Notes:

YEARLING HEIFERS-

For the first time in our annual production sale, we are offering heifers straight out of the heart of our replacement pen. For these heifers, weaning weights were compared against 166 contemporaries, and every heifer in this offering ratioed 105 or higher.

Explanation of EPDs

Birth Weight EPD (BW) The expected difference in average birth weight (pounds) of progeny. Birth weight reflects prenatal growth.

Weaning Weight EPD (WW) The expected difference in average weaning weight of calves. The evaluation reflects the genetic influence on pre-weaning growth rate.

Yearling Weight EPD (YW) The expected difference in average yearling weight of progeny. The evaluation reflects genetic influence on both pre-weaning and post-weaning growth rate.

Maternal Milk EPD (M) The genetic ability of a sire's or dam's daughters to express in pounds of weaning weight in her calves due to her maternal ability through mothering instinct and milk.

Total Maternal EPD (TM) A value to predict the weaning weight performance of calves from an animal's daughters due to genetics for growth and maternal ability. Total Maternal is calculated by adding ½ the WWT EPD to the Maternal Milk EPD.

Terminal Sire Index (TSI) The AICA Terminal Sire Index (TSI) is a formal method of combing Expected Progeny Differences (EPD) – BWT, WWT, YWT, REA, HCW, MARB and FAT – into one single value on which to base selection decisions. The TSI uses estimates of the genetic relationships between traits with an economic default value based on three year rolling USDA data.

The TSI represents a dollar index per terminal progeny produced for a bull in the AICA database, ranking them for profit potential. This dollar index is to be interpreted much like single trait EPD. For example, if Sire A's index is $191.66 and Sire B's index is $200.00, then we would expect Sire B's offspring to average $8.34 more net return ($200.00 minus $191.66) than Sire A's offspring.

Predicgen DNA explained

Marbling Score (MB) Normalized score describing genetic merit for marbling with a range from 0 to 100 and a mean of 50. Higher values would be consistent with animals possessing genetic propensity for a higher marbling score and more favorable USDA Quality Grade.

USDA Yield Grade (YG) Normalized score describing genetic merit for Yield Grade with a range from 0 to 100 and a mean of 50. Higher values would be consistent with animals possessing genetic propensity for a lower calculated USDA Yield Grade. For example a 100 score for YG would make the animal a yield grade 1.

Tenderness (TD) Normalized score describing genetic merit for tenderness with a range from 0 to 100 and a mean of 50. Higher values would be consistent with animals possessing genetic propensity for a lower Warner-Bratzler shear force and more favorable tenderness outcome.

Index A normalized economic index describing combined genetic merit for marbling and Yield Grade with a range from 0 to 100 and mean of 50. Higher values reflect animals with genetic propensity to achieve more favorable carcass value on the basis of Quality and Yield Grade premiums and discounts.

SALE INFORMATION

SALE DATE & TIME: 1:00 pm CST, Friday, March 1, 2019

SALE LOCATION: Sandmeier Charolais Ranch, 3 miles west of Bowdle, SD on US HWY 12, and 2 ¾ miles north (see map below)

SALE DAY TELEPHONE: (605) 285-6179, (605) 281-1564

AUCTIONEERS & SALE CONSULTANTS:

Lyn Weishaar - (605) 866-4670
Seth Weishaar - (605) 210-1124

REPRESENTATIVES:

Chris Effling – (605) 769-0142, *Tri-State Livestock News*
Dan Piroutek – (605) 544-3316, *Tri-State Livestock News*
Don Leddy – (605) 695-0113, *Cattlemen Business Weekly*
Colt Keffer - (765) 376-8784, *Charolais Journal*
Will Bollum- (507) 244-0833 *Western Reporter*
Merlyn Siegfried – (605) 868-9266, *Tri-State Neighbor*

TERMS: Terms of the sale are cash. Settlements are to be made with the clerk immediately at the conclusion of the auction.

HEALTH: Every animal in this sale is, to the best of our knowledge, free from any disease or defect. The bulls, at weaning were vaccinated for IBR, BVD, PI3, BRSV, 7-Way & Haemophilus, & Ivomec poured. Our health program is handled through Dr. Holly Roe-Johnson at the Hosmer Vet Clinic.

