Sight Unseen Purchase Guarantee
 Sale Day Phone - (406) 423-7500. Buyers unable to attend the sale may call or send their bids to any of the Representatives listed or directly to Stevenson Angus. We provide a complete satisfaction guarantee for cattle purchased in this manner. When cattle purchased "sight unseen" are delivered, the buyer can inspect the cattle. If they are not as represented, simply put them back on our truck.

Announcements
 Announcements from the auction block take precedence over any printed material.

Herd Health
 All cattle sell with proper interstate shipment health papers.

Delivery
 See our bull delivery policy on page 6. For all cattle purchased over the phone or through Superior, Stevenson Angus will be in contact following the sale to arrange delivery. Full payment required before delivery of cattle.

Accommodations

The following motels are located in nearby Lewistown. For reservations, contact either the Stevensons or the motel of choice.
 Yogo Inn 406-535-8721
 Calvert Motel 406-535-5411
 Super 8 Motel 406-538-2581
 B & B Motel 406-535-5496
 The Stumble Inn, Hobson 406-600-8079

Food

Complimentary lunch will be served sale day featuring "Stevenson Beef Brisket."

Inspection of Cattle

Our cattle are available for inspection at the Ranch any time.

Terms & Conditions

The cattle sell under the suggested terms and conditions of the American Angus Association.

Payment

Payment is due at time of sale and no livestock shall be delivered until payment is received in full or other arrangements are made in writing. In the event Seller incurs attorney fees and costs for collection of payment, Purchaser shall pay the purchase price, interest at the statutory rate and all costs and attorney fees for collection. Past due accounts will be subject to 2% interest per month.

Home of America's Longest Established Annual Bull Sale

Fellow Cattleman,

It is with great pride and appreciation that we invite you to our Spring Production Sale. Grandpa Jamie purchased his first Angus heifers 73 years ago, in 1947, and with that the start of Stevenson Angus Ranch. This will mark our 60th consecutive year of bull sales.

Years ago, our foundation cow herd was built to not only survive but thrive in the harsh winter conditions of Montana. They do, and you'll see that harvest come sale day. From experience, we can testify for cattle that live and perform or simply fallout. This sale offering is unlike any other presented before. You will notice several new and original sire groups. This transformation is the culmination of a disciplined breeding plan. Today's offering greatly emphasizes our goal for optimum balance, the mainstay criteria for our commercial customers. There is obvious attention to the measurable traits of calving ease, performance and carcass, however we are quietly most proud of the unmeasurable traits. The functional characteristics that you can't accurately stamp a number on. True performing cattle have got to be sound and athletic with good feet. They need to be easy fleshing with robust capacity and internal dimension. Longevity and fertility are ultimately critical and too often overlooked. Breeding cattle is both an art and a science and we strive to find that balance.

Our herd sire lineup has never been stronger. We've got a tremendous first time offering from several of our younger sires. Our up and coming junior sires are gaining national recognition with promise to have a big impact in the future. The program is well positioned moving forward.

We're extremely confident with this offering and certain you will be as well! We truly welcome your visit and appreciate your continued support and interest.

The family and crew of Stevenson Angus Ranch.

Keith Darrell Bob Jake

ANGUS^{GS}SM

Powered by Neogen GeneSeek

FOR ANGUS. BY ANGUS.

Created by Angus Genetics Inc. (AGI) and powered by Neogen GeneSeek, our sale cattle have been tested with the first DNA profile designed specifically for Angus cattle, Angus GSSM.

Each marker is intentionally chosen from the Angus genome to drive the Angus breed into the future. It offers maximum accuracy for genomically enhanced EPDs at great value. Testing heifer and bull calves ultimately allows you to reap the benefits of faster genetic gain in your commercial herd. With Angus GS, it's all about you, our customer.

Trait	Progeny Equivalents
Calving Ease Direct (CED)	26
Birth Weight (BW)	23
Weaning Weight (WW)	27

Carcass Ribeye (RE)	17
Carcass Fat (FAT)	14

Make Angus GS work for you at Angus.org/AGI/AngusGS or contact your Neogen GeneSeek representative at (402) 435-0665.

How to Read the Sale Lot Information

Expected Progeny Difference (EPD) is the estimate of how future progeny of each sire are expected to perform in each of the traits listed. EPD is expressed in pounds, either plus or minus. For example, when used on the same cows, calves sired by a bull with a +60 weaning EPD should average 10 pounds more than those sired by a bull with a +50 weaning EPD. EPDs are current as of catalog printing. Updated EPDs can be viewed at www.angus.org

Targeting the Brand™ logo highlights registered Angus bulls with greater genetic potential to produce calves that meet specifications of the Certified Angus Beef® brand. See page 37.

