SIGHT UNSEEN PURCHASE GUARANTEE

Sale Day Phone - (406) 374-2250. Buyers unable to attend the sale may call or send their bids to any of the Representatives listed or directly to Stevenson's Diamond Dot. We provide a complete satisfaction guarantee for cattle purchased in this manner. When cattle purchased "sight unseen" are delivered, the buyer can inspect the cattle. If they are not as represented, simply put them back on our truck.

TERMS AND CONDITIONS

The cattle sell under the suggested terms and conditions of the American Angus Association.

TRANSPORTATION

Billings and Great Falls are both served by several major airlines. Private planes may land at the Lewistown Airport.

ACCOMMODATIONS

The following motels are located in nearby Lewistown. For reservations, contact either the Stevensons or the motel of your choice. Remember to ask reservation departments for Stevenson's Diamond Dot Sale rates.

Yogo Inn 1-800-860-9646
Calvert Hotel 406-535-5411
Super 8 Motel 406-538-2581
B&B Motel 406-538-5496
Hughes Mountain Ranch (Stanford) 406-566-2640
The Stumble Inn (Hobson) 406-600-8079

ANNOUNCEMENTS

Announcements from the auction block take precedence over any printed material.

HERD HEALTH

All cattle will sell with proper health papers for interstate shipment. Health permits for export of commercial cattle outside of the US will be at cost.

PAYMENT

Payment is due in full sale day. If your banker or accountant would prefer that you pay for the bulls in 2020 or at delivery time we can work with you to make arrangements, just talk to us ahead of time.

DELIVERY

See our bull and commercial female delivery policy on page 7. For all cattle purchased over the phone or through Superior, Stevenson's Diamond Dot will be in contact following the sale to arrange delivery and payment.

WINTERING

Wintering arrangements are available on bull calves. The cost is \$300 per head from sale day until mid-March.

INSPECTION OF CATTLE

Our cattle are available for inspection at the ranch any time. We encourage you to come before the sale to visit, see the sale cattle and view our cow herd.

FOOD

Food will be provided Sunday afternoon and all day sale day.

Abby, Rachael, Clint, Adana, Faith, Carson

Marian

STEVENSON'S DIAMOND DOT CATTLE COMPANY

2020 has been a year of unpredictability and inconsistency in the lives of most Americans but one thing has stayed the same, the dedication of cattle producers to continually turn out the highest quality cattle that can be found anywhere on the globe. Here at the Diamond Dot we have continued to focus on providing our customers with balanced and functional cattle that will go out and work for you. This has always been the unwavering goal of the Stevenson family for 60 years when the generations before us began offering some of the best angus cattle you will find in a fall production sale!

This year marks the 11th year of the sole Stevenson's Diamond Dot Fall Production Sale. This independence has led to more consistency in our program and the quality certainly runs deep in this offering, presenting cattle that are second to none. Every bull and registered bred heifer in the sale has been DNA tested. We believe the data and increased accuracy can assist our customers in their breeding decisions, yet the look of the cattle and performance is still of utmost importance.

In this catalog you will find top herd sire and donor prospects, young and mid aged AI bred cows and heifers that came right out of our replacements as well as a few sets of embryos out of our donor cow program. To help you in the selection process we have added some new EPDs including HP and PAP to this year's catalog.

The yearling bulls are made up of the top of our January, February and early March calves. The last few years have proven that our calves are made to withstand even the harshest winter conditions. This set of bulls is extremely consistent from top to bottom made up of deep bodied, stylish made calves that have the genetics to produce top dollar calves. You will find many herd sire prospects throughout this exceptional offering of bull calves. This group includes embryo calves and our newest genetics with calves off of first calf heifers.

The coming two year olds are the top of their respective contemporary groups. These bulls are packed with as much power, performance and growth as you will find anywhere in the industry. In addition, we are offering a limited number of Fall Bulls this year. Although the contemporary group is small you will find several impressive herd sire prospects in this group.

