**WWW.NEVERSWEATRANCH.COM**

Hello Cattlemen,

We at Never Sweat Ranch would like to invite you to our seventh annual performance bull sale. This year's offering will have the same philosophy's behind them as we have always strived for, but there are a few changes that makes the sale even more exciting. We have a very good group of coming two-year-old bulls that I believe will be a huge asset to most any program. Also, we've added a few Hereford bulls to our lineup this year for the first time. We have four standout yearling Hereford bulls to get us started and I am very proud of them. We have selected our base of females from some of the most time tested and proven Hereford breeders in the country.

The cattle will sell in the order that they are listed in the book just as it has been in the past. The bulls can be viewed ahead of the sale at the Never Sweat Ranch feed yard south of Hamilton. You can contact us if you need help locating it. We have brought back videos of the bulls this year as it has been a couple of years since we were able to provide them. We will have the videos posted to our YouTube channel by the middle of February. Our YouTube channel is listed under Never Sweat Ranch. A website has also been added recently which is [www.neversweatranch.com](http://www.neversweatranch.com). Please go online and check us out.

This year's bulls have been brought along and developed slowly for longevity to the customer. A ration of ground hay with dry cracked corn has been their diet since the middle of December. The two-year-old bulls have had free choice hay with a pellet supplement. They are full of muscle and are ready to go to work. All of the bulls have had Fusogard for their foot rot prevention and are current on their fall vaccinations. Each one is carrying a freeze brand to give you permanent identification that will always be there. Ear tags with bulls can be very unreliable over the long run.

Our heifer offering will be somewhat like before. We wanted to include two lots of heifers this time as we always get requests to add more heifers. They are in their working clothes and are ready to go on and make their new owners' money. We have had very positive feedback on the results of the open heifers that have been purchased through this sale in past years.

The sale will be broadcasted live on Cattle USA for those people who can not make it in person. If you wish to be an online bidder, please call ahead and we can help get you setup, so it works for you. If you have any further questions, please don't hesitate to contact us. We like visiting and helping anyway that we can.

Sincerely

Never Sweat Ranch

# NEVER SWEAT RANCH

## FEBRUARY 29, 2020

### BULL SALE

1:00 PM MST

MISSOULA, MT

FIVE VALLEYS LIVESTOCK

COME HAVE LUNCH WITH US  
AT 11:30 AM MST

#### **AUCTIONEER**

Rodger Jacobs (406) 698-7686 or (406) 259-2544

#### **SALE REPRESENTATIVES**

Bill Pelton (406) 671-5100  
Rick Peverly (406) 369-2640  
Kurt Kangus (661) 706-2041

#### **SALE LOCATION**

Five Valleys Livestock  
8598 Robbins Rd • Missoula, MT 59808  
Located at the junction of I-90 and Hwy 93 at exit 96

#### **SALE ORDER**

Bulls will sell in catalog order

#### **TERMS AND CONDITIONS**

All cattle sell under the terms and conditions of the American Angus Association. Terms of the sale are cash on sale day, unless prior arrangements have been made. Announcements made the day of the sale take precedence over all the printed information.

#### **HEALTH**

Interstate health papers are furnished on all the cattle selling. All bulls are semen tested and are BVD-PI tested to be free by Dr. Richardson D.V.M. Bulls have been given two doses each of wart and foot root vaccine. Heifers have had their fall vaccinations including the brucellosis vaccine and are ready to fit into your programs.

#### **RETAINED OWNERSHIP**

Never Sweat Ranch are retaining 1/3 revenue semen interest on all bulls, unless otherwise stated. Full possession and salvage value sell on all bulls.

#### **TRUCKING**

Free delivery on all bulls up to 350 miles with total purchases of \$3000.00 or more. A \$50.00 discount per bull if taken home the day of the sale. The balance of the distance will be at cost. Bulls will be delivered starting mid-March. Females are to be taken home the day of the sale, unless prior arrangements have been made.

#### **REGISTRATIONS**

Transferred on request by buyer

#### **EPDS**

EPDs are current as of 2/6/2020. Updated EPDs can be viewed at [www.Angus.org](http://www.Angus.org)

#### **LIABILITY**

All persons attending the sale do so at their own risk, legal or otherwise for their own safety or the behavior of the animals. The owner's and sale staff assume no liability for property loss or any accidents that may occur.

