SAV America 8018

His first 130 progeny sell!

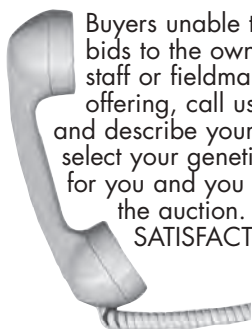

2021

The **Brand that you Believe in...**

\$ Affordable Genetics for the Cowman

The focus of the Schaff Angus Valley program is on serving the commercial cowman and providing high quality bulls in volume at affordable prices. Whether your budget is \$3000, \$5000 or more, you can expect to find a good selection of bulls in everyone's price range.

PHONE ORDERS

Buyers unable to attend the sale may call or send their bids to the owner, Kelly Schaff or to Bob Watkins, sales staff or fieldman. If you would like to discuss the sale offering, call us (preferably several days before the sale) and describe your needs and budget and we can help select your genetics for you. We can bid on the animal for you and you pay only the bid price established by the auction. Bids are handled in confidence with SATISFACTION GUARANTEE on all orders.

AUCTIONEERS:

Col. Joe Goggins

Col. Ryan Dorran

INSURANCE:

Dakota Ag Insurance will be on hand with a broad range of insurance coverage options, including mortality, infertility due to accident, sickness, disease or injury, as well as winter freeze, frostbite and beyond. Contact Jarod Mohnen at 605-999-4475 for options and rates. Purchaser assumes the risk for death or injury to their livestock immediately after they are sold and insurance is recommended.

FREE NATIONWIDE DELIVERY

Schaff Angus Valley is offering free nationwide delivery on bulls to sale barns and central stockyard points.

\$100 DISCOUNT PER BULL IF YOU HAUL YOUR OWN SALE DAY!

We ask buyers to please be willing to travel to central drop points and meet trucks at sale barns along central routes. Drop points need to be consolidated to make delivery feasible and avoid cattle in transit too long. SAV will coordinate delivery on females if the buyer desires, however the cost is the buyer's responsibility. Canadian and Mexican purchases and bulls going to semen collection facilities will be available to pickup at the ranch following the completion of health testing requirements and delivery arrangements and costs are the buyer's responsibility.

SALE LOCATION:

Schaff Angus Valley is located approximately 30 minutes from Bismarck/Mandan, ND. The sale will be held in the heated sale facility at the Schaff Angus Valley headquarters. A map and directions are listed on the inside back cover.

TRANSPORTATION:

Bismarck, ND is served by bus and major airlines, with direct flights from Minneapolis, Denver, Chicago, Dallas, Phoenix and Las Vegas. Early reservations are recommended for flights and rental cars. The surrounding towns of Fargo, Minot, Jamestown and Dickinson also have air service. Schaff Angus Valley is located 30 minutes from the Bismarck airport, sale headquarters and shopping mall. See map on the inside back cover.

ACCOMMODATIONS:

Please mention that you are attending the Schaff Angus Valley Sale when making reservations for the best rates. Early reservations recommended!

CATTLE VIEWING:

The sale offering will be on display for viewing at the ranch all day on Friday, February 12th with food and refreshments available. We welcome your visit to the ranch anytime prior to the sale.

TERMS:

Terms of sale are cash or check. All cattle must be settled for at the conclusion of the auction. Cattle will not be released from the sale premises until payment is received in full. **Bulls that are not settled for in full within 7 days of the auction are not eligible for the free delivery.**

GUARANTEE:

The sale offering is guaranteed to be fertile and reproductively sound in accordance with the terms and conditions as recommended by the American Angus Association. This guarantee does not cover injury or death. In the event of a problem, the buyer is responsible to return the animal to SAV and if it does not respond as a satisfactory breeder, will have the option to select a suitable replacement, if available, or take a sale credit. Any potential claim needs to be made by September 1st of the year of purchase.

SEMEN INTERESTS & POSSESSION:

Schaff Angus Valley is retaining one-third revenue sharing semen interest in every bull selling in this sale. Full possession and full salvage value sells on all bulls unless otherwise identified prior to the sale. Each year SAV retains possession on 1-4 bulls. Retained possession bulls are available for semen collection only and are required to be returned by the purchaser for SAV's natural breeding season. There is no guarantee on bulls to freeze semen unless specific terms are agreed prior to sale. SAV reserves the right to sell AI certificates on all bulls.

BULL DEVELOPMENT:

The bulls have been developed in large groups on a high roughage ration to ensure long-term soundness and customer satisfaction.

GENETIC RECESSIVES

This entire sale offering is free of all known genetic defects and recessives monitored by the American Angus Association.

HEALTH:

All cattle will be accompanied by proper health certificates for shipment and have had a complete vaccination program.

LIABILITY:

Schaff Angus Valley assumes no liability for accidents or injuries that occur on the sale premises. Potential claims of any kind must be settled in North Dakota Morton County Court.

SALE ORDER:

The bulls will be sold in sire groups. This is to aid customers in selecting brothers to produce a more uniform calf crop. As a result, bulls of consistent quality will sell throughout the duration of the auction. A sale order will be available prior to the auction.

It is a pleasure to welcome you to our family's 118th Angus Production Sale. Thank you to our customers and friends who have loyally supported our brand and for the confidence you have placed in our breeding program. This past year presented all of us with challenges beyond what we could have imagined. We are inspired by the faith and perseverance of those in our industry and are passionate and optimistic about the future.

It is with your support that our program has reached milestones we had not even dreamed possible, allowing the SAV prefix to be the most recognized and widely-used brand of Angus genetics around the world. We are truly humbled by this honor and accept the serious responsibility of breeding the type and kind of Angus genetics that will sustain the beef industry. The barometer on which we gauge everything we do is based on how it will affect the productivity and profitability for the customers we serve. We continue to work diligently to breed and provide better seedstock, at better values and better service each year – that is our uncompromising commitment.

Our disciplined breeding program does not follow fads, but rather has charted a specific course to breed real-world cattle for real-world cattlemen who sell quality pounds for a living, with the necessity to do it as efficiently and profitable as possible. Our unwavering focus remains on performance and maternal traits with specific emphasis on the cowherd and the basic profit-driving traits of fertility, longevity, fleshing-ability and maternal productivity. We are thankful for the opportunity to work with many progressive commercial operations for many years. Our customer base continues to generate our best testimonials with their market-topping feeder calves and replacement heifers by SAV genetics.

Our innovative breeding program is constantly progressing, improving and refining, taking advantage of aggressive embryo transplant on our most proven superior cows, along with intense selection pressure in high level competition to make sure each calfcrop is stronger than the last. Our 2021 sale offering represents our greatest breeding achievements to date with levels of performance, quality and consistency like never before. This sale presents access to reputation SAV genetics in volume and will be in price ranges affordable to the cowman. Commercial cattlemen always appreciate the overwhelming selection and great values they find at this auction.

The 2021 sale is highlighted with the phenomenal first offerings by America, Emblem, Downpour, Renovation, Circuit Breaker, Checkmate, Ajax and Scale Crusher, as well as offerings by proven industry-leading sires including President, Rainfall, Raindance, Elation, Quarterback and Resource. The bulls were developed on a sensible, roughage-based ration allowing them to express genetic potential without compromising longevity and breeding soundness. The development program is recalibrated continually, requiring the bulls to perform with fewer inputs and they have responded admirably.

The female offering represents our most progressive genetics to date and includes daughters from all the leading SAV embryo donors. These authentic SAV prefix females will provide a solid maternal foundation with a lifetime of earning potential – A GRAND OPPORTUNITY!

We are fully committed to the success of our customers – it is our highest priority. It is an honor and privilege to serve as your seedstock source. If we can be of assistance in any way, please don't hesitate to contact us. We look forward to seeing you on sale day.

Sincerely,
Kelly Schaff

The Schaff Family

Kelly, Martie, Kelsie, Alex and Kourtney

Special thanks to our dedicated and talented SAV team who are responsible for our success and diligently handle the daily tasks at the ranch.

Cattle producers sell their feeder and slaughter cattle based on what they actually weigh on a scale. When investing in seedstock it is important to be provided with actual performance data rather than only computer generated projections that change weekly, can fluctuate dramatically and are only as relevant as the accuracy values behind them. EPDs are a selection tool but alone do not create great cattle; real breeding progress requires breeding beyond the numbers for real-world production traits. While EPDs have inflated dramatically in the past years, breed average 205-day weight has only increased 7 lbs. in the past five years. The current breed average 205-day weight for bulls is 669 lbs. The 205-day weight average of all SAV bulls in this sale is 919 lbs. Included in this catalog is the difference in actual pounds at 205-days of each bull selling relative to the current breed average – important data if you sell cattle by the pound.

This symbol denotes Pathfinder status.

Expected Progeny Difference (EPD)

Is the prediction of how progeny of each animal are expected to perform relative to the progeny of other animals in the Angus breed. As data continues to accumulate, accuracy levels rise and EPDs can shift accordingly.

Birth Weight EPD (BW)

Expressed in pounds, is a predictor of transmitting ability for birth weight. The Angus breed is noted for calving-ease. A bull with a Birth Weight EPD under +2.2 is generally regarded as suitable for mating with virgin heifers.

Weaning Weight EPD (WW)

Expressed in pounds, is a predictor of the transmitting ability for weaning weight. An emphasized trait when marketing calves at weaning. For example, you can expect progeny from a sire with a +60 weaning EPD to weigh 30 lbs. more at weaning on the average than progeny from a sire with a weaning EPD of +30.

Yearling Weight EPD (YW)

Expressed in pounds, is a predictor of transmitting ability for yearling weight. An emphasized trait for yearling feedlot performance and profitability.

Scrotal Circumference EPD (SC)

Is a predictor of transmitting ability for scrotal size. An indicator of fertility in both bulls and females.

Maternal Milk EPD (Milk)

Is a predictor of transmitting ability of the portion of calf weaning weight attributed to daughters' milk. An indicator of replacement female production level.

Carcass Weight EPD (CW)

Is a predictor of transmitting ability for hot carcass weight.

Marbling EPD (MARB)

Is a predictor of transmitting ability for intramuscular fat. The vast majority of straight Angus cattle will grade USDA Choice or higher under normal feedlot management.

Ribeye Area EPD (REA)

Is a predictor of transmitting ability for ribeye area. Muscle is a key component of yield grade.

Fat Thickness EPD (FAT)

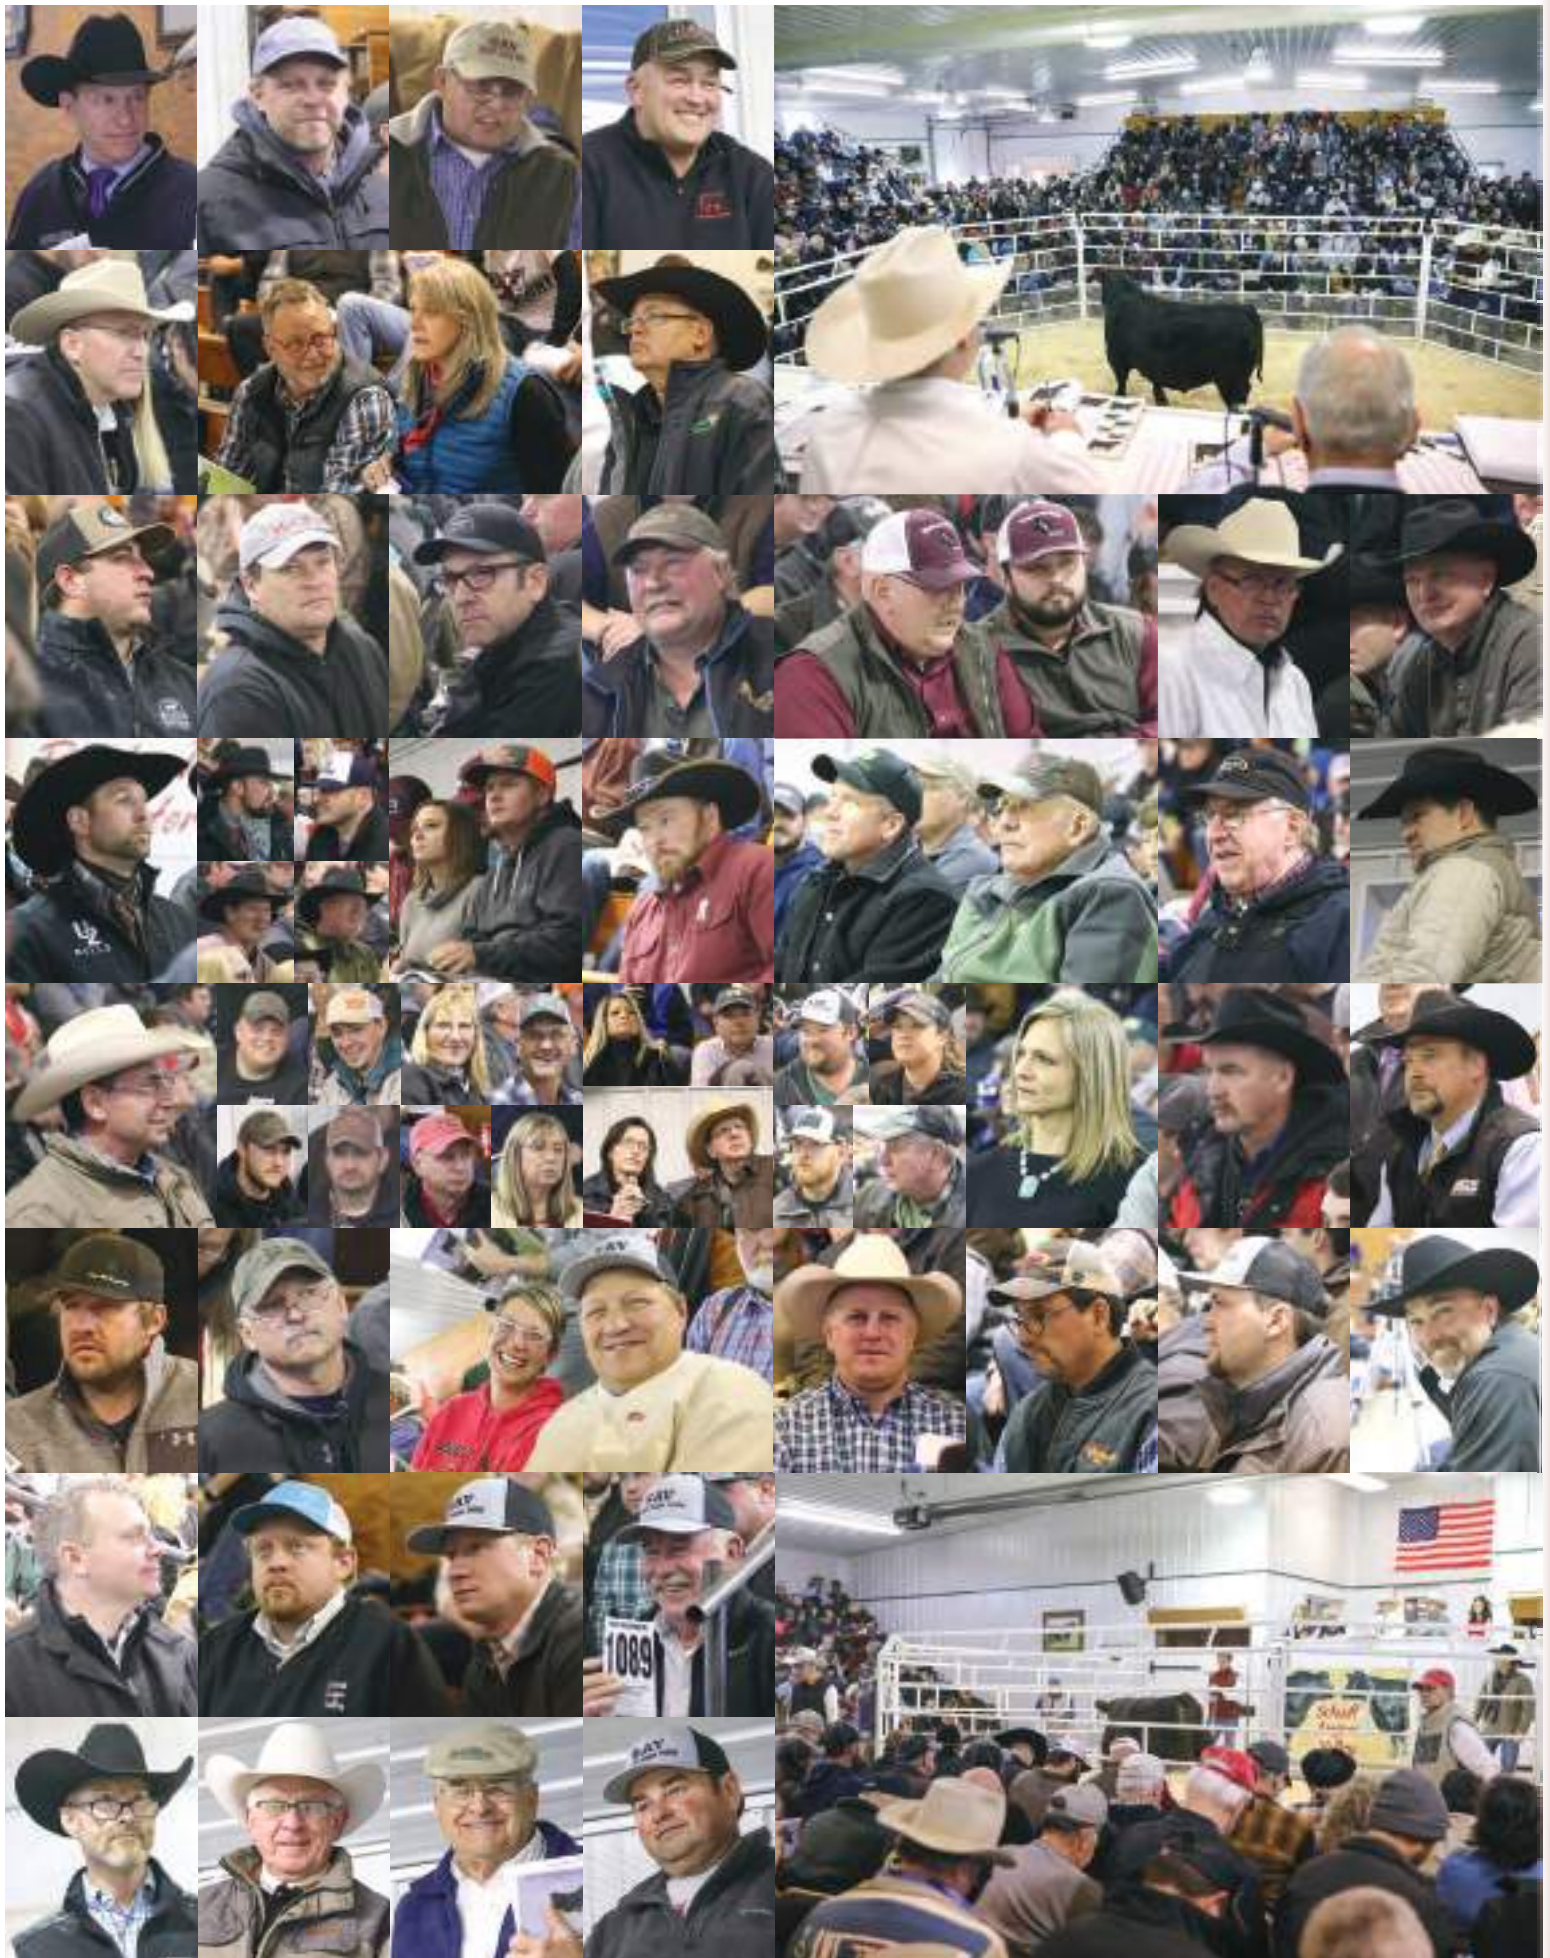

Is a predictor of transmitting ability for external fat thickness and correlates to fleshing ability.

