SALE ORDER: Cattle sell in catalog order. Buyers are invited to come to the ranch early and view the sale cattle.

DELIVERY & VOLUME DISCOUNT:

- Bull buyers who haul their own on sale day or the day after receive **\$100 off** bull purchases. Notify clerks at check out.
- Volume discount of **5% off** purchase price on 5 bulls or more.
- Volume discount of **10% off** purchase price on 20 bulls +.
- Bulls will be delivered within a 500 mile radius free of charge.
- Hauling of females is the buyer's responsibility.

CALVING EASE RATING:

***** 5 Star bulls, double-digit CED and zero or less for BEPD.

**** 4 Star bulls, Top 50% CED and a BEPD of 1.0 or less.

*** 3 Star bulls, suitable for large heifers, BEPD 2.0 or less.

HEALTH & FERTILITY:

**All sale cattle have had 8 Way, 3X (birth, branding & weaning). Vista Once two times (branding & weaning). Pink Eye vaccine and De-wormed 3X.

**Bulls were vaccinated with Fusogard for foot rot 2X.

**Bulls are freeze branded with their identity and have an EID ear tag.

**All females are calffood vaccinated for Brucellosis.

**All bulls have passed a thorough Semen/Breeding Soundness Evaluation by Dr. Marty Bennett, DVM.

**All bulls sell with a negative Trich test or a Certificate of Virginity. Bulls selling to states requiring Trich Tests will be tested and delivered after the completion at no cost to buyers.

**All cattle have been BVD-PI3 tested negative.

**All registered cattle in the sale known to be potential carries for AM, NH, CA, D2, M1, DD, OH or OHP have been tested free or are otherwise noted.

GUARANTEES:

- **Sight Unseen Guarantee.** If you call us ahead of the sale, we will work diligently to match the bulls/females to your operation. Your satisfaction will be guaranteed.
- **First Breeding Season Guarantee:**
- All bulls selling for \$3000 or more will be covered 50% by Spring Cove Ranch if they are injured during their first breeding season.
- Breeding season is defined as the 90 day period following the first turnout of the bulls.
- ½ of the purchase price less the salvage value, if any, will be credited to the buyer in a future sale or toward a replacement bull if one is available. All claims must be made by September 1st, and accompanied by a statement from a veterinarian.

ICA MEMBERS DISCOUNT:

Buyers who are members of the Idaho Cattle Association will receive a \$50 discount on each bull purchased costing \$3000 or more. ICA Rep will be at the sale to sign up new members and take membership renewals.

NEW this year ! EPDs in this book that are breed average or above are shaded tan.

EPDs in green text are in the top 25% of the breed or better.

67% of the bulls in this offering earned the Certified Angus Beef Targeting the Brand Logo Posting Marbling EPD's of +.65 or more and \$G of +55.0 or better.

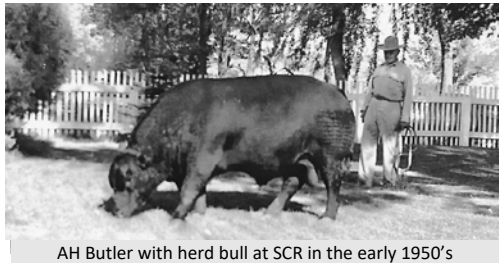

TERMS AND CONDITIONS: Cattle sell under the Terms and Conditions of the American Angus Association. **RETAINED INTEREST:** We are retaining 1/3 revenue sharing interest in all the bulls. Possession and salvage value is 100% the buyers's unless otherwise stated. If we choose to collect semen, it will be done at the buyer's convenience and our expense. All announcements from the auction block will take precedence over statements in the sale book.

Welcome to the Sale

To our Customers and Friends,

We are proud to present to you our culmination of 105 years of progressive Angus cattle breeding. Our ranch was grubbed out of sagebrush, along the Oregon Trail in Idaho in the early 1900's by Grandfather A.H. Butler who settled this dry, rocky, 8 inch annual rainfall desert in 160 acre Homestead Act parcels. He raised, sold and showed Percheron draft horses and registered Angus cattle across the west and his descendants have continuously raised registered Angus cattle on that same land since 1919.

AH Butler with herd bull at SCR in the early 1950's

1920, Art's grandfather, AH Butler plowing the field north of the house we live in today. Art's Dad, Doran Butler, on riding on Jumbo's back.

