SIGHT UNSEEN PURCHASE GUARANTEE

Sale Day Phone - (406) 374-2250. Buyers unable to attend the sale may call or send their bids to any of the Representatives listed or directly to Stevenson's Diamond Dot. We provide a complete satisfaction guarantee for cattle purchased in this manner. When cattle purchased "sight unseen" are delivered, the buyer can inspect the cattle. If they are not as represented, simply put them back on our truck.

TRANSPORTATION

Billings and Great Falls are both served by several major airlines. Private planes may land at the Lewistown Airport.

ACCOMMODATIONS

The following motels are located in nearby Lewistown. For reservations, contact either the Stevensons or the motel of your choice. Remember to ask reservation departments for Stevenson's Diamond Dot Sale rates.

Yogo Inn 1-800-860-9646
Calvert Hotel406-535-5411
Super 8 Motel406-538-2581

The Stumble Inn (Hobson)406-600-8079

ANNOUNCEMENTS

Announcements from the auction block take precedence over any printed material.

HERD HEALTH

All cattle will sell with proper health papers for interstate shipment. Health permits for export of commercial cattle outside of the US will be at cost.

PAYMENT

Payment is due in full sale day. If your banker or accountant would prefer that you pay for the bulls in 2022 or at delivery time we can work with you to make arrangements, just talk to us ahead of time.

DELIVERY

See our bull and commercial female delivery policy on page 7. For all cattle purchased over the phone or through Superior, Stevenson's Diamond Dot will be in contact following the sale to arrange delivery and payment.

WINTERING

Wintering arrangements are available on bull calves. The cost is \$400 per head from sale day until mid-March.

INSPECTION OF CATTLE

Our cattle are available for inspection at the ranch any time. We encourage you to come before the sale to visit, see the sale cattle and view our cow herd.

FOOD

Food will be provided Sunday afternoon and all day sale day.

We hope 2024 treated our customers well! As of November, we have yet to receive our first snowfall with temperatures just dropping out of the 60's and 70s. The hail this last spring brought some major damage to our crops, but we rallied and ended up with a good feed supply going into winter. Several inches of rain in September and unseasonably warm temperatures brought on some much needed grass which enabled us to keep the cattle on pasture longer.

2024 just as 2023 brought some exciting changes to our family, with our youngest daughter Rachael's marriage to Dylan Dean. They are making their home in Missoula as Rachael attends Law School and Dylan works on his Masters in Artificial Intelligence. We also are excited to announce the engagement of our eldest daughter Faith to Michael Ganziano. Michael came to work for us in the summer of 2023 and the "Love Ranch" once again worked its magic. The two will marry on the ranch May 31, 2025 two years from the day they met. With that, all of our children will be married, and we (more so than they) are excited to one day add Grandchildren to the family!

We have been busy on the ranch with the usual day-to-day work but also several building projects, including finishing our new commodity shed and a new shop that should be up and running early next summer.

This year marks the 64th year that the Stevenson Family has had a production sale, beginning with Clint's Grandparents, then passing to parents Wayne and Marian, on to Clint and Adana and now a new chapter with our children taking more and more responsibilities on the ranch. We are proud of this continuing tradition and the effort to continue raising cattle that work for the commercial cattleman and go on to perform in the feedlot and ultimately meet the consumer's demand for high quality beef.

The yearling bulls, offering our newest genetics, were weaned a little earlier this year and have gained phenomenally on feed. They look great and have been very healthy throughout the year. We offer delivery free of charge or there is an option to winter these bulls until Mid-March, when they will be semen tested and delivered.

This is truly an incredible set of two-year-old bulls offered this year. Many of these bulls are the result of our embryo program. These bulls are experienced, with most being used this past spring in our breeding program and not just standing around a feedlot.

We are offering a nice set of registered Cows and Heifers who offer good epd's, exceptional phenotype, great mothering ability and docility. This will be a chance to purchase some great maternal genetics for your herd.

The Commercial females offered this year will be an asset to any herd with a variety of due dates and classes that will fit anyone's herd.

It is our sincere hope that you will find the kind of genetics in this offering that will move the ball forward in your program. We appreciate the loyalty of our long-term customers and look forward to making new friends and customers for years to come!

Thank you for taking a look at our program and sale offering.