Weaning Ratio (WR)

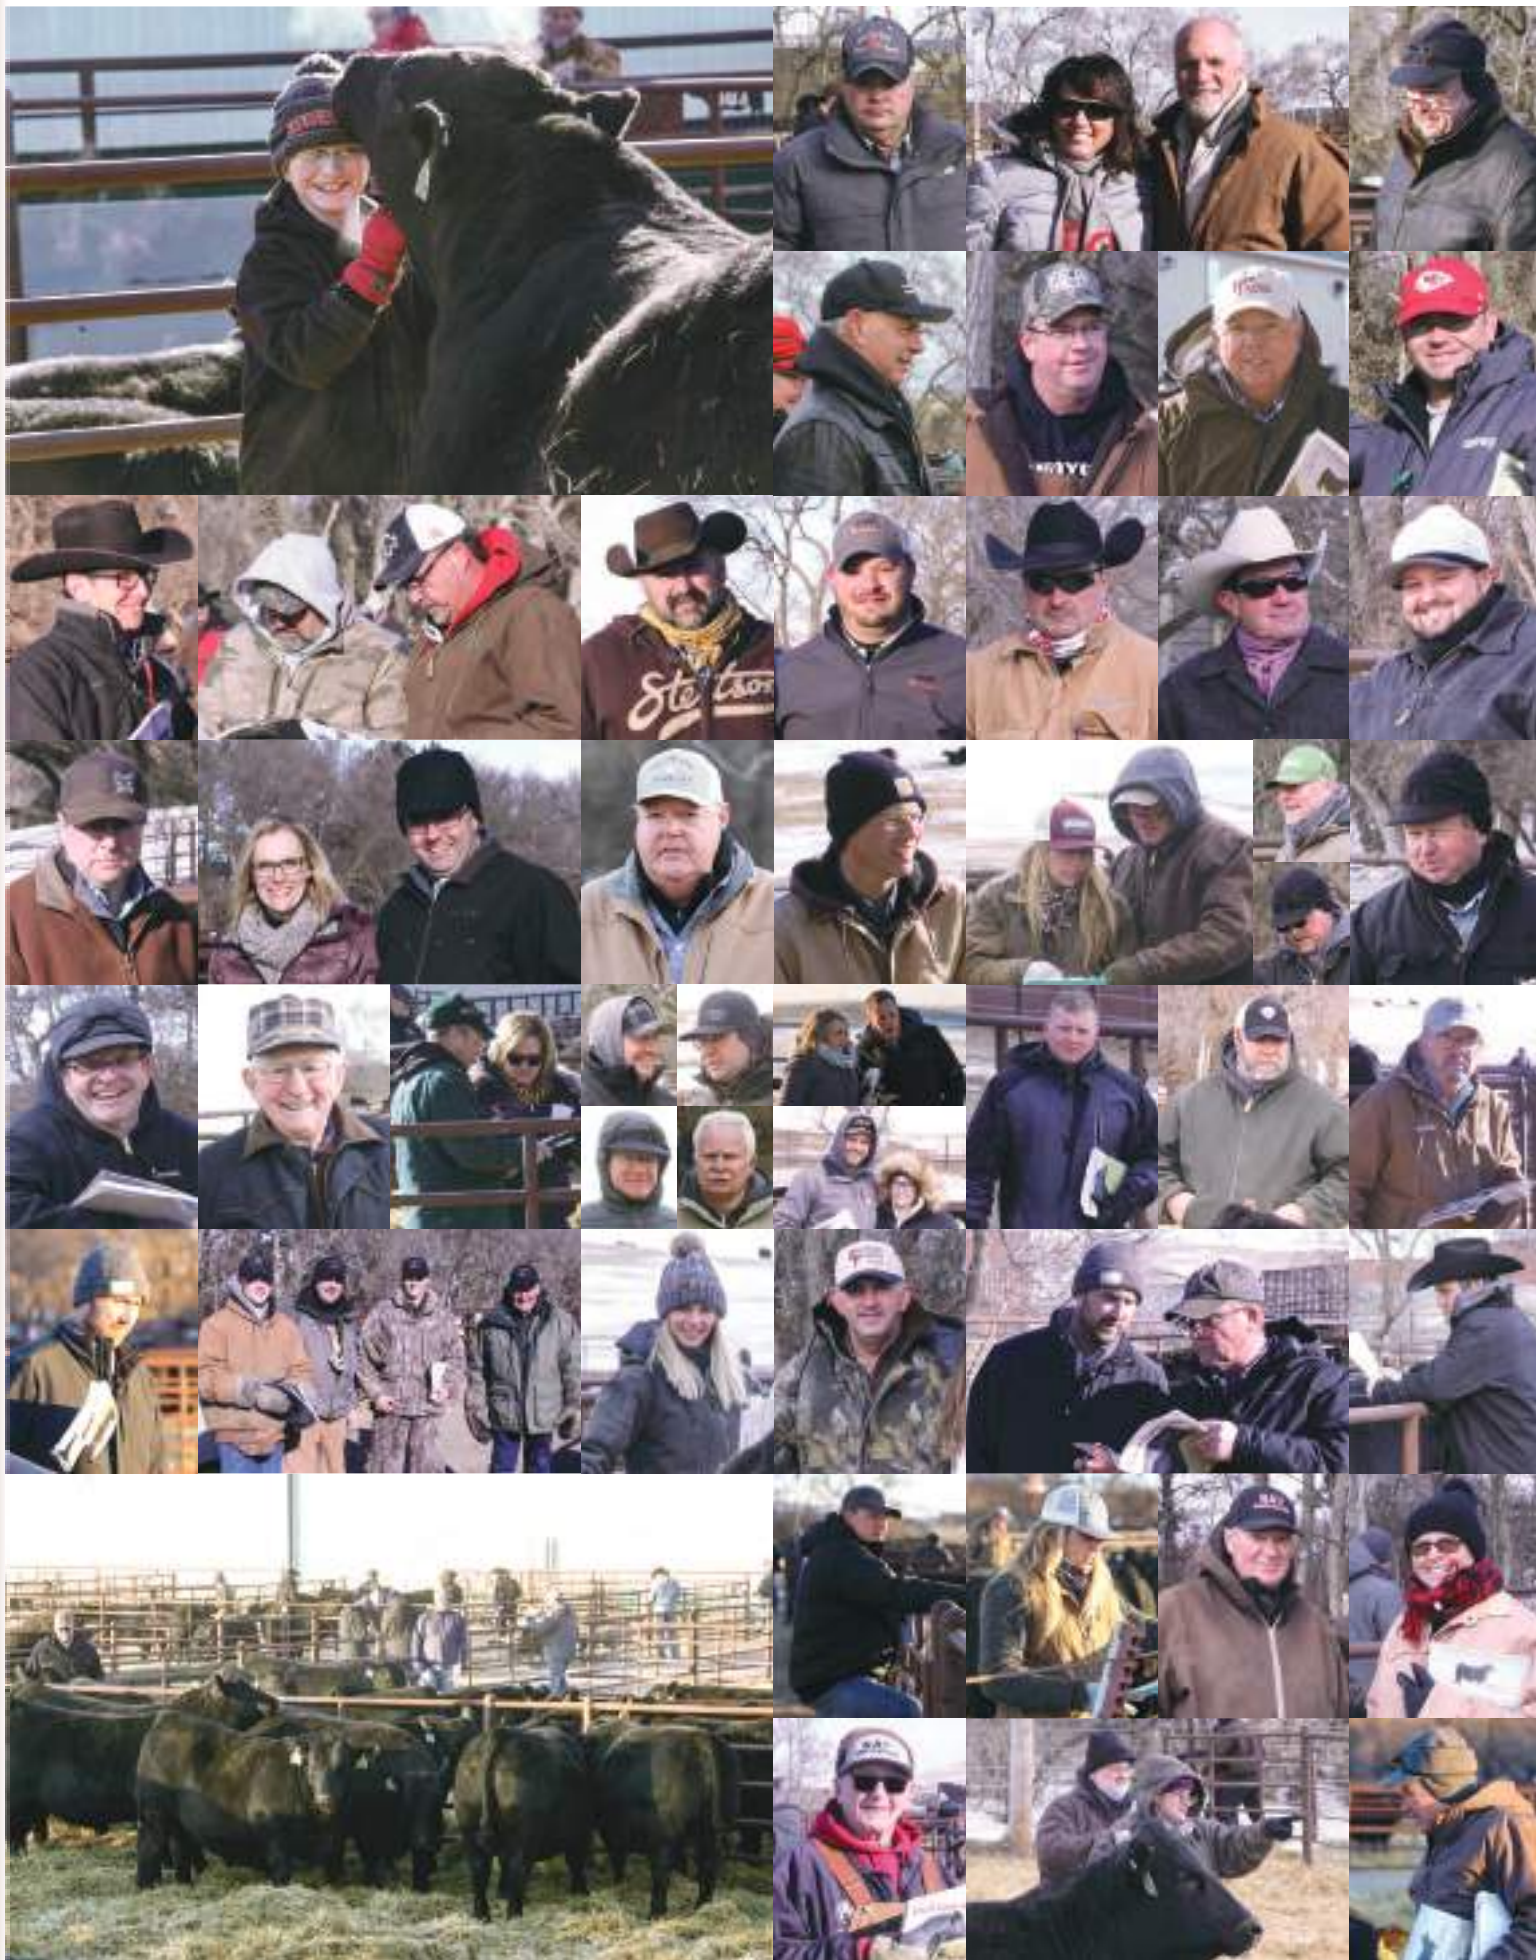

Is a direct comparison of an individual to others in its contemporary group. A weaning ratio of 100 is always average for the group and a figure below or above 100 is the percent difference that the animal is above or below the average.

All of the EPDs, birth weights, 205-day weights, ratios and ultrasound information in this catalog is official data processed by the American Angus Association and are current as of December 2020 when this catalog was prepared for press. Updated EPDs will be available at sale time. The 365-day weights have been calculated using individual lifetime average daily gain x 365 days + birth weight, thus giving a more accurate reflection of the actual weight of each bull at 365 days of age. WDA is weight per day of age at 365 days of age (365-day weight divided by 365 days). A supplemental sheet will be available sale day with scrotal measurements, ultrasound data and updated EPDs.

SAV America 8018 is the \$1.51 million world-record-selling bull in Angus breed history and lead-off bull from the 2019 SAV Sale where he awestruck the industry. America combines a massive performance design and cowmaker phenotype with superior soundness, fertility, docility and all the elements that make great cattle. His much anticipated first calfcrop has exceeded all expectations with powerful phenotype and unmatched performance and will highlight the entire 2021 sale season.

America's dam is the maternal matriarch, SAV Madame Pride 0075, who served the SAV program for nearly 18-years. She reigns as the second top income-producing cow in SAV history, generating \$5.3 million on 161 direct progeny in past SAV sales to cowmen in 22 states, Canada, Brazil and Argentina. She has 41 daughters retained in the SAV herd and multiple herdsire sons to her credit including America, Supercharger, Registry and Response.

The 2021 SAV Sale will write a new chapter in Angus history with the first 130 direct America progeny to sell - a grand opportunity for the entire Angus world!

SAV MADAME PRIDE 0075

Maternal matriarch serving the SAV program for nearly 18-years. She has generated \$5.3 million on 161 direct progeny in past SAV sales and has 41 daughters retained in the SAV herd. She has many herdsire sons to her credit including America, Registry, Response and Supercharger. Her influence is heavily represented in this event.

SAV AMERICA 8018

SAV America 8018 makes his way around the sale ring at the 2019 SAV Sale where he shattered all records as the \$1.51 million world-record-selling bull.

- SAV Anthem 0042 is one of the greatest breeding accomplishments in the history of Schaff Angus Valley. He has been a standout since calfhood and on the radar of the Angus world, proudly representing the phenomenal first calfcrop by America and the great country we live in. Anthem represents everything we look for in an ideal breeding bull, both phenotypically and on paper. He presents authentic Angus breed character with masculinity, muscle, capacity and soundness in a herdbull package. Anthem draws maternal strength from eight consecutive generations of SAV embryo donors, descending from the very first Schaff cow to be enrolled in embryo transplant. He earned a 205-day weight of 1058 lbs. and boasts EPDs for weaning and yearling weight in the breed's top 1%.
- His Pathfinder dam is a herd favorite with unmatched femininity, fertility, feet and udder quality – one of the best to ever walk SAV pastures. She earned a weaning ratio of 108 on 6 calves and has 13 daughters employed in the SAV herd. Six progeny highlighted past SAV sales, including the \$200,000 SAV Circuit Breaker 7136 and a son at Alta Genetics.
- We believe Anthem to have huge potential to impact the Angus breed. He will be an important part of the future of the SAV breeding program.

- Fabulous full brothers sell as lots 1-11 from the master mating of America to the elite Pathfinder, SAV Madame Pride 3145. They are captivating and consistent from start to finish and have captured the attention of the Angus world. They bring powerful phenotype and breed-leading performance to a sterling pedigree that is uniquely linebred to the maternally-superior Madame Pride family. They put it all together to complete a perfect herd bull resume and will be a major highlight of the 2021 sale season.
- Their Pathfinder dam is a herd favorite with unmatched femininity, fertility, feet and udder quality. She records a weaning ratio of 108 on 6 calves with 13 daughters residing in the SAV herd and 12 progeny featured in this event. Six progeny have highlighted past SAV sales, including the \$200,000 SAV Circuit Breaker 7136 who scanned the largest ribeye of his calf crop at 19.2 inches.

Fabulous Full brothers by America x SAV Madame Pride 3145 - Lots 1-11...

SAV AMERICAN HONOR 0546 - LOT 4

"America is the GREATEST bull on the planet. I have calves to prove it. Anyone that thinks differently is kidding themselves in my opinion. I've never seen such amazing calves ever! I thought President was the end all be all, but I think America pushes things even further. There are no finer Angus cattle on the planet than what comes out of SAV. PERIOD!"

- James Doran
Brookhill Angus Ranch

SAV MADAME PRIDE 4466

Prolific third dam of lots 1-11.

SAV MADAME PRIDE 1093

Pathfinder fourth dam of lots 1-11 and full sister to SAV Madame Pride 0075.

SAV MADAME PRIDE 8264

Fifth dam of lots 1-11. Record-selling cow in the 2006 SAV Sale, sired by Right Time from three consecutive generations of Pathfinder dams.

"Thank you for the exceptional tour Susie & I had of the SAV herd. We always come home with renewed energy & passion that we are on the right path of building our herd using SAV genetics! There is no denying that! Every year we look forward to our spring calf crop with anticipation knowing we can depend on sires that have come from you."

- The finale of eleven extraordinary full brothers selling as lots 1-11 from the master mating of America to the elite Pathfinder SAV Madame Pride 3145. They are consistent and strong from start to finish and have captured the attention of the Angus world. They are the herdbull kind, bringing phenotypic power and breed-leading performance to a pristine pedigree that is uniquely linebred to the maternally-superior SAV Madame Pride family. They draw intense maternal strength from eight consecutive generations of SAV embryo donors on the bottom side of their pedigree, descending from the very first Schaff cow to be enrolled in embryo transplant. They are phenotypically and genetically outstanding and will be a major highlight of the 2021 sale season.
- Their Pathfinder dam is a herd favorite with unmatched femininity, fertility, feet and udder quality. She records a weaning ratio of 108 on 6 calves and has 13 daughters residing in the SAV herd. Twelve progeny are featured in this sale and six progeny have highlighted past SAV sales, including the \$200,000 SAV Circuit Breaker 7136 who scanned the largest ribeye of his calf crop at 19.2 inches.

- SAV USA 0175 will be a major factor of the 2021 sale season with herd-changing type and breed-impacting credentials - one of the best to sell in America this year. He is an absolute stud - stamped with thickness, muscle, stoutness and power from front to back. He earned a whopping 205-day weight of 1057 lbs. for a weaning ratio of 117, ranking among three heaviest weaning bulls of his entire natural calf crop.
- His productive, nice-uddered 3-year-old dam is the third top milk EPD cow in the SAV herd and follows the fertility and productivity mold of the three generations of Emblynette Pathfinder dams that produced her. She had twin heifers as a 2-year-old and rebred to calve at the beginning of the season as 3-year-old; both heifers were retained in the SAV replacement pen.
- His Pathfinder grandam by Net Worth is the second top marbling female of her calf crop. She has four daughters employed in the SAV herd and 13 progeny highlighting past SAV sales, including the \$47,500 SAV Best Interest 0136 at Genex AI Stud.

- SAV United States 0219 is a big, powerful bull with powerful numbers - America strikes again. He is long-bodied and thick-topped with massive dimension and superb docility. He ranks among the four top-indexing bulls of his calfcrop, earning a 205-day weight of 1045 lbs. for a weaning ratio of 113 with EPDs for weaning and yearling weight in the breed's top 1%. He will add payweight and profit to your calfcrop.
- His awesome 3-year-old dam is deep-bodied, big-hipped and broody with a great career start, keeping tradition with the three generations of Emblynetette Pathfinder dams that produced her.
- His productive Pathfinder grandam by Net Worth is the second top marbling female of her calfcrop earning an IMF ratio of 144. She has four daughters retained in the SAV herd and 13 progeny highlighting past SAV sales, including SAV Best Interest 0136 at Genex AI Stud.

