PIEPER RED ANGUS

Red Angus with Built-In Performance

3779 550TH RD

HAY SPRINGS NE 69347

PHONE: (308) 638 - 4557 OR (308) 430-0989

EMAIL: PIEPERRA@GPCOM.NET

FOOD:

Complimentary steak dinner sponsored by VitaFerm after the sale.

VETERINARIAN:

Dr. Jeff Erquiaga, DVM, Rushville NE

Dr. Russell Jonas, Buffalo TX (903) 322-4239

HEALTH:

All bulls are on a complete health program including a current tric test and will be accompanied by health papers for shipment anywhere in the United States. All bulls have been vaccinated with IBR, BVD type I & II, PI3, BRSV, Pasturella, 7-way, Haemophilus and poured. All animals in the sale are on a complete vaccination program. All females are brucellosis vaccinated. Dr. Don Beck, Baker MT, ultrasounded the bred females in the sale. All females will be re-examined by Dr. Jeff Erquiaga within one week of the sale. The bred females sell as pregnant on sale day and carry no further guarantee.

FERTILITY TESTING:

All bulls will be fertility tested prior to the sale and guaranteed to be breeders. They will come with a semen evaluation and soundness sheet.

BOARDING:

All livestock must be removed by noon on Thursday, October 8, 2020 unless other arrangements have been made with Buffalo Livestock or Pieper Red Angus.

FEEDING:

We have fed our bulls on the ranch for the last 45 years and this year was no exception. They are fed a high roughage ratio. The feedback from our customers has been that the bulls are holding up very well under most any conditions. We have sold bulls in Texas for years with good feedback.

ACCIDENTS:

Every precaution will be exercised to protect the safety and comfort of those attending the sale. Neither the owners, auctioneer, or any sale staff assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.

LIABILITY:

All persons attending this sale do so at their own risk and sellers assume no liability, legal or otherwise, for any accidents occurring in, on, or about the premises. We are not responsible for any typographical errors.

SALE BOOK:

JC RANCH DESIGNS - Contact Jessamyn @ (308) 430-2999

jcranchdesigns@gmail.com - Hay Springs, NE

SALE LOCATION:

Sale will be held at the Buffalo Livestock Market, Buffalo Texas.

Address: 301 East Commerce Street, Buffalo, TX 75831

EPDs:

All EPD's are current as of September 9, 2020.

SALE ORDER:

The commercial heifers will be sold first. The remaining animals will sell in catalog order.

SEMEN INTEREST: We reserve to the right to retain one-half semen interest in all bulls but we will be selling full possession.

Welcome to Our First Annual Texas Fall Run Production Sale

We are very excited to join our good friends the DeCordova family at the livestock auction in Buffalo Texas for this event! The sale will be broadcasted live through Superior Click to Bid. We have been in the Red Angus seedstock business for over forty-five years. Our ranch is located in the western Nebraska panhandle, which has a great variability in weather conditions. We typically graze our cows most of the year in large pastures. They have adapted very well to the harsh climate.

For several years we have sent lots of stock to the south country and they have done well! We are excited about the set of cattle we are bringing to you. These bulls are a group from the youngest fifty percent of our 2019 bull crop. They are eighteen month old virgin bulls that have never been picked out of. They are cherry red, good footed, long bodied, thick made bulls with great dispositions. The cross breeding advantages with these bulls will be extraordinary.

The Red Angus females in this offering will be suited perfectly for the southern United States. They are slick haired, heat tolerant, easy fleshing and great footed. We have found the dark cherry red cattle have better feet, but the best of all they are easy to handle. The vet work will all be done in Nebraska by our long time veterinarian Dr. Jeff Erquiaga, who is very thorough. The stock will be moved to Texas one week before the sale for your inspection.

To sum things up, we are looking forward to seeing old friends and meeting new ones. We plan on making this a long term event. Remember the sale starts at 6:00 pm CST, followed by a steak supper sponsored by VitaFerm.

We look forward to seeing you sale day!

The Piepers

• We are starting the sale with one of the most complete Franchise sons to sell this year, he is out of a Code Red daughter that has a great production record. She has averaged a 104 WW ratio and a 128 IMF ratio on her first three bulls. She also has a beautiful udder to boot! Franchise 9555 is a stout made bull with good feet and structure. He isn't just a front pasture kind of bull, he also has the genotype to back it up. He has a balanced set of EPDs, a 6.12 IMF, and ratios of 148. In 2017 we stepped up and paid \$105,000.00 for his sire, he has been worth every penny.

IMF: 5.29 RAT: 119 Franchise 6305 was the high selling semen sales Red Angus bull this spring at Select Sires, and possibly across the country. When you see bulls like this you know why. He is also producing some of the best females we have seen, and mated with Code Red it is a no brainer. This long, smooth made Franchise son is also going to add some carcass to your herd with his 119 IMF ratio.

Wow, take a look at this franchise daughter she has got it all going for her. Looks, pedigree, and EPD's in the top of the breed. The Franchise females are going to be some of most sought after in the entire breed, and for good reason. This heifer has got future donor cow all over her. Gentle, stylish, and dark red with lots of body, are just a few ways to describe her. If you are looking for a female to build a program around, you better check her out.

This heifer has got about as much body and mass as you can fit into 5.5 frame. The Seneca females have done a great job for us, and are in high demand. When you see this heifer you will know why. Bred to Accent d615, should also be a great mating. It is really hard to find females of this type and kind don't miss out.

Yocia 964 is moderate framed, and as thick a you can make one. Her dam is one of our favorite up and coming cows. She will make the donor pen shortly. I would bet this heifer will have a beautiful udder come next February. She is also going to have a calf sired by the \$190,000. KLJ/CLZB Complete. Who we bet, is going to be one of the go to sires in the years to come. If you are looking for the entire package and want to get a jump on genetics, you better take a look.

Great carcass in this El Grande daughter.

... Pieper Red Angus ...

COMMERCIAL FEMALE OFFERING

- *50 Pieper Red Angus Commercial Bred Heifers* •

This set of fancy commercial heifers originated off of one ranch with all Pieper Red Angus bloodlines. They are a gentle, easy fleshing set of heifers that we developed, synchronized, and artificially bred. This group of heifers have been on a complete vaccination program including bangs. The first thirty head will all be ultrasounded safe to 9 Mile Franchise 6305 for a March 1, 2021 calving date. The next twenty will begin calving March 20, 2021. They are all bred naturally to registered Red Angus calving ease bulls and will be done calving in a ten day period.

- *50 Standard Livestock Investments LLC Commercial Bred Heifers* •

This guest consignor's group of commercial heifers all have Pieper Red Angus genetics. They are a gentle, deep ribbed set of heifers originating out of Texas. The first group will be AI bred to Brown Redemption and the second group will all be naturally bull bred to Red Angus sires.

- *Fall Calving Cows* •

This is a group of super fancy fall calving cows. They are Pieper Red Angus bred and are currently calving.