The commercial females are an outstanding group that includes bred heifers, cows and heifer calves. Many of these females come from the Diamond Dot herd. The sale also includes several groups from some of our top customers. These ranches have been tied to our program for years and annually market their females through this sale.

We would like to thank all of our loyal customers for the support over the past 11 years! We look forward to bringing you the highest quality Angus genetics for many years to come! Feel free to contact us anytime with any questions. We look forward to seeing you at the sale!

MEET ADDITIONAL PEOPLE BEHIND STEVENSON'S DIAMOND DOT

Tom Hardesty has represented our cattle for over two decades. He became acquainted with our program when he lived and worked in Hobson. Today, Tom and his wife Paula live in Sonoita, AZ. He specializes in representing our customers in the southwest but is available to help all our customers. Tom has a long list of repeat buyers and knows the type of cattle that work well in his country.
Home 520-455-5005
Cell 520-909-0233

Ryan Hughes grew up on a neighboring commercial cow calf operation. He worked for several years for the Stevenson family in marketing and customer service. Today Ryan has moved on to other endeavors but he has agreed to continue helping our customers in the selection of their genetics. He runs a few cows of his own and markets bulls with Diamond Dot. Ryan is very knowledgeable about our cattle and can provide an honest opinion.
Cell 406-581-1873

Lance Hughes, DVM and family came to Montana in 1998 and began working for the Stevenson family as an on staff veterinarian. Lance has an excellent eye for cattle and his advice and input into our breeding program and ranch operation has been extremely valuable. The Hughes also run a few cows with the Diamond Dot program.
Office 406-423-5527
Cell 406-350-8381

Don & Morgan Bellamy Morgan initially came to the Diamond Dot as an intern in the Fall of 2012. She and her husband Don moved to Kentucky for a couple years returning to the ranch in 2018. Don's main role is building improvement, fencing, assisting with cattle feeding and delivery of bulls. Morgan is in charge of herd health. Morgan walks through the pens and sees the bulls every day.
Morgan's cell 406-899-5009

Matt Eike has been with Diamond Dot since January of 1998. His main responsibility is day to day care of the cow herd. From AI, calving and weaning Matt's attention to detail is truly valuable. Matt is extremely knowledgeable and knows our program inside and out. Matt's son, Matthew, helps on the ranch when home from school and has become great help on the ranch.
Cell 406-366-9026

Jed Stevenson, Clint's cousin, runs an operation just a few miles north of the Diamond Dot. This year Jed will be offering a few 2 year old bulls in our fall sale as well as bulls in our spring private treaty offering.
Cell 406-350-5500

Justin Huberty is in charge of bull development. He also spends many hours on the road delivering bulls to our customers.
Cell 406-546-3231

Gary Wall of GW genetics is a long time sales consultant and friend of our program and family. Gary is the marketing specialist with ORiGen where several of our bulls are collected and enrolled in their marketing program Gary is very knowledgeable about our program and will be available sale day to assist customers.

General Ranch Help

Aaron Eike -21 years

Ray Valentine

Aaron Eike's main responsibility is farming and forage production. He is also involved in many other aspects of the ranch.

Richard Hockhalter
Started working
with the
Wayne Stevenson
family in 1968

Neil Bumgarner spent the summer of 2004 at the Diamond Dot. Today he is a senior sale manager for Cargill and operates a registered Angus fall calving herd in Letart, WV. This herd is made up of some of the top Diamond Dot genetics and these bulls make up a portion of our fall born bull offering. Neil helps with sales and delivery of cattle to this area of the country.
Cell phone 304-615-9239

Let Us Know and Let Us Help You . . .

In the interest of better serving our customers, we make every effort to provide your cattle better exposure. We are constantly networking with many order buyers and feedlots who are looking for top genetics.

Let us know when you are getting ready to market your calves, yearlings or bred females. Whether you sell them in the country, through a sale born or on video, we can assist you with your marketing needs. We want you to receive the added value that the superior genetics you have purchased deserve!