Each breeding decision beginning with grandfather, father and now us and our children and grandchildren has been made with the intention of improvement. Improvement of fertility, improvement of structure, improvement of udder quality and improvement of performance has always been our goal. The convenience traits of the Angus breed that my grandfather recognized in the first year he owned Angus cattle have always been of utmost importance. Traits that keep us all in business like calving ease, mothering ability, range-ability and moderate mature cow size.

Stacy and I have deliberately tried to add marbling genetics to our cattle since the mid 1980's. After the first Beef Quality Assurance Audit came out in the early 90's we put more emphasis on it. We do all this while managing the herd much like commercial cattle ranchers do in our region. We don't try to maximize size or performance. We believe cattle need to fit the environment they run in and ours is arid, rocky and making form and structure imperative.

The Angus cow has provided a living for this family for 105 years and she continues to amaze us with her tenacity and endurance. Maternal instincts and calves that get up and go are imperative for survival in our western range outfit.

We feel it's imperative to personally evaluate each young sire purchased and AI sires used. This gives us confidence that they meet our criteria for phenotype and possess the genetics to fit our western environment. We strive to improve form, function, durability and profitability with each and every mating decision.

We proudly produce Angus bulls for commercial ranchers who need functional genetics that excel in carcass merit, calving-ease and maternal values. It's imperative that the genetics we introduce to our herd, and to your herd, meet strict criteria for phenotype and possess the genetics to fit our western environment.

The bulls and heifers in this sale, along with their dams, were raised "outside" and under the same western range conditions that many of you deal with.

The bulls are developed at Spring Cove Ranch on a roughage diet with a minimum amount of grain. We strive for maximum fertility and longevity, not maximum performance. This allows adequate growth yet keeps the bulls sound and functional and able to work and last in rough environments.

We use all available tools to make our breeding decisions. DNA, performance, visual trait appraisal and EPD's but in the end **our goal is to make cows that keep us all in business.** We avoid extremes and look for balance.

Josh, Wyatt, Harvey, Will & Denise Mavencamp
Spring Cove Ranch & Mavencamp Livestock

AngusGS genomic DNA tests have been done on all of the animals in this offering and on every calf born at Spring Cove and Triple L for the past 9 years. We've accumulated generations of data on over 6000 head and have contributed to the greater AAA database. This genomic information and performance data has been incorporated into the EPD's and increases their accuracy and reliability. We've done our job of getting the performance data reported in the proper contemporary groups and the DNA testing done so parentage is verified and the EPD's in this book are a real-time, current expression of the animal's potential. The genomic data is like having the accuracy equivalent of 10 to 15 progeny from each individual. We use it as a tool in our attempt to increase the predictability of the genetics we sell.

Our 2024 offering is strong throughout the book. We have a great selection of heifer bulls, growth bulls, marbling bulls, and bulls that will leave behind daughters who will thrive in harsh environments and most of the bulls combine all these traits. You will find a bull for every budget. The registered and commercial females offered this year are from the heart of our very best cow families.

All the bulls in the sale have been fertility tested, trich tagged and examined by Dr. Marty Bennett, DVM, and have also tested negative for BVD-PI. Scrotal measurements will be available on a supplement sheet on sale day. Please note the "Calving Ease" score for the bulls, printed next to the name of each qualifying animal. Calving ease bulls have been given a 3 to 5 star rank. "5 Star" bulls are considered competitive with a Longhorn without sacrificing growth, color or horns. "4 Star" bulls still possess exceptional calving ease potential, and "3 Star" bulls are still suitable for heifers with discretion. These ratings are based on genetics, genomics and our knowledge of the cow families and our assessment of the data for the individual, the dam and the sire.

We have added PAP EPD's to the catalog this year. This new EPD is a tool to increase the environmental adaptability of cattle living at higher altitude. Breed average for Non-Parent bulls for PAP EPD is +1.24. This EPD will get more accurate as more data is submitted. If you run at high elevations, bulls with lower PAP EPD will suit you best. You can find all EPDs, percentiles and \$Values on every lot by entering their registration numbers at www.angus.org.

Please feel free to call us if you have any questions about the sale cattle. Videos will be posted on our website after March 1st.