- Recommended for heifers. This unique low birth weight America bull is stylish, nice-headed and smooth-made with a calving ease design – sleep all night.
- His feminine, nice-uddered dam has four progeny selling in past SAV sales to Arnold Natali, Ritz Angus Farm, Strongbow Farms and Bickle Cattle Co.
- His prolific 14-year-old Net Worth grandam comes from four generations of Emblynette Pathfinder dams. She has 103 progeny highlighting past SAV sales and 22 daughters retained in the SAV herd.

America bulls from the breed-leading Pathfinder, SAV Emblynette 2369...

"Thank you for taking the time to show me around your program during my recent SAV visit. It's always impressive to see the cattle in person. The cows in production, calves growing alongside and tremendous herd sires would make it hard to narrow down a favorite during the tour. It's great to see the tremendous strides your program has made once again with upcoming genetics such as America and his progeny. I loved Bloodline as well; I don't know where you could find another yearling bull like him."

- Col. Ryan Dorran

• SAV American Triumph 0115 is a performance headliner with massive volume and dimension and tons of performance. He ranks among the nine top-indexing bulls of his calfcrop with a 205-day weight of 995 lbs. for a weaning ratio of 110 and boasts EPDs for weaning and yearling weight in the breed's top 1%. He will add pounds to your calfcrop while adding capacity and fleshing-ability to your cowherd.

• His productive dam earned a weaning ratio of 113 on 3 calves. She will qualify as a Pathfinder and keep maternal tradition with seven of the first nine cows on the bottom side of her pedigree qualifying for Pathfinder status. A daughter retained in the SAV herd takes honors as the #1 weaning and #1 yearling weight female of the entire 2019 calfcrop. A son was selected by Waibel Ranches as a top-selling feature of the 2019 SAV Sale.

- SAV American Justice 0124 has the properties of a cowmaker supreme to build a herd around and make a lasting impact. He draws intense maternal strength from three consecutive generations of prolific Emblynette Pathfinder dams that excel in fertility, longevity and maternal productivity. He started with a modest birth weight and earned a 205-day weight of 974 lbs. for a weaning ratio of 108.
- His 15-year-old Pathfinder dam is a ranch icon and was Kelsie's 2007 4-H project heifer. She is a gentle-natured, heavy milking cow who breeds up early each year and delivers profit. She has four daughters employed in the SAV herd and ten progeny highlighting past SAV sales to cowmen in seven states. Her full brother was the featured lot 1 bull in the 2005 SAV Sale.

- A modest birth weight America son with body-capacity, balance and beef bull phenotype. He provides the option to be employable on heifers.
- His nice-uddered, productive dam by Seedstock comes from four consecutive generations of embryo donors. A daughter is retained in the SAV herd and a son sold in the 2019 SAV Sale to Ken Schmidt.
- His massive grandam by Net Worth has 29 progeny highlighting past SAV sales. She comes from the prolific Pathfinder, SAV Abigale 8213, who is a full sister to the dam of Charlo.

America – delivering unmatched performance and superior phenotype...

#1 205-day weight bull of the entire 2020 natural calfcrop...

"Thank you for taking time to help us pick out our new herd sire, SAV Watermark 1900! We are so excited with the cow power behind him. We are raising some of the best bulls in Tennessee and our walking SAV sires are consistently weaning better and bigger than AI & embryo calves. We weaned 3 bulls at 205 days over 1000 lbs. which is unheard of in this area. Thank you again. Hope we can get out to see you all this summer."

- SAV Great Seal 0169 is larger-outlined, high-powered, growth bull with extra length, muscle and dominating performance. He earned 205-day weight of 1020 lbs. for a weaning ratio of 113, ranking among the six top-indexing bulls of his entire calf crop. He will be appreciated by cattlemen who sell pounds for a living.
- His feminine, heavy-milking dam by Net Worth is a herd favorite with consistent top production. Four daughters are employed in the SAV herd and 16 progeny have highlighted past SAV sales, including the herdsires; Bright Lights, Headquarters, Cattle Drive, Decision, Rangeland and Swift Current.
- His prolific grandam, SAV May 7238, is the dam of the AI stud sires, Density and Providence, as well as the elite Pathfinders, SAV May 2397 and SAV Blackcap May 5530.

- Grand opportunity for the Angus world to select from eleven extraordinary flush brothers featured as lots 54-64, from the mating of America to SAV Blackcap May 1416 – a landmark flush with the credentials to write a whole new chapter in Angus history. They are led by SAV All American 0837, who proudly represents his flush with unmistakable herdbull presence and has captured attention from some of the most astute stockmen in the world. Their front pasture dam walks with the best in the breed and hails from the same flush that produced Resource. She has assembled an amazing production record including the \$100,000 SAV Expertise 7028 at Genex, the \$50,000 SAV Constitution 8054 at Hilltop Angus, the \$32,500 SAV Conservative 8714 at Skogen Angus, the \$30,000 SAV Immense 7467 at Leach Angus, the \$19,000 SAV Land Grant 9084 at ST Genetics, the \$15,000 SAV Hindquarters 5006 at Buford & Reisig and the \$13,000 SAV Hydrate 9568 at Bandura Ranch.
- Their legendary grandam, SAV Blackcap May 4136, is the Angus breed's most influential genetic contributor and top income-producing cow.

- SAV Star Spangled 0046 is an attractive, deep-bodied, soft-made, easy-fleshing bull with massive volume and dimension. He has the blood and breeding of a cowmaker supreme who will leave the kind of deep, capacious, easy-fleshing, productive, low-input cows the industry craves. One of the most unique bulls to be offered.
- His phenomenal dam is a herd favorite with ideal body type, superior structure, impeccable udder quality and perfect feet. She is among the most recognized and respected cows in SAV history and hails from the same historic flush that produce Resource. She records a weaning ratio of 104 on 8 calves with seven daughters retained in the SAV herd and 19 progeny highlighting past SAV sales.

- Recommended for heifers. This low-birth weight America son is stylish and smooth with a calving-ease design.
- His dam is a versatile outcross by XXP with a tidy udder and bred-in fertility and longevity traits. A daughter sold last year to Strongbow Farms in Manitoba.
- His grandam is a full sister to Resource, Renown and Recharge – cut from the same productive mold. She has four progeny highlighting past SAV sales.

SAV BLACKCAP MAY 7211

Dam of lot 72.

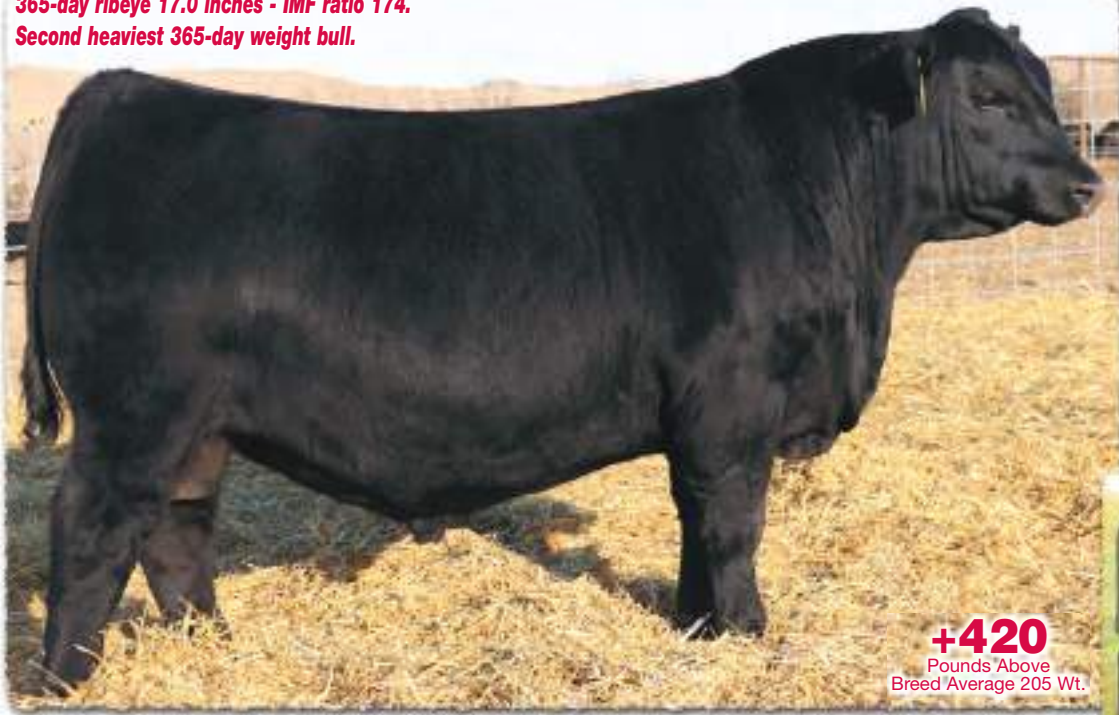

SAV BLACKCAP MAY 3505

Maternal grandam of lot 72. Full sister to Resource, Renown and Recharge.

Full brothers by America x the Pathfinder powerhouse, SAV Blackcap May 1808...

365-day ribeye 17.0 inches - IMF ratio 174.
Second heaviest 365-day weight bull.

"GREAT JOB with the amazing animals you produce. The America calves we have on the ground are spectacular. They look better as each day goes on. People might think I'm exaggerating, but they are really that incredible. I'm hoping if all goes well I can do IVF on a couple of the America daughters in 2021. I truly admire your vision and your operation - keep up the great work."

- James Doran

- An arsenal of full brothers from the mating of America to the powerhouse Pathfinder, SAV Blackcap May 1808. They are real stock bulls with an abundance of muscle and rib-shape - rugged-built for the ranch world. Taking the lead is SAV America First 0855, a headline feature and absolute powerhouse with massive dimension and tons of performance. He is a serious contender for the top position of his competitive calfcrop, earning an astounding 205-day weight of 1089 lbs. - 420 lbs. above the breed average at weaning time!
- Their prolific dam by Net Worth is a pinnacle of performance and maternal value. She earned a weaning ratio of 108 on 8 calves and has 76 direct progeny highlighting past SAV sales to cowmen in 17 states, Canada and Brazil. She has 16 daughters employed in the SAV herd and 20 progeny featured in this event.
- Their legendary Pathfinder grandam, SAV May 2397, is the fourth top income-producing cow in SAV history with 124 progeny highlighting past SAV sales and 33 daughters retained in the SAV herd, including 4136, 8961, 1808, 1782 and 3525.

SAV Blackcap May 1782
Dam's WR 6/112

- A terrific team of full brothers from the mating of America to the herd-leader, SAV Blackcap May 1782. They are the kind the industry is searching for – thick, heavy-muscled, beef bulls with volume, capacity, fleshing-ability and breed-leading performance, backed by one of the strongest maternal lines in the business. SAV Bless America 0242 is a special blessing of his calfrop as the last natural born calf from the now-deceased breed icon, SAV Blackcap May 1782. He has been a favorite since birth and has attracted an audience of fans throughout the year.
- Their phenomenal dam is a herdsire-producer and proven herd-leader earning a weaning ratio of 112 on 6 calves. She is the dam of the \$800,000 SAV Elation 7899 and the record-breaking 205-day weight bull, SAV Empower 0158 featured as lot 163. She has 13 daughters employed in the SAV herd and 24 progeny highlighting past SAV sales to cowmen in 15 states and Canada.
- Their prolific Pathfinder grandam, SAV May 2397, is the fourth top income-producing cow in SAV history with 124 progeny highlighting past SAV sales and 33 daughters employed in the SAV herd, including 4136, 8961, 1808, 1782 and 3525.

SAV Blackcap May 8961#
Dam's WR 8/105

- Flush brothers bred and built for the beef business from the mating of America to the powerhouse Pathfinder, SAV Blackcap May 8961. They are rugged, robust, rancher bulls with muscle, capacity and pounds. They possess the maternal value to build a cowherd around - backed by one of the strongest maternal lines in the business. Their pedigree uniquely combines the legendary full sisters, 8961 and 4136, with the maternal matriarch SAV Madame Pride 0075.
- Their prolific 13-year-old Pathfinder dam is a full sister to the legendary SAV Blackcap May 4136 and on the same path of productivity. She is a true powerhouse and transmits volume, mass and payweight like no other. She has 12 daughters residing in the SAV herd and 45 progeny averaging \$7761 in past SAV sales to cowmen in eleven states and Canada.

SAV QUARTERBACK 7933

-------	------	------	-----	------	-----	----------	------	---------	-------

SAV President 6847 is the lead-off and \$750,000 world-record-selling bull of the 2017 SAV Sale where he was the heaviest 205-day weight bull of his calf crop at 1077 lbs. and posted a 365-day weight of 1690 lbs. and scanned a 365-day ribeye of 16.6 inches. President is powerful in every dimension - extra-long, thick and heavy-muscled with superior soundness, perfect feet and a friendly disposition. He has awestruck the Angus world in the breeding pasture with his physical form and superb structural design.

President's progeny are consistently powerful in phenotype, displaying incredible thickness, muscle-shape, length of spine with strong performance and impeccable feet quality. They have earned him proven EPDs in the breed's top percentiles for weaning and yearling weight, ribeye, claw and angle. His progeny include SAV America 8018, the \$1.51 million world-record-selling bull.

His legendary dam, SAV Blackcap May 4136, is the Angus breed's most influential genetic contributor and top income-producing cow, generating \$10.2 million on 221 direct progeny averaging \$46,104 in past SAV sales.

The 2021 SAV Sale presents 100 direct progeny of President - one of the largest sire groups to be offered anywhere this year!

SAV President 6847 in the breeding pasture this past summer with his flush sister, SAV Blackcap May 6844.

"I saw both Renovation & Cleveland yesterday at our stud in southern Alberta and both bulls look phenomenal. We are currently starting to work on the 2021 catalogue."

- Blockbuster flush brothers with powerful phenotype, breed-leading performance and intense maternal power from the proven, predictable mating of President to the herd-leading Pathfinder SAV Madame Pride 4407. They are backed by seven consecutive generations of SAV embryo donors from one of the strongest maternal lines identified in the business. Full siblings dominated the 2020 SAV Sale and include SAV Cleveland 9620, the \$57,500 top-selling President son the Brooking Angus Ranch and Semex AI Stud.
- A maternal brother, SAV Downpour 8794, is the #1 365-day weight bull and \$100,000 third top-selling bull from the 2019 SAV Sale and featured herdsire with wide-spread industry appeal.
- Their heavy-milking, herd-leading Pathfinder dam is a headliner SAV embryo donor with stellar phenotype and top production. She earned a weaning ratio of 105 on 5 calves and has eleven daughters retained in the SAV herd and 20 progeny highlighting past SAV sales to some of the leading cattle operations across the U.S. and Canada.

- A powerful Presidential team of flush brothers with pedigree strength, phenotype and a maternal heritage second to none. They are the rancher kind – long, thick heavy-muscled and built to last. They come from six consecutive generations of SAV embryo donors, descending from the very first Schaff cow to be enrolled in embryo transplant.
- Their proven dam is a supreme maternal matron with exquisite femininity, udder quality and abundant milk. She earned a weaning ratio of 105 on 8 calves and has 17 progeny highlighting past SAV sales. Six daughters are employed in the SAV herd, including the elite Pathfinder SAV Madame Pride 3256.
- Their grandam is the maternal matriarch, SAV Madame Pride 0075, who served the SAV program for nearly 18-years and is the second top income-producing cow in SAV history.

- SAV Superior Court 0047 is a massive performance bull with tremendous length, capacity and pounds. He earned a 205-day weight of 1027 lbs. for a weaning ratio of 113, ranking among the six top-indexing bulls of the entire 2020 calfcrop. Full brothers highlighted past SAV sales, including SAV Supreme Court 8800 who was selected by Green Cattle Co. as the third top-selling President bull in the 2019 SAV Sale.
- His remarkable dam by Resource has striking femininity, ideal body type and abundant milk. She is a productive seventh generation SAV embryo donor with seven daughters employed in the SAV herd and 40 progeny highlighting past SAV sales to cowmen in 11 states, Canada and Brazil, including the #1 marbling bull in the 2016 SAV Sale.
- His grandam, SAV Madame Pride 0412, is the lead-off cow from the 2020 SAV Sale and maternal sister to SAV America 8018.

- Blockbuster flush brothers with high approval ratings and herdbull authority from the mating of President to the elite Pathfinder, SAV Rosetta 5171, blending breed-leading performance and maternal excellence. They demonstrate consistent power with length, muscle, pounds and superb structure – built and bred to make a lasting contribution. They are led by SAV Approval 0940, a big-time herdsire prospect with an astounding 205-day weight of 1056 lbs.
- Their maternal brother, SAV Columbus 0178, takes honors as the #1 205-day weight bull of the 2020 natural calfcrop and is featured as lot 47.
- Their heavy-milking Pathfinder dam records a weaning ratio of 109 on 4 calves and is a SAV headliner donor with front-pasture phenotype. She has two daughters residing in the SAV herd and three progeny highlighting past SAV sales.
- Their prolific Pathfinder grandam by Density records a weaning ratio of 108 on 10 calves. She produced SAV Paramount 0115, the lot 1 bull from the 2011 SAV Sale featured at Alta Genetics AI Stud.

+3.5	+80	+22	+130	86	1015	+346	1547	4.24

- SAV Airforce One 0152 offers an outstanding genetic and visual package to be a special favorite of his calf crop and a major factor of the 2021 sale season. He has flawless phenotype and unmistakable herdbull presence - extra-long, thick, muscular and stylish with superb structure and superior soundness. He earned a 205-day weight of 1015 lbs. for a weaning ratio of 112, ranking among the seven top-indexing bulls of his entire calf crop. He is backed by serious cow power for generations.
- His productive, nice-uddered dam by Renown comes from seven consecutive generations of Emblynette Pathfinder dams that excel in fertility, longevity and maternal productivity. Two sons averaged \$12,500 in past SAV sales to Jim Jordan and Ken Schmidt.
- His Pathfinder grandam is a maternal sister to SAV Prosperity 9131 at Select Sires AI Stud. She records a weaning ratio of 107 on 9 calves and has eight daughters employed in the SAV herd with 17 progeny highlighting past SAV sales.

SAV EMBLYNETTE 6506

Dam of lots 127-133.