#### **FIRST YEAR BREEDING GUARANTEE**

All bulls selling for \$2,500.00 or more will be covered 50% by Never Sweat Ranch. If they are injured during their first breeding season and not able to return to service during that first breeding season. Breeding season is defined as the 90 day period following the first turnout of the bulls. 50% of the value of the injured bull, minus one half salvage value, will be given as credit in a future sale or toward a replacement bull if one is available. Salvage value, if any, will be split equally between Never Sweat Ranch and the buyer. All injured bulls must be diagnosed by a veterinarian of our choice. Please notify us as soon as possible should injury occur and prior to injured bull being sold for salvage. All claims must be made by September 1st 2020. This does not include death as that can be insured for.

Example 1: A \$5,000.00 bull is injured, a credit of \$2,500.00 minus 1/2 any salvage value will be given to the buyer.

Example 2: A \$2,500.00 bull is injured, a credit of \$1,250.00 minus 1/2 any salvage value will be given to the buyer.

Example 3: A \$2,000.00 bull is injured, no credit is given. Buyer retains all salvage value.

#### **INSURANCE**

Never Sweat Ranch will help cover insurance costs with customers willing to participate. We will pay 4% of sale price up to \$5,999.00 or 6% on \$6,000.00 or greater towards a Stockmen's Insurance Policy. The balance of the policy will be paid by the customer. If a customer chooses to decline the policy Never Sweat Ranch has no obligation to cover any loss due to injury, sickness or death. We guarantee all cattle to be sound the day of sale.

#### **ACCOMMODATIONS**

Day's Inn Missoula Airport at Mural's Travel Plaza (406) 721-9776  
Broadway Inn (406) 532-3300  
C'mon Inn (406) 543-4600  
Lunch and refreshments served at 11:30 a.m.

#### **SUPPLEMENT INFORMATION**

Will be available on sale day.

#### **GENETIC RECESSIVES**

This sale offering is free of all known recessives monitored by the American Angus Association, other than the bulls with DDC listed after their registration number.

Birth Wt	205 Wt	CED	Birth	Wean	Year	Milk
85	627	+2	+2.9	+45	+87	+27
Marb	REA	Fat	\$W	\$F	\$G	\$B
na	na	na	+39	na	na	na

**Actual Birth Weight:** The actual weight of the calf within 24 hours after birth, measured in pounds.

**205 Day Weight:** The weaning weight of the calf adjusted to a common age of 205 days and adjusted for the age of the dam, measured in pounds.

**205 Day Ratio:** A direct comparison of one calf to all others in his contemporary group. A weaning ratio of 100 is always average.

However, some individuals are "average" only because their contemporary group was small.

**Calving Ease Direct (CED) EPD:** is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first-calf heifers. It predicts the average difference in ease with which an sire's calves will be born when he is bred to first-calf heifers.

**Birth (BW) EPD:** The birth weight EPD is a predictor of an individual's contribution to its progeny's weight at birth and is a comparison of breed average, measured in pounds.

**Weaning (WW) EPD:** The weaning weight EPD is the amount of increase or decrease in weaning weight you could expect from the progeny of a bull compared to an average bull in the breed for weaning weight, measured in pounds.

**Milk EPD:** The milk EPD is a predictor of a sire's genetic merit for milk and mothering ability expressed in his daughters, measured in pounds. It is that part of weaning weight attributed to milk production.

**Yearling Weight (YW) EPD:** The yearling weight EPD is the amount of increase or decrease in yearling weight one could expect from the progeny of a bull compared to an average bull in the breed for yearling weight, measured in pounds.

**Marbling EPD (Marb):** Expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

**Ribeye Area EPD (RE):** Expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

**Fat Thickness EPD (Fat):** Expressed in inches, is a predictor of the differences in external fat thickness at the 12th rib (as measured between the 12th and 13th ribs) of a sire's progeny compared to progeny of other sires.

**Weaned Calf Value (\$W):** An index value expressed in dollars per head, is the expected avg difference in future progeny performance for preweaning merit.

**Feedlot Value (\$F):** An index value expressed in dollars per head, is the expected average difference in future progeny performance for postweaning merit compared to progeny of other sires.

**Grid Value (\$G):** An index value expressed in dollars per head, is the expected avg difference in future progeny performance for carcass grid merit.

**Beef Value (\$B):** An index value expressed in dollars per head, is the expected avg difference in future progeny performance for postweaning and carcass value compared to progeny of other sires.
