cowboy Up's progeny are outstanding. He is one of the best all-around bulls we have used for some time. He sires as much consistency from top to bottom as we have ever seen. They are cattle that any cowman will fall in love with their overall length, scale crushing performance and a sound structured package. Use with confidence if you sell cattle by the pound.

- Here is a stunner that can turn anyone's head. This bull is absolutely an amazing specimen to look at. He has bone, mass, a clean front and has that showy look yet loose enough to sire an amazing set of cattle and feeder steers.
- His EPDs are outstanding from front to back to go along with his big WW.

• Homegrown has definitely left his mark as an excellent breeding piece to our heifers. He offers great depth of body, lots of muscle, and feet and leg structure that leads the Angus industry for claw and angle set. Homegrown has produced notable herd sires for us like Homeraised and Homemade that we are both using in our program. Homegrown daughters are going to have beautiful udders with exceptional foot quality to make them last for longevity.

• One of the best bulls we have ever raised out of 1st calf heifers. He is a bull you can't miss in his pen. He has been a true stick out since the day he was born.  
 • He has bone, depth and a big hip yet still gets out and moves very well with excellent feet and legs.  
 • Out of the good Ruth cow family that is truly a performance cow family. His great-grandam has been one of the good donors we have had.

Josh was selected as one of the Judges of the 2019 Supreme Row bull and heifer show at the Black Hills Stock Show.

Mohnen Angus • February 13, 2020

Mohnen Jilt 539 - Grandam of Lot 45.

### Recommended for Heifers.

- Well balanced bull that is good from all angles.
- Really good calving-ease bull that will sire calves that are born unassisted yet have good growth.
- You will want to keep all the females by this bull. His dam is probably the phenotype cow of Mohnen Jilt 539 and is a half-sister to the \$120,000.

- President was a member of the outstanding set of flush brothers that sold in the record breaking 2017 SAV sale. President bulls are more the moderate, deep, thick, rugged type of cattle with excellent disposition. They have very good feet and legs to make those momma cows last a long time.

S A V President 6847

## Flush Brothers – Lots 46-52

Here is an outstanding set of flush brothers that are consistent in their pattern and type. They are easy fleshing bulls that have muscle and power.

You will want to keep the heifers; they should sire females that are robust and highly productive having 4136 and 0075 in their pedigree.

Maternal sibs sold in the 2019 sale for \$23,500, \$21,500, \$18,000 and many more including the top selling bull Mohnen General 548 for \$90,000.

- Powerful, moderate framed bull that is long bodied and has a stunning look. He has been picked out by a few top breeders.
- He is a 3/4 brother to the 5290 x President set of flush bothers.
- Here is an opportunity to select some brothers to sire that next set of consistent set of feeder steers that buyers fight over.
- Dam is a half-sister to the \$90,000 Mohnen General 548. She is a soggy bellied, robust female.

- Recommended for Heifers.
- A cool looking President son that has more style and bone than a lot of them. You will admire his length of body, killer looks and performance.
- Dam is a bigger, stouter female that has been doing a good job and the grandam has been one of the really good cows on the ranch. Ruth 2561 is a gentle, high producing female that consistently raises a good one.

- One of Josh's favorites in the entire sale. He is a bigger bull that has bone and is cool to look at. He is level topped and powerful.
- Truly one of the better bulls we have raised. 870# ADJ. 205. He will sire an amazing set of cattle.
- Dam is a looker that has an excellent udder and his grandam was the past Lot 1 female in the 2018 sale. Mohnen Abigale 1170 is also the dam of Mohnen Prince 2959.

Mohnen Abigale 1170 - Grandam of Lot 59.

- A must-find sale day. He is straight in his lines and clean fronted with a stunning profile.
- One of the best looking bulls in the whole offering.
- Over a 900# WW, and a bull that has more performance than his EPDs suggest. With his 15-year-old dam, they don't genomic like the younger genetics, but yet still keep up the same.
- Dam is a flush sister to our legendary Mohnen Jilt 1665 and was similar in their design and overall structure. Jilt 1665 lived to be 14 years of age.