- Seven superb flush brothers from the mating of President to SAV Emblynette 6506. They are the cowboy kind, with length, thickness, muscle-shape, structural integrity and authentic Angus breed character. They bring performance and maternal excellence together with remarkable consistency – one of the strongest flushes we have ever offered.
- A maternal brother, SAV Checkmate 8158, was selected by Genex AI Stud as a \$60,000 top-selling feature of the 2019 SAV Sale.
- Their front-pasture dam takes femininity, udder quality, productivity and maternal function to the highest level – earning the top position among all 2016 model cows. She has nine daughters retained in the SAV herd and 22 progeny in this event.
- Their prolific 14-year-old grandam by Net Worth comes from four generations of Emblynette Pathfinders. She has 103 progeny highlighting past SAV sales and 22 daughters retained in the SAV herd, including the elite Pathfinder SAV Emblynette 2369.

SAV CHECKMATE 8158

- Genetic trendsetters with calving-ease certification, performance and cow power beyond compare, replicating the identical mating that produced several top-sellers in 2020 SAV Sale. They have a low birth tabulation to be employable on heifers, combined with an attractive, well-balanced look and plenty of style, shape and substance. They are backed by generations of maternally-superior females that excel in productivity traits.
- Full brothers include SAV One Nation 9558, selected by Rust Mountain as the lead-off President bull of the 2020 SAV Sale and SAV Rushmore 9557 selected by Dameron Angus.
- Their feminine, productive dam is the #1 milk EPD and second lowest birth EPD cow in the SAV herd. She earned a weaning ratio of 105 on 8 calves, has six daughters retained in the SAV herd and 16 progeny highlighting past SAV sales.
- Their 13-year-old Net Worth grandam comes from four generations of Emblynette Pathfinders and produced SAV Grass Roots 5288, the featured lot 1 bull in the 2016 SAV Sale.

President bulls from the maternally-superior SAV Emblynette family...

365-day ribeye 17.3 inches.

"Thank you very much. Bulls look very nice."

- Flush brothers matching the power of President with the elite Pathfinder, SAV Emblynette 4271. They are maternally charged from four consecutive generations of Emblynette Pathfinder dams that excel in fertility, longevity, productivity and maternal value. They are led by SAV US Capitol 0921, an absolute stud with superior stoutness, outlier thickness and expressive muscle-shape with a powerful rump and bulging hindquarters – built like a brick. Seeing is believing, be sure to look him up sale day.
- Their productive Pathfinder dam is a ranch favorite with stellar phenotype, impeccable udder and feet quality and high level milk production. She has three daughters employed in the SAV herd and three top-selling sons in past SAV sales.
- Their prolific Pathfinder grandam continues in production at age 15 and was Kelsie's 2007 4-H project heifer. She records a weaning ratio of 104 on 13 calves and has ten progeny highlighting past SAV sales.

Dam's WR 9/103

- Sale headliners and special favorites of the entire offering with so many positives – pristine pedigree, powerful phenotype, performance and a maternal heritage second to none. They will walk with the best in the breed for structural correctness, completeness and quality – stylish and nice-headed with true Angus character and superb feet. They record the third highest milk EPD in the offering and are backed by longevity, fertility and maternal supremacy for generations – will make a lasting contribution.
- Their amazing 13-year-old Net Worth dam is angular, wedge-shaped and productive with high level milk production and perfect feet. She has three daughters employed in the SAV herd and seven progeny highlighting past SAV sales. She now serves as a foundation donor at Brooking Angus Ranch.
- Their prolific second-generation Pathfinder grandam records a weaning ratio of 109 on 7 calves and was the former #1 milk EPD cow in the SAV herd. She has six daughters retained in the SAV herd and 44 progeny highlighting past SAV sales including the herdsires; Revere, Don Pepe, Solid Gold and National Anthem.

"Thank you for showing us the cattle. As always, cattle look tremendous. We will see you in February."

- Jeff Penz

-------	------	------	-----	------	-----	----------	------	---------	-------

SAV Emblem 8074 is the popular \$175,000 second lead-off bull of the 2019 SAV Sale where he was appreciated for his power, performance and presence. He earned a 205-day weight of 977 lbs., 365-day weight of 1643 lbs., 365-day ribeye of 16.2 inches, IMF ratio of 130 and a yearling scrotal of 41.9 cm. He is a phenotypic and genotypic superstar with a stunning display of size, length and muscle, matched with a big-time number profile and backed up with a maternally-charged cow family. His first progeny have the look of the future and include SAV Empower 0158, who shattered all records as the heaviest 205-day weight bull in SAV history at 1124 lbs.

His Pathfinder dam, SAV Emblynette 2369, is unmatched in the breed for her combination of phenotype, performance and production. She ranks as the #1 beef value and #2 marbling and #2 carcass weight cow in the SAV herd. She is the #1 205-day weight and marbling female of her calf crop and records a progeny IMF ratio of 132 on 22 progeny scanned. She has tallied \$1.5 million on 25 progeny averaging \$59,800 in past SAV sales to cowmen in ten states and Canada, including the top-selling female in each of the past two SAV sales. Her herdsire sons include Emblem, Ajax, and Dewdrop, as well as SAV Bloodline 9578, who is the lead-off and \$250,000 top-selling bull from the 2020 SAV Sale.

The 2021 SAV Sale features the fabulous first offering of 60 Emblem progeny as well as 15 maternal siblings!

SAV EMPOWER 0158

This Emblem son featured as lot 163 takes honors as the record heaviest 205-day weight bull in SAV history at 1124 lbs.

SAV EMBLYNETTE 2369

Pathfinder dam of Emblem, Ajax and Bloodline.

SAV EMBLYNETTE 7566

Maternal grandam of Emblem with strong influence throughout the SAV program.

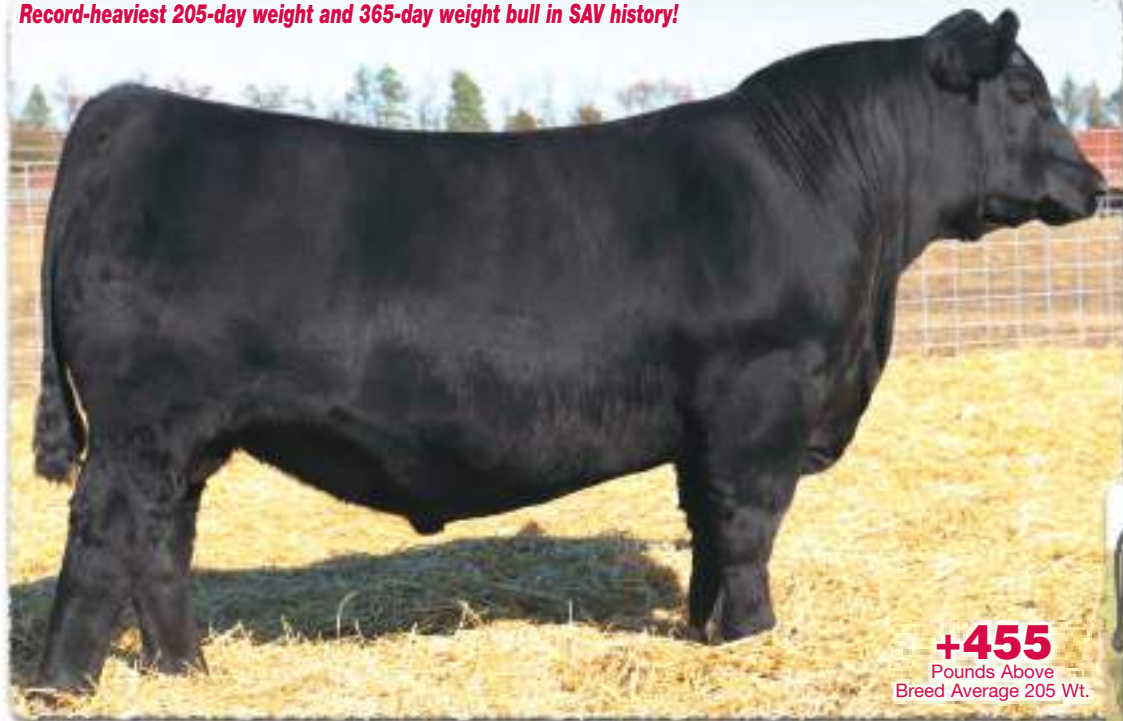

SAV EMBLYNETTE 7261

Fourth generation Pathfinder serving the SAV program for 21+ years. She is the Pathfinder third dam of Emblem.

Extraordinary flush brothers by Emblem from the herd sire-producing SAV Blackcap May 1782...

Record-heaviest 205-day weight and 365-day weight bull in SAV history!

"Congratulations on the Empower calf weighing that much! So unbelievable, very exciting. He was my second favorite on my tour. You hear it enough but just wanted to say congrats. That is a great accomplishment even at SAV!"

SAV BLACKCAP MAY 1782

Herd sire-producing dam of lots 163-164.

- Extraordinary flush brothers with sale-topping potential, breed-changing properties and credentials to write a new chapter in Angus history. They proudly represent the fabulous first calf crop by Emblem and are the final progeny from the now-deceased legendary herdsire-producer, SAV Blackcap May 1782. They are highlights of the entire 2021 sale season and will be major forces in the future of the Angus breed. They are led by SAV Empower 0158 who has awestruck the world as the all-time heaviest 205-day weight bull in SAV history at 1124 lbs. and is the #1 weaning and yearling EPD bull in the entire offering. Empower dominates the turf he walks on with incredible length, muscle, thickness, stoutness of rump and sheer power from front to back.
- Their now-deceased phenomenal dam is a herdsire-producer and proven herd-leader earning a weaning ratio of 112 on 6 calves. She has tallied \$1.3 million in revenue on 24 direct progeny in past SAV sales, including SAV Elation 7899, the lead-off and record-selling bull of the 2018 SAV Sale. She has 13 daughters employed in the SAV herd and 16 progeny featured in this sale.

"I am blown away daily by my Emblem calves. They have so much presence and character. They are all built exactly the same, thickness in proportion, soundness, clean, attractive but powerful."

- Jon Janssen

- Flush brothers fortified with calving-ease credentials, pedigree power, phenotype and cow family strength to compliment most any program. They are very consistent and will produce a uniform calf crop that can sell in load lots. Lots 169-172 are recommended for heifers.
- Their top-producing dam is a model of efficiency with front-pasture phenotype and impeccable udder quality. She is a lead member of the same historic flush that produced the legendary Pathfinder Sire, Resource. She has 15 daughters retained in the SAV herd ad 30 progeny highlighting past SAV sales to cowmen in eleven states and Canada. A son, SAV Hercules 8864, was selected by Orville Skogen as a top-selling feature of the 2019 SAV Sale where he was the second heaviest 205-day weight bull.
- Their legendary grandam, SAV Blackcap May 4136, is the Angus breed's most influential genetic contributor and all-time top income-producing cow.

Exciting first offering by Emblem from the SAV Blackcap May family...

"Appreciate your time and friendship. Cattle are extremely good and the grandkids can't stop talking about seeing them. Thanks again!"

- An impressive Emblem herdsire prospect – super-fronted with extra size, shape, substance and style. He is among the younger bulls in the offering but coming on strong since weaning.
- His nice-uddered dam by Renown is off to a great career start with a weaning ratio of 107 on her first two calves. A son sold last year for \$7500 to Kyle Hart.
- His Pathfinder grandam is the third top income-producing cow in SAV history and dam of the AI stud sires; Priority, Brand Name, Regard, Robust and Cutting Edge.

- SAV Embellish 0551 leads these full brothers with phenotypic and genotypic superiority – a big, powerful bull with worlds of style and shape. He earned a 205-day weight of 1028 lbs.
- A maternal brother, SAV Experience 9088, is the featured lot 1 bull from the 2020 SAV Sale where he scanned a 365-day ribeye of 18.0 inches.
- Their productive dam is a broody beauty with powerful dimension. She is a flush sister to SAV Regard 4863 at Genex. Four daughters are retained and eight progeny have highlighted past SAV sales.

SAV EXPERIENCE 9088

Maternal brother to lots 179-181 selected by Albrecht and Penz Angus as the featured lot 1 bull from the 2020 SAV Sale.

SAV BLACKCAP MAY 5530

Pathfinder grandam of lot 179-182. She has many herdsire sons to her credit including Priority, Brand Name, Regard and Cutting Edge.

SAV BLACKCAP MAY 3525

#1 weaning EPD cow in the SAV herd and dam of the \$160,000 SAV Quarterback 7933 at Genex. Maternal grandam of lot 183.

First offering by the \$175,000 SAV Emblem 8074...

"Thank you for another year of good cattle. These 49 head will produce a good crop."

- Savanna Robinson

- Recommended for heifers. SAV Ember 0244 is an elite curvebender who does it all – calving-ease, performance, maternal and carcass. You will appreciate the fact he started light and yet earned a 205-day weight of 938 lbs. for a weaning ratio of 104. He is nice-headed and smooth-shouldered with a calving-ease design you can bank on.
- His dam is a broody beauty with an ideal udder. She ranks among the four top marbling and heaviest yearling weight females of her calf crop. She has five progeny highlighting past SAV sales.
- His grandam, SAV Elba 5383, is a model cow and prolific producer with 12 daughters retained in the SAV herd.

- SAV Embody 0050 is a scale-smashing performance bull with massive volume, capacity and overall dimension. He is a serious contender in the performance race, ranking among the three heaviest 205-day weight bulls in SAV history at 1109 lbs. and sporting EPDs for weaning and yearling weight in the breed's top 1%. If you sell cattle by the pound, take a close look here.
- His powerhouse Brand Name x Net Worth dam dominates the turf she walks on - broad-based, deep-bodied, wide-hipped and massive in all dimensions. She records a weaning ratio of 107 on 6 calves. Four daughters are retained in the SAV herd and ten progeny highlighted past SAV sales.

- SAV Embank 0211 is a herdsire prospect with extra size, length, muscle and growth. His performance stat line is hard to beat in all areas that drive profit – providing enough calving-ease to work in any application, matched with one of the eight top ribeye EPDs in the offering. Expect him to sire feeder calves that grow, gain and top the market.
- His broody, big-bodied dam by Resource has high level milk production and perfect feet. Two daughters are retained in the herd and sons have highlighted past SAV sales. She is a flush sister to SAV Real Performance 4876, who was selected by Alta Genetics and Diamond J as a top-selling feature of the 2015 SAV Sale where he scanned a 365-day ribeye of 18.3 inches and was the #1 marbling and top-performing bull.
- His Net Worth grandam comes from four consecutive generations of Emblynette Pathfinders.

- A big, growthy Emblem bull with plenty of gas in his tank and a great future ahead of him. He had the misfortune of being raised on a recip dam with two non-functional quarters. His flush sisters rank near the top of the entire replacement pen.
- His maternally-charged Pathfinder dam by Density has six daughters retained in the SAV herd and seven top-selling progeny in past SAV sales.

SAV MADAME PRIDE 0244

BIRTH	+1.8	WEAN	+66	MILK	+16	YEARLING	+126	SCROTAL	+1.04
-------	------	------	-----	------	-----	----------	------	---------	-------

SAV Raindance 6848 is a major breeding force in the industry and headliner at ST Genetics — one of the highly regarded sires of this era. He is the \$450,000 second lead-off bull of the world-record-selling flush from the 2017 SAV Sale where he recorded a 205-day weight of 1053 lbs., a 365-day weight of 1640 lbs. and scanned a 365-day ribeye of 17.6 inches. Raindance presents herdbull character with massive volume and strong performance.

Raindance progeny have a unique combination of moderate birth, large ribeye and pleasing phenotype. His sons include SAV Emblem 8074, the \$175,000 second lead-off bull from the 2019 SAV Sale and superstar young sire. The first daughters of Raindance in production have an incredible maternal design with added femininity, capacity and udder quality — the look of futuristic producers.

His legendary dam, SAV Blackcap May 4136, is the Angus breed's most influential genetic contributor and top income-producing cow, generating \$10.2 million in progeny sales on 221 direct progeny averaging \$46,104 in past SAV sales to cowmen in 28 states, Canada and Brazil. She has an arsenal of 58 daughters retained in the SAV herd and a multitude of herdsire sons.

The 2021 SAV Sale features 52 Raindance progeny!

SAV EMBLEM 8074

The \$175,000 second lead-off bull in the 2019 SAV Sale by Raindance and superstar young sire with a breed-impacting future.

SAV HEADWATERS 8019

This phenomenal Raindance bull featured at ST Genetics was a crowd favorite at the 2019 SAV Sale.

Raindance bulls descending from the maternal matriarch, SAV Madame Pride 0075...

- One of the youngest bulls in the sale but doesn't back up to many. He has been a standout since birth – attractive, super-fronted with thickness, muscle, capacity and style. He earned a 205-day weight of 936 lbs. for a weaning ratio of 108.
- His class act dam by Cutting Edge is extra feminine and maternal, following the productive mold of the five consecutive generations of Pathfinder dams that produced her. Her progeny have sold to Mitch Hyde and Black Line Angus.
- His Pathfinder grandam is the dam of SAV International 2020 and the 2016 National Angus Foundation Heifer. She was the top-selling cow in the 2016 SAV Sale. Fifteen daughters are employed in the SAV herd and 85 progeny highlighted past SAV sales.

SAV Elba 1400

Dam's WR 6/106

- Five functional flush brothers to build a cowherd around with performance, phenotype and monumental maternal value. They offer enough calving-ease to be used on heifers and will advance nicely to the cowherd. They are the ranchers kind with masculinity, muscle, moderation and structural soundness.
- Their top-producing dam by Rito 7075 is among the heaviest milking cows in SAV history. She records a weaning ratio of 106 on 6 calves and has 15 progeny highlighting past SAV sales, including SAV Herd Book 6143. A Pathfinder daughter serves in the SAV embryo program.

SAV ELBA 1400

Dam of lots 220-224.

SAV HERDBOOK 6143

Maternal brother to lots 220-224 selected by Beran Bros. as a feature of the 2017 SAV Sale.

- Recommended for heifers. A unique calving-ease bull with the kind of thickness, muscle shape and volume that you rarely find in a low birth bull.
- His massive, broody dam by Rito 7075 defines maternal power and dominates the turf she walks on. She comes from three consecutive generations of Duke Girl Pathfinders and is a flush sister to SAV Buenos Aires 3434 at Genex AI Stud. Three daughters are retained in the SAV herd and three progeny have been top-sellers of past SAV sales.
- His Pathfinder grandam is the former #1 milk EPD cow in the SAV herd. She is the dam of SAV First Class 0207 at Accelerated Genetics and SAV Camaro 9272 at Semex AI Stud.

- This Raindance bull has a well-rounded genetic profile that addresses calving-ease and ribeye in tandem. Three maternal brothers are serving the AI industry: SAV Revolution 5537 at ST Genetics, as well as SAV Retainer 5536 and SAV Retention 5538 at Alta Genetics.
- His productive Net Worth dam has 15 sons highlighting past SAV sales. His Pathfinder grandam is a full sister to the dam of Charlo.

