

CATTLEMAN'S ADVANTAGE BULL SALE

Thursday, February 25, 2021
Manhattan, Montana

Selling 150 Yearling Angus Bulls

Welcome to our Cattleman's Advantage Bull Sale!

As we spent time looking back to honor our founder, Clarence Van Dyke, we are now looking forward to keeping his legacy and influence alive and well! Clarence devoted his life to doing what he loved, and along with his faith and his family, his greatest desire was spending time raising quality cattle and visiting with his customers who became good friends. We're sure you have a fond memory or two of the wit and wisdom he often shared while out and about or at an Angus event! His knowledge and know-how will certainly live on!

Here at Van Dyke Angus Ranch, we are dedicated to continuing the traditions established long ago... devotion to cattle and cattlemen and women. Our focus on foot and leg structure, fertility and longevity continues to be of utmost importance to our daily decisions and yearly planning. It is our belief that those critical characteristics will most affect your bottom line...and today, every dollar counts more than ever!

As the weeks have passed by, we could not be more excited about this year's offering! And that's easy to say every sale season, but this year from Lot 1 to Lot 150, the bulls are sound, uniform and impressive. As you study the catalog and take in our videos through YouTube, we're confident you'll be impressed as well. Those who've come by and viewed the bulls in person have been overwhelmingly positive about the quality and condition of the cattle.

We invite you to come take a look anytime (our weather has been great!) or to call and visit with Lee, Tom or Tim so they can help to meet your upcoming needs. As always, working with our customers is not just a job, but is our greatest JOY! We desire the best possible outcome for you and your operation...not only on sale day, but for many days (and years) to come!

The Van Dyke Angus Ranch Family

Clarence loved nothing more than being out and about, spending time with dear friends talking about cows!

Genetic Defects

The American Angus Association has identified different genetic defects in the Angus breed. We are fortunate that we have very few of the affected pedigrees. However, when there is a possibility, all animals involved have been tested free of all known genetic defects.

Retained Interest

Van Dyke Angus Reserves the Right to 1/3 semen interest in all sale bulls. The 1/3 semen interest is a semen revenue sharing interest only, with 100% of the bull's salvage value belonging to the buyer.

Retained Interest

Van Dyke Angus Reserves the Right to 1/3 semen interest in all sale bulls. The 1/3 semen interest is a semen revenue sharing interest only, with 100% of the bull's salvage value belonging to the buyer.

Terms & Conditions

All cattle sell under the standard terms & conditions as adopted by the American Angus Association.

Settlement & Delivery

All bulls are to be settled for sale day unless prior arrangements have been made. In regards to the bulls selling, Van Dyke Angus is offering to feed, maintain and fertility test for an approximate March 15 delivery. Free delivery is available in Montana and surrounding states.

All bulls are fully guaranteed for one full breeding season.

Food & Refreshments

Will be available throughout the duration of the sale. A delicious tri-tip lunch will be served at 11:30 a.m.

Buyers unable to attend the sale may send bids to the auctioneer or any of the field men listed above or access our Bidder Conference Call managed by Bill Pelton.

This is a bull that packs a punch, the \$22,000 selection of the 2017 bull sale. A son of Genex sire VDAR Sonny Boy 1194, Showdown was a complete standout from the time he was born. His dam has had 5 bull calves, averaging over \$17,000 each, 3 of them have seen use in our own herd. Showdown's Pathfinder dam has a calving interval of 367 days, a weaning ratio of 107 and a yearling ratio of 106 on 8 head. The feet and disposition of Showdown are remarkable, much like his sire. They also exhibit tremendous muscle shape and growth wrapped up in a stylish package. We have used Showdown heavily on cows and heifers with tremendous success.

Co-Owned with Hartman Angus, Grand Island, NE and CS Angus, Newell, SD. Semen Available from VDAR

Cedar Wind 5126 has become a major herd sire in both the VDAR & Southern Cattle Company programs and is continually siring calves that are extremely easy calving and explosive in their growth! They are sound and attractive in their makeup and his sons have been very well received by our customers. The first daughters are very consistent in their type, correct in their makeup and have uniform and tidy udders. We are excited that they will be a huge factor in the future of Van Dyke Angus!

Co-owned with Southern Cattle Company, Mariana, Florida

Gallatin has a very exciting future ahead of him here at VDAR. His daughters are tremendous young cows. Extremely sound footed and correctly made with great attitudes and ideal udders. He's seen a lot of use the last 2 years and we have a lot of calves on the ground right now. His calves have a ratios of 101 on both weaning and yearling. His grandam is a tremendous 11 year old cow and the mother of VDAR Stout 1623.

Co-Owned with the Namminga's, Avon, SD. Semen Available

MAGA's first calves are proving his namesake, i.e. "Making Angus Great Again!" MAGA was the high selling bull in the 2019 VDAR Cattlemen's Advantage Bull Sale. His calves are extremely powerful, being heavy boned, wide and deep in their skeletal makeup and very muscular. MAGA calves grow fast, attractive and are sound as a dollar! His calves will excite you!

Co-owned with Wheeler Mountain Ranch, Whitehall, Montana & Bar JV Angus, Sydney, Montana

400 is an exciting new calving ease sire, he comes from an old cow who had him at 12 years old. His sire we bought from Deitz Angus, he was out of one of our cows who was a donor for them for many years, she lived to be 16. 400 had a birth ratio of 94 on his first set of calves. With an outcross pedigree and old cows on both sides of his pedigree we are excited to see what the future holds.

High Caliber was on our 2017 bull sale. His dam is a full sister to Sonny Boy's dam. This is his first set of calves and we are very excited about the High Caliber. His daughters are absolutely beautiful heifer calves. High Caliber has as good of feet as any bull that we have ever seen, and has a bright future.

Lone Peak was the High Selling bull of the 2018 Bull sale. Selected by Genex and Stevenson Angus, he was a real standout. Lone Peak has turned into one of the easiest calving bulls that we have ever used. Almost 200 head of his calves have ratio's of 94 on birth. Extreme calving ease without sacrificing bone mass. His first daughters have just calved in and are wonderful young cows. Deep bodied, stout made with the great dispositions we have come to expect from offshoots of Sonny Boy.

Co-Owned with Genex and Stevenson Angus, Hobson MT.
 Semen Available from Genex

Cedar Wind 1064 was one of our choices to carry on Cedar Wind 8111 in our herd. He's a grandson of VDAR Lass 5714, a long time donor and dam of VDAR Black Train. 106 is also a 7/8 brother to one of our current donor cows. His daughters are long fronted and bodied with a nursing ratio of 101. They're just like the Cedar Wind 8111 daughters with a little more frame.

Owned with Garrigan Angus, Dupree SD

Stout 628 was the second high selling bull in our 2018 Cattlemen's Advantage Bull Sale! His calves are big framed and have incredibly high growth! His calves are very attractive being great topped, long fronted with their necks shooting out of the top of their shoulder! If you are interested in well balanced, docile cattle that will really push down the scale, these are the bulls for you!

Winston was our top pick from the 2016 bull sale. He is a true calving ease bull; over 350 calves have a birth ratio of 98. He comes from a beautiful cow, who is a flush mate to VDAR Black Train 1243. They are extremely easy moving cattle with great structure.

Co-Owned with Gnerer Angus, Hammond MT. Semen Available

**To provide breeding stock to our customers
that will increase their profitability!**

*We demand that our cowherd calve in a 42-day calving season without exception.
This one management strategy dictates that our cowherd become highly
UNIFORM, FERTILE & FUNCTIONAL!*