Locally we work closely with Heart S Livestock, LLC, Fred Saunders to help receive top dollar for our customer's cattle. The cattle we represent have been seeing an increase in demand and repeat buyers for the calves sold over video. We have worked hard to build a reputation of representing top quality calves and would like to work with you to make sure you are receiving the best price for your cattle.

For more information and marketing needs, please contact us:

FIRST YEAR BREEDING GUARANTEE

All bulls selling for \$4,000 or more will be covered 50% by Stevenson's Diamond Dot if they are injured during their first breeding season and not able to return to service during that first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls.

50% of the value of the injured bull, minus one-half salvage value, will be given as credit in a future sale or toward a replacement bull if one is available. Salvage value, if any, will be split equally between Stevenson's Diamond Dot and the buyer. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by September 1, 2021.

Example 1: A \$6,000 bull is injured, credit of \$3,000 minus one-half any salvage value will be given to the buyer.

Example 2: A \$4,000 bull is injured, credit of \$2,000 minus one-half of any salvage value will be given to buyer.

Example 3: A \$3,750 bull is injured, no credit is given. Buyer retains all salvage value.

HOW TO READ THE INFORMATION PRINTED WITH EACH SALE LOT

Complete performance information is provided for each animal. The ratios are calculated in separate contemporary groups and conditions they were raised under, so that a ratio of 100 will not necessarily correlate to the same weight between the different groups. We have calculated interim EPDs for cattle that do not yet have official EPDs. Expected Progeny Difference (EPD) is the estimate of how future progeny of each sire are expected to perform in each of the traits listed. EPD is expressed in pounds, either plus or minus. For example, when used on the same cows, calves sired by a bull with a +40 weaning EPD should average 10 pounds more than those sired by a bull with a +30 weaning EPD.

EPDs in this catalog are current as of press time.

CED (Calving Ease Direct)

predicts average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

BW (Birth Weight)

is a predictor of progeny birth weight attributed to the parent.

WW (Weaning) and YW (Yearling)

are predictors of the animal's ability to transmit weaning growth and yearling growth to its progeny.

Milk is a predictor of an animal's genetic merit for milk and mothering ability.

EPD Percentile Ranking

Angus breed comparison

CE (Calving Ease Rating)

Calving Ease rating is an objective view of what to expect. Several factors go into the rating: birth weight, BW ratio, bull and cow history and accuracy.

- ★★★★ Excellent calving ease, use with confidence on any type of heifers.
- ★★★ Superior calving ease, should work with most heifers and most situations.
- ★★ Moderate calving ease, most people will use these bulls on cows, but they can be used on heifers if calving ease is of less concern.
- ★ We recommend these bulls just for use on cows.

Targeting The Brand see page 6

\$W (Weaned Calf Value)

An index, expressed in dollars per head, to predict profitability differences in progeny due to genetics from birth to weaning.

\$B (Beef Value)

An index value expressed in dollars per head, the expected average difference in future progeny performance for post-weaning and carcass value compared to progeny of other sires.

\$C (Combined Value)

An index, expressed in dollars per head, which includes all traits that make up both Maternal Weaned Calf Value (\$M) and Beef Value (\$B).

(HP) Heifer Pregnancy

A tool to increase the probability or chance of a sire's daughters becoming pregnant as first-calf heifers during a normal breeding season.

PAP (Pulmonary Arterial Pressure)

Expressed in millimeters of Mercury (mmHg), with a lower EPD being more favorable indicating a sire should produce progeny with a lower PAP score.

EPDs for Carcass Merit based on the Ultrasound Evaluation System

Marb EPD Expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

RE EPD Expressed in square inches, a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

DIAMOND DOT PERFORMANCE HORSES

Faith Stevenson trains horses for a variety of disciplines as well as raises a select number of high end performance horse prospects. Ranch horses are a huge part of Faith's program, training and selling seasoned ranch horses including the high selling two-year-old at the 2020 NILE Horse Sale. Faith has worked professionally as an assistant trainer and clinician with some of the biggest names in the industry in Texas, Florida and Georgia.