**Mohnen Jilt 1665 - Flush sister to the dam of Lot 60.**

• Raindance was a member of the outstanding set of flush brothers that sold in the record breaking 2017 SAV sale. Raindance bulls are extremely long and deep, with great eye appeal. If you're wanting a little more stretch to your steers and heifers, look at these sale day.

# SAV RAINDANCE SONS

## E.T. Flush Brothers – Lots 71-74

Bigger framed set of brothers that will have more overall growth and power than a lot of the Charlo grandsons.

They will be for sure a must-find set of brothers. If you want to put a couple together, make sure to find this set of bulls. They will sire cattle that will crush the scales and make you more money. Yet give you a set of elegant females that will wean off some big calves.

• We used Tahoe on heifers with absolutely no problems at all. They were born small and grew well. He makes his cattle similar in their make up and design, no extremes just good all-around solid cattle. They are cattle that marble well with nice sized ribeyes and have extra depth of body in a sound, easy moving structure. We have more Tahoe calves born this winter and they have the same look to them. I believe they are cattle that will make some great cows with some longevity.

- **Recommended for Heifers.**
- Might just be one of the elite heifer bulls to sell this spring or in this offering.
  - He has an outcross pedigree.
  - Very structurally correct and gets out and moves well. You will love his long clean front end and depth and he's level in his hooks and pins, deep flanked.
  - Dam is a promising young female.
  - He has an excellent set of performance data and an excellent set of EPDs. I call him A.I. quality.

- **Recommended for Heifers.**
- Moderate framed powerful bull that is deep bodied, gets out and moves well.
  - Balanced set of numbers and carcass EPDs make this bull one of the good "do it right," all around nice calving-ease bulls.
  - Dam has a promising future and is a moderate and feminine young female that is on the right track. Grandam is the elite top donor for Pine Coulee cows and considered one of their very best.

Mohnen Tahoe 2359 - Lot 83

- **Recommended for Heifers.**
- These Tahoe sons are very consistent and this bull is no slouch. He is thick made with excellent performance and a rare look in a calving-ease bull.
  - Dam is a powerful young female that looks to infuse performance into her cattle. Grandam is a flush sister to Mohnen Jilt 1412 and has been a solid producer every year.

• A sire we chose to use for his outcross pedigree for our customers. He has done a very solid job here with the handful we have. He has a set of EPDs that rank high in many categories. They have been cattle that get better day by day and will be easily accepted on sale day.

- Recommended for Heifers.
- These Acclaim sons were born small and grew really well. You will like their consistency and look.
- This one is kind of special and has been since birth. He is clean fronted, nice headed and still has some power and muscle behind him in a calving-ease package.
- Dam is a promising young Intuition daughter whose dam and grandam have done an outstanding job out of the great Jilt cow family.

• We saw Legendary sell at Connealy's and liked his overall balance and outcross pedigree. The Legendary bulls did an outstanding job from top to bottom. They are cattle that have more muscle shape and mass than a lot of calving ease, carcass bulls. His progeny have big marbling and REA to them. For a calving-ease package, he did a lot of things right, and I believe you will like what you see.

**Mohnen Resource 2385 -**  
The \$52,000 flush brother to the dam of Lot 89.

• Here is truly a great breeding bull. A bull that does as many things as any in the entire offering. He has been a stud since the day he was born.  
• He has done everything right that I have thrown at him. Performance, genomics, power in his looks, carcass and an outstanding set of EPDs.  
• Ratio 142 IMF and 114 REA; if you want growth yet sell your cattle on the grid, make sure you find this bull. He can help you put more money in your pocket.  
• Dam is a long bodied, stout made Pathfinder Resource daughter that traces back to the Jilt 1709 cow. She is a flush sister to the \$50,000 Mohnen Navajo 2385.

