WILD CARD!

We are pleased to announce the Sugar Bars Legacy Sale "Wildcard." The 1st horse sold in the sale will be a "wildcard." The winning bidder for the "wildcard" lot will have his/her choice of any weanling in the sale. With no colt in the ring, the auctioneer will ask for bids on the "wildcard". It will be auctioned in the same manner as every other weanling in the sale, apart from the fact that, no one will know until the bidding is over and the winning bidder chooses his/her weanling, which horse has actually been sold. That weanling must be claimed immediately on winning the bid – and then will be removed from the catalog order. The sale will resume with the remainder of the consigned weanlings in catalog order.

He may be mama's 1st baby, but he gets your attention! Look at that thick hip, strong feet and legs and he's a curious one. "Dooley" is out of a daughter of our senior stallion; Zandunn

Bonanza! A red dun Zan Parr Bar, Blondy's Dude & Coy's Bonanza bred stallion. "Dunny" has always been a ranch's favorite and still comes out of retirement once or twice a year when we need an extra mount. We are so excited to see "Dunny's" babies grow up and become great mamas. His sire is our speed and cowhorse bred stallion; Lucky Old Sol. Several of his offspring are running barrels in Texas and California. He is bred to move and/or work a cow; whether it be in the arena or on the ranch. All Woodworth Ranch foals are eligible for the AQHA Heritage Challenges. Watch our facebook page; Woodworth Ranch for current photos and photos of sire and dam. My mom is one of two full sisters on the ranch, if you remember Deuce (the all around buckskin stallion) he is my grandpa. My mom's sister was a youth rodeo horse for Taya a couple years ago and a darn good ranch/kid horse. My dad loves his multiple duties on the ranch and in the arena. Hi! My name is Lottie and I am ready to be your next mount. My dad is an all-around guy who spends part of his year ranching, roping and chasing cans and part enjoying the pasture with us. I may become a buckskin roan by sale day, that is yet to be determined....so check our Facebook page often and look for "Lottie". PS, I am a pasture pet and love human attention. I have been waiting for a filly out of this cross; and haven't got one yet! "Flicker" is a full brother to the colt selected as the "Wildcard in 2016; who now finds his home in Utah hunting mountain lions! His sire is Zanadunn Bonanza; a red dun Zan Parr Bar, Blondy's Dude & Coy's Bonanza bred stallion. He has always been one of the ranch's favorite mounts; ranch raised and loves his job- ranch work: dragging calves at doctoring cattle, driving cattle and checkingb wraenlldsi.n gH, es ocortminge/s out of retirement once or twice a year when we need an extra mount- he's one you can pull out of the mares and saddle up. And this guy is just like him: easy going, an attention hog and bred for performance. To add to this little guy; we introduce his mama, Lucky Sugar Sparks is a gorgeous bay daughter of Im Lucky Today & Kahoola Sparkle. "Lucky" was my boy- we purchased him as an aged stallion, he had such a personality and had such respect for his people. My mom has a lot of cutting, reining and ranching blood, so I am excited to grow up and get to work. My half brother is on this sale too... He is lot #83. I hope I can be just like him someday. This guy brings together some great ranch horse and performance horse bloodlines. We purchased his sire: PR Zans Lil Gunner with the intent of using him on some of our bay mares with hopes of getting some more color with the added benefit of a pedigree that includes Playgun, Smart Little Lena and Zan Par Barr. "Snoopy" has a laid back, loyal, and willing personality and his babies are proving to be the same - we can turn him out for a rest, bring him back in, saddle up and he's ready for his job or to learn some more. This colt's dam is a "Shining Spark" grand-daughter, with Zan Parr Bar, Poco Bueno and Peppy San among her pedigree; she is a beautiful heavy boned, blood bay with a sweet personality. This is this mares first baby, and we are super excited about her! We rode this mare for years, and she was a go-to horse. We could throw a kid on her, and then Dave could get on her and go rope a steer. An adult could run her hard in the barrels and poles, come out, put a kid on, and she would trot through them! Dave never had a steer or yearling outrun her! With the added speed from Shield Five Ole Cat, this filly should be able to EASILY catch whatever you want to chase!! The cow thrown in should give her some natural rate and common sense as well! She is going to be a good sized horse with a foundation under her to last and hold up to hard work...and she is a sweetheart!! Call/text with questions.