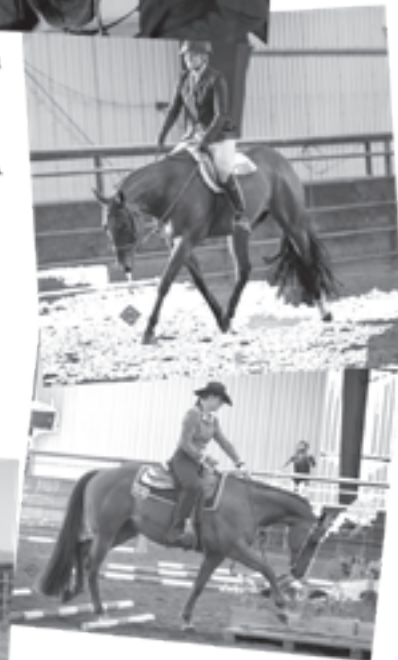

Most recently Faith spent time working as an assistant trainer to Dean Bogart AQHA Judge and Trainer learning the ins and outs of the performance horse industry. Faith maintains a close relationship with Dean Bogart performance horses and flies out to many major shows to assist Dean and his clients. Faith is now working on the ranch and is stepping into new roles including advertising and record keeping.

With an eye for great horses and knowledge of training, Faith is available in our area for training, lessons and assisting customers in finding the perfect horse to fit their needs!

Faith Stevenson

diamonddotangus@gmail.com

(406)899-7781

In loving memory of Landen Gwen Cox 1998-2020

Landen Cox, the daughter of Clint's classmate and Adana's college roommate, Lori Cox, had a lifetime friendship with Faith and all the Diamond Dot kids. Landen was a gifted horse trainer and spent many hours on the back of our horses helping move cattle. Landen loved the ranch and was always willing to spend a day working alongside our family whom she was considered a member of. Her contagious laugh and larger than life personality were a bright light and her time spent with us will forever be cherished. If there are horses in heaven, Landen is surely busy turning them into the best mounts heaven has ever seen.

CATTLE DELIVERY

Clint Stevenson and crew would like to deliver all the cattle personally, however due to the cost of travel and volume of cattle we must employ reputable trucking firms to assist us in the delivery process. Stevenson's Diamond Dot will coordinate delivery of all cattle as soon as possible after the sale. Our main goal is to get the cattle delivered in a timely and economic manner to allow the cattle to arrive at their new home in the best possible condition and to satisfy our customers.

Free Bull Delivery

In Montana and adjoining states the bulls will be delivered right to your door step (corrals). The remaining states west of the Mississippi we will deliver to a Central Point at **no cost** to you. Central points will not be designated until we can see where all the cattle are going and the, stops must accommodate all the cattle on the load. We choose stockyards, vet clinics, and select ranches that can accommodate the semi truck and multiple head of cattle. In many cases your ranch can be the central point. If you have suggestions to a central point, please let us know. Please note, all charges incurred at the said central point will be the responsibility of the purchaser.

East of the Mississippi a nominal drop fee of \$150 per bull will be charged. We would still like to coordinate a central point to reduce the number of stops your cattle have to make before arriving to you. Your cooperation would be appreciated in this matter.

Registered Females

Buyer is responsible for delivery of registered females. Stevenson's Diamond Dot will help arrange delivery and will make every effort to make it as economical as possible by combining loads. If you purchase a herd bull to go along with your females we will deliver the registered females under the same guidelines as our bull delivery program.

Commercial Females

All commercial females will be delivered as soon as possible after the sale. The cost of the delivery is the responsibility of the purchaser. We will arrange trucking or you can provide your own truck. Various size trucks are available. If you purchase a partial load of cattle. In many cases we will be able to combine them with other cattle to get them delivered as economically as possible. We suggest that you purchase the number of cattle you need and we will worry about how to get them to you as reasonably as possible.

