Special Thank You!

Alyssa Herman - Sale Manager Abbi Boggess - Marketing & Design News Argus - Catalog Print

Welcome

Welcome to the 38th Annual Prestigious NILE Red Angus Sale,

I am excited to be here representing some of the great red cattle of Montana. In July, I had the extraordinary opportunity to tour through the herds of these consignors that are represented here. I cannot say enough about the adaptability of these Red Angus cattle. There is no doubt these cows are working and looking good while doing it. The calves on their side are growing great and they will go to work for you.

The Montana Red Angus breeders are holding nothing back in this offering. Each place I stopped at, allowed me to select the phenotypically best cattle I could. This is a deep set of red cattle, including some great breeding pieces that have pedigrees backed by some great sires and dams that have made huge impacts for the breed. There are a lot of heifer calves that are show prospects offered in the sale as well. Not only do we have live lots in this sale, but embryo offerings that come from top cows that have produced breed leaders. Along with that, a few opportunities at some very rare semen!

If you have any questions about the Lots please feel free to reach out. Interested in what the dams and sires are? Check out www.aelivestockservices.com there you will find a supplement sheet, that has photos of each dam and sire. If you are unable to attend in person you can reach out to myself, or any of the other representatives that will be in attendance on sale day. Tune into Frontier Live Sale for the Prestigious NILE Sale to view and bid.

With Appreciation,
Alyssa Herman

THE AUCTION WILL BE BROADCAST ON FRONTIER LIVE SALE VISIT WWW.FRONTIERLIVESALE.COM AND REGISTER TODAY.

HELP SUPPORT THE MONTANA JUNIOR RED ANGUS

Here is an opportunity for an American flag fire ring and s'mores kit!

Steel fire ring with a waving American flag design and all the necessities to create your own s'more.

Selling lottery style. Each \$10 bid receives a ticket in the drawing.

The heifer will be awarded at the end of the sale. If you are unable to attend and would like tickets please email Tena Ketchum at mtraasecretary@gmail.com.

All proceeds raised from the Donation Heifer will go to support the Montana Red Angus Association.

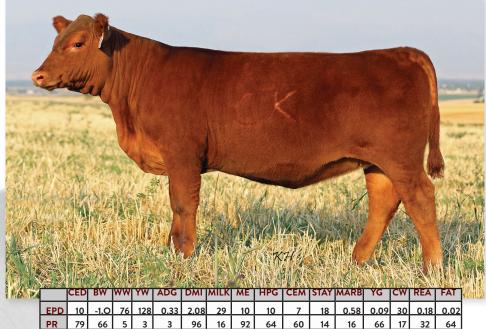

Thank you Klompien Red Angus!

Donation Heifer Calf Klompien Red Angus

Registration #: 4436557 Date of Birth: 01/11/2021

As their donation, Klompien's brought a heifer that is second to none. An A.I.... calf out of their great, highly capacious donor dam, DKK Sheba 7080 (111 MPPA, and DKK Brute 931's dam) and their own Montana's Domain 9142 sire. You may not have heard of DKK Montana's Domain 9142 until now. Here's his first beauty to ever be offered. This bull is stamping his calves with a whole lot of style and performance. Study this female and I think you will agree that Klompien's did not hold back with their offering. What a fantastic female! Quiet as a kitten, loads of performance, and packed with maternal goodness. Paternal sister to lot 27. Be sure to get extra tickets on this gal, 'cause today could be your very lucky day!

Registration #: 4466755 Date of Birth: 02/13/2021

3C Stylin Dina 1129 is an attractive female, that impresses you with her overall muscle expression and depth of body in a refined more feminine package. She ranks in the top 14% of the breed for the ProS index and the top 7% of the breed for the Herd Builder index. She is a true cow in the making, that will hold her own as a show heifer, but also offers the longevity to become an excellent female. Her coming 6-year-old dam is an own daughter of Red Ter-Ron Reload 703T, who is a super dark cherry red show legend from Canada. She is sired by SUTH Free Style 38G, he brings to the mating the added increase in EPD's and tons of length and extension. Free Style is a young Red Angus sire featured in the ABS Global line-up that offers exceptional growth in a phenotypically pleasing package. 3C Stylin Dina 1129 is HB 94 a replacement female that you need in GM 31 58 your herd!

