#### Special Guests

Anne Lampe, Manager, Kansas Angus Association  
Darin Huck, President, Kansas Angus Association  
Addie Haverkamp, Miss Kansas Angus

#### Accommodations

Wichita Airport Hilton, 2098 Airport Rd., Wichita .	(316) 945-5272
(30 minutes east of ranch)	
Holiday Inn Express, 1236 S. Dugan Rd., Wichita	(316) 522-0008
Budget Host Motel, 1113 E. Hwy 54, Kingman...	(620) 532-3118
(10 minutes west of ranch)	
Comfort Suites, 704 Allison, Pratt .....	(620) 672-9988
(45 minutes west of the ranch)	
or contact Gordon Stucky, (620) 532-4122	

#### Food

Presale food and refreshments at the ranch, Tuesday evening 6:00 p.m. A complimentary lunch will be served on sale day starting at 11:30.

#### Liability

All persons attending the sale do so at their own risk. The owners or sale staff assume no liability for property loss or accidents that may occur.

#### Sale Location

421 NE 70 Avenue, Kingman, KS. The sale will be held at Stucky Ranch headquarters which is located 6 miles east of Kingman on U.S. Highway 54 to 70th Avenue Exit, then 1 mile south. (See map on page 56)

#### Inspection of the cattle

The sale cattle and the cowherd are available to be seen anytime at the ranch. Please call ahead if possible.

#### Special Thanks

Martin Ufford, Jeff Mafi and Lori Brown for photography and videography.

#### Volume Discount

5% discount on 4 bulls or more by one buyer.

#### Catalog Preparation:

Peverley Productions (785) 456-4428.

#### Terms and Conditions

Settlement should be made on your purchase at the conclusion of the sale. Cattle will not be released from the sale premises until payment is received in full. Purchaser assumes the risk of death or injury to their livestock immediately after the animal is sold. Insurance is available to insure the animal until delivery to the buyer's ranch, at the buyer's cost. Stucky Ranch will provide health certificates for interstate shipment to any of the lower 48 states. Any other health related testing not required on the health certificates will be the responsibility of the buyer and will not impede the sale of the animal. Cattle sell under the standard terms and conditions as recommended by the American Angus Association. Stucky Ranch reserves the right to retain a 1/3 revenue sharing interest in all bulls selling. Any bulls in which a 1/2 revenue sharing interest is being retained will be announced prior to their selling.

#### Delivery

Bulls will be delivered to your ranch, free of charge, anywhere in Kansas and the bordering states of Oklahoma, Missouri, Nebraska, and Colorado. Bulls purchased outside of this area will be delivered to your ranch or a reasonable drop off point, FOB.

Pick up your bull on sale day and receive a \$25 per bull discount from the sale price.

Please notify the settlement clerk with your specific delivery instructions.

#### Breeding Guarantee

All bulls and breeding age females sold through the sale are guaranteed to be satisfactory breeders for the first breeding season following the sale. All bulls selling have been semen evaluated, scrotal measured and given a breeding soundness exam by Dr. Larry Bush, Kingman Veterinary Clinic. All yearling heifers are either guaranteed safe in calf or have been given a reproductive tract exam. If a reproductive problem is identified, contact us immediately and a replacement bull or female will be provided if available. Or a sale credit equal to the animal's purchase price minus \$1250 will be issued for the replacement of one animal. This guarantee does not cover illness or death to the animal. There will be livestock mortality insurance available on sale day at the settlement table at the buyer's expense.

#### EPD's

EPD's included in the catalog are based on the Spring 2023 American Angus Association Sire Evaluation Report. EPD's are current as of 1/30/2023.

#### Cattle will sell in salebook order.

**Connealy Confidence Plus**

- Stucky Confidence Plus W7868 is sired by the highly proven Connealy Confidence Plus that has brought together the great combinations of calving ease with superior growth, quiet disposition, and top end marbling and ribeye. Confidence Plus ranks in the top 2% \$Maternal, 3% \$Combined, and 10% \$Beef.
- Look for the 7868 sons to produce calves that are thick and meaty with scale crushing weights along with awesome females that excel for body condition with traditional Angus breed character.

