

REDD RANCHES
ANNUAL BULL SALE
APRIL 10TH 2021

Living in a desert, Charlie Redd believed in partnering with Mother Nature, “Let Mother Nature help you find the cattle that do well in your country.” Cull the cattle that need extra help to survive, build replacements that are better adapted to your conditions.

Welcome,

The new year's first born AI calves are coming and the grandkids love helping with the new calves.

Dealing with the events of the past year has been hard, but we are reminded by our daughter Jennifer, "Life is often hard, but we deal with it." As we look around, we know we are blessed to live on the range, on the land. It is hard to understand our city dwelling friends' outlook, they see things very differently than folks in the country. But we know we have the best of it, we are grateful for our lives working and living on the land!

Jennifer has raised 200 top herd bulls for you. They are the results of over 100 years of partnering with Mother Nature and applying science to make more efficient productive cattle. These bulls will produce more live calves and a more profitable herd for you. They are the future, for your better cow herd, for providing a better life for your family. These are not only the survivors, they are the bulls that have excelled...they are the cream that has come to the top. We know of few places where you can find and afford better bulls.

We are renewed and buoyed up by the coming of Spring, green grass newborn calves; we have a new beginning.

We hope you will recognize Redd Ranches as a place you can find cattle that will improve your cattle and your life.

Warmly,

Paul & Diane Redd
Jennifer Redd

Announcements

- All EPDs are given in a Red Angus base.
- All Animals are BVD tested & negative.
- Announcements from the sale block will take precedent over any written material.

Online Broadcasting

Sale will be broadcast live with Superior Livestock Auction.
See page for more details.

Bulls Leaving Colorado

Every effort has been made to obtain the necessary health permits/tests to allow bulls to travel on sale day to neighboring states. In the event additional test/permits are required, Redd Ranches will obtain the necessary permits and coordinate delivery with the buyer.

Mail & Phone Bid

We encourage you to come and see the bulls personally. However, that's not always possible. We will do whatever we can to help you get to the bulls you need. You have the option to place a phone bid directly with Redd Ranches, it will be handled confidentially and honestly. It is recommended that you call a day or two before the sale to discuss what you need and what is most important in your selection. To Place a direct phone in bid with Redd Ranches call: 800-442-8557 Jennifer's Cell: 970-640-7543

Free Delivery

Redd Ranches offers free delivery 500 miles to central corrals, 1000 miles on 40+ bulls. trucking is done by semi and by ranch truck trailer where possible, depending on how loads end up. We appreciate the cooperation between buyers in sharing corrals and meeting the truck at central locations. Even if you have been buying bulls at Redd Ranches for 50, please give the cashier complete transfer and delivery instructions. Your suggestions on a central corral for your area will help.

1/2 Interest Sales

Buyer receives full possession and salvage of the bull. Redd Ranches reserves the right to collect the bull at the buyer's convenience, and reserves 1/2 breeding interest, which is the right to register calves and to sell semen collected by Redd Ranches.

Liabilities

Although accidents at livestock sales seldom occur, everyone attending this sale does so at their own risk. The owners and employees of Redd Ranches assume no liability, legal or otherwise, in the event of an accident, bodily injury, theft, act of God, errors in catalogs or omissions, or percentage verification. We try to keep the most accurate records possible and have bull tight fences, but on a rare occasion, accidents of breeding occur that we are not aware of or cannot control. We do everything we can to determine the correct parentage with DNA testing.

HOW TO PARTICIPATE AS AN ABSENTEE BUYER

We have made preparations to bid and buy livestock through Superior Productions' "Call or Click-To-Bid" service for those unable to attend in person on sale day. Please note that all of the lots in the sale will also be available for viewing online prior to sale day at www.superior-livestock.com.

HERE'S HOW IT WORKS

Turn in Bids Over the Phone - This is our traditional method of buying livestock. To get started simply go online to www.superiorlivestock.com and click on the tab titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the registration form, fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it, or scan and email the form to info@superiorauction.com. You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

Click-To-Bid - This is Superior's online bidding platform for cattle buying. Please note that high speed internet is required – this is not for dial-up or satellite internet. Registration is free, but you must become a member of www.superiorclicktobid.com to sign up. Becoming a member is easy - just go to the homepage of www.superiorclicktobid.com and follow the out-lined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved you will receive an e-mail confirming which sale you are now registered for.