The Dippity Do cow family journey started for Coby with the 630 cow, from the Flat Iron Red Angus Ranch in Wyoming. This is a very proven cow family. 630's mother is producing great offspring at Piper Red Angus in Nebraska. So, this is your opportunity to own one of the Red Angus breeds' older cow families with a long track record of success in the beef industry, plus the added carcass quality and performance from the sire TJS Roadblock D008. A pedigree like this will make a great breeding piece to any operation.

Sleek J09, is one heifer that really has the genetics to look at. Her dam comes from the Feddes Sleek cow family and is top 4% in ProS and has an MPPA of 102. Great maternal instinct in this cow line and J09 will be no exception. She has great potential in her pedigree to produce growthy calves. But, don't just study her pedigree she is long spined, deep sided, and clean fronted.

Kima 0054, a Pie Cowboy UP daughter, is the product of one of our strong cow families. Her maternal great granddam, Kima 0010, produced several outstanding daughters, that continue to produce top heifers and bulls in our herd. She remained producing in our herd for over 15 years and managed an MPPA 105! The sire of Kima 0054, Cowboy UP has added style and stretch to this stylish heifer. She will be a great addition to your herd.

She is A.I. bred to WFL Merlin 018A on 5/18/2021. She has been ultrasound checked safe to her A.I. date. The calf she is carrying will be something special and Kima 0054 will stay in your herd for many years. This bred hefier is a deep, broody heifer, with a nice GM 18 83 feminine look to her.

This stylish heifer calf is stretchy and well built. She is a long, deep, and thick bodied heifer. She comes from a cow family that continues to produce top calves - both bulls and heifers. Her granddam 258 produced in our herd for 18 years, establishing an MPPA of 104. We were sure to keep her heifers as 258 was a moderate cow with lots of length and a perfect udder, right up until she passed last winter. Her sire, MC Unified 4207, has added style and thickness to Fayet 1002. She has lots of length and still shows off her feminine traits. We are excited to offer her and look forward to seeing what she can do in the future. Our bet is that she will be a strong producer for several years.

If you're looking for a fancy, pretty lady, you just found her! With her ultrafeminine look, she is eye appealing, carrying a thick deep, dark cherry red coat. Admiring her feminine front end that transitions back to her massive rib shape and volume. Her disposition is excellent, her dam has outstanding feet, great udder, and has depth of body with 101 MPPA. Add the performance of her sire PANCHO and you get a fancy maternal female. That stands with a square and correct set of feet and legs. PANCHO was the high seller purchased at the WESTPHAL 2020 bull sale. Excited to offer his first progeny, I'm loving his calves. He is as stout sire as any you'll find with excellent disposition, deep rib, ideal profile all in a complete package. You can definitely see it in this heifer complete true package!

I am a very firm believer in cow families and the consistency that they bring to a cowherd. Bulls may come and bulls may go, but year in and year out we rely on our cows to carry the load. Here is a cow family that has always shouldered more than their fair share. The Foxy's have always risen to the top! In the background we see two prominent sires that have produced us great females -the incomparable Andras New Look, paternal bother to A.I. sires Fusion, New Direction, and Paul's Canyon Ridge
- a Cherokee Canyon son back to the Mattie cow family. Whose daughters were always good! If you study the EPD profile, you find a female that will have the staying power to last for the duration ranking in the top 8% for ProS, a Herdbuilder of top 7% and a Gridmaster rank of top 39%. Well balanced, useful, and built for the long haul. This female has a place in your herd! Pasture exposed to Westphal Top End 021 - the high selling foundation son on the 2021 Westphal sale.

Due approximately mid-March 2022.