# Bull Development

## Feeding:

Bulls are gathered at weaning time (6-9 months of age) and brought to the ranch headquarters. A complete health vaccination and parasite control program is followed. Bulls are tattooed in the right ear and freeze branded for individual identification. A hot brand is used for ranch brand. Bulls are sorted into feeding pens by sire group and size, and grown during the summer at the ranch feeding facility. The bulls are kept at the ranch feeding facility until sale time. A high forage diet consisting of free choice crabgrass hay is provided. A 15% protein ration is bunk fed throughout the feeding period and adjusted to keep bulls growing well, with a 3#/day gain target. Extreme care is taken to develop a bull that is in very athletic condition and results in many years with breeding longevity.

## Breeding Soundness Exam:

Within 45 days prior to the sale, Dr. Larry Bush, Kingman Veterinary Clinic, performs a BSE on all bulls. A semen sample is collected and evaluated to determine motility and morphology. Dr. Bush performs a physical exam and a scrotal measurement is taken.

## Carcass Evaluation:

All bulls and heifers are evaluated using ultrasound technology to determine amount of intramuscular fat, ribeye area, rib fat thickness, and rump fat thickness at yearling time. Casey Worrell, Harper, Texas, a CUP certified technician, has performed our ultrasound evaluations. These evaluations are processed and are on file with the American Angus Association. They are used in formulating the ultrasound carcass database and result in EPDs and progeny ratios that are used to determine the breeding value of current sires and projections for young sires.

## Targeting the Certified Angus Beef Brand

Stucky Ranch has made it easy for you to identify the bulls in this sale offering which best target the CAB quality specification (Modest Choice or higher marbling degree). Each bull in this year's sale that meets the EPD recommendation of the CAB Best Practices for Marbling and \$Grid (\$G) is identified with the Targeting the Brand logo. For more information on the CAB program, please visit [www.CABcattle.com](http://www.CABcattle.com)

## Vaccinations:

2 months – Vista 5 SQ, Vision 8

Weaning day – Nasalgen 3 PMH, Vision 8, Safeguard dewormer, Ivomec

Booster – Vista 5 SQ

Yearling heifers – Vista 5 VL5, Ultra Boss

Bulls (30 days prior to sale) – StayBred VL5, Clean Up II

## Sight Unseen Purchase Guarantee

Buyers unable to attend the sale please contact Gordon Stucky (620) 532-4122, Jeff Mafi (816) 344-4266, Matt Caldwell (913) 755-1105 or any of the field staff prior to the sale. Please call at least 24 hours prior to the sale, let us know your purchase needs and budget range, and we will assist you in purchasing the breeding stock that is the best fit for your operation. After the sale we will inform you of cattle purchased and make arrangements for payment and delivery. 100% satisfaction is guaranteed at your inspection upon arrival. Full payment is required before delivery.

# Glossary for Sale Animal Data

In our effort to have available a simpler scoring system to select bulls that will help you reach your goals, we have identified the categories of:

## CALVING EASE REPLACEMENT FEMALES

## PERFORMANCE CARCASS TRAITS

We have developed a scoring system to help you successfully purchase bulls best suited for the needs of your herd. Our scoring system is designed on a scale of 1 to 10, with 1 being undesirable and 10 being most desirable for that particular trait. Identifying each individual bull's breeding potential is derived from extensive and long term knowledge of our cowherd. Ongoing complete herd data collection including maternal scores for udder quality and structural soundness, disposition scoring, performance weights, yearling carcass ultrasound measurements, actual herd carcass results, and genomic testing combine to give us the most accurate evaluation currently possible.

### CALVING EASE

Bulls with a score of 8-9 will be suitable for use on yearling heifers. These bulls will have "Recommended for heifers" below the trait box. Considerations for the score include: Calving Ease Direct EPD, DNA profile scores for calving ease and birth weight, CED and BW EPDs for the sire and dam. This system has been used successfully by many customers achieving nearly 100% unassisted calving rates from large groups of heifers. Bulls with a score of 7 or lower are fine to use on cows, but not initially recommended for use on heifers. We avoid using higher birth weight EPD sires and dams to keep consistent calving ease and avoid the occasional extreme heavy birth weight calf. Herd management of the females in the weeks prior to calving can also play a significant role in the calving ability of the female.

