Welcome to our 31st Annual
Performance Leader Production Sale

There is nothing more rewarding for us than loading a set of bulls like this years offering into our sale pens. The look on customers faces when they exit the sale pen tells it all. We get excited about offering new and improved genetics every year.

There are several top herd bull prospects in this offering. Large sire groups will give an opportunity to gather half and three-quarter brothers to make a uniform set of offspring. Once again we had some super carcass ultrasound results and the average daily gains (ADG) on the one hundred forty day test were outstanding. This is a sound, gentle set of bulls ready for use.

The females we are offering are checked for breeding soundness and are in perfect condition to breed. Last year two commercial heifer buyers reported back they had a one hundred percent breed up in a fifty day period.

We look forward in seeing you April 2nd but if you can not attend, bid and view our sale online at www.dvauction.com!

Thank you,
The Pieper Family

• Here is the first son to sell here at PRA, sired by our \$155,000 high seller Pie Quarterback 789. This bull has stood out since day one and has always been one of our favorites. He has as much middle and volume as any bull in the sale and stands on ideal feet and legs. His dam is one of our favorite Franchise daughters, she is one of the nicest that we have ever laid eyes on. She was picked, from our entire herd, by Clint Witherspoon of Buffalo Creek Red Angus to start their program. This bull not only has all the type, body capacity, and the top cow backing him but he was also our #1 weaning and #1 yearling weight calf with only a 99 bw ratio and he did it without excessive frame. Captain also scanned a 5.69 IMF 121 ratio and 15.43 REA 109. It's really hard to find a bull that does so many things right. We plan on using him back in our program.

• This Quarterback son is going to grab your eye sale day and has been one of the most anticipated calves all year. We thought one of the most exciting matings would be Quarterback with Franchise daughters and it has exceeded our expectations. This calf is out of what we think is the best full sister to Franchise 6305. There is a lot of cow power behind this guy and his full sisters are some of the most impressive females you can find anywhere. Not only does he have the genetics, he is also one of the top phenotype bulls in the entire offering. He has got the herd bull presence that everyone is looking for, with length, and capacity. When you look down his top you know he has one of largest ribeyes in the offering, but he also scanned a 5+ IMF and 112 ratio. PIE Commander 0100 also carries thirteen EPD traits in the top 20% of the breed. We plan on using him back in our program and he will likely be one of the top Quarterback sons to move forward with.

• PIE RELOAD 0166 is the first progeny to sell here out of the outcross sire from Mcmillen ranching in Canada. Last spring he was the high selling sire in Canada with many sale topping sons and daughters. SAV Resource 1441 has been one of the most successful sires in the Angus breed and it is exciting to be selling sons with a red hide now. Reload 0166 is moderate made with as much thickness as you can fit in one. Reload also has that dark cherry red hair that is a favorite. His One of a Kind dam comes from a very successful cow line at the C-bar ranch. If you are looking for a outcross sire with muscle and power you better take a look at this stud.

This stylish, long made Quarterback son has done just about everything right and is one of the high scanning bulls of the day with an almost 7 IMF and still had a 14.5 rib. That is pretty impressive but he didn't stop there. He also had a 107 ww and 108 yw ratio. PIE ALL AMERICAN 095 is also top 2% GM and top 5% pros. You're not just going to pick him out on paper, he is also Impressive in person. He is out of a beautiful uddered Franchise daughter that we purchased from McEntire Red Angus.

If you are wanting your calves to weigh at weaning and you want to make some of the best females around you better take a hard look at this Franchise son. He has as much middle and body as any Franchise we have sold and also has a great disposition. He scanned almost a 16 inch Ribeye. This calf is going to make big middled, easy keeping females with ideal udders.

... REGISTERED RED ANGUS FALL CALVING COWS ...

• Again this spring we are selling a group of thirty-four fall calving Red Angus cows. They are due to start calving early September and have a forty-five day calving period. The bulls were turned in on November 24th. They have been ultrasounded by Dr. Beck for calving date and sex. •

• They were natural bred to one of these two herd sires: •

240 COMMERCIAL REPLACEMENT HEIFERS

- *Every year for the past thirty one years, we have sold a fancy set of replacement heifers we have purchased from our bull customers. They have been on a grower ration since weaning and are developed for maximum conception rates. They have also been on an extensive vaccination program, including breeding shots. Dr. Jeff Erquiaga will check them one week before the sale for reproductive soundness. This year there will be a top set of one hundred and thirty heifers from one of our top customers with a few being branded. Another group of seventy head will be from a long time customer with total Pieper bloodlines. We will also be offering forty head of first cross red baldy heifers that are out of Pieper bulls and Hereford cows.*

They will be sorted to suit the buyer and will sell five or more in numerical order.

The heifers are weighing eight hundred and fifty pounds and are ready to breed!

As always, we will give a straw of semen from eligible bulls for each female purchased in our sale from our bull battery. •

... REGISTERED REPLACEMENT HEIFERS ...

- Each year we offer registered replacement heifers out of our herd. They have all been on a complete vaccination program and will be wormed and poured before the sale.

This will be an opportunity for a young producer or an established breeder to add some new cutting edge genetics in volume! All females sell on video and they will be available for viewing before the sale. •

STALLIONS STANDING AT PRA

Introducing our new stallion
Playin With Metal

• PLAYIN WITH METAL •

We are so excited to add Playin with Metal to our stallion roster. This money earning son by Metallic Cat and out of Play on Lizzy will be a great asset to our breeding program. He will be standing along with Playguns Little Lena, Shiner Smart Cat, PR Smooth n Shiney, PR A Smooth Doc, and Colonels Blue Leo at Pieper Red Angus.

Make plans to attend the horse sale in October which is part of our Fall Run Production Sale.