Regards to the Bunch, *Art and Stacy Butler*

CROSSFIRE was the high-selling bull at our 2021 sale at \$120,000 to Triple L Angus, T/D Angus and Sitz Angus. He saw AI use in all 4 herds and pasture use at Sitz Ranch and his dam, who has earned her way into our donor pen, continues to build an impressive production. A maternal brother to Crossfire, Spring Cove Legacy, sold in our 2020 sale to Grimmus Cattle Co for \$55,000 and is a featured sire in their bull battery. Crossfire is proving to be a calving ease and marbling sire. You will like the depth, function and consistency of his calves. 12 Crossfire sons sell in this offering.

CROSSBOW is sired by the balanced trait, Sire Alliance leader "Broken Bow" and was the high-selling bull at \$20,000 in our 2015 sale going to ABS Global. His pedigree is an efficient blend of calving ease, growth and maternal and is complemented by his very correct structure, big top and extra rear muscle expression. CROSSBOW progeny will lower birth weight, improve carcass weight and marbling, while maintaining growth and maternal efficiency. His daughters are easy fleshing, moderate, and maternal with excellent udder quality and look much like the "702" daughters. Crossbow is seeing widespread use in commercial heifer projects due to his ease of calving and vigorous calves. Crossbow is the sire of Spring Cove Compound 12E who is a turnkey calving ease and marbling sire at Select Sires, and the sire of Spring Cove Crossfire 26H, the \$120,000 high-selling bull at SCR. CROSSBOW semen is available through ABS Global. Owned by Spring Cove Ranch and ABS Global.

RENO was the high-selling bull at our 2015 bull sale going to David Rutan, Morgan Ranches of Jordan Valley, Oregon. He was used in their commercial herd AI and natural and then returned to Spring Cove Ranch for pasture service as a yearling and a 2-year-old. ST Genetics purchased RENO from Morgan Ranches and, due to his untimely death, there is limited semen available. Reno's flawless phenotype, powerful maternal pedigree and EPD profile are elite and have caught the attention of performance breeders across the nation and he has been an excellent ambassador for our program. The fabulous Spring Cove Liza cow family, who produced Reno, traces to cows born at Spring Cove Ranch in the 1920s and his granddam, Liza 721, was in production at Spring Cove as a 14-year-old. RENO progeny will add growth and carcass quality while maintaining excellent maternal efficiency. 1 direct Reno son sells in this offering, and he is represented by multiple daughters and grandsons Mahan Woodrow F34, Select Sire's Yon Top Cut G730, and Baldrige Geronimo G354.

WOODROW is a maternal brother to BUBS Southern Charm AA31 out of Spring Cove Reno 4021. We purchased him from Mahan Angus at the 2020 NWSS Bull Sale in Denver. He has been used as pasture sire in both our spring and fall herds for four seasons now and we really like the shape, style, muscle and performance of his calves. He's an aggressive breeding bull with great libido and has super feet and legs. 15 sons of Woodrow sell in this offering. Woodrow is owned by Spring Cove Ranch, Triple L Angus and Mahan Angus.

FEAT was our choice of the 2021 Sitz Angus Ranch spring bull sale. We then sold one-half interest to Musgrave Angus in Illinois. His progeny are the highlights for each herd. Josh, Denise and Art thought he was easily the best bull they'd seen. He exhibits muscling, base width and depth in a flawless, and we mean flawless, skeletal design. His foot and leg structure is ideal. 30 Feat sons and 5 promising, easy-fleshing daughters sell in this offering. Owned by Spring Cove Ranch, Triple L Angus and Musgrave Angus.

ESSENTIAL was our choice in the 2022 Sitz Angus Ranch spring bull sale. Josh, Wyatt and Will took a cross country road trip in January of 2022 to find a herd bull. They traveled 4500 miles and found the BULL just 300 miles from home in Dillon, Montana. Josh, Denise and Sarah fought a bidding war with AI studs and purchased the high-selling ESSENTIAL for \$100,000, and he has been used heavily at Spring Cove Ranch and at Triple L Angus. We were looking for a high marbling, calving ease bull that had extra shape, muscle, style and a low PAP EPD. Essential met those requirements and immediately put-up excellent quality semen at World West Sires. He bred our fall herd in the pasture, and we leased him to Select Sires. You will find 58 sons and 3 daughters in this catalog. They are exactly what we intended them to be. Low birth weight cattle with excellent weaning and yearling EPDs, with outstanding marbling and low PAP EPDs. We are excited to show them to you. Essential is owned by Spring Cove Ranch, Triple L Angus and Sitz Angus.