We will be in contact with you

The day before the cattle leave the ranch you will be notified and you will be provided the cell phone number of the trucker and the estimated time of arrival to your ranch or central point. As the driver gets closer he will be in touch.

Again, we thank you in advance for your assistance and cooperation in delivery. It will keep the cattle from being on the truck too long and therefore allowing your cattle to arrive at your ranch in the best condition possible.

RETAINED INTEREST

We are selling FULL POSSESSION on all the bulls and retaining a ½ REVENUE-SHARING INTEREST in all the bulls. The bull you purchase is completely in your control regarding how you handle the bull and your natural service use. You receive 100% salvage value of the bull. Retaining ½ revenue-sharing semen interest simply allows Stevenson's Diamond Dot the right to share in collection of semen, use of semen and the right to share in semen sale revenue if semen becomes a possibility.

Realistically, we will collect semen on a very small percentage of the bulls selling. It will be an even smaller number of bulls that will market semen. However, we realize that many promising bulls are identified after they have proven themselves in natural service. If you have any questions or concerns about our retained interest policy, please contact any Stevenson's Diamond Dot representative.

GENETIC DEFECTS IN ANGUS CATTLE

Here at Stevenson's Diamond Dot we have worked hard at eliminating all Cattle with Genetic Defects and Conditions through testing and pedigree. All animals sold are either pedigree **free** meaning there is no carrier ancestry in their pedigree or genetic tested **free** from Arthrogryposis Mutiplex (AM) Neruopathis Hyrocephoulus (NH), Contractual Arachmodctyly (CA) and Developmental Duplication (DD). Stevenson's Diamond Dot Registered Cattle are guaranteed free from all known Angus defects at this time.

Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs).

GE-EPDs have become the industry standard for herd improvement, building on decades of science-backed genetic evaluation tools originated and maintained through the American Angus Association®, home to the largest and ever-growing single-breed beef cattle database.

EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs

Better characterization of genetics for difficult-to-measure performance traits (such as carcass traits, maternal traits and feed efficiency)

The ability to make more rapid progress for traits that are important to you, due to:

- more accurate selection
- easier identification of genetic outliers
- the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they had recorded 10-36 calves, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation.

Trait	Progeny Equivalent	Trait	Progeny Equivalent
Calving Ease Direct	26	Heifer Pregnancy	17
Birth Weight	23	Calving Ease Maternal	20
Weaning Weight	27	Milk	36
Yearling Weight	23	Mature Weight	15
Dry Matter Intake	12	Mature Height	9
Scrotal Circumference	15	Carcass Weight	15
Docility	12	Yearling Height	17
Claw Set	10	Carcass Marbling	11
Foot Angle	10	Carcass Ribeye	17
		Carcass Fat	14

How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo, Angus GS™ powered by partner Neogen GeneSeek or the HD50k by partner Zoetis. These images indicate animals for which low-density or high-density genomic testing has been conducted and incorporated by AGI into GE-EPDs

BULL CALVES ♦ *page 10, Lots 1 - 240*

This offering of bull calves are the top end of our January and February calves along with a contemporary group of first calf heifers and a group of earlier March calves.

All these bulls were born in Hobson and raised from birth to weaning under similar conditions with no creep. **The bull calves were weaned September 10th.** This is a very consistent set of calves that have come on exceptionally well since weaning and are sure to impress. There are a number of potential herd sires in this group of bull calves.

FALL BULLS ♦ *page 56, Lots 251 - 268*

We are offering a select group of Fall born bulls again this year. These bulls were born beginning in the middle of August, 2019. There are a number of ET bulls and excellent herd sire prospects in this offering.