***Come enjoy the hospitality.
Shop and compare.***

MEET ADDITIONAL PEOPLE BEHIND STEVENSON'S DIAMOND DOT

Tom Hardesty has represented our cattle for over two decades. He became acquainted with our program when he lived and worked in Hobson. Today, Tom and his wife Paula live in Sonoita, AZ. He specializes in representing our customers in the southwest but is available to help all our customers. Tom has a long list of repeat buyers and knows the type of cattle that work well in his country.

Home 520-455-5005

Cell 520-909-0233

Ryan Hughes grew up on a neighboring commercial cow calf operation. He worked for several years for the Stevenson family in marketing and customer service. Today Ryan has moved on to other endeavors but he has agreed to continue helping our customers in the selection of their genetics. He runs a few cows of his own and markets bulls with Diamond Dot. Ryan is very knowledgeable about our cattle and can provide an honest opinion.

Cell 406-581-1873

Lance Hughes, DVM and family came to Montana in 1998 and began working for the Stevenson family as an on staff veterinarian. Lance has an excellent eye for cattle and his advice and input into our breeding program and ranch operation has been extremely valuable.

Office 406-423-5527

Cell 406-350-8381

Faith Stevenson, our oldest daughter, creates all the ads for Diamond Dot and runs our Social Media. Along with her successful horse training business, Faith helps out on the ranch anywhere she is needed.

Carson and Zoe are both working full time on the Diamond Dot and are involved in all aspects of the operation. Their enthusiasm and energy is an asset to the Diamond Dot.

Cell 406-380-0272

Jed Stevenson is Clints Cousin and has been delivering bulls around the country for us. His knowledge and experience is a great asset to the Diamond Dot.

Cell 406-350-5500

Ryan & Abigail Carroll Ryan, our son-in-law, is originally from Colorado and is a Diesel Mechanic. He is now our head ranch Mechanic and is already making a positive impact on the operation with his skill in fixing tractors, swathers, balers, vehicles and every other motorized implement on the ranch. When Abby isn't busy teaching Ag at Hobson High School, she helps with moving and working cows, and helps out in the office.

Morgan Bellamy Morgan initially came to the Diamond Dot as an intern in the Fall of 2012. Morgan specializes in herd health. From doctoring calves to meticulously walking our bull pens, Morgan sees the cattle every day.
Cell 406-899-5009

Rob Bennett is Zoe's Father and has relocated with his wife Tiffany to Hobson. Rob has run his own successful construction business and is heading the building projects and helping out with all aspects of the ranch. Tiffany did a large amount of secretary work for the ranch over the last year.

*Roger Epkes – 26 Years
Brand Inspections
General Ranch Help*

Matt Eike has been with Diamond Dot since January of 1998. His main responsibility is day to day care of the cow herd. From AI, calving and weaning Matt's attention to detail is truly valuable. Matt is extremely knowledgeable and knows our program inside and out. His son, Matthew, is working all the new Diamond Dot construction projects.
Cell 406-366-9026

*Ray Valentine
Swather Man*

Michael Ganziano came from Illinois as an intern to the Diamond Dot in the summer of 2023. He is in charge of bull development, working and moving cattle, and any other aspect of the ranch operation.

*Richard Hockhalter
Started working with
the Wayne Stevenson
family in 1968*

Diamond Dot Performance Horses

Faith Stevenson trains horses for a variety of disciplines as well as raises a select number of high end performance horse prospects. Faith has worked professionally as an assistant trainer and clinician with some of the biggest names in the horse industry in Texas, Florida and Georgia.

Faith spent time working as an assistant trainer to Dean Bogart, AQHA Judge and Trainer, learning the ins and outs of the performance horse industry. Faith now works on the ranch as well as designs our Diamond Dot advertising.

Most recently Faith has been showing her 2020 Stallion Montana Kat in the AQHA Versatility Ranch Horse. Montana Kat is quickly grabbing interest in the industry for his unique combination of smooth movement, a keen cow-sense and athletic ability. Over his first two show seasons he has earned points and wins in the Ranch Riding, Ranch Trail, Ranch Cutting, Ranch Cowwork, Ranch Reining and Ranch Conformation. In addition to his show career Montana Kat has been used extensively as a working ranch horse on the Diamond Dot. As he continues his show career Montana Kat will be standing to select mares via AI in 2025.