Cattle producers sell their feeder and slaughter cattle based on what they actually weigh on a scale. When investing in seedstock it is important to be provided with actual performance data rather than limited only to computer generated projections that change weekly, can fluctuate dramatically and are only as relevant as the accuracy values behind them. EPDs are genetic predictions and a useful selection tool, but they do not replace the reality of what an animal really is phenotypically or what it actually weighs. EPDs alone do not create great cattle; real breeding progress requires breeding beyond the numbers for traits that affect real-world production, such as capacity, fleshing-ability, structure, breed character, fertility, longevity, udder and feet quality, temperament and actual pounds.

In the past number of years EPDs have inflated dramatically on the new generation cattle, creating an assumption of great genetic progress which we all hope to achieve. However, reality can be different, for instance the breed average 205-day weight for all bulls is currently 669 lbs. and has only increased a total of 7 lbs. in the past 5 years. To some that may solve the puzzle of why your calf weaning weights have not gone up, even though you are using higher EPD bulls. It is important to have the actual weights and scan measurements to get the full picture of your seedstock investment.

Included in this catalog is the difference in actual pounds at 205-days of each bull selling relative to the current breed average – important data if you sell your cattle by the pound at weaning. The same concept can be applied to yearling weight. SAV is committed to real genetic progress for their customers and want it to show up on the scale when you market your cattle and in your pocketbook when you get paid – your success and livelihood depends on it.

-------	------	------	-----	------	-----	----------	------	---------	-------

SAV Downpour 8794 is the #1 365-day weight and \$100,000 third top-selling bull of the 2019 SAV Sale. He presents dominating performance with a 205-day weight of 1082 lbs., 365-day weight of 1655 lbs., IMF ratio of 138 and yearling scrotal of 43.7 cm. He is robust and rugged-built with massive volume, accelerated appetite and extra gainability. He stamps his progeny with these hard-to-find attributes – proving to be a potent sire with herd-changing properties.

His Pathfinder dam, SAV Madame Pride 4407, is a herd-leader with front-pasture phenotype and stellar production. She is a seventh generation SAV embryo donor with 20 progeny averaging \$23,375 in past SAV sales to cowmen in nine states and Canada, including the top-selling President son in the 2020 SAV Sale. Eleven daughters are retained in the SAV herd.

The 2021 SAV Sale features the first progeny by Downpour and nine maternal siblings.

SAV MADAME PRIDE 4407

Pathfinder dam and SAV herd-leader with front-pasture phenotype. Serves as a seventh generation embryo donor with 20 progeny averaging \$23,375 in past SAV sales and eleven daughters retained in the SAV herd.

SAV MADAME PRIDE 0235

Maternal grandam of Downpour from a masterful blending of Density with SAV Madame Pride 0075.

The 2020 SAV Sale marked the 117th Production Sale of registered Angus cattle for the Schaff family.

- SAV Downstream 0857 is a massive, deep-bodied, easy-fleshing bull with performance and maternal attributes.
- His powerhouse Pathfinder dam by Net Worth records a weaning ratio of 108 on 8 calves. She has 15 daughters employed in the SAV herd and 76 progeny highlighting past SAV sales, including SAV North Face 9140 who is the second top-selling bull from the 2020 SAV Sale.
- His prolific Pathfinder grandam, SAV May 2397, is the fourth top income-producing cow in SAV history with 124 progeny in past SAV sales and 33 daughters retained in the SAV herd, including 4136, 8961, 1808, 1782 and 3525.

"Thank you so much for a great tour and your excellent hospitality. You have a beautiful ranch. I loved the rolling hills and big blue skies. Your cattle were incredible from top to bottom - I have never seen better cattle. I especially loved the America calves. They were phenotypically ideal. They were thick and long with good feet and legs and awesome muscle. I was impressed with their docility. The heifers were very feminine and the bulls were rugged and stout. The Americas are as good of calves as I have ever seen. America himself, is about as perfect as a bull can be. Finding fault with him would be a difficult task.

Your cow herd is amazing. I didn't see a cow the entire day I would not be proud to own. The Renown and Resource cows were stamped with great udders, feet and legs, and excellent thickness. I'm glad I have been using those bulls in my herd and plan to use them in the future.

Another set of calves that I really liked were out of Emblem. They were thick, stout and good boned. I was also very impressed with SAV Bloodline. I have never seen as 18-month old bull look so good and athletic; especially after breeding a pasture full of cows. I will certainly be using him in the future. President was another standout. He gives America a run for his money for being a perfect bull. He is built like a tank. I noticed his daughters have excellent feet, legs and udders. He is astonishingly beautiful.

Thank you again for a wonderful day. My family and I had a great time. I appreciate your thoughts, insights and knowledge of the Angus breed. I look forward to doing business with you in the future. We are already planning our next trip to North Dakota in February."

- Bryan, Donna, Austin, Lance, Chandler, and Carter Christensen

Downpour presents a fabulous first offering...

"Thank you for all your hospitality shown to me and my guest while attending your bull and heifer sale this past February! The bull SAV First Down that I purchased there is doing great and my brother Jerry is tickled to death with him. Had the bull halter-broke within two weeks after coming to Illinois. Thank you!"

- SAV Download 0125 is a personal favorite with so many positives to offer. He is a real-world beef bull – masculine and moderate with capacity, rib-shape, fleshing-ability, huge scrotal and docile temperament. He is complimented with a herd-improving EPD profile and powerful performance, earning a 205-day weight of 984. One of the best to walk through the sale ring of 118 Schaff production sales.
- His powerhouse Rito 9969 x Net Worth dam comes from five consecutive generations of Pathfinder dams that excel in fertility, longevity and maternal productivity. She records a weaning ratio of 106 on 4 calves and has nine top-selling progeny in past SAV sales and nine more featured in this event.
- His 14-year-old Pathfinder grandam produced SAV Mustang 9134 at Select Sires AI Stud. She has eight daughters employed in the SAV herd and 29 progeny highlighting past SAV sales.

-------	------	------	-----	------	-----	----------	------	---------	------

SAV Rainfall 6846 is the #1 semen sales bull and major headliner at Select Sires AI Stud with destiny to be the next industry leader – selected as the \$460,000 second top-selling bull from the 2017 SAV Sale.

Rainfall is a total herd-improver with an unmatched combination of proven calving-ease with performance, phenotype, carcass quality and cowmaker credentials. Rainfall is an early gestation, low birth weight sire that can be used on virgin heifers without sacrificing thickness, muscle and capacity, Angus breed character and real-world production traits. His progeny have exceptional marbling and feet quality, ranking him among the top foot-improving sires in the breed. His sons include the \$250,000 SAV Bloodline 9578 and the \$100,000 SAV Downpour 8794. His first daughters in production are moderate-sized, nice-uddered and highly efficient – the kind to build a herd around.

His legendary dam, SAV Blackcap May 4136, is the Angus breed's most influential genetic contributor and top income-producing cow with \$10.2 million in receipts on 221 direct progeny averaging \$46,104 in past SAV sales. She has 58 daughters retained in the SAV herd and a multitude of herdsire sons.

The 2021 SAV Sale features 45 progeny of Rainfall as well as progeny from his first daughters!

SAV RAINFALL 6846

SAV BLOODLINE 9578

The lead-off and \$250,000 top-selling bull from the 2020 Sale, sired by Rainfall.

SAV DOWNPOUR 8794

- Fabulous flush brothers with an outstanding genetic and visual package, fortified with calving-ease, performance and maternal value. They are attractive and thick with tons of volume and capacity - the kind that will leave deep, easy-fleshing, low input daughters. Lots 258-260 are recommended for use on heifers.
- Their remarkable dam by Resource has stellar phenotype and udder quality with high level milk production. She is a seventh generation SAV embryo donor with seven daughters retained in the SAV herd and 40 progeny highlighting past SAV sales to cowmen in eleven states and Canada.
- Their grandam, SAV Madame Pride 0412, is a maternal masterpiece and lead-off cow from the 2020 SAV Sale. She is a maternal sister to America, Supercharger, Registry, Response and many more.

SAV TEXTBOOK 5115

Maternal brother to lots 257-260 selected by Casa Branca Stud in Brazil from the 2016 SAV Sale where he was the #1 marbling bull.

- Recommended for heifers. SAV Great Falls 0025 attracted an audience of fans pre-weaning when viewed with his gorgeous 2-year-old dam. It was amazing to witness him literally lift his dam off the ground while nursing and possess such a degree of maturity, masculinity, muscle and herdbull look at such a young age.
- His awesome 2-year-old Resource dam is a rock-star for femininity, body-type, feet and udder quality, and maternal efficiency. She comes from seven consecutive generations of proven SAV embryo donors and is a special feature in this sale as lot 513.
- His heavy-milking grandam by International is a full sister to SAV Influence 4043 at Alta Genetics AI Stud. Five daughters are retained in the SAV herd and 12 progeny highlighted past SAV sales.

- Recommended for heifers. SAV Landfall 0261 is an elite curvebender that excels from start to finish - One of the most unique and valuable low birth weight bulls to sell anywhere. You will appreciate the fact he started light and ended heavy, earning a 205-day weight of 985 lbs. for a weaning ratio of 109. He carries the second lowest birth EPD in the offering and comes from eight consecutive generations of proven SAV embryo donors - maternal power beyond compare!
- His Rito 9969 x Bismarck Pathfinder dam excels in fertility, docility and feet quality, along with high level milk production. Three daughters are retained in the SAV herd and four progeny highlighted past SAV sales.

-------	------	------	-----	------	-----	----------	------	---------	-------

SAV Governor 6844 is a proven calving-ease sire with length, muscle, capacity and soundness, along with a gentle disposition. He is a \$435,000 top-selling feature of the world-record-selling flush from the 2017 SAV Sale. Governor has been used with great success in many breeding programs and ranks among the top of the Angus breed for customer satisfaction. His progeny are balanced in all areas of calving-ease, performance, carcass quality, docility and foot structure.

His legendary dam, SAV Blackcap May 4136, is the Angus breed's most influential genetic contributor and top income-producing cow with \$10.2 million in direct progeny sales and has an arsenal of 58 daughters retained in the SAV herd.

"Thank you for attending the 2020 Iowa Angus Tour. It was great hearing from you and your insight. You delivered an inspiring speech! Looking forward to seeing you in the near future!"

- Allie Bieber
2020 Miss Iowa Angus

2020 Iowa Angus Tour

-------	------	------	-----	------	-----	----------	------	---------	-----

SAV Checkmate 8158 is a major-league curvebender with all the qualities we look for in an ideal calving-ease bull. He combines natural thickness, muscle, soundness and style in a balanced package that is loaded with function and breed character – a rare find in a calving-ease sire. He was selected by Genex AI Stud as a \$60,000 top-selling feature of the 2019 SAV Sale where he recorded a 205-day weight of 990 lbs., 365-day weight of 1571 lbs. and an IMF ratio of 164.

His dam, SAV Emblynetette 6506, takes femininity, udder quality, productivity and maternal function to the highest possible level – quickly earning the top position among all 2016 model cows and becoming a new generation SAV embryo donor. The Net Worth grandam of Checkmate is a world-class producer from four generations of Pathfinder dams and produced the maternal icons, SAV Emblynetette 0491 and SAV Emblynetette 2369.

The 2021 SAV Sale features the first progeny of Checkmate and 22 maternal siblings!

BIRTH	+1.8	WEAN	+72	MILK	+19	YEARLING	+114	SCROTAL	-.33
-------	------	------	-----	------	-----	----------	------	---------	------

SAV Elation 7899 is the lead-off and \$800,000 world-record-selling bull of the 2018 SAV Sale and the most popular and widely used bull of his calicrop in the Angus breed. He brings grassroots foundation Angus genetics front and center and reintroduces the Emulation line of cattle that have led the industry for fertility, longevity, udder and feet quality for decades. Elation is an attractive, extremely long-bodied, square-rumped, growth bull with an athletic, sound structure and docile temperament. He started with a birth weight of 68 lbs. and earned a 205-day weight of 1052 lbs. and a 365-day weight of 1679 lbs. His progeny have exceeded expectations combining modest birth weights with explosive growth and performance, along with superior structural soundness – the kind that will stay in the herd and make a lasting impression.

The productive dam of Elation is a herdsire-producer and leading performance source with a weaning ratio of 112 on 6 calves. She has tallied \$1.3 million on 24 direct progeny in past SAV sales and has 13 daughters retained in the SAV herd.

The 2021 SAV Sale showcases 66 progeny of Elation along with 16 maternal siblings!

- World-class flush brothers featured as lots 280-287 offer a grand opportunity to stimulate the Angus gene pool with a new era of genetic diversity and potency created by infusing the grassroots foundation Emulation and Rito 707 blood with the best of the maternally-superior Emblynette family. They are high-performance stunners with shape, substance, style and herd changing properties. They take honors as the #1 marbling and #1 carcass weight bulls in the entire offering.
- Their breed-leading Pathfinder dam is a herd favorite with unmatched phenotype, performance and production, ranking near the top of the entire SAV herd in multiple traits. She has eleven daughters retained in the SAV herd and has generated \$1.5 million on 25 progeny selling in past SAV sales, including the top-selling females in the 2019 and 2020 SAV sales and the herdsires; Bloodline, Emblem, Ajax and Dewdrop.

Exceptional offering by Elation from the SAV Emblynette family...

"I was at your place for the first time the past two days and was really impressed with the quality of your cattle. I bought lot 671. She will be coming to Ontario, Canada."

- Corne' Vissers

SAV EMOTION 0149

Prewaning photo of lot 288 with his dam.

- SAV Emotion 0149 is a high caliber herdsire prospect with outstanding visual appeal and strong arithmetic. He is thick, muscular and deep-bodied with an attractive look. He earned a 205-day weight of 1002 lbs. for a weaning ratio of 111, ranking among the eight top-indexing bulls of his calf crop.
- His tremendous dam records a weaning ratio of 109 on 3 calves and will achieve elite Pathfinder status, following her maternal tradition. She is the #2 ribeye female of her calf crop and a flush sister to the elite donor, SAV Emblynette 6506. A son sold in the 2019 SAV Sale to Ken Schmidt.
- His 14-year-old Net Worth grandam is a world-class producer generating \$1.4 million on 103 progeny in past SAV sales and has 22 daughters retained in the SAV herd, including the breed-leading Pathfinder, SAV Emblynette 2369.

- SAV Effective 0296 has serious herdbull potential with powerful phenotype, chart-topping performance and poundmaker EPDs. He presents incredible thickness, muscle-shape and body depth with charisma and Angus breed character. He takes position among the seven top-indexing bulls of his calf crop, earning a 205-day weight of 1016 lbs. for a weaning ratio of 112, as his dam's first calf.
- His moderate, capacious 2-year-old dam by Charlo has an ideal udder with high level milk production.
- His great-uddered grandam by Seedstock comes from six consecutive generations of Emblynette Pathfinders that excel in fertility, longevity and maternal value.

- Powerhouse flush brothers with herdbull authority, explosive performance and dominating phenotype – the kind cattlemen want to own and travel the world to find. They bring the grassroots foundation outcross blood of Elation to the best of the herdsire-producing Blackcap May family, creating sky-is-the-limit breed-impact potential and a phenomenon of opportunity. They rank in the top 1% of the breed for carcass weight, the #1 profitability trait in the cattle feeding industry. SAV Engine 0858 leads the charge as the #1 heaviest actual weighing bull on test and the second heaviest 205-day bull in SAV history at 1114 lbs. SAV Enforce 0861 is the fifth top 205-day weight bull of the calf crop at 1080 lbs. SAV Engage 0859 could well be the best phenotype bull in this entire offering.
- Their powerhouse Pathfinder dam by Net Worth records a weaning ratio of 108 on 8 calves. She is a pinnacle of performance and maternal value and stamps her progeny with pure power and multi-dimension. She has 16 daughters retained in the SAV herd, 20 progeny in this sale and 76 progeny averaging \$13,760 in past SAV sales to cowmen in 17 states, Canada and Brazil.

Blockbuster flush brothers by Elation from the powerhouse Pathfinder, SAV Blackcap May 1808...

"Thank you very much for the time, energy and thoughts that you shared with us yesterday. I assembled our notes and thoughts on the day. To understate it significantly, you stimulated a bunch of discussion. I am sure you have heard this many times, but I have to say it anyway – your place is fantastic. The herd speaks for itself. What probably was the most impressive aspect was the depth of knowledge that you both shared with us about your herd, individual cows and calves and the industry. I look forward to visiting again."

SAV ENFORCE 0861 - LOT 299

SAV RENEWAL 4282

Maternal brother to lots 298-301 selected by ST Genetics from the 2015 SAV Sale where he scanned a 365-day ribeye of 19.6 inches.

SAV INCOME 6254

Maternal brother to lots 298-301 selected by Roger Schwartz as a top performing bull of the 2017 SAV Sale.

SAV RAINY DAY 9931

Maternal brother to lots 298-301 selected by Reinick Farms as a feature of the 2020 SAV Sale.

"Our program is heavily influenced by SAV genetics. In fact, without doubt, we have more SAV influence in our program than just about any other Angus program in the Southeastern U.S.! This will become obvious as you flip through the sale catalog... in fact, perhaps you recognize SAV Morton County on the cover! We have progeny out of SAV Blackcap May 6605 – she is quickly developing into the #1 donor in our 100 cow herd! Additionally, we have progeny out of SAV Emblynette 3507 and SAV Madame Pride 5812, both also outstanding donors in our program."

• SAV Equity 0850 is a phenotypic standout and scale-crushing performance bull with tons of muscle, massive volume and dimension – will put pounds on the scale and make females to build a herd around. He was an early standout and has excelled at every measure, earning a 205-day weight of 1036 lbs.

• His front-pasture dam is a leading flush sister to Resource and a herd favorite – moderate, capacious, easy-fleshing with superior structure, perfect feet and udder quality. She records a weaning ratio of 104 on 8 calves and has seven daughters retained in the SAV herd and 19 progeny highlighting past SAV sales.