Power - Predictability - Pretty Package. If you seek top end genetics from a deep cow family, that is highly predictable and very easy on the eyes then you had better latch on to this gal, because she is stacked! Sired by stockman E116, a bull how is emerging as a top herd sire. His progeny were high sellers in sales this spring and a son was slapped Champion Bull at the 2021 Nebraska Cattlemen's Classic. His progeny combines moderate birth with growth, carcass, and maternal traits all while doing it in a very sound structured package. The Stockman daughters that calved this spring had nice udders and appeared to be milking well. The Gem cow family has always been standouts in the Bullis Creek herd and 105J's 2-year-old dam hit it out of the park with this good heifer calf. Big-time tabulations, big-time cow family, and big-time phenotype add up to make this gal a herd impact kid of female. Don't miss her!

LOT 13 Heifer Calf C-T Red Angus

Registration #: 4468417 Date of Birth: 02/09/2021

A standout Merlin heifer from the famous Chris cow family. Dam is a beautiful 5L Advantage daughter with a moderate frame and a nearly perfect udder and foot stance. She goes back to our popular C-T Chris 426 donor cow, by the Rambo 502. Dam's MPPA 105, great granddam MPPA 101. This heifer has balance, style, performance, and mother cow written all over her. She will surely follow in her mother's footsteps and be a great herd influence female someday. Sire, Merlin, has proven himself to be an influential sire in the Red Angus breed and here is a direct daughter from a very powerful cow family. If you are looking for a show heifer prospect or just a female to leave a mark in your herd, don't miss this beautiful heifer.

LOT 14 Bred Heifer Christensen Red Angus

Registration #: 4264723 Date of Birth: 02/16/2020

This thick, deeply made girl is every cowboy/cattleman's dream. What Sheridan brings to the sale is low birthweight, lots of carcass in depth and length, and a very sound foot and leg structure. The future mating with her is going to be unlimited. We purchased Sheridan's sire from Klompien Red Angus in 2018 and retained many replacements. Take the time to study this young lady's pedigree. You won't be surprised why she is made the way she is. Many greats in that pedigree.

She is pasture exposed to Lucht Midnight Express 9719, a low birthweight bull that does not give up carcass. His babies are deep and thick. Don't think twice about bidding on this girl. Just do it! Or someone else will be taking her home.

I have been watching this young heifer for quite a while now and I was really hoping she would not stand out when selections were being made, but heck no! She stood out there front and center saying, "look at me". Here is a great prospect for anyone's herd. She is a deeply made girl with four of her EPD's in the top 20% or higher. Primrose's pedigree is loaded with depth and versatility. Look at this girl really hard. You don't want to miss this one!

CLARK MATTIE 1201-1401 X BIEBER SPARTACUS A193

Dam #: 1666888 Sire #: 1617230

Clark Mattie 1201-1401 is one of our top donors and at 7 years of age, has had a very proven track record. She has produced two herd bulls, Feddes CCC Beartooth D413, a widely used calving ease specialist. Feddes CCC Definitive 9416, who sold to ABS Global in 2020. 1401 stems from a very long line of productive cows, from the famed Mattie cow family. Her sire, MLK CRK Redstone, left us some standout females, with 1401 being one of our very best. Bieber Spartacus A193 needs no introduction from the proven Select Sires lineup. A193 is siring some of the top end cattle in many herds across the country, with his. Moderation and thickness combined with his balance of calving ease, growth, and marbling. This will be a great genetic matchup and we look forward in seeing the results.

Selling 3 embryos and a guarantee of 1 pregnancy – if implanted by a certified embryo technician.

Here is one of our first heifers out of our Feddes CCC Definitive 9416 bull, that sold to ABS in 2020. He is siring a very consistent pattern of depth, thickness, and style with moderate birth weights and positive carcass numbers. 2130 is a great example with her balance, depth of rib, and length of body. Her dam is a really good Epic daughter that has done a very nice job for us. She has consistently produced top end calves, with above average performance. Maternally 2130 is stacked with some of the great female making bulls we have used. Including Epic, Big Sky, B571, 425, and Redstone. We are excited to see the cows Definitive will make and look forward to what 2130 will do for her new owners.