With an eye for great horses and knowledge of training, Faith is available in our area for training, lessons and assisting customers in finding the perfect horse to fit their needs.

Let Us Know and Let Us Help You . . .

In the interest of better serving our customers, we make every effort to provide your cattle better exposure. We are constantly networking with many order buyers, feedlots, and other ranches who are looking for top genetics.

Let us know when you are getting ready to market your calves, yearlings or bred females. Whether you sell them in the country, through a sale born or on video, we can assist you with your marketing needs. We want you to receive the added value that the superior genetics you have purchased deserve!

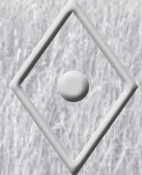

Locally we work closely with Heart S Livestock, LLC, Fred Saunders to help receive top dollar for our customer's cattle. The cattle we represent have been seeing an increase in demand and repeat buyers for the calves sold over video. We have worked hard to build a reputation of representing top quality calves and would like to work with you to make sure you are receiving the best price for your cattle.

For more information and marketing needs, please contact us:

FIRST YEAR BREEDING GUARANTEE

All bulls selling for \$4,000 or more will be covered 50% by Stevenson's Diamond Dot if they are injured during their first breeding season and not able to return to service during that first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls.

50% of the value of the injured bull, minus one-half salvage value, will be given as credit in a future sale or toward a replacement bull if one is available. Salvage value, if any, will be split equally between Stevenson's Diamond Dot and the buyer. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by September 1, 2024.

Example 1: A \$6,000 bull is injured, credit of \$3,000 minus one-half any salvage value will be given to the buyer.
Example 2: A \$4,000 bull is injured, credit of \$2,000 minus one-half of any salvage value will be given to buyer.
Example 3: A \$3,750 bull is injured, no credit is given. Buyer retains all salvage value.

HOW TO READ THE INFORMATION PRINTED WITH EACH SALE LOT

Complete performance information is provided for each animal. The ratios are calculated in separate contemporary groups and conditions they were raised under, so that a ratio of 100 will not necessarily correlate to the same weight between the different groups. We have calculated interim EPDs for cattle that do not yet have official EPDs. Expected Progeny Difference (EPD) is the estimate of how future progeny of each sire are expected to perform in each of the traits listed. EPD is expressed in pounds, either plus or minus. For example, when used on the same cows, calves sired by a bull with a +40 weaning EPD should average 10 pounds more than those sired by a bull with a +30 weaning EPD.

EPDs in this catalog are current as of press time.

CED (Calving Ease Direct) predicts average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

BW (Birth Weight) is a predictor of progeny birth weight attributed to the parent.

WW (Weaning) and **YW (Yearling)** are predictors of the animal's ability to transmit weaning growth and yearling growth to its progeny.

Milk is a predictor of an animal's genetic merit for milk and mothering ability.

EPD Percentile Ranking
Angus breed comparison

CE (Calving Ease Rating)
Calving Ease rating is an objective view of what to expect. Several factors go into the rating: birth weight, BW ratio, bull and cow history and accuracy.
 **** Excellent calving ease, use with confidence on any type of heifers.
 *** Superior calving ease, should work with most heifers and most situations.
 ** Moderate calving ease, most people will use these bulls on cows, but they can be used on heifers if calving ease is of less concern.
 * We recommend these bulls just for use on cows.

Birth Weight (actual)

Dam Production is the number of calves and average nursing ratio for all calves raised by the dam of the animal.

Angus GS, 50K
see page 8

\$W (Weaned Calf Value)

An index, expressed in dollars per head, to predict profitability differences in progeny due to genetics from birth to weaning.

\$B (Beef Value)

An index value expressed in dollars per head, the expected average difference in future progeny performance for post-weaning and carcass value compared to progeny of other sires.

\$C (Combined Value)

An index, expressed in dollars per head, which includes all traits that make up both Maternal Weaned Calf Value (\$M) and Beef Value (\$B).

(HP) Heifer Pregnancy
A tool to increase the probability or chance of a sire's daughters becoming pregnant as first-calf heifers during a normal breeding season.

(SC) Scrotal
Expressed in centimeters, is a predictor of the difference in transmitting ability for scrotal size compared to that of other sires.

PAP (Pulmonary Arterial Pressure)
Expressed in millimeters of Mercury (mmHg), with a lower EPD being more favorable indicating a sire should produce progeny with a lower PAP score.