- Recommended for heifers. SAV Excellent 0131 is just what his name implies, excellent in all areas of calving-ease, phenotype, pedigree, performance and cow power. He will rival any low birth weight bull to sell this year with his style, balance, correctness and herdbull character. He earned a 205-day weight of 944 lbs. for a weaning ratio on 104.
- His maternally-driven Resource dam records a weaning ratio of 104 on 5 calves and comes from two consecutive generations of Duke Girl Pathfinders. Three progeny have highlighted past SAV sales, including SAV Currency 7235 who was selected by Shane Scott as a top-selling feature of the 2018 SAV Sale.
- His prolific Pathfinder grandam was the former #1 milk EPD cow in the SAV herd. Six daughters are retained in the SAV herd and 44 progeny have highlighted past SAV sales including the AI stud sires; SAV Solid Gold 9187 at ABS, SAV Revere 1180 at Semex and SAV Don Pepe 4443 at Genex.

- SAV Energy 0132 is an AI stud candidate and performance outlier with herd-improving numbers – one of the best to sell anywhere this year. He has excelled at every stage, earning a whopping 205-day weight of 1052 lbs. for a weaning ratio of 116, as his dam's first calf. He ranks among the three top-indexing bulls of his entire calf crop and boasts EPDs for weaning and yearling weight in the breed's top 1%.
- His powerful 2-year-old dam by President has headed to the top of her class to become an eighth consecutive generation SAV embryo donor. Very seldom have we flushed a female as a 2-year-old, but she was an exception to the rule. She ranks as the second top-weaning and sixth top yearling EPD cow in the SAV herd. She is a full sister to the \$52,500 SAV Cleveland 9620 at Brooking Angus Ranch and Semex AI Stud.
- His Pathfinder grandam is a front pasture cow with stellar phenotype and top production. Eleven daughters are retained in the SAV herd and 20 progeny highlighted past SAV sales, including SAV Downpour 8794 who is the #1 365-day weight and third top-selling bull from the 2019 SAV Sale.

SAV CLEVELAND 9620

- Flush brothers with destiny to be cowmakers, poundmakers and profitmakers in tandem. They are maternally-driven from one of the strongest cow family lines ever identified in Angus history – the Madame Prides! Flushmate sisters are favorites of the SAV replacement pen. SAV Expedition 0462 leads the flush and represents all the qualities we look for in an ideal breeding bull – thick, muscular, soft-made with soundness, breed character, large scrotal and perfect feet.
- Their powerhouse Pathfinder dam by Resource is a performance trait leader with no equals for body mass and dimension. She is a seventh generation SAV headliner donor recording a weaning ratio of 105 on 6 calves. Fifteen daughters are retained in the SAV herd, eleven progeny are featured in this sale and 28 progeny have been top-selling features of past SAV sales to some of the most progressive cattlemen in the world.

Elation bulls from the SAV Madame Pride family...

- Recommended for heifers. This stylish stunner is nice-headed, smooth and soft-made with capacity and pounds in a calving-ease package. He earned a 205-day weight of 950 lbs. for a weaning ratio of 105.
- His magnificent dam by Charlo exemplifies the body type and maternal design we try to replicate 500 times over. She is the #1 marbling female of her calfcrop and records a weaning ratio of 108 on 3 calves - should qualify as a Pathfinder. A daughter is retained in the SAV herd and a son, SAV Stardom 8131, was selected by Styles Angus as a top-selling feature of the 2019 SAV Sale.
- His prolific 16-year-old grandam, SAV Madame Pride 5290, has 22 daughters employed in the SAV herd and 124 progeny selling in past SAV sales to cowmen in 25 states and Canada.

- An attractive, long-bodied, thick-topped stud with extra bone and substance.
- His nice-uddered 2-year-old dam by Resource is a broody beauty who maintained perfect condition through lactation. She is backed by the maternal greatness of seven consecutive generations of proven SAV embryo donors.
- His front-pasture grandam is a phenotypic standout with impeccable udder quality and body type. She is the #1 marbling and second top 205-day-weight female of her calfcrop. Two daughters are retained and nine progeny have been featured in past SAV sales.

- Recommended for heifers. Elation x Rainfall = calving-ease you can bank on and maternal value to build a herd around.
- His stellar 2-year-old dam by Rainfall is as good as they get, taking femininity, body type, udder and feet quality to the highest level. She has the look of a futuristic donor, keeping with family tradition of the seven consecutive generations of proven embryo donors that lace the bottom side of her pedigree.
- His majestic grandam by Harvester and Pathfinder third dam by Density are the poster cows for maternal excellence.

- Recommended for heifers. The calving-ease combination of Elation x Rainfall has yielded outstanding results and here is no exception. This long, thick-topped, muscular bull is full in his rump with the capacity and softness of a cowmaker.
- His gorgeous 2-year-old dam is perfect-uddered and super-footed – compliments of Rainfall and Density.
- His Pathfinder grandam by Density records a weaning ratio of 104 on 5 calves and has three daughters in the SAV herd and one serving in the embryo program.

BIRTH	+3.7	WEAN	+84	MILK	+15	YEARLING	+154	SCROTAL	+1.01
-------	------	------	-----	------	-----	----------	------	---------	-------

SAV Circuit Breaker 7136 is a massive performance herdsire with length, capacity, muscle and superior soundness. His athleticism in the breeding pasture and perfect feet are complimented with large scrotal size, high fertility and a gentle disposition. He is the \$200,000 third top-selling bull from the 2018 SAV Sale where he was the #1 ribeye bull, scanning a 365-day ribeye of 19.2 inches, along with an IMF ratio of 130, 205-day weight of 1088 lbs. and a 365-day weight of 1690 lbs. Circuit Breaker consistently transmits these attributes to his progeny, earning him proven EPDs for weaning and yearling weight, ribeye and scrotal in the top percentiles of the Angus breed.

His Pathfinder dam, SAV Madame Pride 3145, is a herd favorite with unmatched femininity, fertility, feet and udder quality. She earned a weaning ratio of 108 on 6 calves. Her first son is featured at Alta Genetics AI Stud and eleven sons will headline the 2021 SAV Sale, including SAV Anthem 0042 who is featured as lot 1. She has 13 daughters retained in the SAV herd.

The 2021 SAV Sale showcases the fabulous first offering by Circuit Breaker and 12 maternal siblings!

SAV MADAME PRIDE 1171

Sixth generation SAV embryo donor and maternal grandam of Circuit Breaker.

- Genetic treasures with stellar phenotype, powerful performance and intense maternal power, uniquely linebred to both Rito 9969 and the best of the maternally-superior Madame Pride family. Headlining this flush is SAV Power Surge 0866, a dominating power bull with the rump and ruggedness of a business bull, as well as SAV Power Source 0869 who is an athletic stunner with flawless structure and eye-catching style.
- Their heavy-milking Rito 9969 x Bismarck Pathfinder dam serves as an eighth consecutive generation SAV embryo donor and top-producing brood matron. She balances a birth ratio of 93 with a weaning ratio of 104 on 7 calves and an IMF ratio of 116 on four progeny scanned. She has three daughters retained in the SAV herd and four progeny highlighting past SAV sales.
- Their prolific 16-year-old grandam, SAV Madame Pride 5290, has 22 daughters employed in the SAV herd and 124 progeny featured in past SAV sales to cowmen in 25 states and Canada.

- The youngest bull in the offering, but he doesn't back up to many. He has serious herdbull potential, ranking near the top of the entire Angus breed for weaning and yearling weight EPDs, ribeye and carcass weight. If you are looking for strength, substance and raw power, let your quest end here.
- His powerhouse Regard x Harvester 3-year-old dam is the #3 weaning, #4 yearling and #2 ribeye female of her calf crop.
- His prolific Pathfinder grandam is a maternal masterpiece with ideal body type and high-level milk production. She has eight daughters retained in the SAV herd and 59 direct progeny featured in past SAV sales to cowmen in 15 states and Canada. Her sons include SAV Washington 9598 and SAV Jefferson 9588.

- SAV High Voltage 0901 has so many positives to benefit the breed – stellar phenotype, powerful performance, pristine pedigree and generations of maternally-superior cows to back him. He presents authentic Angus breed character with masculinity, muscle, early-maturity and huge scrotal – expect him to add fertility, productivity and completely redesign a cowherd.
- His awesome, big-bodied, super-footed dam by Brand Name is angular and powerful in design – a new generation SAV headliner donor and one of the best to walk SAV pastures. She records a weaning ratio of 104 on 6 calves and has six daughters retained in the SAV herd and another was selected by Perry Castonguay as a \$12,000 feature of the 2020 SAV Sale.
- His 14-year-old Pathfinder grandam by Net Worth continues a chain of five consecutive generations of Emblynette Pathfinders. She is the dam of SAV Mustang 9134 featured at Select Sires AI Stud. She has eight daughters retained in the SAV herd and 29 progeny featured in past SAV sales to cowmen in 13 states and Canada.

SAV EMBLYNETTE 7415

Pathfinder grandam of lot 335.

This fifth consecutive generation Emblynette Pathfinder continues in production at 14-years of age.

SAV MUSTANG 9134

Maternal brother to the dam of lot 335. He is the #2 marbling bull of his calfcrop and featured at Select Sires AI Stud.

- Recommended for heifers. An April calving-ease bull offering a curve-bending EPD profile that addresses all areas that drive profit. He could be one of the best buys of the auction.
- His moderate, perfect-uddered dam by Charlo weans a high percentage of her body weight – a model of efficiency. She is the #3 ribeye and #7 marbling female of her calfcrop. A son sold in the 2020 SAV Sale for \$7500 to Wayne Herman.
- His grandam by Harvester has a world-class udder and top production record with five sons highlighting past SAV sales.

SAV PRISCILLA 2114

Maternal grandam of lot 336.

SAV Reference Sire - SAV Renovation 6822...

Maternal and performance trendsetter with unmatched consistency and quality...

"SAV genetics continue to find their way on top of the most used sires in the Canadian Angus herdbook as I recently ran the stats and the SAV prefix currently represents 5 of the top 10 used sires for registrations in 2020 with Resource, Rainfall, Renovation, President and Raindance all in the top 10. SAV genetics have always been popular with Canadian breeders and your genetics have thrived in Canada."

- Myles Immerkar, CEO
Canadian Angus Association

His dam

SAV MADAME PRIDE 0151

The \$37,500 lead-off and top-selling cow in the 2015 SAV Sale. This model Density daughter presents beautiful body type and impeccable udder quality.

His grandam

SAV MADAME PRIDE 0075

Maternal matriarch serving the SAV program for nearly 18 years. She has tallied \$5.3 million in progeny receipts and is the dam of America.

-------	------	------	-----	------	-----	----------	------	---------	-----

SAV Renovation 6822 is a herdbull phenomenon with style, charisma and herd-changing properties. He was selected by Brooking Angus Ranch and partners as a feature of the 2017 SAV Sale, fast becoming the most popular sire in Canada where he is a breed-leader for registrations and headliner at Semex AI Stud. Renovation consistently stamps his progeny with muscle, capacity, softness and soundness, along with authentic Angus type and breed character. His sire group is extremely impressive from the first to the last. His first daughters in production are easy-fleshing with ideal milk flow and beautiful udders – compliments of Renown x Density and the Madame Pride family.

Renovation's dam is the \$37,500 top-selling cow from the 2015 SAV Sale with model body type and a beautiful maternal design. His grandam is the maternal matriarch, SAV Madame Pride 0075, who served the SAV program for nearly 18-years, generating \$5.3 million in progeny sales with 41 daughters retained in the SAV herd.

The 2021 SAV Sale features the first offering by Renovation – excitement for this sire group continues to escalate!

SAV MADAME PRIDE 6625

Flush sister to SAV Renovation 6822.

SAV RENOVATION 6822

Proud physical bearing with capacity, softness and extra scrotal of a cowmaker.

SAV RENOVATION 6822

An eye-catcher since day one with muscle, moderation and herd-changing type.

Remarkable first offering by Renovation...

• Blockbuster flush brothers with massive dimension, volume, capacity, muscle and chart-topping performance – the herdbull kind! They are led by SAV John Wayne 0862, a personal favorite with destiny to be a major breeding force. He makes the short list of the very top bulls ever produced in the history of Schaff Angus Valley, generating overwhelming enthusiasm from all who have seen him. He earned a 205-day weight of 1049 lbs., ranking near the very top of his highly competitive callcrop.

• Their powerhouse Pathfinder dam by Net Worth records a weaning ratio of 108 on 8 calves. She is a pinnacle of performance and maternal value and stamps her progeny with pure power and multi-dimension. She has 16 daughters retained in the SAV herd, 20 progeny in this sale and 76 progeny highlighting past SAV sales to cowmen in 17 states, Canada and Brazil.

SAV BLACKCAP MAY 8961

13-year-old Pathfinder dam of lots 341-342.

- Powerhouse flush brothers and sale headliners with stellar phenotype, powerful performance, herd-changing properties and breed-impacting potential. They will be major factors of the 2021 sale season and a force to be reckoned with. SAV Johnny Ringo 0967 presents a massive performance design with unmatched volume, dimension and sheer pounds. SAV Jesse James 0968 is in a phenotypic class all his own, demonstrating power, presence and structural balance in every step he takes. Together they have exploded on social media to become some of the most highly anticipated bulls to sell anywhere this year.
- Their proven 13-year-old Pathfinder dam, SAV Blackcap May 8961, is a full sister to the legendary SAV Blackcap May 4136 and on the same path of productivity. She is an absolute powerhouse and transmits volume, mass and payweight like no other. She has 12 daughters employed in the SAV herd and 45 progeny averaging \$7761 in past SAV sales to cowmen in eleven states and Canada.
- A full sister to lots 341-342 was the \$52,500 featured lot 1 female in the 2020 Ingram Sale, selling to Voss Angus.

"Such an amazing opportunity to tour your ranch and cattle and visit your family and watch Kourtney show. Trip of a lifetime for us. Very grateful and appreciative of the hospitality."

-------	------	------	-----	------	-----	----------	------	---------	-----

SAV Abundance 6117 is an absolute powerhouse performance sire with an abundance of thickness, muscle, volume and pounds - stout, heavy-boned and rugged-built. He was selected by Genex and partners as the \$135,000 featured lot 1 bull from the 2017 SAV Sale where he recorded a 205-day weight of 1045 lbs., a 365-day weight of 1592 lbs. and a 365-day ribeye of 17.6 inches.

The dam of Abundance by Net Worth is a superior producer with beautiful body-type and udder quality. She records a weaning ratio of 107 on 10 calves and never fails to bring home one of the heaviest calves. His prolific grandam is a fourth consecutive generation Pathfinder who served the SAV program for 21+ years.

Abundance progeny in a variety of environments carry the impressive stamp of their sire and have gained him worldwide popularity - coined as "the second coming of Net Worth." The 2021 SAV Sale will feature his progeny and fabulous full sister!

SAV EMBLYNETTE 5178

Full sister to Abundance featured in this sale as lot 567.

- SAV Surplus 0049 is a majestic herdsire prospect with style, shape, substance and superior structure – stunning from all angles. He is a favorite of all who have seen him and will get plenty of stars on sale day. He earned a 205-day weight of 945 lbs. for a weaning ratio of 104.
- His gorgeous, feminine dam sports a perfect udder. She is a full sister to Seedstock and Sensation and the top-selling heifers in the 2016 SAV Sale. Three progeny have been features of past SAV sales.
- His maternal grandam, SAV Blackcap May 4136, is the Angus breed's most influential genetic contributor and high income-producing cow, appearing twice in his pedigree.

"Our Seedstock daughters are very nice. We have two out of Torque's mother that will enter embryo production this fall as 4-year-olds."

- Joe Fischer

-------	------	------	-----	------	-----	----------	------	---------	-----

SAV Renown 3439 is the \$175,000 lead-off bull from the 2014 SAV Sale and a leading sire for registrations in the Angus breed and long-time headliner at Genex AI Stud. He awards his progeny with phenotypic quality, structural balance, growth, muscle, performance and docility. His sons scan exceptional ribeyes and have enjoyed strong demand in past SAV sales, including SAV Abundance 6117 at Genex, SAV Renovation 6822 at Semex and SAV Renew 8132 at ST Genetics. Renown daughters in production are simply tremendous – extra feminine and broody with abundant milk, high-quality udders and raise heavy calves. They are favorites at SAV and everywhere they are found.

Renown is the result of the same proven and predictable mating that created Resource, Recharge and many of the greatest young cows in the SAV program. He represents the best of the timeless Rito 707 performance lineage known for efficiency, natural fleshing-ability, thickness, muscle, superb structure, feet quality and authentic Angus breed character.

His legendary dam, SAV Blackcap May 4136, is the Angus breed's most influential genetic contributor and all-time top income-producing cow, generating an astounding \$10.2 million on 221 direct progeny in past SAV sales and has 58 daughters working in the SAV herd.

The 2021 SAV Sale features Renown's progeny and vast influence.

SAV ABUNDANCE 6117

The \$135,000 featured lot 1 bull in the 2017 SAV Sale by Renown, selling to Triple W Farms, GMC Genetics and Genex AI Stud.

SAV RENOVATION 6822

One of the top breeding bulls in Canada, selected by Brookings Angus Ranch and partners as a feature of the 2017 SAV Sale.

Pathfinder grandam of lots 357-358. Her many herdsire sons include Priority, Brand Name, Regard and Cutting Edge.

Resource matched with the SAV Madame Pride family...

"We appreciate the opportunity to purchase one-of-a-kind females to improve our herd. The cows have flushed superb and we are excited about the opportunity the progeny present. The ability to purchase SAV Blackcap May 1430, the flush sister to Resource and who has an incredible production record, will help cement a legacy here at Cornerstone and be a pillar of our program."

- An all-around performer by Resource who will keep you in the cow business. He expresses superior muscle and masculinity with added length of body and stands down on perfect feet.
- His feminine, nice-uddered dam by Hesston is a maternal sister to America. Three progeny have highlighted past SAV sales to MTC Cattle Co., Rex Schwartz and Roper Cattle Co.
- His grandam, SAV Madame Pride 0075, is the maternal matriarch serving the SAV program for nearly 18-years and reigning as the second top income-producing cow in SAV history.

2020 SAV Sale

SAV REGISTRY 2831

Featured sire at Accelerated Genetics and maternal brother to the dam of lot 359. He sired both Seedstock and Sensation, the lead-off bulls of the 2015 and 2016 SAV Sales.

SAV SUPERCHARGER 6813

Maternal brother to the dam of lot 359. Featured herdsire at Square B Ranch and Select Sires AI Stud.

SAV MADAME PRIDE 0075

Maternal grandam of lots 359-361.

Rancher bulls by Resource from the SAV Madame Pride family...

"Cade Brokes, member of Wilson Winners 4-H Club exhibited the Reserve Grand Champion Market Steer at the Ellsworth County (Kansas) 4-H Fair. His steer, Dakota, is a son of the SAV Resource 1441 bull purchased by us in the 2018 sale. Cade, age 13, is a 6-year member of 4-H and looks forward to showing more quality steers from Schaff Angus genetics. We've had great success with your bulls."