TWO YEAR OLD BULLS ♦ *page 61, Lots 301 - 400*

The coming two year old bulls in this sale are the top end of our March and April born calves mainly from cows bred for mid-March calves. This includes a number of embryo bulls implanted to calve in mid-March specifically for this sale. These cows are kept in this time frame for a short 50 day calving window. Weather permitting; these cows calve out along the creek in the open. These two year olds were raised from birth to weaning without creep. From weaning, they were fed a high roughage growing ration. Mid-August until sale, the bulls were put back on a growing ration. **Many of these bulls were used in natural service during the 2020 Spring breeding season.**

REGISTERED FEMALES ♦ *page 76, Lots 501 - 600*

As always, we have put our best foot forward with the outstanding set of registered cows and heifers being offered. The registered heifers match right with our replacements and are bred to some of the top bulls in the breed today. Embryos offered are matings of our current donor cows. Dam productions listed do not include the 2020 heifer calves whose weaning was processed after press time.

COMMERCIAL FEMALES ♦ *page 96*

At catalog press time, the commercial females are being gathered from summer pasture and sorted into even groups. HEAD COUNTS MAY VARY SALE DAY. UPDATED head counts and more detailed group information will be posted on Facebook and can be emailed on request. All commercial cattle are located at the sale barn or within short driving distance.

The groups of females sell after the bulls and the individual registered lots. Female groups will sell in catalog order. The buyer has the option of five head up to the entire grouped lot. High bidder gets the lowest consecutive tag numbers or gate cut if listed. Commercial females include lots from some of our most progressive customers.

All bred females have been poured with Dectomax after November 1. All Diamond Dot females have been set up with Preg Guard Gold 10 vaccine guidelines. Heifers received first shot prior to breeding and second shot after November 1 and cows received an annual shot each fall. Most of the cows are also under the ScourBos program. All females have legible BANGS tattoo and will sell with interstate health papers. All females are preg checked safe with calf by a licensed veterinarian.

Delivery cost is at the buyer's expense. Cattle will be shipped within a week of the sale.

Payment is due on sale day or prior to delivery.

BULL CALVES

- Fault-free bull with a balanced EPD profile
- Out of a top cow family he combines Cavalry with Icon, a mating that has worked extremely well in the Diamond Dot program
- 4243 was the high selling selection of Hinman Angus in our 2018 Fall Sale
- Excellent semen producer and will see continued use in our herd

BULL CALVES

- The \$30,000 high selling bull out of our 2017 Fall Sale to H-V Ranch, Tatum, NM and Hardesty Cattle Co. KG Angus of MT later purchased a semen interest in this BREAKOUT son.
- D410 is tremendously long and stylish; it is impossible to find fault in his phenotype.
- Calves are light birth with excellent vigor and really take off.
- A highly fertile, excellent breeding bull.
- Semen available from Stevenson's Diamond Dot.

- A legend at the Diamond Dot, receives more and more national attention with each calf crop.
- His calves are known for explosive growth, thickness, depth, and exceptional docility
- In the Rough ranks in the perfect spot for calving ease and birth weight, where he will work on heifers yet still produce an outstanding calf at weaning
- His daughter are exceptional, with good udders, excellent fleshing ability and have raised outstanding calves
- Volume discounts available on semen

BRED HEIFERS

1 STEVENSON'S DIAMOND DOT

30 Head January Calving Heifers

A group of big fancy Angus Heifers AI bred predominately to 2XL BRONC 8153, a calving ease bull with excellent growth. They are ultrasound preg checked to begin calving the 24th of January. These heifers were raised alongside our registered replacements and are out of some of our top producing cows.

\$ _____ Head _____ Buyer _____

\$ _____ Head _____ Buyer _____

2 WICHMAN RANCH

66 Head Bred Heifers

This group of heifers have topped this sale many times in the past. Big, fancy, easy fleshing and excellent disposition heifers. They are AI Bred to top JVC CAVALRY sons purchased by the Wichman family and then cleaned up with the same half brothers. They come from a herd that weaned some of the biggest calves in the Judith Basin and their calves top the July Northern Video sales and have continually went to repeat buyers. High bidder can take A, B, or C lot or any combination.