### Recommended for Heifers.

- I wish we would have used Legendary harder. They are cattle that grow well, have carcass and will be in great demand sale day for everything they do right.
- Dam is a flush sister to that great set of Global brothers that highlighted our 2018 sale.

- One of those bulls that is border line heifer bull. He could be used on heifers if you watch them close, yet turn him around and put him on cows and not be that far behind on growth.
- He is a younger bull in the sale yet kept up with some of the older boys.
- He is thick made, has a great look, has some length and is big topped.

- The third top selling bull of the 2018 Baldrige sale for \$34,000, a selection of Mohnen Angus and Matt Lowery, NE.
- He is a deep bodied bull with great muscling. He is total outcross to all of our breeding.
- This elite EPD prospect has individual weaning and yearling ratios of 120 and 113, respectively, combined with individual IMF and ribeye ratios of 130 and 116. This young, highly productive dam has 2 calves with progeny weaning ratios of 116, IMF and ribeye ratios of 127 and 106.
- The first calves are being born right now and look very nice.
- Contact Mohnen Angus or Matt Lowery for semen.

- If you want a set of good brothers, look up these CAB sons. They are all 3/4 brothers that trace back to the Abigale 1170 cow who is the dam of Mohnen Prince 2959.
- They will sire some outstanding cattle that do as much right as any sire group.

- Recommended for Large Heifers.
- 891# ADJ. WW on this powerful bull.
- He is a touch bigger than most bulls, yet is very long bodied and has some nice muscle.
- The longer you study this bull the better he gets. He just doesn't have any faults in his skeletal design.
- Dam is a powerful New Day female that has a nice level udder and has been a solid producing cow.
- Grandam was a massive made donor.

### • Recommended for Heifers.

- One of the best heifer bulls we have raised in a while. He has been admired by some of the top breeders around as one of the best 316 sons to sell this spring.
- He has been a good one since he was a week old.
- He has a unique design and look. Little more bone and power than a lot of heifer bulls. He has muscle, is level topped and powerful.
- Dam is the 15-year-old still producing Jilt 1655 who consistently does so many things right. She is still perfect in her foot quality and will keep up with these young, high numbered females that are supposed to pass her up, but have not been able to get it done as well as this old proven cow.

- Recommended for Heifers.
- E.T.
- Flush brother to Lot 115.
- Big, stout made Capitalist 316 son with some power and performance.
- He is a half-brother to the \$90,000 Mohnen General 548 and the \$100,000 SAV Realist with many other half-brothers selling in our 2019 sale for \$23,500, \$21,500 and many more.
- A flush sister was a half-interest selection of Whitestone Farms, Virginia.
- Dam 5290 has over \$2 million in progeny sales to date and is still getting along good at 15 years of age. She has impeccable foot structure even at her age.

Colonel is the all-time high selling bull at Baldrige Bros. of Nebraska for \$580,000. Colonel is siring cattle that are wide based, sound footed and very gentle. He is a sire that is moderate in his birth yet has growth and excellent carcass qualities. His foundation dam, Isabel Y69, is one of the elite Angus cows of the breed.

**Mohnen Colonel 389 - Lot 119**

- E.T.
- Lots 119 and 120 are brothers.
- What an outstanding flush. We just can't get them any better than this set of brothers.
- There was another flush brother that got injured and was picked by many as the best bull in the lot behind his brother, 389.
- They are so gentle, yet massive bodied, good footed and have unlimited performance.
- There high performance donor dam puts as much power and performance into her progeny as any cow we have. She is a half-sister to Ruth 972 who is the dam of the \$42,000 ST Genetics and Urlacher Angus, ND herd sire and the \$16,000 Mohnen Dakota 2528.

- Renown is a full brother to Resource and Recharge. Renown sires cattle that are easy to look at, with more body length and a touch more frame than the Resource cattle, yet still have large ribeyes. I believe his strongest attribute will be his phenomenal females as they have excellent udder quality with a more feminine look to them.