Calving Ease Direct (CED) EPD is expressed in percentage of unassisted births, predicting the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

Birth (BW) EPD is a predictor of progeny birth weight attributed to the parent.

Weaning (WW) and Yearling (YW) EPDs are predictors of the animal's ability to transmit weaning growth and yearling growth to its progeny.

Scrotal Circumference (SC) EPD, expressed in cm., is a predictor of the difference in transmitting ability for scrotal size compared to that of other sires.

Milk EPD is a predictor of an animal's genetic merit for milk and mothering ability.

Index values are expressed in dollars per head

Maternal Weaned Calf Value (\$M) predicts profitability differences from conception to weaning. Traits included: calving ease direct, calving ease maternal, weaning weight, milk, heifer pregnancy, docility, mature cow weight, claw set and foot angle.

Weaned Calf Value (\$W) is the expected average difference in future progeny performance for preweaning merit and includes both revenue and cost adjustments associated with differences in birth weight, weaning direct growth, maternal milk and mature cow size.

Feedlot Value (\$F) is the expected average difference in future progeny performance for post-weaning merit compared to progeny of other sires.

Grid Value (\$G) is the expected average difference in future progeny performance for carcass grid merit compared to progeny of other sires.

Beef Value (\$B) is the expected average difference in future progeny performance for post-weaning and carcass value compared to progeny of other sires.

Combined Value (\$C) is an index which includes all traits that make up both \$M and \$B. EPDs directly influencing a combined index: CED, CEM, WW, YW, Milk, HP (Heifer Pregnancy), DOC, MW, Angle (Foot Angle), Claw (Claw Set), DMI (dry matter intake), Marb, CW, RE, Fat.

Carcass Weight (CW) EPD is expressed in pounds is a predictor of the differences in hot carcass weight of a sire's progeny compared to progeny of other sires.

Marbling (Marb) EPD is expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

Ribeye Area (RE) EPD, expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

Fat Thickness (Fat) EPD, expressed in inches, is a predictor of the differences in external fat thickness at the 12th rib of a sire's progeny compared to progeny of other sires.

Calving Ease Rating (CE)

- ★★★★ Excellent calving ease, use with confidence on any type of heifers.
- ★★★ Superior calving ease, should work with most heifers and most situations.
- ★★ Moderate calving ease, most people will use these bulls on cows, but they can be used on heifers if calving ease is of less concern.
- ★ We recommend these bulls just for use on cows.

Cattle Delivery

We encourage all of you to stop by and coordinate delivery plans before leaving the Sale. If you are buying off-site, please let us know of any special instructions as soon as you can. Otherwise, we will contact you regarding date of delivery. Your cooperation in taking delivery is greatly appreciated.

