PREMIUM HEIFERS - MONTANA QUALITY - HIGH MATERNAL

Welcome!

2025 marks our 8th year buying, marketing and selling bred heifers from producers in the western region, primarily Montana. We feel extremely privileged to have had the opportunity to purchase these cattle straight off of ranches and are blessed with the relationships formed in the course of business. The cattle are good, but the people are better! The lots available this year each occupy and dominate their own niche. Whether you are looking for easy fleshing cow maker type Angus heifers, highly fertile SimAngus or an extremely high ROI group of maternal Red Angus we have them. Many of these females are unbranded and come with the option to register through the breeder.

A big thank you to our neighbors Gary & Geoff Heiken for growing these heifers through the winter along with AI work this spring and to Alyssa and Ethan Herman for their help in AI'ing our red angus group in June. Special thank you to all of the producers we work with who graciously allow us to sort these cattle out of their factories and offer for sale, they are salt of the earth type of folks. We encourage buyers to visit with these producers if they are in the market for bulls or females. Finally, thank you to all of our family and friends throughout the year from shipping and gathering to processing we couldn't do it without you!

- McKinley Family