- Renown 2489 could be one of the best bulls in this whole offering. I flat out love this bull. When you get in front of him, he is clean fronted and has perfect feet. When you get behind him, he has a big hip and big scrotal with an abundance of mass. Then when you study him from the side, he is soft middledd, his phenotype is flawless and his disposition is great. He has been a stud since birth. His mother became stifled before she had him, but that didn't stop him any from excelling to the top at weaning. He is a full brother to the \$47,000 Mohnen Renegade 2747 that sold to ST Genetics and Urlacher Angus, ND. He is also a half-brother to the \$18,000 Mohnen Dakota 2528 that sold to Montana Ranch and was admired by many cattlemen and women on the 2019 Montana Angus Tour.

# SAV RENOWN & RESOURCE SONS

**Mohnen Renown 3249 - Lot 124**

## E.T. Brothers – Lots 123-124

If you are wanting two great herd bulls to turn out in a pasture to cover cows, look no further than these two Renown sons. These guys are flat out good. They will leave you some of the most beautiful replacement heifers that will keep you in the business for a long time. They are loaded with shape and eye appeal, with tons of grow behind them and are half-brothers to the \$120,000 Mohnen South Dakota. Their dam is the famous Jilt 539 that has left an everlasting impact on our herd. She has a numerous amount of daughters that in years to come will be bringing bulls like these through the ring. Don't miss these guys sale day.

- I do not believe there is any other bull in the breed that can change a cow more in one generation than Resource. He will add more muscle, overall width, ease of fleshing, yet sire cattle that have excellent feet with cattle that are also gentle natured. When you look at some of his cattle, you wonder where the weight comes from, but they are packed full of muscle. Resource was one of the top bulls in the breed for registrations in 2018.

**E.T.  
Brothers –  
Lots 128-130**

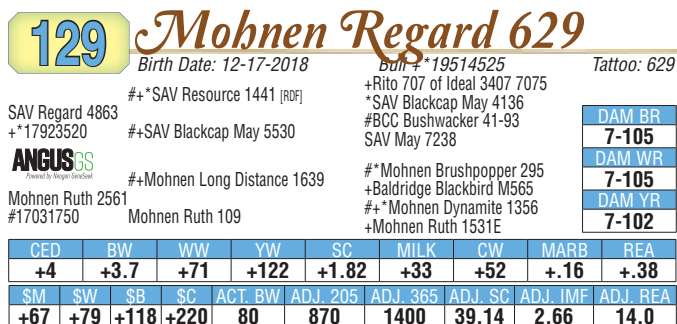

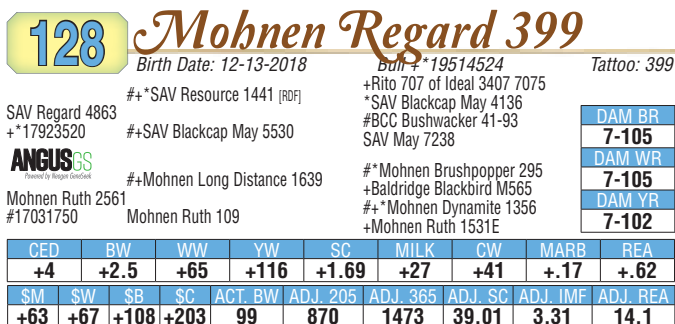

This might be the best set of flush brothers in the sale. They all have been standouts since they have been born and with that great cow power behind them, they didn't stop. Lots 128 and 129 were some of the ranchers' favorites this summer touring the bulls in the pastures. They are big and stout with great feet and legs that get out

and travel. Their mom is a Pathfinder female by Mohnen Long Distance that has served as a donor for many years. She keeps producing high maternal genetics, and her daughters get it done year after year. She has a WW ratio of 7 calves for a 105 ratio, now that's cow power. She has 12 daughters retained in our herd.