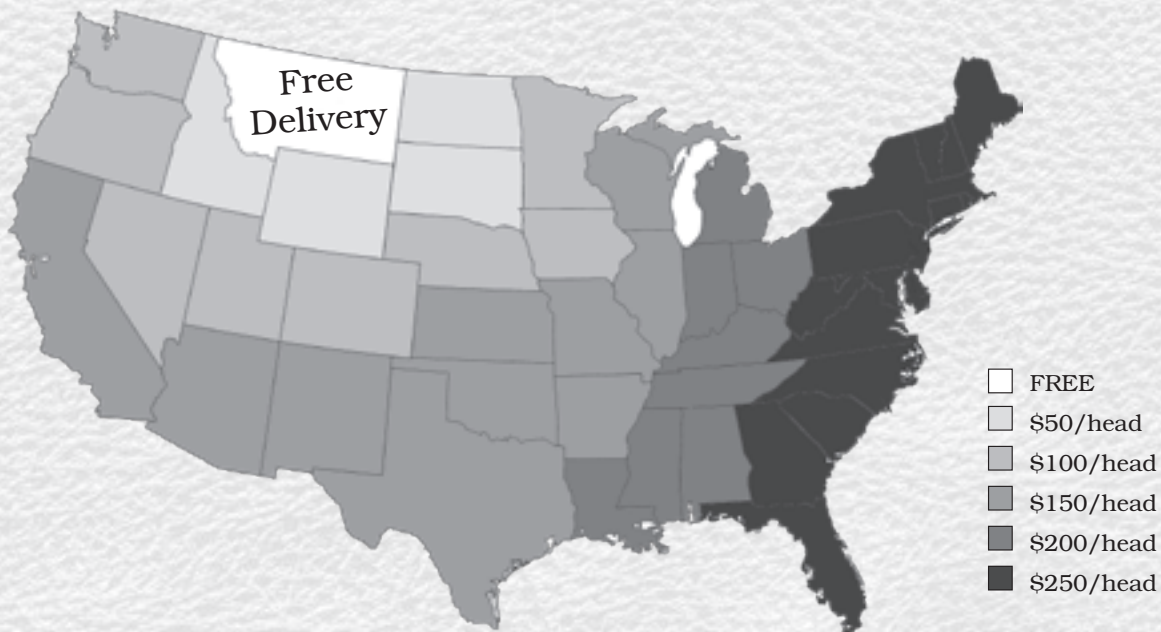

Bull Delivery

We are happy to announce that after 60 years of selling bulls, we are still delivering in Montana for free. We charge a nominal delivery charge for the surrounding tiers of states. Please use the map below to determine this charge. We would like to emphasize that we do our best to keep delivery costs to a minimum and we are offering a volume discount if you can assist in creating full loads with minimal drops.

The delivery cost will be added to invoice at check out.

We will continue to offer a pickup credit of \$100 per head for all bulls picked up within 7 days of the sale.

To our neighbors to the north, we are happy to bring you your bulls, however due to increasing scrutiny at the border, having the Canadian resident present, eases the process. If meeting at the border is not possible, we ask to share in a portion of crossing fees. For that reason, we are charging \$100 to our Canadian friends. Thank you for understanding.

FIRST YEAR BREEDING GUARANTEE

In lieu of a commercial "loss of use" policy, we would like to offer our own First Breeding-year Guarantee. For bulls selling for \$5000 or more, and does not complete a full breeding season, we will share in the replacement cost up to 50% of the value of the injured bull. Breeding season is defined as 90 days after turning out the bulls.

50% of the value of the injured bull, minus salvage value, will be given as credit in a future sale or toward a replacement bull if one is available. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by September 1, 2020.

Example 1: An \$8,000 bull is injured, a credit of \$4,000 minus any salvage value will be given to the buyer.

Example 2: A \$6,000 bull is injured, a credit of \$3,000 minus any salvage value will be given to the buyer.

Example 3: A \$4,000 bull is injured, no credit is given. Buyer retains all salvage value.

Applicable credits honored from our Breeding Guarantee are to be used within one year of submission.

STEVENSON ANGUS RANCH

REWARDS

We would like to offer two forms of discounts, one to our faithful year-in and year-out customers and the other to our volume purchasers.

LOYALTY REWARD

We honor our customer's loyalty with a 5% discount on every bull purchased by any single customer that has purchased bulls in TWO consecutive sales prior to this offering. In order to qualify, purchases need to have been made from both of our sales in Hobson from the Spring 2019 and Fall 2019 offerings.

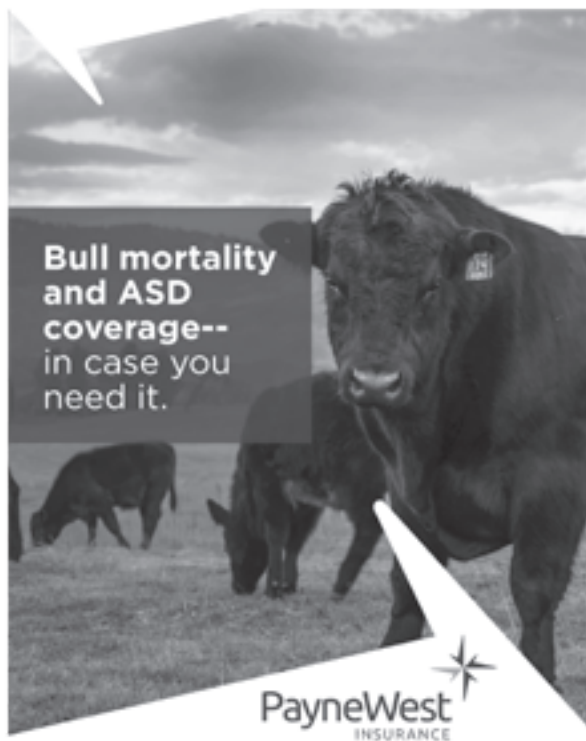

VOLUME REWARD

In respect to our volume purchasers, we would like to offer a 50% discount on delivery cost to buyers of 10 to 19 bulls. For anyone purchasing 20 or more bulls, complete delivery is for free.