EPDs for Carcass Merit based on the Ultrasound Evaluation System

Marb EPD Expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

RE EPD Expressed in square inches, a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

CATTLE DELIVERY

Clint Stevenson and crew would like to deliver all the cattle personally, however due to the cost of travel and volume of cattle we must employ reputable trucking firms to assist us in the delivery process. Stevenson's Diamond Dot will coordinate delivery of all cattle as soon as possible after the sale. Our main goal is to get the cattle delivered in a timely and economic manner to allow the cattle to arrive at their new home in the best possible condition and to satisfy our customers.

Free Bull Delivery

In Montana and adjoining states, the bulls will be delivered right to your door step (corrals). The remaining states we will deliver to a Central Point at **no cost** to you. Central points will not be designated until we can see where all the cattle are going, and the stops must accommodate all the cattle on the load. We choose stockyards, vet clinics, and select ranches that can accommodate the semi truck and multiple head of cattle. In many cases, your ranch can be the central point. If you have suggestions to a central point, please let us know. Please note, all charges incurred at the said central point will be the responsibility of the purchaser.

We would still like to coordinate a central point to reduce the number of stops your cattle have to make before arriving to you. Your cooperation would be appreciated in this matter.

Registered and Commercial Females will be delivered at cost, yet many times partial loads can be combined with bulls to help keep costs down.

RETAINED INTEREST

We are selling FULL POSSESSION on all the bulls and retaining a ½ REVENUE-SHARING INTEREST in all the bulls. The bull you purchase is completely in your control regarding how you handle the bull and your natural service use. You receive 100% salvage value of the bull. Retaining ½ revenue-sharing semen interest simply allows Stevenson's Diamond Dot the right to share in collection of semen, use of semen and the right to share in semen sale revenue if semen becomes a possibility.

Realistically, we will collect semen on a very small percentage of the bulls selling. It will be an even smaller number of bulls that will market semen. However, we realize that many promising bulls are identified after they have proven themselves in natural service. If you have any questions or concerns about our retained interest policy, please contact any Stevenson's Diamond Dot representative.

GENETIC DEFECTS IN ANGUS CATTLE

Here at Stevenson's Diamond Dot we have worked hard at eliminating all Cattle with Genetic Defects and Conditions through testing and pedigree. All animals sold are either pedigree **free** meaning there is no carrier ancestry in their pedigree or genetic tested **free** from Arthrogryposis Mutiplex (AM) Neruopathis Hyrocephoulus (NH), Contractual Arachmodctyly (CA) and Developmental Duplication (DD). Stevenson's Diamond Dot Registered Cattle are guaranteed free from all known Angus defects at this time.

Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs).

GE-EPDs have become the industry standard for herd improvement, building on decades of science-backed genetic evaluation tools originated and maintained through the American Angus Association®, home to the largest and ever-growing single-breed beef cattle database.

EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs

Better characterization of genetics for difficult-to-measure performance traits (such as carcass traits, maternal traits and feed efficiency)

The ability to make more rapid progress for traits that are important to you, due to:

- more accurate selection
- easier identification of genetic outliers
- the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they have recorded an average of 15 progeny, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation.

TRAIT	PROGENY EQUIVALENT	TRAIT	PROGENY EQUIVALENT
Calving Ease Direct	25	Pulmonary Arterial Pressure	17
Calving Ease Maternal	19	Hair Shed Score	8
Birth Weight	23	Heifer Pregnancy	17
Weaning Weight	27	Maternal Milk	35
Yearling Weight	22	Mature Weight	14

Foot Angle	13		

How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo, Angus GS™ powered by partner Neogen or the HD50K by partner Zoetis. These images indicate animals for which genomic testing has been conducted and incorporated by AGI into GE-EPDs

www.angus.org

WHY BUY DIAMOND DOT

- Affordable prices
- Vigorous culling process on cows for feet, legs, udders, fertility and disposition
- All cattle DNA tested for increased predictability
- Not every calf makes a bull, large number of bulls are cut at weaning and marketed as feeder steers
- Large sire groups
- Free Delivery
- Service after sale, including help marketing both feeder and bred cattle
- Top industry EPDs but also have the a look you will like when you receive them as well as after they are used
- Sight unseen purchase guarantee

ABOVE AVERAGE GOALS REQUIRE TARGETED BULLS

Aim High

The Targeting the Brand™ logo highlights registered Angus bulls with greater genetic potential to produce calves that meet the most challenging specifications of the *Certified Angus Beef®* brand.