### PERFORMANCE

Bulls with a score of 9 should sire more pounds of beef whether selling at weaning or yearling. These bulls are sired by top percentile ranking bulls for weaning and yearling EPD, and typically will score well in the weight traits when genomic testing. Our goal is keep top performance bulls in the lower percentiles for frame size. This is important when retaining females that will peak at yearling and then maintain for a moderate mature size. Extremes are never healthy for long term cow outfit profitability.

### REPLACEMENT FEMALES

Bulls with a score of 9 have a \$Maternal Weaned Calf Value in the top 35% of the National Cattle Evaluation database for non-parent Angus bulls. \$Maternal assumes the underlying breeding objective that individuals retain their own replacement females within herd and sell the rest of cull females and all male progeny as feeder calves. Scores are also influenced by evaluation of structural soundness, disposition, and scrotal size with emphasis on quality of dam's udder and fertility record. We highly recommend commercial producers scrutinize the traits of disposition, structural soundness/feet quality, and potential mature size when selecting replacement heifers. After the group has been heavily culled for these traits, then genomic testing is valuable to rank the remaining group. A yearling heifer should look just like a miniature version of what you want your cowherd to look like!

### CARCASS TRAITS

Bulls with a score of 9 have a \$Grid Value Index in the top 20% of the National Cattle Evaluation database for non-parent Angus bulls. Bulls with a score of 8 have a \$Grid Value Index in the top 45% for non-parent Angus bulls. A higher \$Grid Value sire translates into progeny with higher percent Choice, CAB, or Prime carcasses with acceptable yield grades using current economic values. More Stucky Ranch customers are seeing value in owning all or a percentage of their calf crop through harvest. Investing in superior carcass genetics only pays the producer if you sell them on a quality grid. Seldom are premiums paid to producers for calves marketed at weaning or as feeders for potential carcass quality. Bulls identified with the CAB "Targeting the Brand" logo will consistently help achieve a higher percent Certified Angus Beef carcasses.

Dear Friends,

Welcome to our 30th Annual Production Sale! On behalf of the entire Stucky family I invite you to join us on March 8 for an outstanding offering of 170 age advantage Registered Angus bulls.

As you review our sale book, I hope one thing jumps out at you... We have been a dedicated, long-term family to diligently select and breed high quality seedstock for over 40 years, AND we put together a format in this sale book with all the tools to help you select the individuals that WILL make a difference in your breeding operation! As seedstock operations in our region come and go, depend on us to be here for you not only on sale day, but to assist whenever problems arise and also give marketing assistance to fit your program.

As the selection tools from the American Angus Association continue to strengthen, we persevere down our path to provide bulls that are not only focused on producing a Certified Angus Beef product, but have strong maternal traits bred in them. We are addressing the needs of producers who tell us the females from extreme high carcass genetics are not meeting their goals. We value moderate frame, easy fleshing, good footed cows with superb udder quality. The only valuable extreme in commercial beef cattle production is extreme profitability!

A unique feature in our sale book is the ability for you to use your smart phone and read the QR code located at each main reference sire and view a short video with my general comments regarding that sire group to aid in your bull selections. Our website will have a sortable spreadsheet with every EPD and \$Value for your ability to sort and focus on the bulls that meet your specifications. Individual bull videos will be available for viewing after February 26 on our website and DV Auction.

Please contact us at any time for assistance to help make your bull buying needs as simple and easy as possible.

I would be remiss if I didn't give a very special thanks to all the crew who make this operation run smoothly! Nic Lampe continues to do an outstanding job every day of the year and we appreciate him! The day help guys: Scott H, Randy, Bruce, Blaine, Scott L, Jerry. We appreciate you all!! Thank you for your service. We are also mindful we are only caretakers of God's creation and hopefully we leave it better than we started with it.