FEDDES TREADSTONE 704-9352

Registration #: 4116550 Date of Birth: 01/16/2019

Treadstone is a bull that is doing everything right. His calves are the most consistent of any sire group we have this year. We bred him to mostly heifers and had zero assists this year. Almost every one of his calves made it in the "Big Pen" when we sorted pairs this spring. Treadstone has 9 EPD's in the top 20% of the breed. He was our second high selling bull in 2020, selling to Leland Red Angus. He is adding length, depth of body and thickness without sacrificing femininity in his daughters. He comes from a top producing cow family. His dam sports a 107 MPPA, in fact you won't find a cow under 100 MPPA for 6 generations. He comes from a long line of proven top producing and maternal cows. We will be getting many more calves this spring and are extremely excited to see his progeny grow up.

Selling 10 units.

704 is a moderate framed cow with bigtime production and big-time numbers. She carries a 107 MPPA and 10 EPD's in the top 30% of the breed including 6 traits in the top 10% or less. Her first calf, Feddes Treadstone 9352, was a crowd favorite selling to Leland Red angus for \$15,000 in 2020. We used 9352 heavily on heifers this year and lie what he is doing. 704 has a perfect udder. Her granddam, 8121, is 13 and just calved first cycle in January. These Silverbow daughters just keep working and bring in some of the best calves every year. This mating should produce some top end bulls with extra growth and great numbers. As well as females that raise big calves, have near perfect udders, and last a long time! This is an exciting mating, crossing one of the leading cows in the breed with one of the leading bulls in the breed, for beef production. We will be getting calves out of this mating this spring and are very excited to see what happens.

Selling 3 embryos and a guarantee of 1 pregnancy – if implanted by a certified embryo technician.

FEDS LAKOTA 5077-162

Registration #: 4447311 Date of Birth: 02/04/2021

162 is a heifer that is doing everything right. Her dam was our pick of the cows in the Jacobson dispersal. She has a great phenotype and a production record to match, with an MPPA of 103. 5077 has a great udder, feet and legs, with a nice clean front end and breeds back earlier and earlier every year. 162's sire, Feddes Treadstone 9352, was our second high selling bull in 2020 going to Leland Red Angus. Treadstone is one of those very rare bulls that combines calving ease, growth, carcass, maternal and comes from a great cow family with perfect udders. His EPD's are unmatched when combining growth, carcass, and maternal traits. Almost every Treadstone calf made it into the "BIG" pen of bulls and heifers this spring. We are extremely excited about our Treadstone progeny. We used him very heavy again this year on heifers and cows. This heifer is ProS extremely hard to let go for out herd, as she HB 62 56 is exactly what we have been breeding for. However, we are excited to watch what she does in another herd.

Our Coach 1296 daughters look amazing, everyone who visits picks them out. We expect them to make great cows that are highly productive. 099 is an ET daughter of our great Feddes Big Sky R9 bull, who sired some of the best females in the breed. She is very impressive phenotypically being bold ribbed, stout from the ground up, all while still tying everything together in a well-balanced feminine package. We didn't want to let Alyssa have her, but we do have several sisters to put in our herd. 9130 is in our ET program at 12-years-old, has 42 calves reported in RAAA and a MPPA of 102.

099 is bred to the calving ease bull Feddes CCC Bruiser F405. Her first calf could easily pay for her. Due to calve February 24, 2022 with a bull calf.

HRR Freyja 107 is a dark red show heifer prospect, with a great disposition and a maternal genealogy to support making her a future cornerstone brood matron. She is out of our junior herd sire, Ridge RAD 9075, and a first calf heifer, HRR Freyja 9177. Both stem from solid maternal dams, that sport impeccable performance rations with longevity. Consider Ridge Casey 8034, the paternal granddam with a highly regarded EPD's and 104 MPPA on 12 natural calves and 364 day calving interval. Ridge Casey 8034 is still in production at Sand Bur Ridge Red Angus in Nebraska and is A.I. bred for spring. The maternal granddam, HRR Freyja 308, was a prolific donor with 8 natural offspring and 25 ET offspring showing a 104 MPPA and great ratios. HRR Freyja 107 started life at 70 pounds and ranked in the top end of her contemporaries at weaning. Look no further for a phenotypic stand out with a wide stance, extra rib and dimension, with the potential to carry on her maternal legacy.