Only 1 in 4 non-parent Angus bulls qualify.

Minimum Genetic Requirements

Marbling EPD (Marb)	+0.65
Dollar Grid Carcass Index (\$G)	+55.0

For more information on Targeting the Brand™ visit CABcattle.com.

BULL CALVES

This offering of bull calves are the top end of our January and February calves along with a contemporary group of first calf heifers and a group of earlier March calves.

These bulls were raised from birth to weaning under similar conditions with no creep. **The bull calves were weaned September 5-6.** This is a very consistent set of calves that have come on exceptionally well since weaning and are sure to impress. There are a number of potential herd sires in this group of bull calves.

Two Year Old Bulls

The coming two year old bulls in this sale are the top end of our mostly March and April born calves mainly from cows bred for mid-March calves. This includes embryo bulls implanted specifically for this sale. These cows are kept in this time frame for a short 50 day calving window. Weather permitting; these cows calve out along the creek in the open. These two year olds were raised from birth to weaning without creep. From weaning, they were fed a high roughage growing ration. Mid-August until sale, the bulls were put back on a growing ration. **Many of these bulls were used in natural service during the 2023 Spring breeding season.**

REGISTERED FEMALES

As always, we have put our best foot forward with the outstanding set of registered cows and heifers being offered. The registered heifers match right up with our replacements and are bred to some of the top bulls in the breed today. Embryos offered are matings of our current donor cows. This sale features many two and three year old cows as we made the choice to offer most of our young cows bred for mid-March. Some of the females were multi-bred and will need DNA test to determine sire.

REGISTERED FEMALES

COMMERCIAL FEMALES

At catalog press time, the commercial females are being gathered from summer pasture and sorted into even groups. HEAD COUNTS MAY VARY SALE DAY. UPDATED head counts and more detailed group information will be posted on Facebook and can be emailed upon request. All commercial cattle are located at the sale barn or within short driving distance.

The groups of females sell after the bulls and the individual registered lots. Female groups will sell in catalog order. The buyer has the option of five head up to the entire grouped lot. High bidder gets the lowest consecutive tag numbers or gate cut if listed. Commercial females include lots from some of our most progressive customers.

All bred females have been poured with Dectomax after November 1. All Diamond Dot females have been set up with Preg Guard Gold 10 vaccine guidelines. Heifers received first shot prior to breeding and second shot after November 1 and cows received an annual shot each fall. Most of the cows are also under the ScourBos program. All females have legible BANGS tattoo and will sell with interstate health papers. All females are preg checked safe with calf by a licensed veterinarian.

Delivery cost is at the buyer's expense. Cattle will be shipped within a week of the sale.

Payment is due on sale day or prior to delivery.

EARLY BRED HEIFERS

1 STEVENSON'S DIAMOND DOT

10 HEAD of January Calving Bred Heifers

Diamond Dot home raised heifers bred to calve January 24, 2025. Big stout heifers Aled to calving ease sires, Diamond Versatile 62K8, 2XL Bronc 8153 and Diamond Cavalry 104. Excellent Disposition Heifers that will raise big calves.

\$ _____ Head _____ Buyer _____

\$ _____ Head _____ Buyer _____

2 MARK WICHMAN FAMILY

52 HEAD of Early Bred Heifers

This cow herd needs no introduction in this sale. Big stout heifers that have topped this sale many times. The Wichman herd began with a purchase of a set of 7- and 8-year-old Diamond Dot cows over twenty years ago and has continually been improved by purchasing the very top herd sires. The steer mates to these heifers often are the highest per head priced calves in the Judith Basin and they all look the same from the mature cows' calves to the ones off first calf heifers, almost every steer gets on the truck at shipping. Mark, Arlene, and Rob Wichman made the decision to offer for sale their entire set of bred heifer and not holding any back for replacements. The heifers were Aled to Diamond Dot calving ease herd sire 2XL Bronc 8153 and cleaned up with sons of this highly proven sire.

2A 38 HEAD Aled on April 8th and 9th to 2XL

Bronc 8153 making them due January 15, 2025. These heifers will start right after the first of the year and calve in a tight window.