ICONIC was bred by the Doug Booth family of Torrington, Wyoming. He offers the same great phenotype with additional growth and carcass merit as his sire, the highly regarded Musgrave 316 Stunner. Iconic is a unique blend of physical excellence and outstanding EPDs, making him an easy mating for so many breeding programs. He's an exciting young sire at GENEX and they say he defines Cow Sense & Science! 17 Iconic sons and 2 daughters sell in this offering.

• Lot 39 is a sleep-all-night 5 Star Calving Ease, posts a negative PAP EPD, Targets the Brand, and stems from the outstanding Spring Cove Carol cow family. We lost his dam, Carol 811, last year so each one of her ET calves is special and valuable. Note her excellent production record. Flush brothers to Lot 39 sell as Lots 143 and 213 and maternal brothers sell as Lots 85 and 86. Maternal sisters sold to NM, IA, and TX.

• Lot 59 is 5 Star Calving Ease bull who Targets the Brand. His sire, Yon Top Cut G730 (a RENO son), posts a Marbling EPD of +1.70 in the top 1% of the breed and it is reflected in his progeny. Lot 59's dam is a natural daughter of super donor, Spring Cove Carol 418. Note this bull's high Marbling EPD.

• Lot 61 Targets the Brand and posts a \$M in the top 1% of the breed. "Top Cut," the sire of this lot, is sired by Spring Cove Reno 4021 and carries on the Reno tradition of moderate, easy fleshing, maternal cows and marbling. Lot 61's dam stems from the famous Miss Wix cow family and is a donor at Flying P Livestock. Flush brothers sell as lots 31, 144, & 145.

75	724	ET	1178	ET	3-101 3-110 3-106

- Our Fall yearling offering begins with two of the best Feat sons we've raised to date. Lots 85 & 86 are flush brothers out of a fabulous Reno daughter, Spring Cove Carol 811, who is a granddaughter of Spring Cove Carol 418. We sold 1/2 interest in the 9-year-old Carol 418 to Trevor Curtiss from Parma, ID, at our fall female sale for \$46,000. A full sister to Lots 85 & 86, Spring Cove Carol 216 sold in the 2023 Foundation Female sale at the NWSS for \$17,000 to Reverse Rocking R Ranch, Maxwell, NM, who in turn sold 1/2 interest in her to Pine View Angus, Colesburg, IA. Another full sister to Lots 85 & 86 sold to the RA Brown Ranch and Brad Jones, both of Texas, and the grand dam of these two lots, Carol 655, is in production in the T/D Angus herd in NE. This powerful maternal pedigree has caught the attention of keen breeders from across the nation. We named Lot 85 and 86 after Generals Grant and Sherman in honor of their historic determination and grit. Our goal to breed cattle that work in our environment, make cows that last and steers that grade has taken that same grit, determination and discipline.
- Lot 85 is the kind we've been striving to build for over a century. We will use him extensively at Spring Cove Ranch and Triple L Angus. Like his sire, "Grant" has elite presence with added center body dimension and musculature. As we write this footnote we've collected "Grant" once and he has already froze 102 units. We will collect him again before the sale and 50% of the semen will go to the buyer with Spring Cove retaining the other half. Selling 100% interest and possession and retaining 500 units annually for in-herd use only.

ABOVE AVERAGE GOALS REQUIRE TARGETED BULLS

Aim High

The Targeting the Brand™ logo highlights registered Angus bulls with greater genetic potential to produce calves that meet the most challenging specifications of the Certified Angus Beef® brand.

Only 1 in 4 non-parent Angus bulls qualify.

Minimum Genetic Requirements

Marbling EPD (Marb)	+0.65
Dollar Grid Carcass Index (\$G)	+55.0

For more information on Targeting the Brand™ visit CABcattle.com.

MAKE YOUR CATTLE **STAND OUT**

You've made a significant investment in your genetics, but does the market recognize that? Stand out by differentiating your cattle with AngusLink™ programs: AngusVerified™ and the Genetic Merit Scorecard™. AngusVerified validates your calves are sired by registered Angus bulls and make your cattle stand apart from other black hides on sale day. The Genetic Merit Scorecard gives buyers the confidence they need to pay more for your quality calves.

Users of the AngusLink programs earn **\$13-15/CWT PREMIUMS** on average. Give us a call, and learn how to claim your competitive edge with AngusLink value-added programs.

The Genetic Merit Scorecard and AngusVerified are administered by IMI Global.