Thanks again to all our past customers for your loyal support, and we look forward to meeting and getting to know future customers! The bulls are penned by sire group Tuesday afternoon for viewing, and plan to come and enjoy a steak supper with us starting at 6 p.m.

Best regards,

Gordon Stucky

Special thanks to Cross Country Genetics North, Westmoreland, KS. Dr. Kirk Gray and staff perform our embryo collections, transfers, and advises us with new synchronization protocols available for our AI program. This new technology helps us gain advantages in percentage of females to exhibit estrous in a very short time frame. This has resulted in a higher conception rate with fixed-time AI and more females calving early in the season. We have been working with Cross Country since 1995 and highly recommend their services. Office phone is (785) 457-3336.

# YOU'VE EARNED IT

You've made a significant investment in your genetics, but does the market recognize that? The AngusLink<sup>SM</sup> Genetic Merit Scorecard was created to objectively describe the genetic merit of your feeder calves. The scorecard gives buyers the confidence they need to pay more for your quality calves.

In 2022, users of the Genetic Merit Scorecard earned a **\$12.94/CWT PREMIUM** on average. Give us a call and we can help you earn what you deserve.

# MARKETING OPPORTUNITIES FOR STUCKY RANCH SIRE CALVES

## AUCTION MARKETS

The auction market system has been the mainstay of commercial marketing for decades. These three outfits have sold significant numbers of Stucky Ranch sired calves and are very familiar with our genetics and how they perform. They appreciate all of the information you can provide regarding calf vaccination history, genetics of current sires, and recent management practices. This helps them market your stock to its full potential.

### Pratt Livestock Pratt, Kansas

Jake Lewis: 620-672-5961 or 620-770-1069

### Farmers and Ranchers Livestock Comm. Co. Salina, Kansas

Mike Samples: 785-825-0211 or 785-826-7884

### Gates Family Sales Anthony, Kansas

Jay Gates: 620-842-3757 or 620-243-2846

## KAA PRATT COMMERCIAL FEMALE SALE

First Saturday in December at  
Pratt Livestock, Pratt, Kansas

Gordon Stucky and Jake Lewis, co-chairmen  
This Kansas Angus Association sponsored sale is designed to give users of Angus genetics the opportunity to showcase commercial Angus pairs, bred cows, bred heifers and open heifers.

## RETAINED OWNERSHIP

We have developed a working relationship with the following feedyards because they really appreciate feeding and marketing high quality Angus genetics, and have experience feeding Stucky Ranch sired calves.

These companies are flexible with programs that would partner with you on feeding and marketing your calves. This returns valuable data to you regarding the current feeding performance and carcass quality of your calves with the opportunity for marketing premiums.

### Triangle H Grain & Cattle Garden City, KS

Sam Hands 620-276-4004 or 620-640-8487

Pratt Feeders –

Shane Tiffany 785-466-6529

## Superior Livestock Progressive Genetics

Stucky Ranch participates with Superior Livestock Auctions in their Progressive Genetics program to designate your calves sired by Stucky Ranch bulls with our ranch logo when selling load lots. This is a no cost, value added program for customers with top quality genetics to help make a positive impact on your bottom line!

## Open Replacement Heifer Marketing

Contact us when marketing replacement heifers by private treaty off your farm or ranch. We have developed relationships with potential buyers for Stucky sired first-cut replacement heifers that have had a good vaccination protocol, weaned 90 days, and grouped by size.

Contact Gordon at  
**620-532-4122**  
to discuss any of these options.

# BECAUSE POUNDS PAY.

Count on AminoGain® to deliver superior performance

## Amino GAIN

- Designed for superior development of all classes of cattle with progressive genetics.
- Provides optimal balance of amino acids from natural sources, vitamins, essential macro and trace minerals including highly available sources of zinc, copper and cobalt.
- Available in 1 lb/hd/d TMR supplements as well as complete, pelleted feeds.
- Research has shown the following response in growing feedlot cattle:
  - 9.9% better ADG
  - 8.9% better feed efficiency
  - 6.4% lower cost of gain

*Based on studies with growing feedlot cattle*

For superior performance you can count on contact

# ANGUS. ONLY ANGUS.

There's only one DNA profile created specifically for Angus cattle.