\$ _____ Head _____ Buyer _____

\$ _____ Head _____ Buyer _____

2B 14 HEAD of Natural Service heifers, preg

checked one cycle after the AI and all bred to very top sons of 2XL Bronc 8153. These heifers should calve in a cluster and be done by the end of the first week of February.

EARLY BRED HEIFERS

3

THOM ANGUS

44 Head of Early Bred Heifers

Thom heifers are fancy, big and stout heifers. The Thom family is one of the hardest working outfits in the area and they have truly built one of the top cow herds in the nation. Their steer calves are very impressive and sought after as one of the top sets of calves to sell each June in the Northern Livestock Video. This year their two loads of steers weighed 790 coming right off the cow on October 10th. This cow herd is backed by an AI program and the purchase of some of the top bulls, including sons of Logo, Bronc and Hobson. **These heifers were purchased as calves by Andy & Alison Kellom specifically to be one of the lead off sets of heifers in this commercial female sale.** Heifers are easy fleshing, and cake broke and bred to Diamond Cavalry G384, the high selling bull in 2020 Diamond Dot sale. Cavalry G384 has proven himself as an easy calving sire that will give you outstanding performance and thickness in his calves. Heifers Aled to calve February 1, 2025

3A 21 Heifers Aled to calve February 1, 2025 carrying Bull calves

4

N-L NEWELL & LINDA ROCHE

30 January Bred Heifers

These heifers were Aled to Diamond Dot Herd Sire, CAR 1682 Pay Bonus E528, a proven calving ease bull that has been bred to 100s of commercial heifers with great success. Roche's are long time Diamond Dot customers. They sold their cows a few years back and started a program of buying a top set of local heifer calves and breeding specifically for this sale. These are big stout heifers that will make excellent cows. Heifers Aled April 14th making them due January 21, 2025.

4A 10 Heifers Aled to calve January 21, 2025 carrying Bull calves

\$ _____ Head _____ Buyer _____

\$ _____ Head _____ Buyer _____

6

LANCE JOHNSON

62 Head February Bred Heifers

Lance and Nicole Johnson have a very efficient cow herd that can go out and calve on their own and bring in a big calf in the fall. Johnsons buy top bulls from Diamond Dot including sons of Diamond Capitalist 316-9344 and 2XL Bronc 8153. These heifers are Aled to Select Sires calving ease bull Baldrige Movin On who is a proven calving ease bull that is known for siring moderately framed thick made, easy fleshing, good uddered offspring. Heifers should start calving late February and be done in less than 20 days.

\$ _____ Head _____ Buyer _____

\$ _____ Head _____ Buyer _____

YOUNG COWS

7

STEVENSON'S DIAMOND DOT

70 Head Young cows

These cows are right out of the registered herd but are being sold as commercial. Buyers do have the option to purchase paper for an additional fee. Selling to shorten calving season. Many of these cows raised bulls in this sale and there is a fine line between the very few cows we kept calving in late March and April and the cows that are being sold in this group. Great set of cows in excellent shape coming with their 2nd and 3rd calf and they should improve any herd.

\$ _____ Head _____ Buyer _____

\$ _____ Head _____ Buyer _____

8

STEVENSON'S DIAMOND DOT

5 Head Young F1 Baldy Cows

5 Head of young F1 Baldy cows coming with their 2nd and 3rd calf. Being sold to shorten calving season. These cows originated in the Jed Stevenson herd and are back by generations of top genetics. You cannot find a better little package of bred cows. Young cows preg tested to calve March 20th for 45 days.

\$ _____ Head _____ Buyer _____

\$ _____ Head _____ Buyer _____

YOUNG COWS

MID AGE & MATURE COWS

9 HUGHES BROTHERS 20 Head Young cows

20 Head of cows coming with their 2nd calf. Preg tested to calve in short 40-day period beginning March 20, 2025. These cows come right out of the heart of the Hughes herd. Excellent set of young cows that are bred to top high-performance bulls.