SAV Madame Pride 5809
Dam's WR 2/103

- Powerhouse flush brothers by Resource. They are extra thick, stout, heavy-muscled beef bulls and bred to be that way – the kind ranchers demand and search for. Their maternally-driven pedigree blends three of the all-time greatest maternal icons, SAV Madame Pride 0075, SAV Blackcap May 4136 and SAV Emblynette 5483, giving them a distinct maternal advantage.
- Their extraordinary dam is a sixth generation SAV headliner donor with stellar phenotype and impeccable udder quality – one of the very best to walk SAV pastures. She has 16 progeny featured in this sale.
- Their grandam is the maternal matriarch, SAV Madame Pride 0075, the dam of America. She served the SAV program for nearly 18-years and is the second top income-producing cow in SAV history.

SAV REALTY 8172

Full brother to lots 360-361 with dam, SAV Madame Pride 5809. He was selected by Clay Creek Angus as a feature of the 2019 SAV Sale.

- Rancher-approved flush brothers from the mating of Resource to the elite matron SAV Emblynette 3542. They come fully-loaded with thickness, muscle, capacity and pounds, along with bred in maternal value and cow family strength to make a lasting contribution. An opportunity to access proven and reliable foundation genetics that have stood the test of time.
- A full sister, SAV Emblynette 6104, is the #1 ribeye female of the 2016 calfcrop.
- Their beautiful and productive dam by Bismarck is a fourth generation SAV embryo donor with a flawless udder and abundant milk. She comes from two consecutive generations of prolific Emblynette Pathfinder dams. She has seven daughters retained in the SAV herd and 14 progeny highlighting past SAV sales.

SAV EMBLYNETTE 1181

Pathfinder grandam of lots 363-367. She produced the lot 1 bulls in both the 2006 and 2008 SAV Sales.

SAV EMBLYNETTE DIAMOND 6377

The immortal Pathfinder third dam of lots 363-367.

SAV EMBLYNETTE 6104

Full sister to lots 363-367 and #1 ribeye female of her calfcrop.

BIRTH	+3.0	WEAN	+86	MILK	+18	YEARLING	+154	SCROTAL	+1.03
-------	-------------	------	------------	------	------------	----------	-------------	---------	--------------

SAV Territory 7225 is the \$230,000 featured lot 1 bull from the 2018 SAV Sale and headliner at ST Genetics. He secured the prominent position as the single greatest breeding son and heir to the throne of the now-deceased legendary Pathfinder Sire, Resource.

Territory earned a 205-day weight of 1075 lbs., a 365-day weight of 1744 lbs. and a 365-day ribeye of 18.7 inches. He is a beef bull supreme with massive volume, fleshing-ability and pure performance – the look of a real cowmaker. Territory presents a large scrotal and high fertility with superb feet and a friendly disposition.

Territory sired the top-gaining and top-selling sire group of bulls in the 2020 SAV Sale. His progeny have earned him proven EPDs for weaning and yearling weight in the breed's top 1%. They are thick, deep-bodied, massive in their design with accelerated appetite, fleshing-ability and scale-crushing performance.

The dam of Territory is a herd favorite by Density with an impeccable udder, superior structure and model body type. She is a fifth generation SAV embryo donor with outstanding production success.

The 2021 SAV Sale features progeny of Territory and five maternal siblings!

SAV TERRITORY 7225 WITH HIS DAM SAV EMBLYNETTE 3293

"All of our SAV bulls tested great. We put 2 Territory bulls with 60 dandy cows. Really happy with the cattle. This will be our 25th year with Schaff Angus Valley – the bulls all speak for themselves. We've been more than pleased. Thanks for the friendship and being a mentor to our family and a true mentor to the Angus world. Congrats Kelly and the SAV family."

-------	-------------	------	------------	------	------------	----------	-------------	---------	--------------

SAV Regard 4863 was the \$180,000 lead-off and top-selling Resource bull in the 2015 SAV Sale, appreciated for his powerful thickness, expressive muscle shape and superb structural design. He was a top-performing bull of his calfcrop, earning a 205-day weight of 1076 lbs. and a 365-day weight of 1538 lbs. Regard has demonstrated his ability to transmit his phenotypic attributes to his progeny who present outstanding thickness, muscle shape, stoutness and power, along with superior soundness and impeccable feet quality. His progeny have earned him proven EPDs for weaning weight, yearling weight and ribeye in the breed's top percentiles. His son, SAV Quarterback 7933, was selected by Genex AI Stud and partners as a performance headliner and top-selling feature of the 2018 SAV Sale.

His powerful dam, SAV Blackcap May 5530, records a weaning ratio of 108 on 5 calves. She has distinguished herself as an outlier in the Angus breed for her combination of muscle and maternal and has assembled a production record that few could hope to achieve. She reigns among the three top income-producing cows in SAV history with \$2 million in receipts on 112 progeny averaging \$18,214 in past SAV sales to cowmen in 21 states, Canada and Brazil. She has 31 daughters retained in the SAV herd and multiple herdsire sons to her credit.

Regard is featured in the 2021 SAV Sale with his progeny and influence.

SAV Madame Pride 1134#

Dam's WR 8/105

SAV Madame Pride 9100

- Rancher-approved flush brothers with tremendous thickness, muscle, capacity and pounds in a rugged-built, structurally-sound package – built and bred to work in ranch country. They are like peas in a pod and if kept together would cover a large set of cows and produce a uniform and predictable calfcrop. Full siblings were highly favored lots in the 2020 SAV Sale.
- A maternal brother, SAV Ten Speed 3022, is the top-selling bull from the 2014 SAV Sale featured at Genex AI Stud where he is a widely-used, industry-proven sire.
- Their phenomenal Pathfinder dam by Bismarck represents one of the all-time greatest cows to ever walk SAV pastures, based on both phenotype and production. She is a herd favorite – feminine, capacious and perfect-uddered with beautiful body type. She balances a progeny birth ratio of 94 with a weaning ratio of 105 on 8 calves and a progeny IMF ratio of 104 on 18 progeny scanned. Eight daughters are retained in the SAV herd and 34 progeny highlighted past SAV sales to cowmen in 14 states and Canada.

SAV MADAME PRIDE 1134

- Genetic trendsetters with top-of-the-breed performance, maternal and carcass genetics to lead the industry. They present a landmark opportunity to access the identical mating that created the \$160,000 SAV Quarterback 7933, one of the Angus breed's all-time greatest performance sires and major headliner at Genex AI Stud. These brothers are dominating in structure with extra size and growth, along with the perfect blend of muscle and maternal. They boast EPDs for weaning and yearling weight, ribeye and carcass weight in the breed's top percentiles. A full sister is tied with their dam as the #1 weaning EPD cow in the SAV herd.
- Their majestic dam is a herd-favorite with stellar phenotype and high level milk production. She takes honors as the #1 weaning EPD cow in the SAV herd and all-time greatest daughter of Final Answer. She has 13 daughters employed in the SAV herd, 24 progeny in this sale and 24 progeny featured in SAV sales, including the #1 ribeye and second top-selling female in the 2020 SAV Sale.

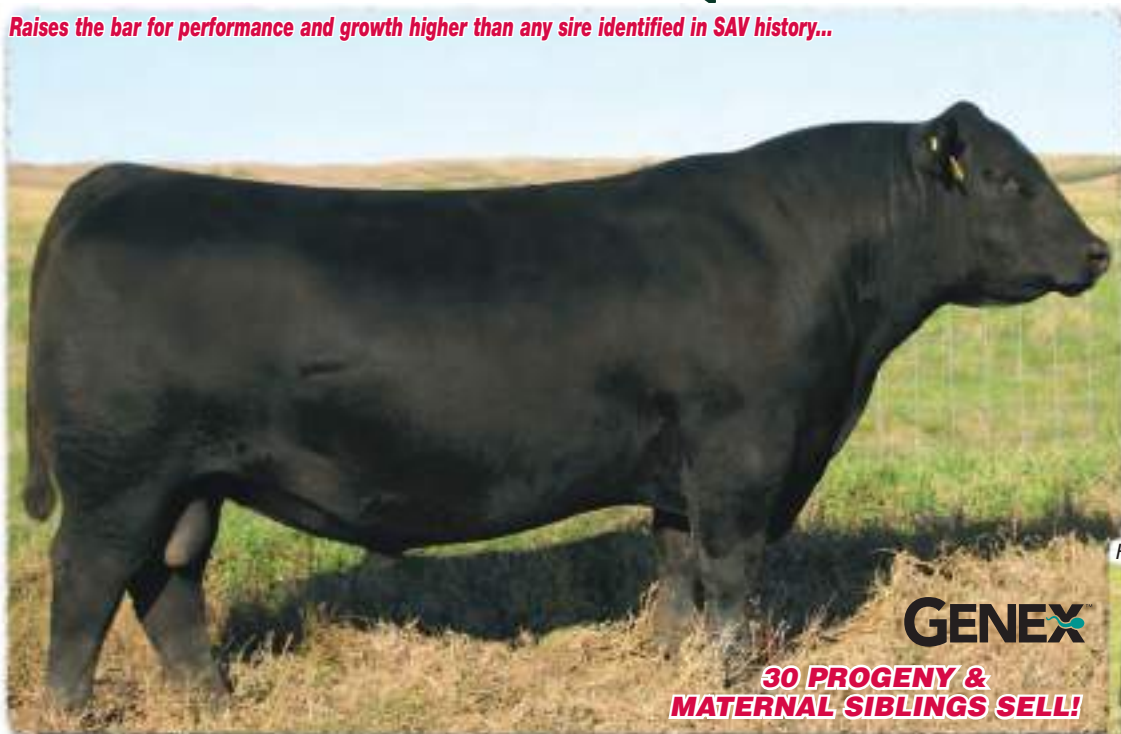

SAV BLACKCAP MAY 7831

Full sister to Quarterback and lots 376-379.

SAV Reference Sire - SAV Quarterback 7933...

Raises the bar for performance and growth higher than any sire identified in SAV history...

30 PROGENY & MATERNAL SIBLINGS SELL!

"Should have another awesome set of SAV replacement heifers here next year. Quarterback calves are leaving everything else in the dust for growth. Even the calves off our poorer cows look good out of him. True test of a good bull."

- Abe Kuck

His dam

SAV BLACKCAP MAY 3525

#1 weaning EPD cow in the SAV herd and all-time greatest daughter of Final Answer. She is an SAV headliner donor with 24 progeny selling in this event.

SAV MAY 2397

Prolific Pathfinder and fourth top income-producing cow in SAV history with \$2 million in direct progeny sales and 33 daughters retained in the SAV herd, including 4136, 8961, 1782, 1808 and 3525.

BIRTH	+4.2	WEAN	+98	MILK	+16	YEARLING	+151	SCROTAL	+1.08
-------	------	------	-----	------	-----	----------	------	---------	-------

SAV Quarterback 7933 raises the bar for growth and performance higher than any sire identified in SAV history and boasts proven EPDs for weaning and yearling weight in the breed's top 1%. He was selected by Genex and partners as the #1 weaning and yearling EPD bull in the 2018 SAV Sale where he posted a 205-day weight of 1095 lbs., a 365-day weight of 1782 lbs. and a 365-day ribeye of 18.1 inches with a yearling scrotal of 44 cm. He is a big, powerful bull with extra frame, length, growth and pounds - a true breed changer!

The phenomenal dam of Quarterback is the #1 weaning EPD cow in the SAV herd and a maternal centerpiece with beautiful body-type, femininity and udder quality. She has 24 progeny averaging \$18,333 in past SAV sales, including the #1 ribeye and second top-selling female in the 2020 SAV Sale. She is a daughter of the prolific Pathfinder SAV May 2397, and a maternal sister to the legendary SAV Blackcap May 4136.

Quarterback consistently delivers progeny that are dominating for frame, length, growth rate and sheer pounds when they cross the scale. He sired eight of the first nine lead-off bulls in the 2020 SAV Sale and the two top weaning heifers of the 2019 natural calfcrop.

The 2021 SAV Sale features progeny of Quarterback and 24 maternal siblings!

SAV BRADY 9655

This Quarterback son was selected by Roger Schwartz as a top-selling feature of the 2020 SAV Sale.

SAV MAYFIELD 9654

This Quarterback son was selected by Larry Jacobsen as a top-selling feature of the 2020 SAV Sale.

SAV WENTZ 9651

This Quarterback son was selected by Roberts Angus as the second lead-off bull in the 2020 SAV Sale.

SAV Heisman 0344 - Quarterback delivers...

"We got to see some SAV bred animals for the first time this past Monday at Windy Hill Angus and came away really impressed. Loved those Quarterback calves!"

-------	------	------	-----	------	-----	----------	------	---------	-----

SAV Ajax 8885 is a real stock bull with outlier thickness, muscle-shape, bone and power – rugged-built for the ranch world. His first progeny follow the mold of their sire – stamped with stoutness and substance. Ajax was selected by KT Ranches as a \$75,000 top-selling feature of the 2019 SAV Sale where he recorded a 205-day weight of 1014 lbs. and 365-day weight of 1539 lbs.

His Pathfinder dam, SAV Emblynette 2369, is unmatched in the breed for phenotype, performance and production. She ranks as the #1 beef value, #2 marbling and #2 carcass weight cow in the SAV herd. She is the #1 205-day weight and marbling female of her calf crop and records a progeny IMF ratio of 132 on 22 progeny scanned. She has tallied \$1.5 million on 25 progeny averaging \$59,800 in past SAV sales, including the top-selling females in each of the past two SAV sales. Her herdsire sons include Emblem, Ajax and Dewdrop, as well as SAV Bloodline 9578 who was the lead-off and \$250,000 top-selling bull in the 2020 SAV Sale.

The 2021 SAV Sale features 22 powerful first progeny of Ajax and 15 maternal siblings!

His sire

SAV CUTTING EDGE 4857

Phenotypic powerhouse and \$260,000 second top-selling bull from the 2015 SAV Sale.

At Schaff Angus Valley nothing is more rewarding than involving and helping the next generation...

Powerhouse flush brothers by Ajax from SAV Blackcap May 3525...

"I loved the genetic work behind this herd and will miss my travels to seek out the best genetics from Schaff Angus Valley in Saint Anthony, North Dakota. Along the way, I met Kelly Schaff and Bob Watkins who mentored me and introduced me to some of the finest Angus cattle in the United States. Most of the bloodlines used in this herd are from Schaff genetics, which have worked very well for Trails End."

- A big, rugged-built bruiser with extra size, scale and substance – the rancher's kind. Take advantage of the extra birth weight – it will show up in the stoutness and performance of his calves.
- His powerful dam by Resource is a brood cow supreme – the kind you want in the front pasture. She is a maternal sister to the world-record-selling America.
- His grandam is the maternal matriarch, SAV Madame Pride 0075.

Congratulations to Kourtney on her Supreme Champion Female at the 2020 Morton County 4-H Achievement Days and Morton County Fair. Special thanks to Starion Bank for their support of the Morton County 4-H program. 171

- An April Ajax bull with thickness, muscle, stoutness and extra substance of bone – rugged-built for the ranch world. He is intensely linebred for genetic potency and predictability.
- His moderate, nice-uddered dam by Cutting Edge is beautifully-designed and featured on the cover of a past ST Genetics Sire Directory.
- His grandam by Density is a model of efficiency with stellar udder quality.

-------	------	------	-----	------	-----	----------	------	---------	-----

SAV Cut Above 6271 is the \$175,000 top-selling Cutting Edge bull from the 2017 SAV Sale where he was a crowd favorite for phenotype, performance, maternal value and carcass merit. He earned a 205-day weight of 984 lbs., 365-day weight of 1573 lbs., 365-day ribeye of 18.4 inches and an IMF ratio of 143. Cut Above presents worlds of shape, substance and style with added growth, superb structure and perfect feet. His sons have tremendous appeal to commercial cowmen looking for extra stoutness, shape, substance and power.

His heavy-milking, Pathfinder dam by Density is an outstanding producer and records a weaning ratio of 105 on 11 calves. She has four daughters retained in the SAV herd and multiple top-selling progeny in past SAV sales including the \$60,000 SAV Bulletproof 0032 at Accelerated Genetics and the \$30,000 SAV Ripped 8304 at Sunderland Ranch.

"Cut Above calves look wonderful." - Steve Kassian

+5.5	+74	+29	+126	84	949	+280	1551	4.25

- A high caliber, high performance herdsire prospect with growth, gain and a maternal advantage - recommended to ranchers who sell their cattle by the pound and keep replacement heifers. He is the third top milk EPD bull in the offering.
- His phenomenal outcross dam is the #1 weaning and yearling weight female of her calf crop and #1 carcass weight cow in the entire SAV herd. She comes from a power-packed flush that included multiple top-sellers and the two heaviest 365-day weight bulls in the 2019 SAV Sale.
- His powerhouse Pathfinder grandam by Net Worth records a weaning ratio of 108 on 8 calves. She has 16 daughters retained in the SAV herd, 20 progeny in this sale and 76 progeny highlighting past SAV sales.

Cut Above bulls for the cowman

"I remember seeing Sensation at North American Breeders when he got there. He hadn't been there very long. Good looking then and phenomenal looking now that he is grown up! Thanks for your all's amazing breeding program! I saw him, International, Pedigree, Harvester and several others there. Powerful bulls!"

- Triple-feature flush brothers creating a phenomenon of excitement and opportunity, from the blending of the rare and valuable outcross blood of Scale Crusher with the elite matron SAV Blackcap May 1420. The are dominating performance bulls with incredible muscle, mass and power, matched with extra ribeye, large scrotal, docility and feet quality – the total package. SAV Certified 0849 leads the flush as a special favorite of his entire calfcrop. He is phenotypically flawless with sky-is-the-limit potential to impact the breed.
- Maternal brothers include SAV Landmark 9148 who is the \$100,000 third top-selling bull in the 2020 SAV Sale, as well as SAV Intense 4304 and SAV Landfall 9090 both featured at ST Genetics.
- Their remarkable dam is a leading member of the same historic flush that produced Resource. She is a stellar producer with unmatched femininity and maternal quality, selected by KT Ranches as the lead-off cow in the 2019 SAV Sale. Six daughters are retained in the SAV herd and 19 progeny highlighted past SAV sales.

SAV BLACKCAP MAY 1420

Dam of lots 400-402 pictured on the front cover of the 2015 SAV Sale book with her son, SAV Intense 4304, who was selected by ST Genetics as the record 365-day ribeye bull in SAV history at 20.6 inches.