Heifer Calf Laubach Red Angus

LAUBACH ESTONIA 1002

Registration #: 4461995 Date of Birth: 01/08/2021

1002 comes from a first calf heifer out of Bar M Jumbo, Jumbo has been an excellent herd sire for Laubach's producing many replacement quality females. The Estonia cow family is a cornerstone in their herd, sending progeny after progeny to the NILE sale. Estonia 1002 ties smoothly in at her shoulders into a maternal look. She's deep ribbed and level from hook to pins. This heifer will put a lot of growth into her calves as she is in the top 10% for WW and top 6% for MILK. Merlin 018Ahas left his stamp on the Red Angus breed, you can't miss the maternal genetics here.

Heifer Calf Laubach Red Angus

Registration #: 4461997 Date of Birth: 01/12/2021

Here comes another Merlin heifer out of Laubach's herd. Sending two heifer calves is out of the ballpark from the usual, let alone sending two Merlin calves that would make great replacements for themselves. 1006 is very long and feminine fronted that balances up well from the side. Her dam is moderate framed and has a great disposition, out of Fischer Dbl Check 786, who produced excellent females. The Jess cow family started for Laubach's with a purchase of 1006's granddam from the NILE. This female is really impressive on paper and she ranks in the top 3% for WW, 4%for YW, 7% for ADG, and 2% for MILK. Rest easy knowing this girl is going to raise some tremendous calves.

LOT 33 Semen Offering Lost Creek Red Angus

SILVEIRAS MISSION NEXUS 1378

Registration #: 1410853 Date of Birth: 01/24/2011

Silveiras Mission Nexus needs no introduction to prove the impact he has made to Red Angus herds that were able to use him during the short time his semen was available. He has left a long term impact on the females in the Lost Creek herd, producing females that are angular, feminine with great udders, and a strong hip as they are producing high quality calves that will stay in the herd. With minimal amounts of semen available to the market, lots like this are far and few between. Take advantage of this while you can!

Selling 5 Units.

Heifer Calf
Lost Creek Red Angus

Registration #: 4452505 Date of Birth: 01/31/2021

A paternal sister to the Lot 35 bull. Relentless is really getting it done for us! He is making the calves big ribbed and stout. J905's dam is a Silveiras Mission Nexus daughter that has been a standout since birth and is out of a C-T Chris cow we purchased at the Big Sky Elite with an MPPA of 104. J905 is extremely eye-appealing and well balanced from the side, but it is on the rear three-quarter view that her true value comes to light, as she ties everything together in a complete package displaying the potential cow power she will have as she matures. We expect this sweet girl to produce some great ones and offers the advantage of being a great junior show heifer prospect.

Bull Calf Lost Creek Red Angus

LOST CRK INVINCIBLE 1957

Registration #: 4452503 Date of Birth: 01/26/2021

Here is a unique opportunity, as he is the first bull to sell here in a while and he is a dang good one! Backed genetically by bulls like Glacier Chateau 744, Larson Sun King 016 and a list that goes on and on. Not to mention the cow families such as Feddes Sleek, Lakina and C-T Miss Pan. What makes him stand out? He combines a great pedigree with a phenotypic style. As you analyze him, he's a rugged stout bull, that has a tremendous amount of capacity for his age that doesn't do much wrong. His dark red color makes him a standout in a group along with being extremely eye appealing. Alyssa's decision to sell this bull is going to hurt, but at an added benefit to the buyer! Be on the look out for his 100K results.

Retaing 1/3 semen interest.

Embryo Offering Knaub Cattle Co.