\$ _____ Head _____ Buyer _____

\$ _____ Head _____ Buyer _____

10 CARR ANGUS 13 Head of Young Cows

Nice package of young cows being sold to shorten calving season. 7 head coming with 2nd calf, two head with 3rd calf and four cows just a year older, due with 4th calf. Carr Angus is Clint Stevenson's sisters' families ranch and is backed by 64 years of Stevenson Family Genetics. Excellent young cows with a big future ahead of them. Preg tested to calve in the month of April, 2025

\$ _____ Head _____ Buyer _____

\$ _____ Head _____ Buyer _____

11 BAKER YOUNG COWS 40 cows coming with their second calf

Preg. Checked to calve March 25th for 45 days with over 85% due the 1st cycle. These cows originated as calves from the Baker Ranch in Jordan, Montana. Baker's are long time Diamond Dot customers that have purchased bulls from our program for 55 years. They really study the cattle and purchase the very top bulls. This fantastic set of moderate framed young cows are bred by natural service to top sons of Capitalist. These bulls sell as LOT's 329, 330, and 331 in the bull sale.

\$ _____ Head _____ Buyer _____

\$ _____ Head _____ Buyer _____

12 STEVENSON'S DIAMOND DOT 50 mid-age cows

This is the group of cows that it hurts to let go each year. Four- to Seven-year-old cows in the prime of their life coming out of the Diamond Dot registered herd they have had a calf every year. Bred to the Diamond Dot herd bull battery along with many bulls selling as two-year-olds in this sale. Papers are available on most of these cows for an additional fee. They are only being sold to shorten the calving season and make room for replacements. Cows are preg. Tested to calve March 20th for 50 days.

\$ _____ Head _____ Buyer _____

\$ _____ Head _____ Buyer _____

13 JEREMY GROVE 50 Mid-age February calving cows

Hard to Find early bred mid-age cows. Coming from a neighboring ranch just north of Hobson, Jeremy Grove. These cows were given a shot to synchronize and then turned with an excellent set of Hereford bulls. These cows will calve in a short 45 day window with the majority of them due right up front in the calving period. Every cow will have a true F1, Angus x Hereford calf.

\$ _____ Head _____ Buyer _____

\$ _____ Head _____ Buyer _____

14 CARR ANGUS 19 Head Mature Cows

7, 8, and 9 year old cows from Carr Angus. Cows that have survived the test of time. Carr family has a vigorous culling program and these cows have survived the test of time. They are the kind that will raise big calves. Bred along with Carr registered cows to top performance bulls.

16 LANCE JOHNSON

33 Head bull bred mid-March for 20 days

Really nice set of moderate framed bred heifers. These are efficient, easy fleshing cattle that will go out and work for a living. They will raise big calf and be bred back come fall. These heifers are bred to top calving ease bulls and will calve in a short 20 day window.

\$ _____ Head _____ Buyer _____

\$ _____ Head _____ Buyer _____

17 BAKER HEIFERS

30 Head of Bred Heifers

Our usual program with these heifers is to calve them and rebreed them, sell as coming three-year-olds. But this year to tighten the calving period they are being offered as bred heifers. Originating from the Baker Ranch, Jordan Montana these cattle come with a real program. The Baker Family has been buying bulls from Diamond Dot for 55 years. If you want to verify how good these cattle are watch the July Northern Livestock Video Sale where the steer mates coming from harsh eastern Montana country, top the market each summer. Heifers bred to light birth bulls and preg tested to calve in short one cycle starting March 25th with most heifers due the 1st 10 days.

\$ _____ Head _____ Buyer _____

\$ _____ Head _____ Buyer _____

18 LANCE JOHNSON

60 AI Bred and pasture bred 20 days

What an opportunity these heifers are. They are the heifers Lance and Nichole Johnson bred for replacements but have decided to sell. Aled for April 1, 2025. Approximately half the heifers are due with an AI calf, but all the heifers are tested to calve in short 20 day period. Moderate, efficient heifers that can go calve out on grass and make living.

\$ _____ Head _____ Buyer _____

\$ _____ Head _____ Buyer _____

19 N-L NEWELL & LINDA ROCHE

32 Heifers calve in March and April

Same heifers as LOT 4 but bred to natural service sires. These big stout heifers were exposed to sons of CAR Hobson and 2XL Bronc.

20 STEVENSON'S DIAMOND DOT

10 Head Fall calves

Heifer calves ready to breed. These heifers come right out of the Diamond Dot Fall Calving herd. These calves were born Late August 2023 through early October 2023. They are in perfect shape to breed immediately for fall 2025 or hold for spring calving. Papers available for additional fee. Many of these heifers are sired by KG Cowboy Kind 1040.