Here's a tremendous buckskin colt that stands out in a crowd - conformation, athleticism and intelligence! He carries the genetics of the legendary SUGAR BARS within four generations. We feel it is probable that he will make a stallion prospect. He is soft and fluid and very easy to train - if you are looking for one that will excel in the arena or on the ranch, here's one that you will want to own. With his dam carrying a touch of speed genetics he has the makings of tremendous BARREL horse, as well. He has "performance" written all over him! Should mature to 15:1 HH. This young little sorrel mare is a sweetheart. We started her as a 2 year old and rode her into her 3rd year. She came up with an off and on limp so we didn't pursue her riding career. We are going out of the colt raising business otherwise she wouldn't be on the sale today. She is gentle and comes to you in the pasture. You can have kids around her and she is quiet and cool. She will make someone a wonderful brood mare for MANY years to come.

Sugar has been a great producer for us. Her colts are kind and gentle and often colored when she is with a colored stallion. We kept her filly from last year back as a replacement. She was ridden as a young mare for a couple of years but has been in the broodmare band for many years. Sugar can be caught anywhere and is very gentle. Sugar is bred to Paddys Shine a grandson of Paddys Irish Whiskey. He produces colts that are smart with kind dispositions.

This mare is tame, tame, tame. Her offspring are also. Her confirmation is outstanding. She is a retired "kids" horse as our kids are grown. We rode her on many trail rides and our kids rode her in 4-H. You can crawl all over and under her and don't need to worry if little kids/grandkids want to be around her. She does have a limp now if ridden a lot so would only work for kids/a small adult to ride, not a heavy person. A super brood mare with color and style. Don't pass this one up, you won't find a horse with a better attitude and confirmation.

Nice looking, gentle gelding that stands around 15 hands. Thick made, has a lot of shape and substance to him. Well started with lots of outside miles in rough country. Started roping and logging in arena. A prime age gelding ready to provide years of service as a ranch, arena or pleasure horse.

2 Open All Around Horse. He is very cowy and has been heeling the last two years at local jackpots. We have used him for all ranch work, will drag calves all day long to the branding fire. This summer Taya started break away roping on him and he can drag a steer off on the heading side. He has been Laurie's main mount this spring/summer for all ranch work and ranch rodeos. He will ride off alone and has a running walk that will make any cowboy smile. He is no nonsense, just jump on and go. Can sit for weeks and rides right off. Skittles is not a dead head but will make quite the youth horse with his perfect size of 14.2 H. Come ride him prior to sale at the ranch or show up early and ride him sale day. He will be shown in preview. He is one the whole family can use. Videos of roping and riding are on his slide show. Look for "skittles" on facebook: VLW Ranch or www.vlwranch.com

This mare was used as a ranch horse for the first four years she was ridden (age 2-6) by myself and my daughter. This included moving the cows from the desert lease to the mountains. She has been roped on in the branding pen, and was used extensively as a sorting horse separating calves from cows; in short she loves to work cows. She has also been shown competitively in 4-H under saddle and was used to pony other horses of differing ages and sizes during the training process including half drafts. Her calm personality, soft mouth, smooth gait, and level headedness has made her an ideal horse for any task that we have asked her to do. She was born colored as a bay tobiano, by the end of her first year she had changed to a roan tobiano, and over the last year her color has changed to a flea-bitten gray color. She has matured to stand 15 hands tall and 1100 pounds. We are selling her at this time to help my daughter pay for college.