BREEDING GUARANTEE: All bulls, 12 months of age and over at the time of the sale are guaranteed breeders. Cattle believed to be non-breeders are returned to the seller at the buyer's expense.

CONTRACT: The above terms and conditions of sale shall constitute a contract between buyer and seller of each animal and shall be equally binding on both. Each sale or resale of an animal constitutes a separate transaction. The owners assume no liability, legal or otherwise.

LIABILITY: The owner cannot be responsible for any accidents, but every effort will be made to provide for the safety and comfort of those attending the sale. Each animal will be at the buyer's risk as soon as sold. Every precaution will be taken for the welfare of the cattle sold.

INSURANCE: An insurance agent will be present sale day for you to insure you purchase from accidents.

ANNOUNCEMENTS: Announcements made sale day will take precedence over printed material in the catalog.

MAIL/PHONE/ON-LINE BIDS: Mailed or telephoned bids will be handled in a most confident manner. If you are unable to attend the sale personally, simply contact the Sandmeiers. You may also go to www.dvauctions.com for live broadcast & bidding during the sale.

PRESALE VIEWING: Bulls can be seen at any time at the ranch.

DELIVERY: We will provide free deliver, up to 150 miles Arrangements can be made to leave your bull at Sandmeier Charolais. A $50 per bull credit will be given to anyone who takes their bull home sale day.

ADDITIONAL PERFORMANCE DATA: A performance sheet will be provided on sale day. This information along with updates, corrections, pictures, and sale report will be posted on our web site:

www.**SandmeierCharolais**.com

Dear Cattlemen and Friends,

We would like to invite you to join us at the Sandmeier Charolais Ranch on **Friday, March 1, 2019**, for our **Annual Production Sale**.

We invite you to come to the ranch to see this year's offering at your convenience. Please join us prior to the sale for a complimentary lunch beginning at 11:30.

Our predominantly polled cow herd is bred to convert ranch grass and roughage into meat. As we strive to achieve improvement, we use criteria including performance, rib ultrasound, genetic Predicgen DNA testing, EPD's, structural correctness, and disposition for determining the bulls to be offered.

Recognizing the fact that each breeder selects for different traits, we supply the following information: birth weight, 205-day adj. weight, 365-day adj. weight, rate of gain, current EPDs, ultrasound rib-eye area, and DNA for marbling, USDA yield grade, tenderness. Most of the bulls are in 6 to 7 frame score range.

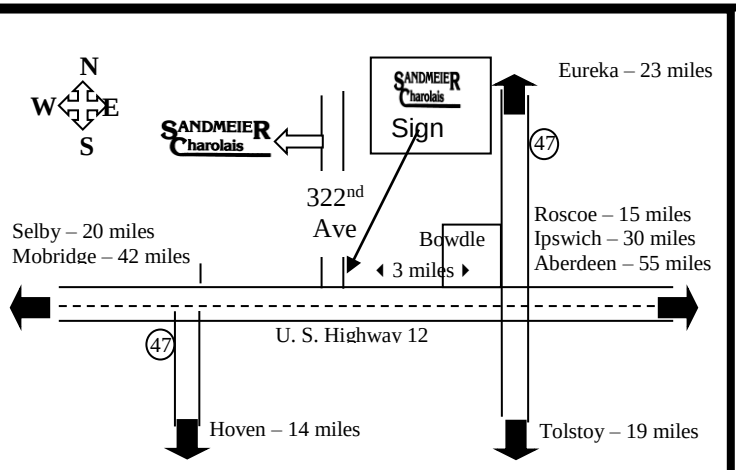
In developing these bulls, none of the bulls receive any individual feeding or pampering. Each bull competes with all of the other bulls in their age group to provide you an honest performance comparison. Feed ration formulated by Cattlecents Consulting, DeWayne Siebrasse, Aberdeen, SD.

If you can't make it to the sale, and would like to make a purchase, we will help you with your purchase in a very honest, professional manner.

We will again offer the live broadcast of the sale over the Internet at www.dvauction.com. If you would like more information concerning this option, please contact us, or check out the web sites.

Hope to see you March 1ST at the ranch.

The Sandmeiers



DVAuction