## Mohnen Regard 399 - Lot 128

- This bull carries every attribute to become a herd bull. He has a great foot structure and loads of muscle that comes with great phenotype. Take a look at his set of EPDs. You turn this guy out on your cows and don't look back. He will add power upon power to your feeder steers and you will top the market for weight when you bring them to the scale. He adjusted over the 900# barrier at weaning with over 140# of growth on the yearling scale. Now, look at the cow power behind him. Jilt 539 is the legendary donor dam of the \$120,000 Mohnen South Dakota 402 which is a half-brother to Lot 127. He is a 3/4 blood brother to Lots 123 and 124.

This soft-sided Recharge son is one you won't miss sale day. Take a look at his EPDs-BW 2.9 to a 139 YW growth. Turn this guy out on cows without sacrificing any performance when you sell your steers at the market. Oh, and don't forget that he will leave you with the nicest looking replacement heifers, too, because he's backed by the great Madame Pride 5290 that has over 50 daughters in production and has generated over \$2 million in progeny sales to date.

Recommended for large frame heifers.  
 Where do I start with this guy? He has been a standout since birth and hasn't backed down a bit. When you're talking about females, steers or bulls, look no further than this guy. His mother, Jilt 1655, is the most sought-after cow in our herd. She does it year in and year out and she is going strong at 15 years old. She has more daughters retained in our herd than any other cow. He is a half-brother to many top bulls that have ever walked through our ring here at Mohnen Angus.

# OTHER SIRES

SAV Madame Pride 5290 - Dam of Lots 135 & 136.

## E.T. Brothers – Lots 135-136

### Recommended for Heifers

Two great full brothers by the legendary Basin Payweight 1682. These two bulls are peas in a pod when it comes to phenotype, foot structure, and overall body mass. We have three full sisters to them that are calving now, and oh my, are they beautiful. Now, go to the mother's side. Madame Pride 5290 is a \$2 million plus producing cow that is flat out unstoppable.

- Black
- 1/2 SM 1/2 AN
- Dam's WR 2@105
- Very gentle made Empire son.
- A solid made bull from front to back. I really like these Empire cattle, they are consistent cattle from top to bottom. His grandam is another one of them really good JF Milestone females doing 7@103 WR.

- Black
- 1/2 SM 1/2 AN
- Dam's WR 3@110
- This just might be the best bull honestly we have raised to date.
- He is square made, super long bodied, with an excellent set of feet and legs that gets out and moves awesome. He has been a stick out since birth and he has the makings of a great one.
- His dam is one of our absolute best Sim-Angus cows we have raised. She is very gentle, big bodied, good uddered and comes from the great Mohnen Jilt 1655 cow. Grandam Jilt Y1801 is one of the best cows we have had a chance to raise. She is robust and powerful with an EXT type udder. She has recorded a WR of 5@107.
- Buy with confidence, this bull will work.

Tuff was a member of the outstanding set of 9 flush brothers that sold for \$22,000 to Poss Angus. Tuff was our favorite member of the flush that would catch your eye every time you saw him. He balanced from front to back and had no holes. With his solid set of EPDs and with more maternal characteristics, he was the Cowboy Up son that we used in our herd. When you match Cowboy Up and 5290 you can only see great things ahead.

Rewind brought \$23,500 to Skull Creek Ranch in the 2019 sale. Rewind has an outstanding disposition, and more red meat and depth of body than any other Resource son in the country. We are calving his full sisters and they are the best in the calving pen with impeccable udders. He goes back to the great 5290 that has produced many great females along with great herd sires.

Dewdrop is flush brother to Emblem 8074 in a more calving-ease package. He is long and big topped with huge muscle expression. Out of the big time herd sire producing SAV Emblynette 2369. His flush sister was the high selling female in the 2019 SAV sale for \$60,000. He is a very athletic bull that carries himself well with a big time look to him and is very feminine and maternal looking. He is another option if you do not get your Emblem semen. Contact Mohnen, Square B or ST Genetics for semen.