Scale Crusher is a proven breed treasure with unmatched ability to transmit modest birth weight with massive performance, muscle, length, gainability, docility, scrotal size and exceptional daughters – a one-of-a-kind sire. Scale Crusher stacks three generations of highly proven Pathfinder sires and comes from a time-tested Pathfinder dam who balances a birth ratio of 93 with a weaning ratio of 108 on 10 calves and represents nine generations of performance breeding in the Marcy herd where Scale Crusher sons have been the top-selling sire group for six years.

Scale Crusher is now-deceased and semen inventories are depleted. He is truly in a league of his own, proving to be a phenomenal outcross in the SAV program. This sale offers a rare opportunity to acquire his valuable outcross progeny – among the most powerful we have ever offered.

- Seven sensational flush brothers featured as lots 403-409 represent a milestone breeding achievement from the blending of the versatile outcross blood of Scale Crusher with the proven matron, SAV Blackcap May 1416. They have garnered tremendous interest with their outcross calving-ease potential, massive dimension and scale-crushing performance, matched with exceptional ribeye, scrotal size, docility and foot quality. Seeing is believing; they have awestruck all who have viewed them and are on the radar of the Angus world.
- Their front pasture dam walks with the best in the breed and is a leading member of the same historic flush that produced Resource. She has assembled an amazing production record with 17 progeny highlighting past SAV sales to cowmen in seven states and Canada, including SAV Expertise 7028 who is the second lead-off bull of the 2018 SAV Sale featured at Genex AI Stud.

SAV BLACKCAP MAY 8552

2-year-old maternal sister to lots 403-409, selected by Montana Ranch as a feature of the 2019 SAV Sale.

One of the strongest flushes in Angus breed history - Lots 403-409...

"Kelly, it was a bucket list trip to come up for sale day. The cattle looked incredible. It's easy to see why your sale is the best in the world. The hospitality was second to none! It was great seeing everyone and catching up. The 3 heifers I was able to bring to Tennessee have made themselves right at home! I couldn't be any happier with them. Thanks for an amazing trip and experience! Looking forward to making the trip back up."

• Lots 403-409 represent an outcross formula for success from the blending of the rare and valuable blood of Scale Crusher with the proven herd matron, SAV Blackcap May 1416. They have captured the interest of the Angus world with their outcross calving-ease potential, blended with massive dimension, outlier muscle shape and scale-crushing performance, along with stellar ribeye, scrotal size, docility and feet quality. They check all the boxes.

• A maternal brother, SAV Expertise 7028, was selected by Genex AI Stud and partners as the \$100,000 second lead-off bull from the 2018 SAV Sale.

• Their front pasture dam is a herd-favorite and leading member of the historic flush that produced Resource. She walks with the best in the breed and has assembled an amazing production with 17 progeny headlining past SAV sales to cowmen in seven states and Canada. She has four daughters retained in the SAV herd and multiple herdsire sons to her credit.

• Their legendary grandam, SAV Blackcap May 4136, is the Angus breed's most influential genetic contributor and top income-producing cow.

Outstanding outcross options by Scale Crusher x SAV Blackcap May 1416...

"Here is that big motor EPD I was talking about. Most of these steers are by a son of International x Resource/ Net Worth. The two loads that went previously graded 100% Choice or higher. The steers converted better than any cattle in that yard the entire year. Excited for what SAV Bonanza and SAV Ajax will do."

- Col. Matt Lowery

SAV IMMENSE 7467

Maternal brother to lots 403-409 selected by Leach Angus Farm as a top-performing bull from the 2018 SAV Sale.

SAV LINEMAN 7075

Maternal brother to lots 403-409 selected by Star Creek Angus as a feature of the 2018 SAV Sale.

"I picked up the lot 562 heifer last night. Driver was right on time and was great to work with. We are more than pleased. When she stepped off the trailer, my son Jason said 'I would like to see the others that sold before her/for more than her!' That pretty much describes our thoughts about the experience. We are excited to have her, and putting her into production. Additionally, we look forward to a visit to North Dakota and building a relationship moving forward. Again, thanks for all your efforts on our behalf!"

SAV Blackcap May 3501
Dam's WR 6/104

SAV Blackcap May 4136
Grandam's WR 4/111

- Recommended for heifers. Versatile outcross calving-ease options from the blending of the rare and valuable blood of Scale Crusher with SAV Blackcap May 3501. They bring calving-ease, performance, maternal, ribeye and curve-bending EPDs together in perfect harmony, to a fresh pedigree that is employable to most bloodlines.
- Their phenomenal dam is a full sister to Resource, Renown and Recharge. She is the third top ribeye cow in the SAV herd and flawless in terms of femininity, body-type and maternal quality – one of the best to ever walk SAV pastures. She has ten daughters employed in the SAV herd and 19 progeny highlighting past SAV sales to cowmen in ten states, Canada and Brazil.

SAV TECHNIQUE 5120

- Recommended for heifers. Power-in-the-blood brothers with serious herdbull potential from the blending of the valuable outcross blood of Scale Crusher with the elite Pathfinder, SAV Blackcap May 4563. They offer an outstanding genetic and visual package with profit-driving potential and outcross options for many pedigrees. They have a strong maternal advantage, ranking as the second top milk EPD bulls in the entire offering. Imagine how they could transform your calfcrop and redesign your cowherd.
- Their elegant, maternal-oriented Pathfinder dam records a weaning ratio of 105 on 3 calves and was selected by Sunderland Ranch as the top-selling cow from the 2020 SAV Sale. Two daughters are retained in the SAV herd and another sold in the 2018 SAV Sale for \$9000 to Clark Hill Farms.

- Recommended for heifers. An early standout, calving-ease bull with masculinity, muscle, moderation and authentic Angus type. He has a soft-made, easy-fleshing appearance and will be the type of bull that looks as good returning home from the pasture as the day he was turned out.
- His powerful 2-year-old dam by President has a perfect udder with abundant milk.
- His productive grandam is a model of efficiency and leading member of the same historic flush that produced Resource. She has 15 daughters retained in the SAV herd and 30 progeny highlighting past SAV sales to cowmen in eleven states and Canada.

Thank you to all friends, customers and supporters of Schaff Angus Valley!

Sinclair Emulation XXP is the ultimate product of years and generations of strategic genetic selection, intensely linebred to the proven Pathfinder Sire, N Bar Emulation EXT, who is the most widely used sire in breed history. XXP is a valuable breeding tool reintroducing the best of the Emulation line of cattle that has led the industry for fertility, longevity, udder and feet quality for decades. His Pathfinder dam has a strong herdbull-producing track record and Pathfinder grandam is a maternal sister to N Bar Primrose 2424.

XXP progeny include the \$800,000 SAV Elation 7899, the \$100,000 SAV Expertise 7028 at Genex Stud and the \$65,000 SAV Extension 6856 at ST Genetics. His daughters in production have high quality udders and will be his legacy. The progeny and influence of XXP are represented in this sale.

- Foundation material and sale headliner with linebred intensity, carrying a double-shot of both SAV Madame Pride 0075 and SAV Blackcap May 4136 in her immediate pedigree – the future is bright!
- Her awesome 2-year-old dam by President is extra feminine with abundant milk flow and impeccable udder quality. She is a full sister to the \$22,500 SAV Executive Chief 9563, who was selected by Joe Bandura from the 2020 SAV Sale where he scanned a 365-day ribeye of 17.6 inches.
- Her maternal grandam, SAV Madame Pride 0412, is a sixth generation SAV embryo donor and the \$35,000 lead-off cow in the 2020 SAV Sale to D Lazy T Ranch. She has 12 progeny averaging \$13,354 in past SAV sales and eight daughters retained in the SAV herd, including SAV Madame Pride 3304.

"Our sincere appreciation for the excellent tour of SAV. We felt the resiliency, enthusiasm, drive and passion seeing the breeding of the highest degree in the Angus breed. Your backgrounding and experience of the Angus breed and pedigrees is invaluable to your customer base. You clearly understand what it takes to breed, build and develop the correct Angus beast for long term longevity and profitability."

As we toured each range pasture your matron cow herd was superb in areas of consistency and uniformity. Angular phenotypic design with femininity, with a superb amount of rib shape and immaculate udders with small teats was the consistent norm. We had never been exposed to so many excellent Angus matrons in one herd visit. We did not see one questionable individual on soundness of feet and legs. We only viewed sound-footed correct cattle that were free on the move and flexibility in their skeletal design. The generations of focused selection at SAV was very evident. The management and very strong health level of your herd was also very evident with the slick hair coats, clean dry eyes, gentle docility and temperament of attitude of the complete herd. It was very easy to see that your cattle enjoy a life of long-term production.

The opportunity to see SAV America 8018 and SAV President 6847 was so impressive. We were allowed to view a potential new blazing star junior herd sire that you call SAV Bloodline. His sire potential could again turn another page in building improved Angus for SAV and the breed."

- Bob & Dale Naylor

- Herd-building unit of replacement quality flush sisters with an exciting pedigree blending of the Madame Pride, Blackcap May, Emblynette and Abigale cow families all wrapped up in one package – expect a productive and profitable future ahead.
- Their powerhouse dam is the #1 yearling weight female of her entire calfcrop and a sixth generation SAV embryo donor. She sold for \$35,000 to Silver Bit Angus where she now serves as a cornerstone donor and foundation female. She is a flush sister to the herd treasures, SAV Madame Pride 5809 and SAV Madame Pride 5810.
- Their grandam is the maternal matriarch, SAV Madame Pride 0075, who garnered \$5.3 million in receipts on 161 direct progeny in past SAV sales and has 41 daughters retained in the SAV herd.

"We got the heifers home yesterday and were impressed!!! I was really, really impressed!!! Love the 718 heifer – keep her in mind of what type of heifers that I like for next year!!!! Thanks a million."

- Doug Harsh
Dusty Prairie Ranch

- Cream always rises to the top and daughters of SAV Emblynette 2369 are the cream. These fantastic flush sisters are extra feminine and deep-bodied with an unmistakable maternal design. They are the #1 marbling and carcass weight females in the offering with top EPDs across the board – will make major contributions to the industry. Flush brothers are featured as lots 280-287.
- Their phenomenal Pathfinder dam is unmatched in the breed for phenotype, performance and production. She is the #1 205-day weight and marbling female of her calf crop and ranks as the #1 beef value, #2 marbling and #2 carcass weight cow in the SAV herd. She has tallied \$1.5 million in receipts on 25 progeny averaging \$59,800 in past SAV sales, including the top-selling females in each of the past two SAV sales. Her herdsire sons include SAV Bloodline 9578, the \$250,000 top-selling bull from the 2020 SAV Sale, as well as Emblem, Ajax and Dewdrop.

SAV ELATE 0872

Flush brother to lots 550-553,
featured in this sale as lot 280.

SAV EMBLEM 8074

The \$175,000 second lead-off bull from the 2019 SAV Sale and superstar young sire. Maternal sisters sell as lots 550-553.

SAV AJAX 8885

Maternal brother to lots 550-553 selected by KT Ranches as a \$75,000 top-selling feature of the 2019 SAV Sale.

SAV BLOODLINE 9578

Maternal brother to lots 550-553. The \$250,000 lead-off and top-selling bull from the 2020 SAV Sale.

Monumental maternal influence from the breed-leading Pathfinder, SAV Emblynette 2369...

SAV EMBLYNETTE 8013

2-year-old full sister to Emblem and the dam of lot 554.

SAV EMBLYNETTE 7813

Dam of lots 555-559.

- A maternal centerpiece being shared as a major sale attraction - ready to anchor a donor program. This gorgeous brood matron is as feminine, angular, wedge-shaped, heavy-milking and productive as they come. She is a one-of-a-kind full sister to the \$135,000 SAV Abundance 6117 and uniquely combines low birth weight with exceptional ribeye and high milk. A daughter is retained in the SAV herd and another sold in the 2020 SAV Sale for \$9000 to Kieswetter Angus. A son highlighted the 2018 SAV Sale and another sells as lot 126.
- A full brother, SAV Abundance 6117, is a popular headliner at Genex AI Stud, selected as the \$135,000 featured lot 1 bull from the 2007 SAV Sale where he scanned a 365-day ribeye of 17.6 inches. He is being widely-used around the world and gaining momentum, coined as the second coming of Net Worth.
- Her productive dam earned a weaning ratio of 107 on 10 calves and has eight progeny averaging \$26,062 in past SAV sales with four daughters retained in the SAV herd.
- Her prolific grandam is a fourth consecutive generation Pathfinder, serving the SAV program past 21 years of age - a true testament to the longevity and productivity of the Emblynette family lineage.
- Safe to the \$230,000 SAV Territory 7225. Due 5/6/21.

- A great future ahead of them because of the cow power behind them. These flush sisters are equipped to bring longevity, fertility, productivity and staying power to your herd. Flush brothers are featured as lots 205-207.
- Their powerful and productive dam comes from five consecutive generations of Emblynette Pathfinders and is a full sister in blood to SAV Emblynette 2369. She was selected by KT Ranches as \$19,000 feature of the 2020 SAV Sale and has nine progeny averaging \$8055 in past SAV sales.
- Their Pathfinder grandam produced the \$80,000 SAV Mustang 9134 at Select Sires and continues in production at 15-years of age.

SAV RIVERBANK 0917

Flush brother to lots 572-573 earning a 205-day weight of 1072 lbs. He is featured as lot 205.

SAV EMBLYNETTE 1124

Pathfinder dam of lot 576.

SAV EMBLYNETTE 3522

Dam of lot 575 and flush sister to the new generation donor, SAV Emblynette 3520.

SAV EMBLYNETTE 7415

Fifth generation Pathfinder grandam of lots 572-575. She is the dam of the \$80,000 SAV Mustang 9134 at Select Sires AI Stud.

- An America attraction and performance standout. She takes honors as the second top-indexing heifer in the entire offering, earning a 205-day weight of 822 lbs. for a weaning ratio of 114. She presents EPDs for weaning and yearling weight in the breed's top 1%. She will produce the kind of performance bulls that commercial cattlemen demand and search for.
- A maternal brother in the 2020 SAV Sale was the #1 365-day weight bull at 1687 lbs. and sold for \$18,000 to Denny Topf.
- Her heavy-milking dam comes from five consecutive generations of Emblynette Pathfinders. She records a weaning ratio of 107 on 6 calves and has five progeny averaging \$9900 in past SAV sales.

- A front-runner in the performance race earning a 205-day weight of 816 lbs. to rank among the five heaviest weaning heifers in the offering. She is dominating in structure and powerful in her kind – worlds of natural thickness, muscle-shape, strong-hipped with extra stoutness and substance. Seven of the first eight dams on the bottom side of her pedigree have qualified as Pathfinders in the most competitive cowherd in existence. Flush brothers are featured as lot 209-210.
- Her powerhouse Pathfinder dam records a weaning ratio of 108 on 7 calves and has 10 progeny averaging \$12,100 in past SAV sales. She is a maternal sister to SAV Milestone 2312 at Genex AI Stud.

- An awesome Ajax daughter with explosive growth and performance – backed by generations of maternal power.
- Her perfect-uddered dam by Renown has two daughters retained in the SAV herd and should qualify as an eighth consecutive generation Emblynette Pathfinder.
- Her Pathfinder grandam is a maternal sister to the \$135,000 SAV Prosperity 9131 at Select Sires AI Stud. She has eight daughters retained in the SAV herd and 17 progeny averaging \$14,852 in past SAV sales. She currently serves as an anchor donor for Carlson Angus Ranch.

The SAV Emblynette family - established at SAV in 1946...

Beautiful brood matron with herd-building quality - major sale feature...

SAV EMBLYNETTE 5106 - LOT 578

"I'm from South Africa and a proud SAV Angus supporter, customer, breeder and follower. My benchmark is SAV due to the wonderful work you have done for generations with Angus genetics. I started with my first Angus cow 3 years ago and now have multiple daughters and sons of SAV International 2020 and SAV Sensation 5615. I have AI'd all my animals with SAV Renown 3439 this year. I can't wait to use semen from SAV President 6847 to grow my stud for generations to come. Again, very thankful for all the hard work you and your team do every day."

- Deon Bruwer
Bruwer Angus Stud, South Africa

- This beautifully-designed, feminine, functional female is balanced in both phenotype and numbers – a personal favorite with a productive career ahead.
- Her 2-year-old Charlo dam is loaded with all the best Angus characteristics – super-fronted, soft-made, moderate and sound with an ideal udder.
- Her second generation Pathfinder grandam is a pinnacle of performance and maternal value. She earned weaning ratio of 108 on 8 calves and has 76 progeny averaging \$13,760 in past SAV sales with 16 daughters residing in the SAV herd.

- An amazing America opportunity... Five fantastic flush sisters who bring front-and-center the most sought-after genetics in the Angus breed. Their pristine pedigree blends the maternal matriarch SAV Madame Pride 0075 with a double dose of the legendary SAV Blackcap May 4136 – proven, predictable cow power beyond compare! Powerhouse flush brothers are featured as lots 54-64.
- Their front-pasture dam walks with the best in the breed and is from the same historic flush that produced Resource. She has assembled an amazing production record with 17 progeny averaging \$22,100 in past SAV sales, including the \$100,000 SAV Expertise 7028 at Genex and the \$50,000 SAV Constitution 8054 at Hilltop Angus.

SAV BLACKCAP MAY 1443

Dam of lots 649-650.

SAV CONSTITUTION 8054

Maternal brother to lots 643-648 selected by Hilltop Angus as a \$50,000 top-selling feature of the 2019 SAV Sale where he was featured on the front cover.

SAV EXPERTISE 7028

The \$100,000 second lead-off bull from the 2018 SAV Sale featured at Genex AI Stud. Maternal sisters sell as lots 643-648.

- Performance speaks loudly and this America heifer makes a bold statement. She earned a 205-day weight of 768 lbs. for a weaning ratio of 106, earning her position among seven top-indexing females in the offering and sporting EPDs for weaning and yearling weight in the breed's top percentiles.
- Her super-fronted, nice-uddered 3-year old dam by Resource comes from five consecutive generations of SAV embryo donors. A daughter sold in the 2020 SAV for \$4000 to C2 Livestock.
- Her high-octane Pathfinder grandam has 12 progeny averaging \$10,916 in past SAV sales and has sons featured as lots 346-347.

SAV ERICA 0242

Pathfinder grandam of lot 682.

SAV ELBA 2536

Maternal grandam of lot 681. The \$65,000 top-selling cow in the 2018 SAV sale.

SAV ROSETTA 5171

Pathfinder dam of lots 683-684.