Any and all discounts will only be honored with full remittance of purchase payment on sale day. Discounts are only applicable to bull sales.

Female purchases are not subject to the Stevenson Angus Rewards offer.

Applicable credits honored from our Breeding Guarantee are to be used within one year or two sales after submission.

PayneWest offers a unique one-year policy for 10.3% of the purchase price on bulls valued up to \$1,000,000 with 100% mortality payout, 80% accident sickness or disease (ASD) claim payout.

YOU'VE DONE THE WORK.

Get paid for it.

You've invested in good genetics.
You've kept all the records.

AngusLink™ combines USDA Process Verified Programs with a Genetic Merit Scorecard that gives buyers confidence in your calves. From age and source verification to cattle care and handling, you choose which programs make the most sense for you.

Group Age & Source: Verifies the group age and source of the cattle

Angus-Sired Genetics: Verifies calves are sired by 100% registered Angus bulls

Non-Hormone Treated Cattle: Verifies cattle have never received hormones

NeverEver[®]: No antibiotics, no hormones, no animal by-products ever

Cattle Care & Handling: Documents proper management, demonstrates quality commitment

Calf Management: Documents preventative health program

Genetic Merit Scorecard™: Measures the genetic merit of calves for feedlot performance and carcass merit.

*Optional, not part of the PVP claim

Easy and affordable, our customer service representatives walk you through the process.

Improve Carcass

- Impressive individual, superb data set with breed leading performance and carcass traits
- New generation genomics with the look, GLORY captivates attention
- High valued ALTERNATIVE son to date, crowd favorite and top selling bull from our Fall 2019 sale
- Descends from the same top producing EDWINA cow family as EVERLAST
- Quick and early growth curve with exceptional fertility, GLORY started collecting at one year of age

Improve Calving Ease

- Standout individual, SECURITY simply has an aura of presence
- Multiple trait leader, SECURITY checks all of the boxes ... calving ease with muscle density and carcass with phenotype
- In striving for optimum balance, SECURITY truly offers a complete breeding option
- Descends from the enviable herd bull producing PRIDE cow family, the same that produced ROCKMOUNT, TURNING POINT, PREMIUM and CATALYST

Yearling Bulls

These yearling Angus bulls represent our most progressive genetics born and are primarily out of first-calf-heifers. We have tried to put together a large selection of calving-ease bulls for your next year's calf crop.

Weaning weights were taken in September and yearling weights were taken the last week of January. EPDs are accurate to the day of sale book production.

These bulls are guaranteed breeders. They have all passed a breeding soundness evaluation including a semen test.

Retained Interest - we are selling Full Possession and 2/3 revenue-sharing interest in every bull in this sale. The bull you purchase is completely in your control regarding how you handle the bull and your natural service use. You receive 100% salvage value of the bull. Retaining 1/3 revenue-sharing semen interest simply allows Stevenson Angus the right to share in collection of semen, use of semen in our herds and the right to share in semen sale revenue if semen sales become a possibility.

Realistically, we will collect semen on a very small percentage of the bulls selling. It will be an even smaller number of bulls that will market semen. However, we realize that many promising bulls are identified after they have proven themselves in natural service. If you have any questions or concerns about our retained interest policy, please contact Stevenson Angus.

Yearling Bulls

ABOVE AVERAGE GOALS REQUIRE TARGETED BULLS

Aim High

The Targeting the Brand™ logo highlights registered Angus bulls with greater genetic potential to produce calves that meet the most challenging specifications of the Certified Angus Beef® brand. Only 3 in 10 non-parent Angus bulls meet the Targeting the Brand genetic requirements.

Minimum Genetic Requirements

	Value
Marbling EPD (Marb)	+0.54
Dollar Grid Carcass Index (\$G)	+46.0

For more information on Targeting the Brand™ visit CABcattle.com.

- Great ones throughout ... LOT 225 is one of the top herd bull candidates in the offering
- Extraordinary set of EPDs, he is a multiple trait leader for calving ease, performance and carcass
- Top SC bull in the offering, he uniquely offers a subzero BW EPD with top end performance and RE
- Moderate framed, thickset with tremendous length of body
- Dam is from the famed PRIDE cow family, grandam is a maternal sister to TURNING POINT, PREMIUM and CATALYST, third dam is a sister to ROCKMOUNT