Viewing the Auction - There are 2 places to view the sale broadcast live on the internet: www.superiorlivestock.com or www.superiorclicktobid.com. Just go to the home page of either website and select the auction. If you just want to watch the auction on your computer, smartphone or tablet go to www.superiorlivestock.com, but if you want to bid over the computer you must go to www.superiorclicktobid.com. Remember you can call in to bid on the internet, but you must be a member of www.superiorclicktobid.com to "clickto-bid". Your computer must have Flash Media Player installed for this website to view the auction. If you have any questions, please call the Superior Productions office at 800-431-4452.

****If you plan to bid by phone through Superior Livestock or 'Click-to-Bid', you must register at www.superiorlivestock.com prior to bidding.***

PAP INFORMATION

HIGH ELEVATION TEST CHART

PAP Score	Use at Low Elev. (<4000 feet)	Use at Moderate Elev. (4000-5500 FEET)	Use at High Elev. (5500-7500 feet)

40–45	Low Risk	Low Risk	Low Risk
46–49	Moderate Risk	Moderate Risk	Moderate Risk
>50	Moderate Risk	Moderate Risk	High Risk

Timothy N. Holt, DVM

Lisa Herrick, Certified PAP Technician, 2020

Brisket disease (Altitude sickness, Bovine high-mountain disease) is a relatively common hypoxic disease of high-altitude cattle worldwide, and one of the Rocky Mountain Region's most costly diseases in cattle. This disease is caused by pulmonary arterial hypertension, circulatory edema, and congestive heart failure as a result of low-pressures associated with low-oxygen high-altitude grazing. Dr. Tim Holt of Colorado State University is the leading authority on PAP and has been studying brisket disease for 35 years. We are fortunate enough to have had the honor of working with Dr. Tim Holt DVM since the beginning of his PAP career. We have been PAP testing our herd since 1978-40 YEARS. At Redd Ranches we have been running our herd at high elevations for 103 years, PAP testing for 40 years, we re-search, study, and select the top performing bulls in the world with Low PAP to use in our A.I. Program.

g - Percent of Breed

(Example shown is 94% Red Angus)

R - Red Angus

A - Angus

H - Hereford

G - Gelbvieh

S - Simmental

T - Tarantaise

h - Date of Birth

i - Actual Birth Weight

j - EPD's in lbs.

(Expected Progency Differences)

k - Weaning Weight Ratio

The weaning weight of the calf, adjusted to 205 days and adjusted for the age of the cow compared to his herd mates.

L - Calving Ease Direct EPD

(CED) Is a predictor of a sire's genetic merit for milk and mothering ability as expressed in his daughters compared to daughters of other sires. In other words, it is part of a calf's weaning weight attributed to milk and mothering ability.

m - Average Daily Gain

A measure of the bull's gain performance while, "on test."

n - Adjusted Yearling

Weight Ratio. Computed by adding the 205 day adjusted weight to the gain since weaning. It combines weaning and gain to give a complete picture of the bull's growth. Note: Adj. Yearling Wt. is the best performance

measure of the bull.

o - Frame Score

Adjusted for age to help predict mature size.

p - Scrotal Circumference

Adjusted to yearling age, in cm. Large scrotal circumference indicates

greater service capacity, daughters will tend to be more fertile and productive cows. Use scrotal circumference to improve total herd fertility.

q - Pulmonary Artery Pressure

Used to help avoid, "Brisket Disease." Scores of 42 and less are recommended for ranches above 7,000 ft. Ranches lower than 7,000 ft. have little risk of, "Brisket," or, "High Mountain Disease."

r - EPD Base. Each breed association has their own EPD base that they choose to use. To assist our customers in comparing bulls against each other we have adjusted each animal in this catalog to the Red Angus base (RA).

s - Igenity Production & Maternal Indexes

IGENITY BEEF

IGENITY® provides the beef industry with the most comprehensive genetic profile of multiple traits of economic importance. The insights gained from an IGENITY profile help producers make more confident selection, management and marketing decisions. The IGENITY profile includes multiple-marker analyses for traits such as: Average Daily Gain, Tenderness, Choice, Stayability, Maternal Calving Ease and Feed Efficiency.