3 N-L RANCH NEWELL AND LINDA ROCHE

54 Head Bred Heifers

Newell and Linda Roche are long time Diamond Dot customers and consignors to this sale. They dispersed their cow herd two years ago and began a new program where they purchased a set of heifer calves to breed and sell in their sale. This set of heifers originated from the Rod Mikkelsen Ranch. The Mikkelsen Ranch, has used a lot of our genetics and have consigned heifers similar to these in past Diamond Dot Sales. These heifers were Aled to our herd sire CAR 1682 BONUS PAY E528, a very balanced trait, calving ease sire that also has growth. They were bred over a two day period and are due to calve January 20, 2021.

5 BOB MCCRAY RANCH

45 Head Baldy Bred Heifers

Always a sale favorite, these baldy heifers come from Bob McCray's Ranch at Geyser, MT - a long time Diamond Dot customer. These are big stout heifers turned out with a set of Payweight and RB Black Ranger bulls that sell in our 2 Year Old Bull Offering. They are bred to calve for 30 days beginning February 15, 2021. This group of heifers will make functional, high producing cows for years to come. Big, good heifers that are the kind of heifers to build a commercial foundation for years to come.

BRED HEIFERS

6 DERKS BROTHERS RANCH

45 head Home Raised AI Bred Heifers to calve February 10, 2020

Roger Derks has been a long time consignor and customer in our program. These heifers are home raised and AI bred primarily to DIAMOND CAVALRY 4243, the \$30,000 high selling bull in the 2018 bull sale, to Hinman Angus. The Derks Brothers have built their program on cattle that take care of themselves, calve easy and bring in a heavy calf in the fall. Their AI program and careful replacement selection spans over three decades. These heifers will have a positive impact on any commercial cattleman's program.

30 head 2 & 3 year old March/April Bred Cows

Young cows primarily out of our registered herd, calving with their 2nd and 3rd calf from the last week of March through April. Bred to our top natural service herd bulls including RESOURCE, LOGO and FULL CIRCLE, along with young bulls included in the two year old bull offering.

\$ _____ Head _____ Buyer _____

\$ _____ Head _____ Buyer _____

11 BAKER RANCH

90 head Young Cows

A really nice, solid set of young cows planned specifically for this offering. They are calved at Diamond Dot and are natural service bred to the ICC FULL CIRCLE sons that sell in the 2 year old bull offering. These cows all had calves, are on the Scourbos program and are freeze branded with 800 number ID's. These young cows originate from our long time customer, the Baker Ranch of Jordan MT. The Bakers have purchased their bulls from our family for 52 years and have a reputation for producing one of the best and most consistent set of calves in the harsh eastern Montana environment. Their commitment to their program and their outstanding cattle is evident each year as their calves top the July Northern Video Sale.

If you are arriving from Billings or Bozeman

From Harlowton drive North on 191 through Judith Gap, Garneil and Buffalo, continue on 191 to "Straw" turnoff. Head west on Straw Road 6 miles to Montana Highway 400 (MT Highway 400 is gravel). Turn right (north) on Montana Highway 400. Road will turn west again, Stevenson's Diamond Dot is directly on the left of Montana Highway 400.

If you are arriving from Great Falls or Lewistown

Turn into the town of Hobson off of Highway 87. Continue through Hobson to top of hill next to school. Turn right (west) and travel .5 miles to Ackley Lake turnoff. Turn left onto Montana Highway 400 and travel 5.3 miles on pavement. Pavement turns to gravel, continue heading south 3.8 miles. Road turns left (east). Sale barn is on the right hand side of the road.

Physical Address of the Diamond Dot Sale Barn
is 9388 Montana Highway 400

***Both Routes will be marked
for your convenience.
Watch for Signs!***