Dam #: 1372061 Sire #: 2400918

Start with 024 that has a 107 MPPA and 9 natural calves at 108 WW ratio, 106 YW ratio, 130 IMF ratio, 100 REA ratio. Add RED Minburn Copenhagen 3Y as the sire who speaks for himself and you'll get offspring that will be attractive, well-muscled, with lots of body length. The end product should be very impressive females, as are the Copenhagen daughters in the U2 herd, as well as bulls that will exhibit growth. When U2 dispersed everyone else found the Copenhagen daughters as well and they were one of the highest selling sire groups in a record setting sale. We look forward to this mating in our herd!

Selling 3 embryos with a guarantee of 1 pregnancy - implanted by a certified embryo technician. Embryos are located at Sleeping Giant Genetics. Shipping FOB (freight on buyer).

Bred Heifer Milk Creek Reds

Registration #: 4292429 Date of Birth: 02/08/2020

008's performance data is just the beginning of this female's future as a bred heifer. She had a 95 birth ratio, a 105 weaning ratio, and a 111 yearling ratio. Her sire ranks in the top 8% for GM, top 11% for Marbling, and top 23% of REA. The 5L Real Deal 1687-143B bull calves at our past two bull sales have been well received and the daughters we have in production have really nice udders and good feet. We will keep using this bull in our herd simply because he sires the type of cattle that work for both commercial and registered cattlemen.

Due to calve March 23, 2022 to 5LForman 3428-04H. A bull that goes from -4.2 BW to a 116 YW

This deep, long-sided heifer calf is sired by 5L Vigilante 2674-11D and is out of MLK CRK Sheba 545. Who has an MPPA of 102 could work well in your pasture. The Vigilante's daughters we have in production are moderate framed cattle showing a lot of shape and expression of muscle for a calving ease sire with an added bonus of a 105 weaning ratio.

SUNR Norris Stellar 100J, is just a March heifer calf! She has a huge hip with unreal muscle shape, yet she is super feminine with loads of rib shape and a sharp front end. To add to her beautiful package, Stellar also comes with that popular dark cherry red color. Her sire, 9 Mile Senator, has been an outstanding sire for our program. His progeny comes with powerful performance and unbelievable muscle shape. The Sun River Faye's Gold cow family started with a purchase at the NILE back in 1994. Don't miss out on this heifer - she has the look of a champion and will be a great addition to build your herd.

SUTH STORMY STYLE 21065

Registration #: 4460457 Date of Birth: 02/19/2021

SUTH Stormy Style 21065 is a super attractive dark cherry red heifer, who catches your eye every time you look at her. She offers a beautiful combination of femininity and performance. Her EPD's are highlighted by a WW in the top 5% and a YW in the top 8%. Her 7-year-old dam offers impressive average ratios of 104 at weaning and 104 at yearling. She stands on a foundation of good feet and a great udder. She is sired by SUTH Free Style 38G, he brings to the mating the added increase in EPD's and a ton of length and extension in a phenotypically pleasing package. Free Style is a young Red Angus sire featured in ABS Global line-up, that offers exceptional growth. If you are in the market for a very attractive dark red heifer, with added performance that will become a strong asset in your herd, look at this heifer!

Heifer Calf Walking T Genetics

Registration #: 4462457 Date of Birth: 04/07/2021

WTRA Jocelyn 11J is an April number that comes to you stacked with genetic potential. Her dam is a 3-year-old cow, that is doing all the right things at a young age. Also, on the bottom side of her pedigree stems my 11-yearold NILE Merit Heifer as her great granddam, JSG Miss Ella 134X. Ella is truly the gift that just keeps on giving when it comes to daughters being retained in my herd. Another genetic merit is her sire, RCRA Gucci 20E, who comes to you from the infamous "Lacey" cow line of Rock Creek Red Angus. If you know the "Lacey" females, they are dark, deep bodied, and ultra-feminine. I have no doubt in my mind that this sweet darlin' is destined to do great things in her future.