Profile Score Advantages:

To assist cattle producers in understanding the value of DNA technology, IGENITY has developed a scoring system for each trait using a scale of 1 to 10. Higher values are not necessarily better, they simply indicate that the animal has the potential for more of that trait. The following descriptions and table (Table 1) are useful in defining each trait and reflect the relative difference expected in animals compared to contemporaries with an IGENITY profile score of 1.

AVERAGE DAILY GAIN (ADG) - Based on pounds of gain per day. The Igenity score for Average Daily Gain (ADG) identifies genetic potential for post-weaning growth.

CALVING EASE (CE) - Greater probability a calf will be born unassisted out of a first-calf heifer, including birth weight and shape of the calf. A higher value is greater calving ease.

STAYABILITY (STAY) - The chance a heifer will remain in the herd as a productive cow until at least six years of age. A higher value is desired.

***RESIDUAL FEED INTAKE (RFI)** - Feed efficiency indicator. Lower score means greater feed efficiency.

MARBLING (MARB) - Degree of marbling at the 12th rib.

RIBEYE AREA (REA) - Indicator of square inches of ribeye at the 12th rib.

TENDERNESS (TEND) - Genetic potential for beef tenderness (Warner-Bratzler Shear Force). A higher 1-10 score is more tender.

IGENITY PRODUCTION INDEX (IPI) - The Igenity Production Index is well balanced for maternal, production and carcass progeny traits. It is designed for producers who raise their own heifers and want broad improvement across multiple traits. Weightings: Stay 30%; CEM 10%; ADG 15%; RFI -15%; Marb 20%; Tend 10%.

IGENITY MATERNAL INDEX (IMI) - This index is highly maternal and designed to select replacement heifers for fertility, longevity, moderate cow size and higher weaned calf weight. It is a tool developed for producers who sell calves at weaning or after a short backgrounding period. Trait Weightings: CED 5%, CEM 5%, HPG 5%, Stay 25%, WW 30%, -20% YW, -10% RFI.

Igenity® Averages (Entire Population, approx. 400k animals)

RED ANGUS BULLS

"The First Real Performance Breed," the best thing that has ever happened to our cow herd, no more cancer eye or spoiled udders, more live calves weaned, more pounds of calf wean per cow bred. With a Red Angus cowherd, you have many good options: replacements, or terminal crosses that will grade choice.

BLACK ANGUS BULLS

Easy calving, high growth, quality carcass, they own the market, the market loves black because they assume black means Angus, the Angus Association is working hard giving us more improvement tools. Black or Red, Angus cattle are known for traits that can make a real difference in a cow herd.

*Charlie Redd (Jennifer's grandfather) gave us a great template to follow:
Find and breed cattle that give your family a better life. Today, life is better.
Today, we continue applying science to find sires that will move the ball and
improve herd production.*

Contact us today to learn how Pasture Rangeland & Forage insurance could help keep your family on the land. Request a mock-policy to know how PRF insurance performs on your land before signing up for the program.

TERMS & CONDITIONS

All bulls will be sold to the highest bidder where there are two or more bids. The auctioneer will settle all disputes as to bids. Announcements made from the auction block take precedence over any printed matter. The terms of the sale are cash. All settlements must be made immediately following the auction.

Every bull in the sale is, to the best of our knowledge, free from any disease or defect. Every bull has been tested for Pulmonary Artery Pressure (PAP), Trichomonas, BVD and passed a breeding soundness exam. All bulls are guaranteed to be breeders. If a bull fails to breed after a six month trial, the bull may be returned to Redd Ranches in Paradox, Colorado. Redd Ranches reserves the right to try the bull for six months and if it proves to be a breeder, to return it to the buyer at the buyer's expense. If the bull proves to be a non-breeder, an adjustment will be made by Redd Ranches, either by substituting a bull mutually agreed upon as being of equal value, or credit in the next Redd Ranches Bull sale, or by refund of the full purchase price. Redd Ranches assumes no other liability, legal or otherwise, to make any further compensation to the buyer should a bull purchased in this sale be a non-breeder. No other warranty of any nature is expressed or implied.