• He is a rare and valuable herd sire we purchased with our good friend and great breeder, Square B Ranch as the 2nd high selling bull in the 2019 SAV Sale. Over the last 3 years, his dam SAV Emblynette 2369 has been our favorite female at SAV. He is a bull that had a 16.2 inch REA and a 130 IMF ratio. He is a long made bull with added size and body, and we believe he will be a female maker. He has a stunning profile to him and ranks in the top 1% of the breed for WW, YW, CW and \$B. His flush sister was the high selling female for \$60,000 in the 2019 SAV bull sale. He was used hard in the SAV and Mohnen herds. To order semen, contact Mohnen or Square B. The list is growing by the day, so get on the list early.

• We were searching for a No Doubt son last year, and we came across this guy. We purchased him from Hoover Angus in the 2019 sale season for \$26,000. He comes in a bigger framed package with an abundance of power and foot quality. How did he receive his name? Well, his mother and grandma are both Pathfinder Cows, and his grandma is still going strong at 15+ years old, I call that Longevity! Longevity will add depth and performance to your calf crop with great maternal capabilities.

• Expert was our selection in the 2019 Lindskov and Theil bull sale. We selected Expert for many characteristics. 1. His outstanding foot and leg quality; 2. High maternal pedigree; and 3. Overall balance. He had a scale crushing performance weaning off his mom with a 108 ratio and then kept packing it on and did 114 yearling ratio. When you can have a calving-ease bull with loads of performance, that's what we were looking for.

Koupal Advance 28 - Sire of Expert.

• Homegrown has definitely left his mark as an excellent breeding piece to our heifers. He offers great depth of body, lots of muscle, and feet and leg structure that leads the Angus industry for claw and angle set. Homegrown has produced notable herd sires for us like Homeraised and Homemade that we are both using in our program. Homegrown daughters are going to have beautiful udders with exceptional foot quality to make them last for longevity.

Ellingson Homegrown 6035

# Dakota AG

## INSURANCE

### LIVESTOCK POLICY COVERAGE OPTIONS

#### 1. Mortality Only Coverage

**Coverage:** Pays 100% of the value of the cow or bull in the event of death or humane destruction as a result of a life-threatening injury.

# Top Dollar Angus Feeder Calf Program

Top Dollar Angus is a genetic-certification and marketing company focused exclusively on the top 25 percent of the industry in carcass and growth Angus and Red Angus-influenced feeder cattle. Top Dollar Angus is a program similar to other popular branded-beef programs, except that Top Dollar Angus does its branding in the feeder cattle and calf market.

Qualified herds must have two or more generations of Angus (Black or Red) genetics with growth and carcass traits objectively ranking in the top 25 percent of the breed based on documented historical sire use. DNA evaluation conducted by Zoetis or GeneSeek is another workable method to qualify. Once your cattle have met the necessary requirements, they will be marketed under the Top Dollar Angus brand and logo, and will be promoted aggressively to a large number of feed yards and buyers. In today's market, Top Dollar Angus cattle are seeing premiums ranging from \$30 to \$70 per head above the average market.

Why the premium? Cattle feeders know that Top Dollar Angus cattle perform better and have higher grid-based carcass rewards compared to other cattle. This puts more dollars per head into the cattle feeder's pocket, which can be passed back to the producer in the form of premiums paid above market price.

Jared Wareham,  
general manager  
660-492-2777

kacey@topdollarangus.com

[www.topdollarangus.com](http://www.topdollarangus.com)

Top Dollar Angus helps take the guess work and surprises out of growing and feeding cattle. Feed yards are tired of unpredictable performance and wide-ranging profitability results from group to group on cattle they purchase. Cattle often look the same and have the same colored hides, but are very different genetically. That's why the genetic certification of high-end Angus and Red Angus feeder cattle is here! The industry must differentiate the best Angus and Red Angus genetics from average cattle, and that's what Top Dollar Angus will do for you!

If you have consistently invested in high-performance Angus or Red Angus genetics, Top Dollar Angus will make your cattle stand out from the pack and get you the premiums you deserve. No matter how you market your cattle, our goal is to create more demand and higher prices for your calves.