Angus GS™ is the new standard in genetic testing for Angus cattle. Created by Angus Genetics, the profile is purely Angus DNA. So it will have better predictability and deliver more power and accuracy than any previous generation genomic enhanced EPD, and at greater value. Visit [angus.org/agi](http://angus.org/agi) for the test that only Angus Genetics could create.

FOR ANGUS. BY ANGUS.

**ANGUS**GS  
Powered by Neogen GeneSeek

AngusGS genomic DNA test results are ranked on a 1 to 99 score for each individual trait measured. Scores are typically based on a score of 1 being the highest ranking for the trait and 99 being the lowest. As an example for CED (Calving Ease Direct) and CEM (Calving Ease Maternal), a score of 1 would indicate the very easiest calving with a score of 99 being the most difficult calving. In the performance traits of WW (weaning wt.) and YW (yearling wt.) a score of 1 would translate to the heaviest weight and a score of 99 would be the lightest weight. A score of 1 with MILK would indicate heaviest milking and 99 would be lightest milking. In the carcass measurement traits of MARB (Marbling) and RE (Ribeye Area) a score of 1 would be most desirable and 99 least desirable. With TEND (Tenderness), a score of 1 would indicate a most tender meat end product.

# Video Sale Format

Here's how the 2023 Stucky Ranch auction will work:

- \* All sale animals will be on display for viewing starting at 9 a.m. sale day. You are also very welcome to come to the ranch headquarters to view the sale animals any time in the days prior to the auction.
- \* No animals will be brought through the sale ring.... rather every lot will sell via a pre-recorded video clip broadcast on TVs placed in the sale ring area.
- \* The live audio feed and pre-recorded video clip of each sale animal will be broadcast on DV Auction ([www.dvauction.com](http://www.dvauction.com)) for buyers unable to attend the sale. (High speed internet required.)
- \* The pre-recorded video of each sale animal will be available for viewing on our website March 1.

## FREE DELIVERY

Bulls will be delivered to your ranch, free of charge, anywhere in Kansas and the bordering states of Oklahoma, Missouri, Nebraska, and Colorado. Save \$25 per bull if you pick them up sale day.

## VOLUME DISCOUNT

5% discount on 4 bulls or more by one buyer.

## Directions:

421 NE 70 Avenue, Kingman, KS  
Stucky Ranch is located 6 miles east of Kingman on US Highway 54 to the 70th Avenue Exit, then one mile south. Signs will be posted sale day.

This sale will be broadcast live on the internet.

**DVAuction**  
Broadcasting Real-Time Auctions

Tami McIntosh from DV Auction

We are pleased to offer the Stucky Ranch Annual Production sale broadcast "live" over the Internet through DV Auction Services. To bid from your computer at home during the sale, complete this simple two step process:

- 1) Visit the DV Auction web site at [www.dvauction.com](http://www.dvauction.com). Register by entering a User Name and Password. Then enter your personal information on the next screen.
- 2) Click on "My Profile" and fill out the banking and lending information requested. Click on "Apply to Bid" and select "Stucky Ranch Annual Production Sale" from the list of sales and click "Apply".

DV Auction will contact you to let you know that you have been approved to bid and buy at the sale "live" from your computer at home. We will also provide you with a buyer number for the sale.

After the sale Gordon Stucky will invoice you for payment of your on-line purchases. Payment will be required before cattle will be delivered.

You must have high speed internet access (DSL, T-1, or Broadband) to be able to bid during the sale. Any questions, please contact Tami with DV Auction at (308) 870-3661. We recommend that you register by March 6, 2023 for on-line bidding on the Stucky Ranch sale.

**Lot 1**

**Stucky Patriarch 1469 · 20447712 · 8/29/21**  
**Sire: Tehama Patriarch · MGS: Capitalist 316**

*Designed to take us to the next level, "1469" combines outstanding phenotype in a genetic package driving profitability in all beef industry segments. Come see him! Selling 30 Patriarch sons.*
