

A line of black Angus cattle is shown in a metal pen, likely at a stock show or sale. The cattle are standing in a row, facing away from the camera. The pen is made of metal bars and has a chain attached to one of the bars. The background is a snowy field under a clear sky.

oppangus@gmail.com

Dear Cattlemen and Friends,

We would like to welcome you to our 47th Annual Performance Production sale, and invite you to join us on April 28th as we celebrate 70 years of our family in the Angus business.

After all of the past year's craziness and lightly attended sales, I look forward to seeing people at the sale again and being able to visit and shake hands the way it is supposed to be. I do, of course, understand those of you that may not be comfortable attending the sale in person yet. In that case the bulls are available for viewing at the ranch prior to April 25th and at Stockmen's West after that. There will also be videos available for your evaluation, as well as the option to bid online.

At Opp Angus we strive to produce bulls that will work hard for the commercial cattleman. We want them to add pounds at weaning time, and value on the rail, while still being able to sire females that will go on to be excellent mother cows - no sacrifices. We're not chasing fads or numbers, simply trying to breed functional, balanced cattle.

The bulls in the offering are ready to go to work; they are grown out slowly, not fattened, so that they are able to express their genetic potential, while maintaining their fertility, soundness, and ultimately, their longevity. You can bid with confidence because we will only sell bulls that have already passed a semen test. They are guaranteed for the first 90 days after you turn them out - if an injury or fertility problem should arise, we will provide you with a replacement if available, or credit will be given in next year's sale. If there should be any problem with the cattle you buy from us, we want to be the first to know about it and will work with you to get it resolved.

We want to thank all of our past customers and all newcomers to the sale, because if it were not for your support of our program, we would not be doing what we love - raising Angus cattle. I'd also like to extend a special thank you to our local customers for their support - in last year's sale over 1/3 of the bulls were sold within about 20 miles of our ranch. We are truly humbled by the continued support of our friends and neighbors.

Sincerely,

David and Joel Opp and Families

OPP ANGUS

47th Annual Performance Sale

April 28, 2021 | 1 PM MDT

Stockmen's West - Dickinson, ND

SELLING: 92 Yearling Bulls • 50 Yearling Open Heifers

- Recommended for use on heifers or cows
- Pathfinder Dam

Why so much emphasis on bulls?

Bulls have the greatest economic impact on any breeding program, thus bull selection is among the most important decisions and investments a cowman will make during the course of a year.

- Recommended for use on cows
- I bought the embryos that resulted in Lots 28 and 29 from my friend Zac Hall, out of the 2019 NDAA state sale in an effort to get some of the dam's genetics in our herd through some daughters – I ended up with three bull calves, so we decided to keep one of them for use in our herd
- They have all been absolute standouts and peas in a pod since birth – we had a hard time deciding which one to keep
- Selling 2/3 interest and full possession

- Our selection out of over 400 two-year-old bulls at the record-setting 2015 Sitz Fall Sale
- An absolute breeding machine – we have used him on our coming 3 year olds the last four years and they have bred up better than ever. His fertility and libido are unmatched
- In four breeding seasons he has about 180 naturally sired calves reported to the Angus Association
- First daughters in production have held their condition extremely well after calving and exhibit his ability to improve udders

- Our pick and the 8th high-selling bull out of the 2018 Sitz Fall Sale
- 9387 is shaking out to be one of the top calving ease sons of the wildly popular \$100,000 Sitz Logo 12964
- Fantastic set of EPDs along with a moderate frame, excellent disposition, and good feet
- 9387 ran with our coming 3 year olds this past summer, and did a good job - there will be a nice set of calves next year again, they are already shaping up nicely

+6	+1.2	+57	+100	+25	+56	+57	+58	+56	+130

Created by Angus Genetics Inc. (AGI) and powered by Neogen GeneSeek, our sale cattle have been tested with the first DNA profile designed specifically for Angus cattle, Angus GSSM.

Each marker is intentionally chosen from the Angus genome to drive the Angus breed into the future. It offers maximum accuracy for genomically enhanced EPDs at great value. Testing heifer and bull calves ultimately allows you to reap the benefits of faster genetic gain in your commercial herd. With Angus GS, it's all about you, our customer.

Trait	Progeny Equivalents
-------	---------------------

Calving Ease Direct (CED)	26
Birth Weight (BW)	23

OPP ANGUS

2021 HEIFER OFFERING

On the following pages are some of the best open replacement heifers to sell this season. They will average over 850 pounds by sale time and any or all can be registered and transferred for \$50 a head. They have been Bang's vaccinated and carry the EID tag. They were given Vista 5 VL5 and poured with Ivermectin on March 28th. They are also freeze branded for permanent identification.