Quest is a 3 year old filly that we purchased as a weanling. We put 30 days on her as a 2 year old and then started riding her again this spring. She is doing really well in the arena and in the mountains. Quest knows her leads, stops nice, backs well, side passes, pivots on her front end, beginning to turn around nicely, and works well in a trail course (gate, bridge, logs, and backing an L). On the mountains, she is gaining confidence to navigate rocky trails, muddy areas, water crossings, and down timber. Quest takes everything in stride and is very trusting of our judgement. She stands to be saddled and enjoys getting cooled off with the garden hose. Quest would make a great goat tying, breakaway roping, 4-H or even a Ranch Riding / Ranch Trail prospect. Quest will be ridden during the Sugar Bars Futurity on Saturday, September 18.

Bourbon is a quiet, easy going blue roan gelding that was raised on my parents ranch (find his dam, "AJ" on our VLW Ranch Mares page). I started him early his 2 year old spring and since have used him daily on our ranch in the summer for all cattle work including sorting, trailing, calving, and branding. Keith has continued to use him all fall and winter. He is super willing to please and being exposed to all sorts of situations daily. This summer he has been lightly started in the heeling and breakaway. He is bred to be versatile and has the foundational start to go any direction from here. Vegas is a nice solid gelding with eye appeal, color and good bone & feet - with alot of heart. He travels nicely - with a natural level head and a smooth gait that isn't lofty. His paternal grandsire, Cook N Oak was a multiple working cow & reining Champion. The Profit Power offspring are tremendous rope, ranch and barrel horses. He has a good mind and has the size, bone & substance to go all day. He was started the right way and is under Henry Schellenberg's excellent training program. Also rode at home - rider can use mounting block for off & on - he rides off on his own like a champ. He's quick, picks up his leads easily and is very level headed. There's no silly in this boy - he takes his job very seriously! Bred, born & raised at Haight Ranch and well taken care of. Easy to catch, shoe, clip and load! Comes to the sale shod. UTD on worming & shots. Please visit us at www.haightranch.com for photos & info. Coggins tested. USA Vet. inspected. Suitability: rope horse, barrel horse, arena horse, family/4H, ranch horse.

Huck is a well put together gelding with some size. I've owned Huck since he was a baby. This horse has some go but has always been easy to work with. I have roped the dummy with Huck and have rode him quite a bit outside both in Montana and Arizona. He is as sure footed as they come and goes where you point him. This horse will haul well on long trips and he's been going to town with me some this summer. Huck is one you can take home and go right to work with!

YANKEE

92

SORREL GELDING | GRADE | 1/1/13

Yankee is an 8 year old Grade gelding, half Quarter Horse, half POA. Our son who was 13 at the time bought Yankee to be his first "project" horse. Since then, he has been used on large cow/calf operations for all areas of ranch work including calving heifers, branding, sorting and roping yearlings. He is very stout on a rope and will go all day and then some. He is quick footed and very cowy. Yankee isn't fancy, but he is a solid work horse and has done everything our son has asked him to do.

93

HOMBRE

PAINT GELDING | GRADE | 7/14/07

Hombre is 14.3 h., he goes English or Western, his gaits are soft and comfortable, he does NOT pound you into the ground. His dam was a big boned Egyptian Arab used for trail and hunting, his sire a Paint working ranch horse. He lived on the Montana range until brought in as a 4 year old, I trained him consistently for 4 years. He was easy and naturally balanced with a slow lope and good head carriage right from the start. Since then used only occasionally for family trail rides when my niece and novice nephews were visiting; perfect after long stretches of time off. Never been lame or sick in any way. NO vices. Lives with mares and geldings; bottom of the pecking order. He has carried a flag and panniers, fox hunted and pushed cows. Ridden in all kinds of rough country; Over bridges, ditches, water, banks and steep up and down, just quietly and safely negotiates through and over things with No spook. He goes where you point him, is uncomplicated, smart, willing, dependable, steady and travels with ears up. He is quiet enough for a good child rider but forward and well trained enough for an advanced rider. Knows all his lateral work, has natural lead changes, rides on a loose rein, is hobble trained, been ponied and ponied others, has a wonderful forward walk if you want it, comes home the same speed he went out and is not barn sour, ever. Rides in the front or the back of a group equally pleasantly and rides out alone easily. Contact me for video and more pictures.
